The significant thing about this condition however is the fact that our rural communities are doing right well in spite of this reduction in population. Maybe we can get along very nicely thank you without any back-to-the-farm movement.

During the past 30 years the business of farming has changed. Along with the reduced farm population has come increased farm acreage and greater per-acre production. The farm family has become smaller but the family-size farm has become much larger. Machinery, electricity, chemicals and know-how have brought about these changes.

If our farmers were given the choice of going along as they are now operating or going back to the facilities and methods of 30 years ago there wouldn't be many votes in favor of the good old times.

And looking forward to what things will be like at the end of the next 30 years, our guess is that the young fellows who elect to remain on the farm are not going to regret their decision.

HOSPITALIZATION COSTS UP

Over a period of years, and especially in recent years, there has been a very substantial increase in the cost of operating our state institutions. There has been no increase in the charge for this hospitalization however and all of the increased cost has been passed along to the taxpayer.

Following the recommendation of an interim study committee the legislature, in its last session, provided for an increase in these charges for those who are able to pay. The new schedule has become effective this month and will provide a full year of experience with the new charges before the legislature meets again.

The old schedule had not been changed since 1885, more than 65 years ago, and there has been general agreement that increases were in order. Many wealthy people in our state hospitals have been cared for at a cost to them or to their financially able relatives of only $10 a month. That falls far short of paying for even custodial care and as greater emphasis is placed on treatment and cure the per patient per day cost will continue to rise.

Liberal standards have been established defining ability to pay and of course all who are in need of hospitalization will be provided for as they have been in the past, regardless of their means.

In a change of this kind there is always the possibility of misunderstandings that in some instances may result in hardship. In adopting new schedules all contigencies are never thoroughly anticipated. With a year of actual experience to guide it the next legislature will be able to make necessary or advisable adjustments.

STRAIGHT TALK FROM DULLES

Secretary of State John Foster Dulles is developing a reputation for undiplomatic bluntness in his comments on foreign affairs—and, in some instances, on the affairs of the foreigners. He has been criticised in some quarters for his straight-from-the-shoulder comment on the French and their inability to form a responsible government. Some people, too, thought he was being needlessly meddlesome when he expressed the hope that Adenauer would win the German election. He has been speaking with almost painful frankness about many of the world's touchy problems.

Maybe that's the kind of talk we need more of, even though it does bring on criticism from those not pleased with what he says. Certainly, under the present circumstances, it cannot be said that the business of our allies is not also our business. His comments are not the idle chatter of an irresponsible busybody.

As long as he talks the kind of language that everybody understands there will be less chance of misunderstanding. Straight talk with all cards face up on the table isn't the kind of diplomacy that leads to under-the-table double-dealing. Up to this time the Dulles comments seem to have resulted in more good than harm.

South St. Paul went into first place in the world as a hog market by topping the Chicago hog volume for the first time in 1953. The big volume at this big Minnesota market is attributed in part to the increased production of the slim, meat type hog developed at the University of Minnesota farm school. The swine industry of Minnesota, and other northwest states, has benefited materially by the research that resulted in this increasingly popular type of hog. It is another instance of research paying off.

GULLY . . .

By Mrs. Arnold Brovold, Gully

(Too late for last week)

Melvin Sorby of Scoby, Mont., spent Christmas eve with his mother, Mrs. Anton Haugen and also visited with his brother, Christopher Sorby, at Trail and Selmer at Gully and then left on Sunday for Duluth to visit his son and daughter-in-law, Mr. and Mrs. Marvin Sorby.

Mr. and Mrs. Archie Bauman and family spent Christmas day at the Amos Thompson home at Weme. Karen and Kay remained for a longer visit.

Mr. and Mrs. Peter Rutkowski had as their guests on Sunday evening for supper, Mr. and Mrs. Carl Forsberg, Mr. and Mrs. Kenneth Forsberg, Jerry, Franky, and Bradley, and Mr. and Mrs. Rueben Rydeen and Debra of Clearbrook. Mr. and Mrs. Carl Forsberg spent Christmas day at the Rueben Rydeen home.

John Tweeton arrived last week from Narsarsauk, Greenland after spending the last eight months there. Mrs. Tweeton and daughters have made their home in Gully during his absence.

Many people came on Sunday to try out the new ski slide one-half mile west of Gully where Winton Knudson has started a ski-tow which is a rope tow to pull people back up the hill after the slide down. Winton will have it open weekends and may be used evenings for parties by appointment.

Toppy Gunderson's Christmas vacation was cut short when he was called back to Gully on Christmas Day morning when fire broke out in the basement of the store. Herbert Larson who lives in an upstairs apartment proved to be the hero, when he smelled smoke and chemicals from a fire extinguisher. The automatic fire extinguisher which hung above the oil burner had sent out fumes when the burner became overheated. Unable to get to a phone for help Herbert knocked a door out and used another extinguisher and had the blaze pretty well under control by the time help came, which Mrs. Larson had summoned in the meantime. By then Herbert was so overcome by smoke and fumes that he had to crawl to get up the stairs again. Smoke damaged the Larson apartment as well as merchandise in the store.

Verna Brovold arrived last Wednesday from Paris, France to visit with her mother, Mrs. Thora Brovold. Verna has been with the American Embassy and arrived by plane to New York and visited at Washington, D. C. before arriving home. On Christmas Day she and her mother visited at the Orland Rindahl home near Goodridge, also there were, Mr. and Mrs. Arlie Fore, Arnold Brovold and family, Mr. and Mrs. Edwin Bergh and girls, all of Gully, Mr. and Mrs. Elmer Brovold and family, and Mr. and Mrs. Mervin Rindahl and family and Lloyd Brovold.

Stanley Schneider from Hardin, Mont., is spending an eleven day vacation here with relatives and friends. He was a guest at the Lloyd Paulson home for Christmas dinner, on Sunday evening Stanley and Mr. and Mrs. Leonard Pladson and girls were guests for supper at the Ted Carlson Home.

Guests for dinner Saturday at the Claude Knudson home were Mr. and Mrs. Harold Petsch, Linda and Connie, Mr. and Mrs. Alex Erickson and Allen of Minneapolis, Mr. and Mrs. Ivan Sevaldson of Mankato, Mr. and Mrs. Louis Torgerson, Mr. and Mrs. Orrin Torgerson, James and Leann, Mr. and Mrs. Elmer Erikson and boys of Fosston, Mr. and Mrs. Virgil Knudson, Julie, Gail and Virginia, and Mr. and Mrs. Winton Knudson, Debra and Blake.

Guests at the Anton Bowman home for dinner Christmas Day were Mr. and Mrs. Oscar Thronson, Marlo and JeNelle; Mr. and Mrs. Duane Thonson, Ada and Ralph Torstenson, Inga Homme; Sandra Wildmo; Susanne Peterson; Mrs. Glen Peterson, Gay and Lonnie all of rural Trail and Mr and Mrs. John Tweeton, Sigrid and Caroline of Gully.

Mrs. Glen Peterson and sons Gayron and Lonnie have been visiting the past month at the home of her parents, Mr. and Mrs. Oscar Thronson. They plan to return to their home at Kent, Wash., after the holidays.

Mr. and Mrs. Ted Nyland spent Christmas Eve and Christmas Day at the Vernon Nyland home. In the evening Mrs. Ole Myrum and Arvil were also there, and on Christmas Day, Mr. and Mrs Ted Paulson and family of Shevlin were also there.

Inga Homme who has just returned from a six months visit to Norway visited at the John Tweeton home in Gully on Thursday and also with Mrs. Arnold Brovold.

Visitors on Christmas Eve at the H. T. Hanson home were, Mr. and Mrs. Orville Christianson and girls, Mr. and Mrs. Harry Hanson and Howard, Mr. and Mrs. Walter Hanson and Lyle, Mr. and Mrs. Clifford Arveson and Dale, Mr. and Mrs. Arnold Brovold, Carol and Gay and Merritt Christianson.

New Year's Notes from the Grygla Lutheran Parish

The following program in general was given at the St. Olaf Lutheran Church and was intended for the entire parish New Years' Eve.

Many hymns by the audience, accompanied by piano and organ played by Mrs. J. M. Erickson and daughter Evangeline Sederstrom of Minneapolis.

Several very good solos by student Donald Anderson from Concordia College were rendered. He also led in opening devotion.

Reading selections were given by Alicia Nelson, Elma Jelle and Dae Erickson.

The lunch was served by willing hearts and hands and a fine and enjoyable Christian fellowship marked the end of the old year and the beginning of the New Year.

The young and older folks of the parish who failed to be present lost a distinct blessing.

Closing devotion was led by the pastor.

A good new year to you all.

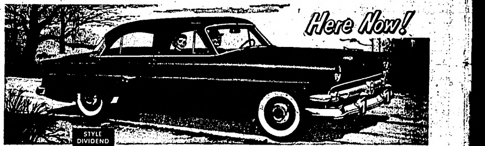
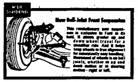
'54 FORD the "worth more" car declares a dividend



3 distinctive lines
—14 brilliant body styles

You'll find that each new feature in the '54 Ford is an extra dividend in driving enjoyment . . . establishes Ford, even more in '54, as the "Worth More" car. You get a special dividend in styling with Ford's distinctive new appearance. You get sparkling new interiors, too, that are a dividend in themselves. And each of the new Fords gives you special dividends in ride and performance . . . with new Ball-Joint Front Suspension, the greatest advance in chassis design in 20 years . . . with your choice of Ford's new low-friction Y-block V-8 or I-block Six, the most modern engines in any car today! With 28 brilliant new models to choose from, you'll find the exact car to suit your tastes and requirements. Come in . . . See and Test Drive the '54 Ford.



New Ball-Joint Front Suspension
This revolutionary new suspension is exclusive to Ford in its field. It allows greater up and down wheel travel for a smoother ride. And it helps keep wheels in true alignment for constantly easy handling. Movement of wheels is on ball joints, whether in up and down motion or in steering motion - right or left.

The greatest engine advances since the original FORD V-8

Both new 1954 Ford engines . . . the Y-block V-8 and the I-block Six . . . have overhead valves for most efficient high-compression operation on today's fuels. Valves are free-breathing to give you the most GO . . . free-turning to seat tightly and maintain high compression. Both engines have a deep-cast block with skirt that extends well below the crankshaft for greater strength and rigidity . . . smoother, quieter performance and extra-long engine life. Their modern short-stroke, low-friction design cuts friction losses . . . gives you more usable horsepower, more miles per gallon of gasoline. New high-turbulence combustion chambers assure a more thorough mixing of fuel and air for faster, more efficient combustion. Plan to Test Drive a '54 Ford. You'll find these new Ford power plants are the greatest engine advances since the original Ford V-8.

This party is attended by all the pastors and their families of the Red River District at various churches each year. Rev. Arthur Wikstrom is the pastor of the church where this party was held.

HEEDING THE SCHOOL BELL

In 1940 only 67% of 16-17-year-old young people in Cook county went to school. In 1950 90.5% went, raising that county from 27th to first place in Minnesota, while Swift, through increasing attendance sharply from 69% to 81.2% dropped from 16th into the vacated 27th place. Waseca, Le Sueur, Lake, and Chisago follow Cook in 1950.

Most men will tell you they're worth more than they're getting—the remaining few set about proving it.

$34,000,000 State Highway Program in Prospect for 1954

The beginning-of-the-year outlook for improvements on state trunk highways, rural and urban, is for a construction program of approximately $34,000,000 during 1954, according to a tentative forecast of Highway Commissioner M. J. Hoffmann.

This will be reasonably comparable, although perhaps a little less, than the trunk highway construction contracts let during 1953 and should accomplish approximately six per cent of Minnesota's recognized long-range improvement needs on the 11,877 mile trunk highway system.

At this date the state highway department's 1954 program is in a very formulative and flexible stage, but the tentatively proposed projects, including field engineering costs as well as actual contract prices, include: About 324 miles of grading at $8,243,000; some 90 miles of concrete paving (which including mileage of four-lane divided highway constitutes equivalent of 101 miles) at a cost of $6,121,000; about 437 miles of stabilized base construction and bituminous surfacing costing $8,164,000; 143 miles of bituminous surfacing of existing roadbeds at $1,782,000; 46 miles of widening and modernizing of old pavements at a cost of $2,953,000; and 58 bridges estimated to cost about $5,615,000. This itemized total, upwards of $33,000,000, does not include miscellaneous construction items which will be required, nor special projects or emergency jobs that may become necessary.

By comparison, construction contracts let during 1953 included: 304 miles of grading costing $9,314,000; 120 miles of concrete paving costing $9,223,000; 464 miles of stabilizing base construction and bituminous surfacing at $8,397,000; 43 miles of bituminous surfacing at $379,000; 54½ miles of obsolete concrete pavement widening costing $3,365,000 and 30 bridges contracted at a cost of $2,716,000. Miscellaneous items added approximately $396,000 worth of expense bringing the total of contracts let to approximately $33,790,000. In addition, field engineering expense on the various construction projects required expenditures of approximately $1,700,000.

The 1953 estimate is based on anticipated income from state tax sources, exclusive of federal aid (and obviously dependent upon there being no changes in the sources of state highway revenue during the year), or approximately $55,000,000, plus some $9,300,000 of currently accruing federal aid funds. The latter are exclusive of the $4,500,000 of federal aid secondary monies, which under present departmental policy are turned over virtually in their entirety to the counties for County-FAS improvement projects.

Out of the $55,000,000 estimated state highway department income, before the amount of funds available for contract construction can be established, there must be deducted about $21,000,000 required annually to meet statutory requirements and necessary expenditures for the preservation of existing roadways and the convenience and safety of traffic, plus about $8,000,000 in necessary expense related to the planning, engineering, and general construction operations other than actual contract construction costs. The latter items include estimated expenses of $1,845,000 for necessary lands and right of way, $410,000 for essential tests, inspection and research, and $2,750,000 for general engineering expenses other than actual contracts and field engineering costs assignable to specific projects.

Necessary maintenance operations for the upkeep and rehabilitation of the trunk highway system, including some 2,750 bridges and the various departmental buildings, will require approximately $16,600,000. This includes routine maintenance; snow plowing, sanding and ice removal; and some 1½ million dollars in betterment projects for meeting the immediate needs of sections which cannot be reconstructed for years to come.

Other fixed costs, which must be given priority before the volume of the new construction program can be established, include payments of approximately $1,400,000 to other state departments for fiscal services and the collection of motor vehicles and gas taxes; about $2,000,000 for the operations of the State Highway Patrol, the drivers licensing and driver examining programs, traffic engineering and safety activities; and about $1,125,000 for departmental operating supplies, legal services, and the financial and general administration of the trunk highway system.

By living more in the home, the modern family could come much nearer living within their income.

'52 Train Crashes Kill 52 Motorists

Deaths Due to Failure to "Stop, Look, Listen"

More than 50 lives were lost in Minnesota last year because auto drivers ignored one of motoring's oldest warnings: to "stop, look and listen" when approaching railroad grade crossings.

A review of preliminary traffic fatality figures for 1953 by the Minnesota highway department reveals that there was a 26 per cent increase in deaths resulting from this type of accident over the 1952 mark, with at least 52 fatalities reported last year as compared with 41 in 1952.

While it is generally agreed that most accidents are the result of carelessness, this fact seems to be much more evident in this type of accident, inasmuch as the great majority of these mishaps occurred within a mile or two of the homes of the drivers involved. Furthermore, several of the worst crashes happened at crossings protected by automatic warning signals which were functioning properly at the the time of the accidents.

Even though the highway department makes every effort to adequately mark or protect every railroad grade crossing on the entire trunk highway system, this costly program is of no value if motorists do not observe and heed the signs or signals.

Several factors combine during the winter months to accentuate the hazards at railroad grade crossings, says the department. They include obscured vision due to frost or ice on car windshields and side windows, operation of cars with windows closed which prevent hearing warnings of oncoming trains and disruption of normal operating railroad schedules because of inclement weather.

$133.9 Million in Unemployment Fund in Minnesota

Total of $11,200,000 in Benefits Was Paid in '53, Christgau Announces

Minnesota goes into the new year with 133.9 million dollars in its unemployment compensation reserves, Victor Christgau, commissioner of the department of employment security, says in a summary of that agency's 1953 operations.

With winter unemployment starting substantially earlier than normal, this fund assures most idled workers of minimum buying power until they can find other winter jobs or spring operations start.

The fund, which under federal law is held in trust in the treasury department in Washington, D. C. was increased approximately 3 million dollars in interest earned in 1953, plus 12.7 million dollars paid in by employers.

The 1953 outgo consisted of benefit payments of 11.2 million dollars.

These reserves, said Christgau, can be used only as benefits to former workers of about 33,800 employers of whom contributions are required. Almost seven out of every ten of the state's non-farm wage and salary workers are covered by the unemployment compensation program.

In 1953, one or more weekly benefit checks were issued to 60,500 persons.

Benefit payments, in 1953, were substantially below 1952 until October, when unemployment began increasing. Even so, payments for all of 1953 were 4% below 1952.

The department's employment service filled 125,000 non-farm jobs, about 2% less than in 1952. The number of agricultural jobs filled increased sharply to 58,500, about 17% over 1952.

If each person in the U. S. received an equal share of the recoverable reserves of bituminous coal, he could stock his coal bin with 7,500 tons.

POULTRY RAISERS

Is your poultry flock in top production, or are you getting say 30-40-50% production. If your flock is not producing at least 75% to 85% it is time to put your hens on the Purina program. The Purina program is a sure fire plan for getting laying flocks in top production. Stop in next time you are in town and find out how producers in this area are getting all the eggs their chickens are capable of producing, on the Purina program. For profitable operation you have to get your flock in top production and maintain top production for months to come.

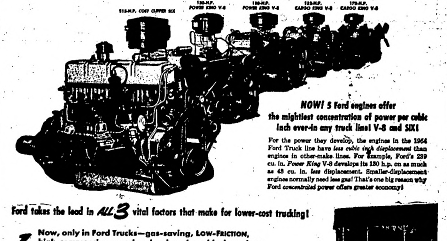
NEW FORD TRUCKS
with TRIPLE ECONOMY!



NOW! 5 Ford engines offer the mightiest concentration of power per cubic inch ever—in any truck line! V-8 and SIX!

For the power they develop, the engines in the 1954 Ford Truck line have less cubic inch displacement than engines in other-make lines. For example, Ford's 239 cu. in. Power King V-8 develops its 130 h.p. on as much as 48 cu. in. less displacement. Smaller-displacement engines normally need less gas! That's one big reason why Ford concentrated power offers greater economy!

Ford takes the lead in ALL 3 vital factors that make for lower-cost trucking!

1. Now, only in Ford Trucks—gas-saving, LOW-FRICTION, high-compression, overhead-valve, deep-block engines in all truck models! 115- to 170-h.p.!

2. New Driverized Cabs, Master-Guide Power Steering, Power Brakes, Fordomatic Drive for faster control!

3. New greater capacity! New Factory-Built "6-wheelers," gross up to 48% more!

Presenting the mighty aristocrat of light-duty trucks—

the 1954 GMC

HERE is the most extraordinary light-duty truck ever built.

It has the smart styling of a fine passenger car—a sweeping grille of modern design—a panoramic one-piece windshield—two-tone interiors with harmonizing upholstery—luxury features that will make you proud to be seen in it.

And it has a whopping 125-horsepower engine—more powerful than many trucks with a two-ton rating.

The Pickup—one of 19 models—has a box that holds up to 11 more cubic feet than last year's capacious model. Its tail gate is grain-tight—and sand-tight.

And—a truck feature pioneered by GMC—it offers the driver-saving, money-saving advantages of Truck Hydra-Matic Drive.*

One final and surprising point. The *price* of the GMC, value for value, *is unsurpassed anywhere on the truck market.*

That's the story. The next move is yours. Come in and see "the world's most modern truck." And—*make it soon.*

*Optional at extra cost.

I DON'T NEED TO GO TO CHURCH-

Yes, I'm one of those seventy-five million Americans who are not members of a church.

Saturday and Sunday are the two days of the week I like to devote entirely to relaxation and recreation. Why should I spend an hour or so in church?

I try to live straight—to put in a full day's work for my boss, to get along with my neighbor, to bring up my children in the proper way. As long as I'm trying to live respectably, why do I need to go to church?

There is an answer, my friend. Since the beginning of history, you and millions like you have been trying to run your lives and this world of ours by your own knowledge and strength. You've said you didn't need help. But human experience declares that you have failed. The past has left us an ugly picture of cruelty and bloodshed, of hate and crime. The present finds us on the edge of fresh disaster—of devastating war on the outside and moral decay from within. This is the tragedy of man's proud attempt to live without God.

You need help—help beyond the pale of human resources. You need the love of God that empowers a man to live a good life. You can find this love only in the Church—in fellowship and communion with Christ. He is in His Church—forgiving, loving, strengthening, giving men the courage and power for right living.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The '54 BUICK's got it—
The BIG CHANGE you've been hoping for!

Examples of the 1954 Buick's years-from-now styling is this stunning new Super Riviera

THE instant you see these 1954 Buicks, you'll know that something sensational has happened in automobile styling.

Here is vastly more than the usual model changeover. Here is vastly more than could be done just by warming over what Buick had before. Here is something accomplished by going far beyond artful face-lifting.

Here is that rarity of rarities—a completely new line of automobiles.

But Buick didn't stop with the bolder, fresher, swifter-lined beauty you see in raised and lengthened fender sweep—in the huge and back-swept expanse of windshield—in the lowered roofline—in the host more glamor features of exterior modernity.

They upped all horsepowers to the highest in Buick history.

They engineered a new V8 for the SPECIAL—and in the process came up with new Power-Head Pistons that boost gasoline mileage in every engine.

BUICK
the beautiful buy

They brought to market a sparkling newcomer with a famous name, the Buick CENTURY—a car with *phenomenal* horsepower for its weight and price—a car with more pure thrill per dollar than any Buick ever built.

And they did all this without change of the price structure which, for years, has made Buick the most popular car at its price in the world.

We invite you to come in and inspect these great beauties, these great performers, these great buys. Then you'll see why the Detroit previewers are already saying, "Buick's the beautiful buy!"

When better automobiles are built Buick will build them

Cancer Group Makes Study of Lung Cancer

The American Cancer society's survey aimed at determining whether a relationship exists between smoking and lung cancer has just moved past the second follow-up stage. It was announced today by Allan Stone, executive director of the society's Minnesota division.

Started in January 1952, as a result of the great increase in the number of lung cancer cases, the survey has called on volunteers of the cancer society who have interviewed 204,000 men between the ages of 50 and 69 and have now reported in two successive years as to the number who are still alive and those who have died. Cause of death is then determined from health department and hospital records.

In Minnesota, 14,911 men have been involved in the study and these men were questioned as to their smoking habits by 1,426 volunteer workers of the cancer society.

It is anticipated that sufficient data will be available within eighteen months to statistically prove whether or not there is a relationship between smoking and cancer of the lung.

The thoroughness of the volunteer follow-up work in the first and the second follow-up has amazed those who are engaged in the business of public opinion polls. In the first follow-up, during November 1952, researchers successfully traced 99.4 percent of the men originally questioned and only 0.6 percent were lost track of. In Minnesota, only seven of the 14,911 men were lost track of. This was the best record in the country.

In the second follow-up, just now being completed only seventeen Minnesota men cannot be accounted for, and the search has not yet been completed.

The study was undertaken for two reasons: First, a number of studies in the past have indicated that smoking may be an important factor in the cause of cancer of the lung; secondly, and most important, death rates from lung cancer have been increasing at an alarming rate and are continuing to increase. It is of the utmost importance that we discover the cause as soon as possible.

The Cancer Society will continue its study until there is sufficient statistical evidence at hand to demonstrate whether or not there is a significant relationship between smoking and cancer of the lung. If such a relationship is found to exist, the problem then will be to determine what causes lung cancer in tobacco products.

Women's Clubs to Hold Essay Event on Conservation

High School Students Invited to Write Essays on "Our Mineral Wealth"

All Minnesota high schools will receive announcements this week of the 11th annual conservation essay contest sponsored by the Minnesota Federation of Women's Clubs. "Our Mineral Wealth" has been selected as the title of this year's competition which will open January 11. The contest will close April 9. The announcement was made by Mrs. E. R. Starkweather, president, and Mrs. Ole Aune, conservation chairman.

This year, as in the past, twenty winners (a boy and girl from each of the federation's ten districts) will be awarded a weeks vacation at Douglas Lodge, Itasca state park, as a member of the conservation caravan.

Instructors, educators and principals of all high schools (grade 9 thru 12 inclusive) are urged to enter their schools in the contest.

In announcing the contest conservation commissioner Chester S. Wilson invited participation and stated: "—The topic "Our Mineral Wealth" was selected to complete the essay series started in 1944 designed to cover every field of resource conservation. To promote this contest under the sponsorship of the Minnesota Federation of Women's Clubs is one of our most cherished conservation education projects. We unreservedly recommend the contest to the school children of our state."

Full particulars concerning the contest may be obtained by writing or calling "Essay Contest" Room 633, State Office Building, St. Paul 1, Minnesota.

Prompt Requests for Tree Planting Stock Are Urged

State Forestry Dept. Says Stocks of Some Kinds Are Exhausted

It is urgent that requests for tree planting stock be made just as soon as possible, state forestry officials warned today. The available stock is being reduced at a rapid rate and late comers may be disappointed.

The supply of some pine and spruce trees is about exhausted, but others are still available and will make satisfactory growth on most planting sites. Jack pine, white pine, and cottonwood are recommended for light to sandy soils. Spruce, cedar, maple, elm and others are suitable for the heavier soils.

The trees may be planted for windbreaks, woodlots, shelterbelt, game food and cover, and to prevent erosion. They cannot be used for ornamental purposes.

Up to 5,000,000 trees will be sold for planting on private lands and about 12,000,000 will be planted on all types of public lands.

Trees may be ordered or more information secured from the field foresters, the county agricultural agents or the Division of Forestry, State Office Building, St. Paul 1, Minnesota.

National Defense Costs Americans $85,000 a Minute

For national defense the American people have spent approximately $85,000 a minute thruout the year 1953; foreign aid has cost another $11,000 a minute, reports the family economics bureau of Northwestern National Life Insurance company.

But during 1953 we Americans have enjoyed a total national income of nearly $600,000 a minute, the bureau calculates. Out of this income we have paid taxes to the federal government at the rate of $135,000 a minute, along with another $38,000 a minute to state and local tax collectors.

During 1953 the American people contributed $8,500 a minute in religious, charitable and educational donations, and spent $17,000 a minute for alcoholic beverages, the bureau statisticians calculate. In case you're curious, but too tired to figure it out for yourself, there are just 525,600 minutes in a year.

Soo Line Reports on Its Earnings to November 30

Report of earnings for the Soo Line Railroad for the month of November 1953, as issued by G. A. MacNamara, president, shows gross revenues of $2,600,441 which is a decrease of $557,039 from November, 1952. Operating expenses for the month declined from $3,241,359 to $2,619,051.

For the eleven-month period, revenues decreased $2,100,006 and operating expenses $874,369. Federal income and other tax accruals decreased $24,212 for the month and $843,056 for the period.

Net income at the close of the eleven-month period in the current year, after allowing for all contingent interest and sinking fund charges accruing to date, amounts to $1,016,235, a decrease of $290,962 from the comparable figure for 1952.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, City

The January meeting of the Smiley 4-H club will be held next Wednesday evening, Jan. 13 at 7:30 p. m. at the hall. This will open the 1954 season on 4-H club work and a variety of demonstrations and project talks as well as a program will be in the offing for the opening. Members are requested to please remember the date and be there.

Mr. and Mrs. Louie Lian, LaVerne, Kenneth and Lois left Sunday for their home in Minneapolis. They had visited since New Year's Day at the homes of Mrs. Lian's sisters, Mrs. Emil Thune and her family here in Smiley and Mrs. Clayton Stephenson and her family in Thief River Falls.

New Years day dinner guests at the Bill Grandhaus home were Mr. and Mrs. Alfred Ranum, Margaret and Delores, Mr. and Mrs. Lloyd Ranum and Keith, Mr. Maynard Ranum, Betty Waagedahl and Eloise Windahl, all of Viking, Delano Lind of Newfolden, Mr. and Mrs. Oscar Ranum, Julie and Darryl of Thief River Falls.

Gloria Johnson, Patricia Torkelson and Marilyn McCrum were among the teen-age guests at a holiday party given by Cheryl Johnson at her home in Rocksbury Tuesday evening.

Monday evening turkey dinner guests at the Alvin Burstad home in Kratka were Mr. and Mrs. Jim McCrum, Marilyn and Bobby, Mr. and Mrs. Albert Hanson, Pauline and Ralph of Kratka, and Alan Cabot of Kings Point, N. Y.

Mrs. Emil Thune spent several days in Twin Valley last week with her son and daughter-in-law, Mr. and Mrs. Glen Thune, and while there Mrs. Thune took care of her grandchildren while Mrs. Glen Thune made a trip to Fargo to visit her mother who is a patient in a Fargo hospital.

Mrs. Marie Christie of Thief River Falls was a visitor Saturday at the home of her brother, Bill Grundhaus.

Mr. and Mrs. Mark Olson, Judeen and Phyllis, Miss Clara Olson, and Harry Waller of Brinsmade, N. Dak., were New Years day dinner guests at the Winton Knutson home in Numedal.

Mrs. Walter Lendobeja took the bus to Grand Forks Wednesday to spend a few days with her son-in-law and daughter, Mr. and Mrs. Don Hoff. On New Years day Mrs. Lendobeja accompanied the Hoffs to Fargo where they were guests at a Hoff family gathering at the William Hoff home.

Alan Cabot returned to Minneapolis Tuesday by car after having spent a week at the home of his uncle, Jim McCrum. He returned by bus from the Cities to Kings Point, N. Y. to continue his training in the Merchant Marine Academy there.

Mr. and Mrs. Adam Lendobeja and Dianne motored to Fargo Monday. Dianne remained at the NDAC to continue her studies after a two week holiday vacation with the home folks.

Fox hunting has become a great sport in the Plummer area so far for about fifty fox have been bagged. Generally the hunt is a joint arrangement with use of an airplane and a crew of hunters on the ground. In this regard it is easy to see that hunting is not without its dangers. The main danger comes from use of high powered rifles in the hands of inexperienced hunters. With this thought in mind a group of hunters met in Plummer last Monday evening. An organization was formed called the "Fox Club". Russell Pahlen was elected chairman and Emil Malwitz secretary. The group has as its objective to conduct fox hunts but to make them safe. It is not the purpose of the fox club to ban men from hunting in the group. However, it will be necessary for anyone who wants to hunt to seek permission of the club. In seeking permission of the club the person will have to become familiar with and promise to abide by the rules of the club for safety sake. It must be realized that this type of hunting is somewhat different than other types of hunting. If you are an experienced hunter and want to join the group please contact Malwetz or Pahlen and discuss the rules with them even if you have hunted with the group before. With this sort of cooperation we can continue this hunting and minimize the danger. Remember a real sportsman is a good sportsman. Let's be good sports.

Golden Jubilee Celebration Plans Advance

City to Commemorate Coming of Soo Line and Opening of Reservation

Seventy members of the Civic and Commerce association braved subzero temperatures Monday evening to attend a special dinner meeting in the Eagles auditorium, at which a decision was reached to proceed with plans to stage a golden jubilee celebration in Thief River Falls in 1954.

The 50th anniversary of the opening to settlement of the Indian reservation east of this city in 1904 occurs in June, while next September marks the 50th anniversary of the coming of the first Soo Line train to Thief River Falls in 1904.

The board of directors of the Civic and Commerce association was designated as the central committee to develop plans for the celebration, and was authorized to arrange for the naming of subcommittees representing all organizations in the area.

W. E. Dahlquist, member of a three-man committee appointed last year to look into the matter of a proper observance, pointed out the significance of the two events in the history of this community.

He told of the development of the former reservation land into a prosperous farming area due to improved methods of farming and surface drainage. He also pointed out that the Soo Line, with its present local payroll of well over $1,000,000 a year, has played a leading role in the development of this community. He concluded that the two occasions amply justify a community celebration.

Clarence Waldera, also a member of the committee along with E. A. Hamerski, said that the success of the project will depend on the hearty cooperation of all concerned. He added that the golden anniversary theme might well be developed in a style show planned for this spring, and similar suggestions were made by Mrs. Jeannette Wright.

A decision as to whether to hold one or a series of several celebrations during the year was left in the hands of the newly organized committee.

Judge Paul A. Lundgren, who played a prominent role in the highly successful Pioneer Days celebration here in 1932, stated that this year's event must be developed on a big scale if it is to be worth while.

Blood Bank Drive Extended to Mar. 1

Pres. Hamerski Names Publicity Committee

The effective date for putting the Northern Blood Bank association into operation has been changed from January 1 to March 1, E. A. Hamerski, president, announced at a meeting Monday evening in the Eagles Hall.

He explained that the delay is due to the fact that the association was handicapped by the recent holiday season in completing its membership drive.

It was decided to conduct an intensive educational program to familiarize local residents with the savings in money and other advantages that will result from affiliating with the group, culminating in a personal solicitation in February.

Hamerski appointed Don Olson chairman of the publicity committee, other members including Mrs. Rudolph Sagmoen, N. A. Holen, Harold W. Peterson, Robert Nick, Alvin Christofferson and David Meade, Middle River.

Judge Kjos to Go to Convention

Probate Judge Herman A. Kjos will leave for Minneapolis next Tuesday to attend the annual convention of the Minnesota Probate Judges association Wednesday and Thursday in the Nicollet. He is vice president of the juveline judges association, which will hold its meeting at the same time.

Homemakers Will Resume Training Sessions Jan. 14

Sewing Attachments to Be Explained at Series of Meetings for Leaders

Is your box of sewing machine attachments gathering dust? The mystery of that box of attachments will be unraveled this week for members of homemakers groups in Pennington county, says Home Agent Marge Olsen.

A series of training meetings in the use of sewing machine attachments will be given for local leaders of homemakers groups at Trinity Lutheran church in Thief River Falls. The first meeting will be on Thursday, January 14, when leaders will attend from the Kratka, River Falls, Silverton, Cloverleaf, and Smiley groups.

Friday, January 15, will be the training day for groups from North, Black River, Norden and Numedal townships. The Rocksbury and St. Hilaire groups will be receiving their training on Tuesday, January 19, while Goodridge, Erie, Reiner, Highlanding and Sanders will conclude the series on Thursday, January 21. Leaders will bring their own attachments, and will learn how to use them. All meetings will begin at 10:00 a. m.

Because many homemakers have never learned how to use the attachments, the little box that came with their sewing machine remains a mystery. Actually, learning how to use the hemmer, tucker, ruffler, quilter and other attachments will save both time and effort in home sewing, says Miss Olsen.

Education Board Asks Bids on Bus

Bratsch and Williamson Convention Delegates

The Thief River Falls board of education, at its January session Monday evening, voted to advertise for bids on a new 42-passenger school bus to replace a 1947 unit. Bids will be opened February 8.

Elmer Bratsch and Andy Williamson were named delegates to the annual convention of the Minnesota School Board association to be held in the Nicollet Hotel in Minneapolis February 2 to 4.

Following a discussion of plans for development of the new athletic field, it was decided to investigate further before making definite plans.

The board members inspected the new fluorescent lighting system recently installed by L. W. Best in the junior-senior high school, and they agreed that the equipment was a big improvement.

Ed Moren Goes to Conference

Ed Moren, weed and seed inspector for Pennington and Red Lake counties, left Tuesday evening for St. Paul, where he will attend the 13th annual short course for inspectors on the St. Paul campus of the University of Minnesota January 18 to 22.

Mothers March on Polio Set for Thursday Jan. 28

Solicitations in the current March of Dimes campaign, especially in the rural areas, have been handicapped by subzero temperatures during the past week, A. F. Berge, Pennington county campaign chairman, announced that the residence districts of Thief River Falls will be canvassed Thursday evening, January 28, the date set for the Mothers March on Polio. He added that Mrs. Orris Johnson and Mrs. Steve Austin will direct this phase of the solicitation.

GLORIA CLOUTIER

Miss Gloria Cloutier, sophomore student at the University of North Dakota in Grand Forks, last Thursday evening was crowned "Queen Aurora" of the university's King Kold Karnival, which featured the two-game hockey series between the UND Sioux and the University of Minnesota.

Gloria, a graduate of Lincoln high school, is the daughter of Mr. and Mrs. Alex Cloutier of Thief River Falls.

Black-haired, brown-eyed Miss Cloutier was crowned by Robert Sather of Oakes, N. D., Karnival chairman, at a pepfest in the Student Union on the UND campus.

The queen and her attendants, Zona Zahl of Williston and Joan Graff of Grand Forks, received flowers, while Gloria also was presented with a gift by Sioux Coach Cliff Purpur on behalf of the hockey team. They were introduced at the hockey game Friday night.

Only 16.53 Inches Precipitation Is Recorded in 1953

33.6 Inches of Snow Fell Here During the Past Year, KTRF Reports

A total of only 16.53 inches of precipitation, well below normal, occurred in Thief River Falls in 1953, according to records maintained by Radio Station KTRF.

Of the aggregate amount, 3.36 inches was represented by 33.6 inches of snow, of which 13.5 inches fell in January, 4.5 inches in February, 1.1 inches in March, six inches in November and 8.5 inches in December.

Precipitation for the year by months, in terms of moisture, was as follows: January, 1.33 inches; February, .45; March, .10; April, 2.07; May, 3.39; June, 3.06; July, .99; August, 1.43; September, 1.27; October, .96; November, .61; and December, .87.

Sheriff's Cases Increase in 1953

Annual Summary Shows 74 Cases Handled Last Year

The office of Sheriff Arthur Rambeck was busier than usual in 1953, his annual report revealing that 74 cases were handled, compared with 57 in 1952 and 48 in 1951.

Principal classifications of cases handled include burglaries, four; larceny, six; assault, six; drunkedness, six; sale of beer to minors, five (two acquitted); inebriates, seven; careless driving, eight; mentally ill, nine; and senile, five.

Seven youths were committed to the custody of the Youth Conservation Commission at Red Wing and Sauk Centre, 14 to the state hospital at Fergus Falls, and seven to the state hospital at Willmar. Thirty persons paid fines, and seven were placed on probation.

In addition, the sheriff investigated a large number of traffic accidents.

Grygla Man Heads Marshall Board

Sofus H. Bjerkness, Grygla, fifth district commissioner, was reelected chairman of Marshall County Board of Commissioners at the annual meeting which began in Warren January 5.

Also reelected was Leslie E. Grange, Warren, first district, as vice president.

Sanatorium Expenses Rise for Past Year

Annual Meeting Slated for Tuesday Night Put Off Until Late in Month

The annual meeting of the Oakland Park sanatorium commission, scheduled to be held Tuesday evening, was postponed until late in January because of the fact that only four of the nine members of the board were able to be present.

Among the principal items of business to be transacted will be the election of a president of the commission, succeeding the late Dr. O. F. Mellby, who had served in that capacity for more than 35 years.

The annual report of Dr. Baldwin Borreson, superintendent, reveals that operating costs for the sanatorium last year were approximately $5,000 more than the previous year, rising from $80,008.54 in 1952 to $85,196.46 in 1953. Factors were increased wage scales and the fact that fuel costs in 1953 were more than $2,000 higher than in 1952.

Making up the 1953 maintenance expenses were administration, $8,458.75; care of patients, $23,849.07; culinary, $25,112.06; domestic, $9,707.16; agriculture, engineering, building and grounds, $16,208.27; insurance, $1,247.02; traveling expenses, $407.26; and sanatorium commission expenses, $116.88.

The total number of patient days increased from 12,874 in 1952 to 13,127 in 1953. The number of meals mounted from 64,902 in 1952 to 68,742 last year, and the total cost per meal per individual went up from 34 cents in 1952 to 36 cents in 1953. The total net cost per day per individual rose substantially from $3.62 in 1952 to $4.04 last year.

Jaycees Plan for 1954 Bosses Night

Arranging for Speaker for Event in February

Preliminary arrangements were made for the annual Jaycee Bosses Night dinner to be held in February at a well attended meeting of the local Junior Chamber of Commerce last Thursday evening in the Rex Cafe.

President Walt Kavanaugh stated that an effort is being made to secure an outstanding speaker in the person of Orvin Fjare of Big Timber, Montana, first vice president of the national Junior Chamber. He added that the dinner will serve as a kickoff even for the annual membership drive of the local chapter.

Plans also were made to seek to reactivate the Toastmasters club in this city, the committee in charge being designated as Dr. O. D. Beich and Les Campbell.

Chet Matthews of the local office of North Central Airlines showed a sound motion picture "Wings over Dexter," depicting the services that can be rendered to a community by a feeder airline.

Mr. and Mrs. Kenneth Rustad left yesterday for their home in Virginia, Minnesota, after spending five days at the home of the former's parents, Mr. and Mrs. E. J. Rustad.

Gulbranson and Christofferson Hear B. O'Connor

President of National Polio Foundation Is Speaker at Moorhead

M. C. Gulbranson, chairman of the Pennington county polio chapter, who, with Alvin Christofferson, publicity director, attended a March of Dimes meeting in Moorhead, Monday evening, said today there appears to be real hope that paralytic polio soon may be conquered.

"Basil O'Connor of New York, president of the National Foundation for Infantile Paralysis, addressed the meeting and told of plans to test a new anti-polio vaccine throughout the country beginning February 8," Gulbranson said.

"Mr. O'Connor said the vaccine was developed by Dr. Jonas E. Salk at the University of Pittsburgh with March of Dimes financial support and the scientific facts uncovered by the National Foundation during the past 16 years. He said both the National Foundation and Dr. Salk believe the vaccine is safe and the only reason it will be tested on between 500,000 and 1,000,000 second grade school children all over the country is to prove its effectiveness."

"Mr. O'Connor said the vaccinations would be given before June 1 so the effects of the 1954 summer polio season could be observed," Gulbranson said. "This would mean that the results of the vaccine tests would not be known until 1955. It also means that gamma globulin, the blood fraction which gives temporary protection against paralysis, must be used again in 1954 because it is the best thing available.

"We were told that the National Foundation plans to spend $7,500,000 on the vaccine tests and $19,000,000 on an expanded gamma globulin program in the coming year. We also learned that the foundation's regular programs of scientific research, professional education and patient care must go on and that these will cost an estimated $48,500,000 in 1954. That means the current March of Dimes must raise $75,000,000 nationally, if this important work is to go on."

J. Kiland Shares in Mentally Ill Children Survey

James R. Kiland, son of Mr. and Mrs. Ray Kiland of this city, is the co-author with two University of Minnesota faculty members of an exhaustive "Survey of public school children with severe mental retardation."

Field work in connection with the survey was done by Kiland, who is associated with the vocational rehabilitation division of the state department of education in Duluth, where he supervises nearly 500 mentally retarded children in 19 eastern Minnesota counties.

Kiland was graduated from Lincoln high school, following which he was graduated from the University of Minnesota in 1950.

Nurses Home Gets Christmas Gifts

The medical staff of Northwestern Hospital, in cooperation with Kelly Hardware and Sjoberg Appliance, provided the nurses' home with a new washing machine and ironing boards as Christmas gifts.

3.5 Pct. Pennington '53 Taxes Delinquent

A net tax delinquency of 3.5 per cent was registered in Pennington county in 1953, County Treasurer A. R. Johnsrud reported this week. The figure is lower than the 5.6 per cent for 1951, but is higher than the low marks of 2.66 per cent for 1948 and 2.90 per cent for 1947.

With a total levy of $777,706.17 last year, $747,045.83 was paid, while cancellations and abatements aggregated $3,453.68, leaving a delinquency of $27,296.66.

In Thief River Falls, only one per cent of taxes were delinquent compared to four per cent in 1951. The total levy in 1953 was $392,205.06, of which $380,754.91 was paid and $1,669.88 cancelled or abated, leaving a delinquency of $3,780.27.

Among the townships, Polk Centre was lowest in delinquency, with one per cent, followed by Silverton, 1.4; Rocksbury, 1.7; North, 2.4; Deer Park, 3; River Falls, 3; and Black River, Mayfield and the village of Goodridge, 3.5 each. At the bottom of the list were Reiner with 18.9 per cent; Hickory, 17; Wyandotte, 13; and Goodridge township, 10.7 per cent. The village of St. Hilaire had a delinquency of 7.2 per cent.

Union State Bank Staff Reelected

Successful Year in '53 Is Reported at Meeting

All officers of the Union State bank, headed by E. O. Peterson, president, and Elmer Bratsch, vice president and cashier, were reelected at the annual meeting held Tuesday afternoon.

Reports submitted on a successful year in 1953 revealed that deposits increased $310,000 during the year to a total of $5,235,000, while loans rose $609,000 to $2,869,000. The banks capital structure now aggregates $338,000, up $20,000 compared to the year preceding.

Reports also were given on the extensive remodeling project carried out on the bank's quarters last year, culminating in a highly successful open house November 6 that attracted an estimated 6,000 visitors.

Mercury Dives to 29 Below Tuesday

After reaching the week's high mark of 28 above zero last Friday afternoon, the mercury plunged to 24 below Sunday morning, 28 below Monday and 29 below Tuesday, it was reported by Station KTRF. Temperatures Monday failed to rise higher than 7 below zero. This morning, however, the weather had moderated, a low of 3 above zero being recorded.

Dean Witcher Co. Given Contract for TRF Armory

Award of the contract for the construction of the new Thief River Falls armory to Dean L. Witcher Co. of Minneapolis was announced late last week by General J. E. Nelson, chairman of the Minnesota state armory building commission. The Witcher bid, lowest of eight received, was in the base amount of $166,249, with alternates bringing the total cost of the project to $174,466. Construction is scheduled to start this spring.

The latest group of student nurses, pictured above, recently arrived from Minneapolis hospitals to undergo six weeks of training in nursing service at Northwestern Hospital in this city. Pictured are, left to right, Shirley Nussear, Eagle Bend, from Northwestern Hospital, Minneapolis; Lorraine Bjornrud, Newfolden, Lutheran Deaconess Hospital; Frances Neil, St. Cloud, Asbury Hospital; Betty Ose, Thief River Falls, Deaconess; Marilyn Ballinger, Rochester, Asbury; and Roberta Goodrich, Warren, Northwestern.

Clerk of Court Lists 161 Deaths, 487 Births in '53

Deaths in Pennington county increased from 108 in 1952 to 161 in 1953, while births also mounted from 460 in 1952 to 487 last year, it was announced this week by Henry Storhaug, clerk of court. At the same time he reported that marriages declined in number from 121 in 1952 to 103 in 1953, and divorces also were down from 21 in 1952 to 14 last year.

Community Chest Fund Collections Amount to $9,497

Total Receipts from 1953 Campaign Fall Short of $12,154 Goal

With a few straggling returns still to come in, collections in the 1953 Community Chest campaign conducted in Pennington county since late in October aggregate $9,497.56, or slightly more than 75 per cent of the quota of $12,154, it was reported by Mrs. M. R. Levorson, secretary, at a meeting of Chest workers Tuesday evening.

A balance of $1,072.80 remaining from previous years will bring to a total of $10,570.36 the amount available for the support of the various participating agencies. Allotments were made last week to the Salvation Army, Boy Scouts and Girl Scouts, with allocations to other agencies to be made later on.

Of the amount collected during the recent campaign, Mrs. Levorson said, the rural areas of Pennington county contributed $1,823.75. In charge of the rural drive were Clarence Peterson, Goodridge; Vern Lindquist, St. Hilaire; and Carl R. Anderson, assisted by township chairmen and their assistants.

Cars Involved in Collisions in City

None Sustain Injuries in Mishaps During Week

Several collisions on city streets during the past week were reported by the police department, none of the occupants of the cars being injured.

A car driven by Alvin Westerlund, going north on Main av., was hit Thursday morning by a pickup driven by Mauritz Scholin. Damage to the car was estimated at $50 and to the pickup, $25.

While Harold Dietz, Rt. 4, city, was making what police termed an unlawful U-turn on First st. E. near Main av., his car was hit from the rear by a car driven by Arnold Lindland, whose car in turn was hit from behind by a pickup driven by James Whalen. Damage to the three vehicles was estimated to total $80.

When John Eidelbes of Goodridge made a left turn from Fourth st. on to Main av. Saturday afternoon, his car collided with one driven by Harry F. Larson, city, who was proceeding east on Fourth st. Damage to the two cars was estimated at $85.

The Clayton Molstad car, while being towed Tuesday near the intersection of Atlantic av. and Fourth st., skidded into a car driven by Walter Panek of Goodridge. Damage to the two cars was estimated by police at $400.

Rural Spelling Contest Jan. 16

The annual Pennington county rural school spelling contest will be held in Lincoln high school Saturday afternoon, January 16, at 2 o'clock, Mrs. A. C. Matheson, county superintendent, announced. She added that the winner of the event will compete in the Red River Valley spelling contest to be held at Crookston February 24 in connection with the RRV Winter Shows.

Chairmen C. C. Committees Are announced

Talk by Donald Snyder and Airline Movie Mark Luncheon Last Thursday

Art Christianson, newly elected president of the Civic and Commerce association, announced his appointments of chairmen of standing committees at the first luncheon meeting of the new year last Thursday noon in the Rex Cafe.

In taking over his new duties, Christianson pledged his best efforts during 1954 to continue the association's record of achievement. A round of applause was given L. A. Ihle, his predecessor in office.

Committee chairmen include Stan Pladson, attendance; Frank Riley, budget; Morris Howick, area trade; Harry E. Simons, aeronautics; Hilmer Linke, agriculture; Alvin Christofferson, conventions; Dr. M. D. Starekow, civic development; Ralph A. Luhman and Gordon Ballingrud, membership; Bill LaFave, roads; Randall Noper, tourist trade; Elmer Bratsch, public relations; and Norman Peterson, solicitations.

Secretary J. M. Roche stated that local merchants were cooperating in a winter clearance sales promotion event for Thursday, Friday and Saturday of this week. He also urged 1953 committee chairmen to complete their annual reports without delay for inclusion in the association's annual bulletin.

Alvin Christofferson introduced his former Lincoln high school classmate, Donald Snyder, now in charge of the employment section of the International Labor Office at Geneva, Switzerland.

Snyder expressed his pleasure at being back in his native land, and said that in the international settlement in Geneva his family misses the ability to take root in the community, as is possible in this country.

He stated that the ILO was created in 1919 under the treaty of Versailles to collect and disseminate information on labor thruout the world. The agency, he said employs 600 persons, while he heads a staff of ten, engaged in giving technical assistance to various governments in addition to its other functions.

Concluding the program, Chet Matthews, local station manager for North Central Airlines, presented a sound film, "Wings over Dexter," illustrating the valuable contribution made to a community by a local service airline.

Jobholders Show Seasonal Decline

No Pickup in Sight until Spring Months

Employment in Thief River Falls as of December 15, was down to 2763, a drop of 42 from October's peak of 2805, it was announced by R. S. Eldevik, manager of the local employment office. Employment in retail sales increased moderately but was nullified by decreases in other industrial categories, particularly construction and manufacturing.

The prospect for the first quarter of 1954 is for a scarcity of jobs and high unemployment, he said. Very little hiring is expected until next spring when road construction, building construction and farm work gets underway at the start of a new season.

"It should be pointed out," said Eldevik, "that the high winter unemployment is a normal thing for this area. There never is a possibility of the many building and road construction workers who want off-season work, to obtain winter jobs in this area.

"The serious aspect of this situation is that those who normally migrate to various industrial centers for winter jobs are unable to obtain such work this winter because of a general decrease in employment in those centers.

"It seems likely, therefore, that this locality will have a greater percentage of unemployed workers than any winter since before World War II."

Does Hold Open Installation of Officers Saturday

The BPO Does, Drove 65, held open installation of officers Saturday evening in the Elks club. President Verna Noper opened the meeting.

Installation of officers was conducted by deputy supreme president Elise Perkins and deputy supreme conducter Nora Ferdinandson, both of the Minneapolis Drove 18. The installing chaplain and soloist was June Emanuel, who was accompanied by musician Mildred Hamilton. The following officers were installed: Fern Williams, president; LaVaun Clinton, conductor; Edythe Pearson, first counselor; Polly Haroldson, senior counselor; Tomina Johnson, junior counselor; Alice Vran, secretary; Marie O'Hara, treasurer; Barbara Hanson, inner guard; Mable Ness, outer guard; Verna Noper and Ione Gifford, trustees.

For her staff of appointive officers for the coming year, president, Fern Williams chose the following: Color bearers, Ella Anderson, Tillie Carlson, Clenore Storholm, and Claire Johnson; attendants, Lois Adolphson, Loretta Helle, Stella Botten and Ramona Storhaug; chaplain, Mary Johnson; assistant conductor, Jenny Vondrachek; parliamentarian, Lois Prichard; historian, Abby Wassgren, public relations, June Emanuel.

Guest speakers were Walt Jung, past exalted ruler and at present third vice president of the Minnesota Elks; and Bernice Wilcox, president of International Falls Drove No. 81.

Verna Noper was presented with the past president's pin. LaVaun Clinton, conductor, presented tokens of appreciation from Fern Williams to Elise Perkins, Nora Ferdinandson, and Mildred Hamilton.

A large cake decorated with the Does emblem centered the table from which lunch was served. Past presidents Verna Noper and Alice Vran, assisted by Barbara Hanson, poured. Dancing provided entertainment for the remainder of the evening.

Miss Marjorie Havel of Mankato recently spent a couple of days here visiting at the home of her brother and sister-in-law, Mr. and Mrs. Cyril Havel.

Audrey Beaudry Becomes Bride of Duane Hagl

Audrey Beaudry, daughter of Mrs. Violette Beaudry of Plummer, and Duane Hagl, son of Mr. and Mrs. Paul Hagl of Red Lake Falls, exchanged marriage vows in a double ring ceremony at St. Vincent de Paul's Catholic church at Plummer on Tuesday morning, December 29. The church was decorated in the Christmas theme and Father Zarzecki read the service in the presence of 75 guests.

Ralph Laniel provided organ music preceding the ceremony, the numbers being "On This Day" and "O Lord I am Not Worthy." The bride was escorted to the altar and given in marriage by her grandfather, Ted LeMieux. She wore a bridal gown of white satin, ballerina length, with overskirt of ruffled net, and carried a bouquet of roses. Marcie LeMieux, aunt of the bride, was maid of honor. She wore a blue formal and carried a bouquet of pink and white carnations.

Bridesmaids Dorothy Hagl of Red Lake Falls and Aldine Helmer of Beltrami wore yellow formals and also carried bouquets of pink and white carnations. Flower girl was Charlene Lieberman of Thief River Falls, and Douglas Hagl served as ring bearer.

Kenny Hagl attended his brother as best man and the groom's other attendants were Neil Craft of Plummer and Ralph Beaudry of Red Lake Falls.

Following the ceremony, a wedding breakfast was served at the Ted LeMieux home followed by a reception in the Plummer hall.

After a short wedding trip, Mr. and Mrs. Hagl are at home in Red Lake Falls, where the groom is employed as mechanic at the Thiebert Garage. The bride is a telephone operator for the Garden Valley Telephone Co.

Political Roundup

By Arthur Naftalin

Time is sneaking up on Minnesota politicians. The much-talked about election year is now upon them, and many big decisions are still to be made.

The Democratic-Farmer-Labor Party's precinct caucuses will be March 2, just six weeks from next Tuesday, and, while this is not necessarily a deadline for deciding the all-important questions relating to a ticket of state candidates, it is the point at which various local groups begin to take more or less official action in endorsing aspirants.

Republicans have a little more time, with their caucuses set for Monday, March 29, but they, too, are finding that the day for deciding which candidates shall have organizational support in Senatorial and Congressional elections is rapidly approaching.

GOP Field Narrows

In recent days the speculation concerning a Republican candidate to oppose Senator Hubert H. Humphrey had narrowed to three leading prospects, none of which, however, had given any clear-cut go-ahead signal.

The leading possibilities are Dr. Charles Mayo, of Rochester, son of one of the founders of Rochester's Mayo Clinic and now an alternate United States delegate to the United Nations; Roger Dell, of Fergus Falls, who became chief justice of the state supreme court last July; and Theodore Christianson, of St. Paul, associate justice of the state supreme court and son of the late three-term governor of the state.

Republican leaders last week were reported to be awaiting a "final and definite word" from Governor C. Elmer Anderson concerning his intentions for '54. If he decides to seek re-election instead of opposing Humphrey, GOP leaders are presumably prepared to move this month to "jell" the situation in behalf of one of the three leading prospects, assuming they are willing to make the race.

DFL List Still Open

Meanwhile, DFL'ers appeared to be making only slight progress in narrowing the field of prospective candidates for Governor. Some dozen or more possibilities have been mentioned over the last year, but no one has yet indicated a definite intention of running.

There was growing interest in the possible candidacy of State Chairman Karl F. Rolvaag. He has given no indication of seeking the nomination or the endorsement of the state convention, but, as retiring head of the party, he is regarded as a logical choice for some spot on the state ticket, assuming his interest in being a candidate. He has announced that he will not seek re-election as party chairman.

Two other prospects appeared to be receiving continued attention. They are former Governor Hjalmar Petersen, publisher of the Askov American, and Charles Stickney, the former state administrator of the national farm and home administration.

Second Spot Interest Grows

As precinct-caucus time approached, there seemed to be increased interest in the lieutenant-governorship vacancy. State Representative P. Kenneth Peterson, former state GOP chairman who recently completed an assignment with a Federal commission on the Near East refugee problem, is reported to be seriously considering seeking this post.

There is the prospect of a lively fight here, because Leonard Lindquist, the former railroad and warehouse commissioner, has also indicated privately an interest in the state's second executive spot.

On the DFL side, not a great deal was being said about the lieutenant-governorship, although interest was high, the feeling being that, in completing a ticket, the party would seek a "strong contender" on the grounds that the DFL has had rather good success in winning vacancies in the state government.

DFL Active in Ninth

The DFL is facing the '54 elections in a confident mood, convinced that reaction against the national Republican administration is extremely strong in the agricultural sections of the state. DFL activity aimed at capitalizing on anti-GOP sentiment is especially noticeable in the ninth Congressional district, where several candidates are being advanced as opponents to Congressman Harold C. Hagen.

One of them is Reuben N. Nelson, of Breckenridge, Wilkin County Attorney. A member of the state board of law examiners, he is president of the Breckenridge Federal Savings and Loan association and a director of the Breckenridge Farmers and Merchants State Bank. His backers point to a career of long public service, including his having served as state counsel for the Home Owners Loan Corporation, and they are actively sounding out sentiment in his behalf.

Other candidates being seriously considered are State Representative Coya Knutson, of Oklee, one of the state's two women representatives; Jack W. Brainerd, A Becker County Farmer and veteran AAA township and county committeeman and for two years head of the Federal Crop Insurance program under Secretary Brannan; Charles Aamodt, manager of the Cass-Clay Cooperative Creamery at Moorhead; Ray Wiseth, former state president of the Farmers Union; and Arthur Hansen, of Ulen, a farm and co-operative leader who was the DFL candidate for lieutenant-governor in 1952.

Two Cars Collide in Storm Friday

1954 Chrysler Station Wagon Heavily Damaged

A 1954 Chrysler station wagon, being used by Paul Klimek of Baudette as an ambulance, swerved into the left lane while traveling south on Highway 32 one-half mile north of St. Hilaire in blizzardy weather last Friday evening, and collided with a northbound car driven by Henry Broten of Rt. 2, Badger.

The sheriff's office reported that both cars were heavily damaged, and that Frank Drapper of Roosevelt, a patient en route to the veterans' hospital in Fargo, who escaped with a shaking up, was taken to Northwestern Hospital. He was scheduled to be released today.

Klimek and Broten, the two drivers, also were taken to the local hospital and were released after treatment of minor injuries.

Monte Sheffer Associated with Bjorkmans Store

Cliff Bjorkman, proprietor of Bjorkman's Clothing Co., announced today that he has secured the services of Monte Sheffer, with whom he was associated at one time in Austin, Minnesota. Sheffer will manage the men's clothing and furnishings department. He arrived last week with Mrs. Sheffer from Cando, N. D., where he had managed two stores. He formerly managed the Gamble store at Langdon, N. D.

Rev. Thompson Is Given Tribute at Rotary Meeting

The Rotary club, at its luncheon meeting Monday noon in the Elks club rooms, heard a tribute by Rev. E. C. Mead to his colleague, Rev. G. S. Thompson, who is giving up his pastorate at Trinity Lutheran church and is leaving Saturday to assume the pastorate of the First Lutheran church of Eau Claire, Wisconsin.

Also addressing the group was S. L. Stolte of Bettenburg, Townsend and Stolte, St. Paul, architects for the Northwestern Hospital addition and for the projected new armory in this city. He discussed the local projects, as well as dealing with his profession in general.

Two Are Fined in Local Court for Drunken Driving

Ralph W. Anderson of Rt. 1, Warren, and Sig Wik, Rt. 5, city, were brought by the highway patrol into municipal court last week on charges of operating motor vehicles while under the influence of intoxicating liquor. Each was fined $100 and $5 costs.

Pleading innocent to the same charge was Clarence Forsberg of this city, who was brought by police before Judge H. O. Chommie. His trial was set for next Monday, January 18.

Brought in by police last Wednesday on a charge of having been drunk and disorderly, Arthur Gutterud was given a ten-day jail sentence, with five days suspended.

Herman Norby of this city Friday was fined $10 for driving a car with no drivers license in his possession, while Monday Joseph Nygaard, Rt. 3, city, was fined $10 on a careless driving charge.

ADDITIONAL LOCALS

OMMS Reynold Grothe of the U.S. Navy, who is stationed at Newport, R. I., returned there Sunday after spending a ten day leave at the home of his parents, Mr. and Mrs. Sig Grothe.

Norman Voldness, accompanied by his son Loren, Don Thune, and Maurice Halvorson, motored to the Twin Cities Tuesday last week. Mr. Voldness and son went on to Beaver Bay where they visited at the Palmer Voldness home, and the latter remained to seek employment. Mr. Voldness returned home Saturday.

1954 Packard to Be Shown Friday

New Cars to Be Displayed at Edward Motor Sales

Packard Motor Car company has added a new series of cars to its 1954 models, introduced locally by Edward Motor Sales, Friday, January 15, and launching the second phase of the company's new expansion program, James J. Nance, president announced today.

The new series of cars is the Clipper line, and expands the company's coverage of the medium-price field with models ranging upward in price from $2,500. There is a new, more powerful engine in the over 200 horsepower class for Packard cars in the luxury field, and all models have advanced styling, comfort and performance features.

Packard's two lines of cars, Clippers and Packards, now bracket the price range from the lower medium price class to the most luxurious custom-built models. Both family sedans and sports-type cars are included in the various price classes.

Washington PTA to Have Program Monday Evening

The Washington school PTA unit will hold its January meeting at the school next Monday evening, January 18, at 8 o'clock, Oscar Hoglin, president, announced today.

He stated that Clarence W. Pope, director of the Thief River Falls area vocational school, will discuss the operation of the school and the services it makes available to the community.

A representative of the Northern Blood Bank association will explain the functions of that agency, which is now in the process of organization.

Community singing will complete the program, which will be followed by the serving of lunch.

W. C. T. U. News Notes

Buttons — buttons, who has more buttons than they need? The WCTU is asking you to save all plain buttons. A collection date and place will be named in April. Missionaries need these items, buttons, cold cream and pill bottles—white materials, such as worn sheets, pillow cases, old white shirts or any white goods which can be used for bandage materials.

The Lloyd Sands, missionaries from Africa, can take back over 1500 lbs. of much needed supplies.

The newest Union in the State of Minnesota was organized recently in St. Hilaire, at the home of Mrs. Martin Mosbeck.

Mrs. John Lemky was elected president; Mrs. Edwin Bowman, vice president; Mrs. Edwin Anderson, sec'y.; and Mrs. Martin Mosbeck, treasurer. There are many women and men in the St. Hilaire community who will want to be a part of this great work. Contact any of the above officers.

An adult Silver Medal Contest is being planned by the Thief River Falls Union for February. This contest will be Bible Selections. Several have signed up and chosen selections. We would like to have eight or ten more people take part in this new class.

Youth groups of silver and gold are also active. We need more in these groups.

The January WCTU meeting will be held Friday evening, Jan. 15 at 8 o'clock at the home of Mrs. Earle Ripley. Assisting hostesses will be Mrs. Melvin Thomsen and Mrs. Louisa Anderson.

National Legislation is lesson topic: Bill on Juvenile delinquency is coming before Congress soon. Liquor dealers are doing a great deal of lobbying to prevent it being brought before the Senate. As a citizen it is your privilege and duty to help provide good legislation.

Airmail letters or telegrams to Senator Robert G. Hendrickson, Chairman, Sub-Committee on Juvenile Delinquency, Office Building, Washington, D. C.

Thank him for bringing to light conditions regarding the sale of liquor to minors and urge him to vigorously pursue this policy. Write your own senators and representatives not to impose Universal Military Training on the nation—especially when the armed services are running saloons for officers and enlisted men. Also urge your Senators and Representatives NOT to reduce taxes on Alcoholic Beverages and to check existing tax laws which give brewers loop holes to slip out of payment of just taxes.

Sid Roy to Talk on Europe Trip at Knox PTA Monday

The Knox PTA will meet Monday evening, January 18, at 8 o'clock at the school.

Sidney Roy, fifth grade teacher, will show slides and give a talk on his trip to Europe last summer, and musical numbers will be furnished by the Knox school teachers. Harlan Elseth, secretary of the Northern Blood Bank Ass'n., will also give a brief talk.

Prizes will be awarded to the room having the largest attendance of parents. Lunch will be served by the fourth grade mothers, with Mrs. Lester Hilo as chairman.

This City Will Be Saluted on WCCO Radio January 23

Thief River Falls will be highlighted on WCCO radio Saturday night, Jan. 23, when "Gluek's Musical Caravan" pays a mythical visit to the city.

The "Musical Caravan," starring Bob DeHaven, is heard at 10:30-11 p. m. On the Jan. 23 broadcast, DeHaven will salute Thief River Falls by relating stories and notes from the community's history and current happenings.

The program also includes a variety of recorded music.

Northrop PTA to Meet on Monday

The January meeting of the Northrop PTA will be held Monday evening, January 18 at 8:00 p. m. in the school auditorium. There will be community singing and varied musical numbers. A panel quiz "Dunce the experts" will be held. A white elephant sale with Randall Noper as auctioneer will follow the program. Members of the PTA and anyone else willing to donate saleable objects for which they have no further use, can bring them to the meeting. A door prize will be given. Lunch will be served by the third grade parents.

P. J. Peterson, 81, Dies Monday in Local Hospital

Peter J. Peterson, who since 1943 has made his home in the city with his son Melvin and family, passed away Monday night at a local hospital. He was 81 years of age. The body is lying in state at the Anderson-McElwee Funeral Home. Arrangements for the funeral services have not been completed as yet.

Mr. Peterson was born in Sweden January 4, 1873. He came to the United States when a young man and his marriage to Clara Etteland took place at Shelly, Minnesota. Mr. Peterson worked as a cobbler and harness maker during the 25 years they lived there. The family later moved to Castle Rock, Minnesota, where they were engaged in truck farming.

He is survived by his son Melvin of Thief River Falls; two granddaughters, Diane and Donna Peterson of this city; and two brothers in Sweden. Besides his wife, a brother has preceded him in death.

J. P. Raymond of Red Lake Falls Interred Friday

Funeral services were held Friday morning for Joseph P. Raymond 76, of Red Lake Falls, at St. Joseph's Catholic Church. A Requiem High Mass was conducted with Rev. Fr. Wm. Keefe, celebrant. Mr. Raymond passed away January 5, at St. John's hospital after a three year illness.

He was born August 26, 1877, in Minneapolis. He formerly resided on a farm in Louisville township. In 1880, he moved to Red Lake Falls with his parents. In 1902, he was married to Melina Grenier, who survives him.

Other survivors are his daughter, Mrs. Adele Hallameck of St. Hilaire; one brother, George of Red Lake Falls; four sisters, Mrs. Roseana Des Roches of Perigar, Sask., Mrs. Mary Huot of Crookston, Mrs. Celina Berry and Miss Celeste Raymond of Red Lake Falls. Also surviving is one grandson, Thomas Hallameck of St. Hilaire. He was preceded in death by one sister and five brothers.

Pall-bearers were William Onezime and Felix Raymond, Alder, John and Walter Berry.

Final Rites Conducted for Soren Bergland

Funeral services were held Monday, January 11, at Zion Lutheran church for Soren O. Bergland, a resident of this city for 35 years, who passed away January 7. The service was conducted by Rev. W. M. Pedersen and burial was made in the Saferdal cemetery.

Mr. Bergland was born in Saterdal, Norway on September 22, 1867. He came to Fisher, Minnesota with his parents in 1883 and worked with his father as a painter. In 1892 they came to this city and established their home.

He was married to Miss Guro Skomedahl on December 2, 1895 in Marshall County. They lived there until 1919 when with his family he moved to this city and worked as a painter. He is a former member of the Saterdal congregation, was a member of Zion Lutheran churchand had served on the church board for several years.

He is survived by three daughters, Mrs. Margaret Wolden of St. Hilaire, Mrs. Palmer Hanson of this city and Mrs. Lyman Fraznwa of Mondovi, Wisconsin; three sons, Ole, Gunsten and Arthur of this city; two sisters, Mrs. Carrie Skomedal of this city; nine grandchildren, and ten great grandchildren. He was preceded in death by his wife, his parents, two sisters and one brother.

Former Viking Resident Dies in Minneapolis

Carl Oscar Sahlberg 50, a former resident of Viking, passed away in Minneapolis Monday, January 11, where he has resided the past fifteen years.

The Gulbranson Funeral Home is in charge of arrangements for the services which will be held Monday, January 18, at Zion Lutheran church in Viking with Rev. Arthur Grorud officiating. Interment will be made at the Warren cemetery.

Mr. Sahlberg is survived by three brothers and four sisters, two of whom are Mrs. Werner Jacobson and Miss Agda Sahlberg of this city.

It's well known that they stop eyes. But gals in sweaters also stop watches, too—so an Eastern watch factory has asked its lady workers not to wear them in the plant. Seems that lint from the sweaters gets into the watch cases.

Total of 225 Head of Stock Offered at Winter Shows

Sale of Cattle, Sheep and Hogs Schedule for Crookston Feb. 25-26

A total of 225 head of livestock have been accepted for the 1954 Red River Valley Winter Shows livestock sales at Crookston, according to Otto Schroeder, East Grand Forks, chairman of the sales committee. The final acceptance of consignments for the sale was made at a meeting of the committee held at Crookston on January 7.

A. J. Dexter, agricultural development agent of the Northern Pacific Railway, St. Paul, stated after the meeting that the animals accepted for the sales were from the top herds and flocks of livestock breeders in the Red River Valley area.

The sales dates will be the last two days of the Red River Valley Winter Shows at Crookston, February 25 and 26. The sale of bred ewes and gilts will be held on Thursday, February 25, at which time 45 head of bred ewes from the Shropshire, Hampshire, and Suffolk breeds will be sold. 80 head of swine will be sold in which the following breeds will be represented — Chester White, Minnesota No. 2, Hampshires, Duroc Jerseys, Berkshires, and Spotted Polands.

A cattle sale will be held on Friday, February 26, when 100 head of cattle will be sold. In the cattle sale there will be an even distribution between bulls and cows. The three common beef breeds in the Red River Valley will be represented in the sale; namely, Herefords, Shorthorns, and Angus. In the dairy cattle group, Holsteins and Milking Shorthorns will be sold.

A. J. Dexter, sales manager, further states that only animals of top breeding have been accepted for the sale, and that to insure not only animals of outstanding quality and type for the breeds that go on the block, a sifting committee further checks all animals previous to the time of sale.

State Chairman Says $67 Million Bonds Sold in '53

Sales of Series E savings bonds to Minnesotans during 1953 amounted to $67,110,434 or 100.5 per cent of the state's assigned E bond quota of $60,800,000 it was announced today by J. C. Cornelius, state chairman of the savings bonds organization.

Total sales including the new Series H bond were $78,161,434 or 92.4 per cent of the 1953 sales objective of 84,000,000. (Series H bonds are current income securities of the government sold in denominations of $500 and up).

Included in the E bond total was an amount of $3,831,000, Minnesota's share of purchases by civilian employees of the government and members of the armed forces. Last year Minnesota's share was $3,104,000.

Last year's sales exceeded those for 1952 by approximately $17 million or a gain of 27.4 per cent.

Bombers to "Hit" Upper Red Lake

Ten Raids Planned for January and February

The air force plans 10 "raids" on Upper Red lake this month and next.

The bombardments will be from high altitude B36s and B47s stationed at Ellsworth air force base, Rapid City, S. D., and the Kirkland base in New Mexico.

The practice missions are taking place between January 10 and Feb. 28. The bombs—conventional high explosive types—will be aimed at a floating target. *The bombs will burst in the air, not under water.*

An air proving ground command announcement said flash of the bombs will be visible for many miles, possibly as far as Thief River Falls and beyond.

Marilyn McCrum Awarded $25 Bond in Canning Event

Long-time records of achievement in canning have paid off in $25 bonds to four Minnesota 4-H girls, the state 4-H club office at the University of Minnesota announced today.

They are Margaret Boggs, Aitkin; Marilyn McCrum, Thief River Falls, member of the Smiley 4-H club; Rusella Ober, Chatfield; and Donna Lostegaard, Austin.

The bonds are provided by Kerr Glass Manufacturing company, Sand Springs, Oklahoma.

All four girls have won grand championships in canning at their county fairs and have records of having canned hundreds of quarts of fruits and vegetables.

The birthplace of American industry has been located at a spot near Jamestown, Virginia. There, in 1608, a glass factory—the first factory of any sort in the U. S.—was set up.

Thieves Lose 4th Straight League Game

Bow to Roseau Sunday 4-2; Play Grand Forks Redwings This Evening

In a well-played Northwest Hockey league game here on Sunday afternoon, Don Willey's Roseau Cloverleafs defeated the Thieves, 4 to 2. The game marked the fourth straight league loss for the locals. Tonight the Thieves will travel to Grand Forks for a league encounter with Odie Lowe's high-flying Redwing sextet.

The Thieves gained an early lead on Sunday with Laurie Mitchell taking a pass from Paul Bedard at 7:10 of the first period and beating goalie Don Collins with a drive into the right-hand corner of the north net. At 9:14 of the stanza, Roseau evened the score when Marv Markstrom banged in a shot during a melee in front of the Thieves' cage; and at 10:58 from a scramble, Myron Grafstrom punched in a tally.

The game moved into a 2-all deadlock at 9:14 of the second period when Bruce Hall, on a drive from the red-line, sent a high shot past goalie Collins. The game continued in a tie until the 1:14 mark of the final period when Markstrom center on the Roseau Pony line, slapped in a rebound, with Kenny Wellen getting the assist.

The Leafs added another tally in the final seconds of play when the Thieves, in an effort to gain a score, pulled goalie McGill out of the net and sent a forward on the ice. Ward Brandow, recovering a loose puck in the Roseau zone, sent a rink-length shot into the open Thieves' goal, giving the Leafs a 4 to 2 win.

The Thieves are scheduled to play at Warroad on Sunday afternoon, but according to latest reports that game has been postponed to a later date as Warroad's Fort Frances imports will not be available for Sunday's scheduled game.

The summary:

Thief River Falls (2)

Goal—McGill. Defense—Junla, Amundson, Hall. Wings—Bedard, Mitchell, B. Lund, Russell, Erickson, Efteland, Oveson. Centers—Russell, R. Lund.

Knox & Northrop Hockey Sextets Each Win a Game

In grade school hockey played at the Arena on Saturday morning, the Knox team, with Ken Fisher scoring the tie-breaking goal in the third period, defeated St. Bernard's school team, 3 to 2. Jack Houfek marked up both of the St. Bernard's tallies.

The Northrop school team, with Wes Halvorson scoring in the first period, edged out the Washington team, 1 to 0.

Coach Bedard's PeeWee team marked up their second straight win over the Red Lake Falls PeeWees, defeating the Lakers by a 5 to 0 tally.

Alfalfa Seed

When buying seed for 1954 alfalfa seedings, it's especially important to select a recommended variety and buy certified seed.

Recommended varieties have undergone both laboratory and field tests and have stood up well enough for University of Minnesota and other state college agronomists to give them the "recommend" mark.

Among the best alfalfa is Ranger, according to Rodney A. Briggs, extension agronomist at the University of Minnesota. Ranger has shown ability to give high yields for several years. But only by buying certified Ranger alfalfa seed can you be certain you're getting the real thing, Briggs warns.

To be sure of getting certified Ranger, ask your seed dealer to show you the certification tag. This tag assures you that the seed you buy is harvested from a field of registered Ranger and carries the same strong characteristics as the original seed agronomists developed from several superior alfalfa lines.

Agronomists call Ranger a synthetic variety—that is, it is a mechanical combination of several superior lines of alfalfa into one variety.

Such uncertified Ranger may be no better than common alfalfa produced in the same area, Briggs warns.

He says there is a good supply of certified Ranger alfalfa seed available for planting at moderate cost. You can buy it from most reputable seed dealers.

Buying only certified seed is a good idea in all seed buying. It gives you assurance of quality and pedigree.

The Farm Outlook

A hopeful note came from the annual agricultural outlook conference in Washington recently, which will maybe make you more optimistic in 1954.

The economists conclude there may be further moderate drops in farm production costs next year in addition to 1953's slight reductions.

Also, prices farmers receive for their products are not likely to fall much below present levels, except for normal seasonal variations.

U. S. Department of Agriculture economists say price falls in farm produces and income this year came about largely because of bounteous harvests and reduction of foreign demand for our agricultural products.

Total crop output next year may be reduced somewhat by acreage restrictions for wheat, corn and cotton, although supplies are again likely to be bigger if weather is favorable.

Domestic demand, high thruout 1953, is expected to continue strong in 1954 and price supports will cushion the effects of large carry-over supplies.

These factors mean probable stabilization of farm prices at present levels.

General level of prices paid by farmers ran about three per cent below the 1952 level in the first nine months of 1953, the USDA economists report.

They say most of the decline came in lower prices for feed and feeder livestock and these items probably will not change much from their present reduced levels.

Relief from the squeeze may come in the form of lowered prices for commodities produced primarily for the farm market.

Farm and Home Week

Farm and Home Week's only a few days off—starts Tuesday, January 12 and runs through Friday, the 15th, at the University's St. Paul campus. Do you have your free copy of the Farm and Home Week Program? If you want one, send a postcard to the Short Course office, Institute of Agriculture, University of Minnesota, St. Paul 1, and you will receive one in the mail soon.

Buy Fertilizer Early

The fertilizer picture looks favorable right now for next year. Total supplies are about 11 per cent higher than last year at this time. However, there are often area shortages of certain kinds, even in high supply year. It's good to order early so you will have enough of the kind you want when you want it.

High Milk Production Pays

A cow that produces 400 pounds of butterfat a year gives her owner five times as much per hour for his labor for her in the dairy barn as a cow that gives 200 pounds. According to Ralph W. Wayne, extension dairyman at the University of Minnesota, profitable dairy farming depends on cows with good inherited ability to produce well and also on careful feeding and care to help them produce to the top of their ability.

Company F News Items

At the January 4th meeting a command and staff inspection was held on Co. F. The inspection was headed by General Philip C. Bettenberg, assistant commander of the 47th Viking Division. The company was also visited by other division officers.

On the 16th of January the unit will mark its 7th year since it was organized in January 1947. The unit was called into active duty on Jan. 16th, 1951, and then reorganized Jan. 16, 1953.

There were two new recruits brought into the Guard this last week: Leland Nelson and Darel Sauve.

The following promotions were announced at Monday's meeting and were effective Jan. 1, 1954. From Pvt. E-2 to PFC, E-3: Dennis Bushau, Marvin Jorde, Theodor Stokke, Orlando Uggerud, Donald Swanson, Richard Swanson, Oliver Swanson, and Calvin Vraa. From Pvt. E-1 to Pvt. E-2: Jack Tuft and Donald Ueland.

Monday's classes were given by Sgt. Chester Swanson, on stacking rifles and military courtesy, and by Sgt. Sauve, on the mechanics of the M1 and M2 carbines.

Soldier of the week was Pvt. Glen Tunheim.

4-H CLUB NEWS

Kratka 4-H Club

The Kratka 4-H club held its Christmas program and monthly meeting at District 11, on December 29. The meeting was called to order at 8:15 by Jimmy Wilson. In spite of the bad weather that evening attendance was nearly perfect. The new business consisted of nominating Betty Mae Olson as president and Elwood Tieman as vice president of the club. For roll call response each member had a part in the program. Those who didn't have a piece suggested the name of a Christmas song, which was sung by all present. Ralph, Dale and Sharon Wilde, and Roger Johnson gave a comical skit "Brave Boys." Readings and poems were given by Donald Brieland, Mary Ann Lendobeja, JoAnn Johnson, Richard Parnow, David Parnow, Gary Johnson, Ricky Johnson, Barbara Arnson, Dennis Wilson, Vern Aneson and Stanley Olson. After the program gifts were exchanged by 4-H members and some of the smaller children. Candy, nuts and apples were passed out to all present. The next meeting will be held January 25.—Linda Mandt, reporter.

Silverton 4-H Club

The Silverton 4-H club held its monthly meeting at the Silverton school, with Miss Odin Hanson as hostess. Demonstrations were given by Dianne Leiran and Bonnie Baker. A short skit was presented by Allen Larson, Dick Burtness, Milton Leiran and Wayne Leiran. A discussion was held on dairy cattle which was led by Dick Burtness, he also answered questions. After the lunch was served, games were played and enjoyed by all.—Wayne Leiran, Reporter.

GULLY...

By Mrs. Arnold Brovold, Gully

Beverly Bergh returned to her home from the Bagley hospital on Sunday after being a patient there since last Monday with rheumatic fever.

Mrs. Marie Hanson is a patient at the Fosston Hospital, we hope she may soon be home again.

Mr. and Mrs. Edvin Haugen of Scoby, Mont., visited Saturday evening with his sister and family, the Henry Sollens.

Mrs. Verne Tharaldson entertained at afternoon coffee on Friday for Miss Verna Brovold, Mrs. Thora Brovold, Mrs. Arlie Fore, and Renae, Mrs. Kenneth Forsberg and Mrs. Earl Wagner of Berner. In the evening Earl Wagner, Theodore Torgerson and Marilyn Torgerson visited there. On Thursday evening Mr. and Mrs. Milton Hedin and Charlotte and Bob Tarnowski, of Thief River Falls visited at Tharaldsons.

Residents of Gully are happy to have new neighbors this winter when employees of the Zontelli Construction Co., Ironton, Minn., moved five trailer houses here. One group of workers were recently transferred and left Gully. The weather man has not cooperated too well with the men lately and quite a few days have been too cold to work with the telephone lines, however, the long awaited dial phones do not now seem to be so far off. Among the families living here at present are: Mr. and Mrs. Gustave Otto and Mr. and Mrs. Glenn Zellman, both from Cleveland, N. Dak., Mr. and Mrs. Ted Young from Akley, Minn., Mr. and Mrs. Glenn Bacon from Wisconsin and welcome to the newly-weds, Mr. and Mrs. Norman Moser (Darla Benbo) of Fertile, and the lad burning the midnight oil at the office is Earl Woodcock who makes his home at Claude Knudsons.

Mrs. Verne Tharaldson entertained the Gully School Teachers on Monday afternoon in honor of Mrs. Delores Schow's birthday. Present after school for a delicious lunch were, Miss Joann Christenson, Miss Delores Walker, Miss Agnes Baatz and Miss Donna Moran, also present was Mrs. Claude Knudson. Mrs. Schow was remembered with many lovely gifts.

The modern bachelor-girl is one who is more interested in plots and plans than in pots and pans.

Parity for the Farmers

Being the state of Minnesota is a majority agricultural state the business men of this city feel that it is most imperative that we work side by side with those attempting to maintain a farm program which will enrich and develop the agricultural activities whereever they are a major industry or source livelihood.

In view of the above conclusion, we the following business men of this city (Resolve:)

THAT WE GO ON RECORD condemning any effort on the part of any Congressmen, the Department of Agriculture, or any agency for attempting to disrupt the stabilization program, effecting all farm commodities.

WE FURTHER RESOLVE that Congress shall not only maintain 90% of parity, but shall try to establish 100% of parity for all farm commodities. We do not favor any tendency toward flexibility of price support, but urge Congress to maintain a production control program which is necessary in order to have stabilized price support.

WE FURTHER RESOLVE to condemn any form of prosperity based on war and bloodshed, but favor genuinely sane and sound economic program, particularly for the producer, which shall be based on industry, security and individual initiative.

WE FURTHER URGE all business groups in other cities of this state as well as those of other agricultural states to go on record favoring similar resolutions.

Strandquist . . .

By Mrs. Oscar A. Johnson,
Strandquist, Phone 6F12

Mrs. Hjalmer Halmgren of Kinistino, Sask., Canada called by death Dec. 26, 1953.

Another tragic death occured over the Christmas weekend with the passing of Mrs. Hjalmer Holmgren on Saturday, Dec. 26. Mrs. Holmgren who was only 43 and the mother of four children took suddenly ill on Sunday, Dec. 20, when a blood vessel broke. She was rushed to the Kinistino Hospital where she received every attention, but death called less than a week later. Mrs. Holmgren, who was Evelyn Lydia Kalberg until her marriage to Hjalmer in 1937 was born in the Norden district and had spent all her life in that vicinity. An energetic lady she was active in several community and church organizations in addition to her family responsibilities. She will be greatly missed by both her friends and relatives.

She leaves to mourn her passing her husband, two sons and two daughters, Carl 13, Eleanor 11, Dale 7 and Doreen 3. Also one sister, Mrs. Louis Haugen and one brother, Albert Kalberg both of Kinistino and her second cousins, the brothers and sisters of the Wikstrom family, besides a host of friends.

Funeral services were held for Mrs. Halmgren from the Zion Lutheran church at Kinistino at 2 p. m. on Tuesday afternoon with Rev. R. Adelberg of Beatty, officiating. Interment took place in the Zion Lutheran cemetery.

The Zion Ladies Aid will hold their first meeting of the New Year Thursday, Jan. 14. The Bible study for this year is entitled "The New Woman." These Bible studies have proved to be very inspirational and informative.

We welcome visitors at our meetings. This will be the first meeting to be held in the cold month of January, thanks to our new bottle gas parlor stove. Lunch will be served after the meeting.

Mr. and Mrs. Earl Souder and family of Karlstad, Mr. and Mrs. J. R. Kleinwachter and family and at the Ted Olson home in Karlstad.

The officers and department secretaries of the four ladies aid societies of the Evangelical Lutheran parish met at the First Lutheran church of Karlstad Thursday afternoon, Jan. 7. The purpose of this meeting was to plan the yearly program and to make out the reports of the department secretaries for the past year. The attendance was excellent. Lunch was served by the Karlstad Ladies Aid.

Mr. and Mrs. Ben W. Kuznia and family, and Mr. and Mrs. Clem Knoll and family, all of Stephen, Frances Stancyk and Mr. and Mrs. John T. Stancyk were all Wednesday evening visitors at the J. R. Kleinwachter farm home.

Mr. and Mrs. George Wikstrom, Leslie, Curtis and Neil of Karlstad and Mr. and Mrs. Albert Stromlund were Friday evening visitors at the Oscar Johnson home. Mrs. E. R. Anderson was a luncheon guest there during the afternoon.

Word has been received here of the marriage of Clifford Smith in St. Paul. He was married on Tuesday, Dec. 29 to Miss Helen Hastad of Thief River Falls. Clifford is a grandson of Mrs. Christine Wikstrom of Strandquist and he and Mrs. Smith are both employed in St. Paul. The full details of the wedding are missing at this writing.

A 7-lb. baby son was born to Mr. and Mrs. Alton Henrickson at the Karlstad Hospital Thursday evening, Jan. 7 at 8:12. He has been named Randall Paul. This is the Henrickson's second child. They have another son, Barry. Congratulations.

Mrs. Annie Lindgren and sons Rudolph and Carl, Mr. and Mrs. Wendell Lindgren and S. Sjodin of Karlstad were dinner guests at the Ed Carlson Cafe Friday. The Reinold Carlson family of Kennedy spent the evening there.

Prowler Quint Takes Crookston 58 to 39

Al Droen's youthful Crookston Pirate basketball team, giving away inches in height and pounds in weight to the Prowlers, kept within reach of coach Ralph Skjod's squad for three periods of the district game played at Crookston on Friday night, trailing by a 14 to 9 score at the end of the first period, 26 to 18 at the intermission, and 41 to 31 at the end of the third period.

In the opening minutes of the fourth period the Prowlers, with big Art Johnson looping in three field goals and a free throw to bring his point total for the game to 26, pulled away from the Pirates to register a decisive 58 to 39 triumph.

The Prowlers will be "on the road" this week, traveling to Bagley on Friday night for a game against coach Dick Lawrence's Bagley squad, and moving over to Red Lake Falls on Monday night, Jan. 18th, for district game against the Eagles.

With Art Johnson scoring 12 points and Louie Wedul connecting for four field goals, the Prowlers held a 26 to 18 lead at the end of the first half, and appeared in control of the game, having a decided edge in the rebound play. Opening the second half, Bill Hulst drove in for a lay-up, and when Hank Hulst added a free throw, the Pirates had sliced the Prowlers lead to five points. Wedul notched a Prowler free throw, but Hank Hulst field goal boosted the Pirates to within four points of the locals, 27 to 23. Crookston, employing an all-court press, were "in the game" until the finals minutes of the period when they lost center Bill Hulst on fouls.

Opening the final stanza, Bill Frahm hit on a jump shot, Johnson scored on a rebound. Hank Hulst tallied a Pirate field goal, but Johnson shoved in a push-up shot, and after Paul Wold, who shared the Crookston high-point honors with Bill Hulst, had scored a field goal, Johnson poured in a field goal and a free throw. With five and half minutes of play remaining, and with the scores 50 to 35 for the Prowlers, coach Skjod took Johnson out of the lineup.

In an exciting preliminary game, coach Linton Lehrer's Crookston 'B' team, on Art Lufkin's field goal in the final minute of play, defeated the Prowler 'B' team, 27 to 26.

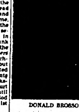
LOOKING AT THE THIEVES



DONALD BROSSOIT

A welcome addition to the senior hockey Thieves this season was the return of Donald "Bud" Brossoit to the local lineup. Bud, a 1946 Prowler graduate, and a member of the 1945 state tournament Prowler hockey team, is playing at right wing on the line that is centered by Swede Lund, and which has Darryl Lund on left wing. Bud was a co-captain, with Wes Hovie, of the 1946 Prowler team, and following his graduation entered the Marines, being stationed in southern California where he had an opportunity to play hockey with Bill Gray's San Bernardino Shamrocks. Following his discharge from the Marines, Bud played the 1952-53 season with the Rochester Mustangs of the Central league. Bud, who is five feet, nine inches in height, and weighs 180 pounds, is employed by the Soo Line as a fireman.

Prowlers Nose out Halstad in Thriller by Score of 50 to 49

Art Johnson's rebound shot dunked into the west basket with but fourteen seconds of play remaining, gave the Prowlers a 50 to 49 win over the Halstad Pirates in a hectic basketball game played here on Tuesday night. In a preliminary game, the Halstad 'B' team, in spite of a 24-point effort by Evan Jones for the Prowler 'B', defeated coach Joe Mrkonich's locals, 57 to 48, mainly on a 13-point fourth period splurge by Halstad's Gerald Hesby.

The Prowlers held a slight advantage throughout most of the varsity game, holding a 12 to 9 lead at the end of the first period, and a 23 to 22 edge at the intermission. The locals hit with five field goals and added three free throws to build up their margin to five points, 36 to 31, at the end of the third quarter.

In the fourth period, Halstad's Jerry Anderson drove in for a lay-up in the opening minute, added a free throw, and then looped in a field goal with 6:15 to play, knotting the score at 36-all. Don Lervold's rebound shot sent the Pirates into a short-lived lead, for Gene Bratsch, on a one-handed toss, evened the score at 38 to 38.

With 3:58 to play, and the score tied at 41-all, Bill Frahm fouled out for the Prowlers, with Anderson converting on the gift shot. Anderson added three more free throws to boost the Halstad lead to 45 to 41. Mark Bjorkman hit with a jump shot with 2:45 to play, and Art Johnson's two free throws, on Bob Olson's fifth personal, again evened up the score. Al Holte's rebound shot from lane moved the Pirates into a two-point lead, only to have Art Johnson convert on a pair of free throws, and the score was 47-all with a minute to play.

Anderson drove in for a push up shot for Halstad; George Gifford, with 32 seconds to go, was fouled, and he made the first shot, with the ball going free on his second try. Art Johnson recovered a Prowler rebound and pushed in the field goal that gave the locals a one-point win, 50 to 49. Art was the game's high-point player, notching ten field goals and four free throws. Gerald Anderson, getting thirteen of his points in the fourth period, was the high scorer for the Pirates.

Prowler Six Defeats Baudette & Warroad

Coach Dennis Rolle's hockey Prowlers entered a pair of games into the win column this past week, scoring a lop-sided 9 to 0 triumph over Baudette in a game played here on Wednesday night and then defeating Jimmy Doyle's Warroad Warriors, 5 to 3, in a game played at Warroad on Friday night.

Tonight, on the Arena rink, the Prowlers will face the Roseau Rams, the region's defending champions, and, judged by Roseau's 4 to 1 victory over Eveleth on Saturday night, the locals will be up against top-flight hockey. On Friday night, Jan. 15th, the Prowlers will play Williams at Williams, and on Tuesday night, Jan. 19th, the locals will play Bill Sullivan's Hallock club on the Arena ice.

The Prowlers, using 'B' squad members throughout much of the game, had an easy time in recording a 9 to 0 win over Baudette on Wednesday night. Jack Poole, Joey Poole, and Les Sabo each tallied a pair of goals with Sid Vraa, Brad Teal, and Darryl Durgin connecting for the other goals. Jack Hoppe, who was in the goal for the Prowlers in the first period, had but two stops; while Rod Collins, who took over the goal-tending chores in the second and third periods, had but three saves.

Playing at Warroad on Friday night, against a team that was the runner-up in last year's state high school tourney, the Prowlers, with Marv Jorde scoring three goals and Joey Poole getting two tallies, defeated the Warroad Warriors, 5 to 3. The game, which was a bitterly contested struggle, was marred by a second period injury to the Prowlers' fast-moving Joey Poole. Joey received a head injury that required medical attention, and overnight observation at the Warroad hospital.

In a preliminary game between the 'B' squads of the two schools, coach Derwood Lund's Prowlers defeated the Warroad 'B' team, 5 to 0.

Keeping Score with "Huck" Olson

This Could Be It.

It's possible that the high school hockey tilt here tonight, between Oscar Almquist's Roseau Rams and Dennis Rolle's Prowlers, could be a preview of the game that will decide the *regional championship*. The Rams won the regional title last year, surprising both the Prowlers and the Warroad Warriors, the teams that had been installed as favorites.

Oscar Almquist, who was an All-American goalie while at St. Mary's College, and later a goalie for the St. Paul Saints of the American Association, has a knack of bringing his teams "up" for tournament playdowns. From last year's regional champions, Roseau lost goalie Palmer Norberg, center Donny Grahn, and wing Lalyn Monsrud.

That the Rams have recovered from the loss by graduation of Norberg, Grahn, and Monsrud, players who filled important positions last year, is indicated by the solid 4 to 1 win that Roseau scored over Cliff Thompson's Eveleth team on Saturday night. The Prowlers defeated Eveleth 4 to 2, so on the records against the Golden Bears, Roseau is on a par with the Prowlers.

Since hockey was officially adopted as a state high school sport in 1945, the Prowlers and the Rams have played 24 games, with the locals being winners of 15 games, losing four, and tying five. Last year, it will be recalled, the Rams scored a 3 to 2 win over the Prowlers in a late season game at Roseau, and that loss, which was a surprise to the locals as in an earlier game the Prowlers had defeated Roseau, 6 to 1, ruined the playoff plans of the Prowlers.

There will be an interesting preliminary game tonight, with the face-off slated for 7:00 p.m., with Swede Lund's Prowler 'B' team playing Lee Mike's Roseau 'B' team.

Latest reports are that Joey Poole, who was a charging victim in the game at Warroad on Friday night, will be available for tonight's game. Joey was given an okay by his doctor and was out for practice on Tuesday afternoon.

Post Mortem.

"I don't mind being bumped around, or being clubbed with a stick, but when they kick their skates at me, then it's time to lay down the law. Skate blades, you know, are razor-sharp and they can slice through shin guards in a hurry." So said the Thieves' burly Bill Juzda in explaining his heart-to-heart talk with Roseau's scrappy Ray Baumgartner in the third period of Sunday's game.

Ray and Bill had collided in the Thief River zone, with Ray going down on the ice. Bill maintained that the Roseau youngster was doing some unnecessary kicking with his skates, and the result was some emphatic finger-pointing by big Bill. And if you know Juzda, *you know that when he points* a finger it seems as if he has a club in his hand. We believe that Roseau's Baumgartner got the point.

According to conversations with hockey fans since Sunday's games, there wasn't anything wrong with that game except the score. On the play of the game, the outcome could as easily have been a Thieves' win instead of the 4 to 2 loss. Defensively the local club is adequate, but on offense they appear to trouble in finishing off their scoring plays. Of course, Roseau's Don Collins had quite a bit to do with the results of Sunday's game, too, for the Cloverleaf goalie turned another of his typical against-the-Thieves games. Playing here, Collins is always a barrier, making stops like a genius.

Miscellany.

The St. Johns College hockey team opened its season last week, scoring a 2 to 1 win over the Hamline U sextet. And playing a stellar role in the Johnnies' victory was wingman Wayne Kotaska. Wayne, a former Prowler squad member, is a freshman at St. John's, and in the first period of the setto against Hamline, he scored on a solo rush. That the Johnnies held a marked advantage over Hamline is evident by the fact that the Hamline goalie had twenty stops, while the St. Johns goalie had but eight saves.

According to our records, the individual Prowler scoring mark for a hockey game is six goals. On Jan. 13th, 1951, in a game played here against the Hibbing Bluejackets, Jack Erickson scored six goals to lead the Prowlers to an 8 to 5 win. On Dec. 15th, 1951, playing against Grand Forks Central on the Arena rink, Al Steenerson scored six goals as the Prowlers won, 12 to 5; and in a return game against Central, at Grand Forks on Jan. 17th, 1952, Jack Erickson totaled six goals, with the locals winning by a 7 to 3 score.

Al Finkelstein, goalie for the North Dakota U last year, is sharing goal-tending duties with the Yorkton Terriers of the Saskatchewan senior hockey league this year.

Telephone Business in This City Expands

Continuation of commercial and industrial activity at a high level in Minnesota during 1953 kept the telephone company busy meeting the demand for service, according to year-end statement by A. J. Rau, phone company manager here.

The company spent about $50,000 a day for a total of $18,250,000, to expand and improve telephone service. Company officials stated that present plans call for a somewhat larger expenditure in 1954, probably approximating $20,000,000.

Improvement in telephone service to be made at Thief River Falls in 1954 include installation of two additional switchboard positions, and adding toll circuits to Grygla, Goodridge, Plummer, and at Oklee at a cost cost of approximately $32,700.

By December 31, the company had added 20,300 to the number of telephones in use in the state, which pushed the total number of phones in use the past the three-quarter million mark, to stand at 765,000 at year's end. Of the new telephones added, 5,800 were in rural areas.

During 1953 70 new telephones were added to the Thief River Falls exchange, having a total of 3,158 phones in service at the close of the year, said Rau.

Local calling during the year in Minnesota increased from an average 4,000,000 to 4,200,000 calls each business day. Long distance calls originated by Minnesota telephone users also increased to 100,700 each day in 1953 as compared with 97,000 daily in 1952.

At the Thief River Falls exchange local calls for 1952 totaled 4,030,000, toll calls 181,777; for 1953, local calls 4,449,969, an increase of 420,000, and toll calls 189,900.

Rau announced that the long distance operator-dialing network continued to grow during the past year and now includes over 2,000 cities and towns across the nation. Seventeen Minnesota communities now have access to the network, which means that operators in these towns dial directly telephone numbers in distanct cities without going through intermediate operators. This speeds up the service substantially, especially when the call is placed by number.

To obtain the greatest benefit from this direct dialing system, a nationwide uniform numbering system has been planned and gradually being placed in service.

This new numbering plan employs two letters and five figures in each number. Ultimately, all Minnesota telephone numbers will be converted to this system. During the year, a start in this direction was made by changing several thousand numbers in Minneapolis, St. Paul, Duluth and a number of smaller communities around the state.

Another telephone innovation occuring during the year was the locating of outdoor public telephone booths in spots convenient for emergency use by the public. Starting with 28 in January, 1953, 250 had been placed in service by the end of the year, including one in Thief River Falls.

County Extension Office Is Door to State University

State Director Invites Residents to Make Use of Services Available

The county extension office in every Minnesota county seat is an open door to the technical skills and research findings of the University of Minnesota and the U. S. Department of Agriculture.

So said Paul E. Miller, director of the University of Minnesota agricultural extension service, today in an invitation to Minnesota citizens, both rural and city, to call upon the state's county agents, home agents and 4-H club agents for technical help and information in farming and homemaking.

"These college-trained representatives out in the state are in the forefront of a out-of-classroom educational system that already has accomplished much in improving the nation's agriculture and rural living," Miller said. "Future extension work—bringing the results of University and USDA research in agriculture and home economics—can make an even richer contribution of American country life."

Among future plans of extension's leaders, Miller said, are a program designed to put a firm and sound economic base under every farm by helping the farmer reduce costs by more efficient farming; conservation and resource-development programs that improve quality of farm produce and encourage more consumer buying and developing new and improved procedures in food and fiber marketing and use.

Gen. Mark Clark to Head National Heart Fund Drive

Appointment of General Mark W. Clark as national chairman of the 1954 Heart Fund campaign, February 1 to 28, has been announced by Dr. Robert L. King, president of the American Heart association.

Official notification of General Clark's appointment has been received by Eugene L. Reichel of Minneapolis, state chairman, who is in charge of organizing the Heart Fund campaign throughout the 87 counties of the state.

Reichel reviewed operations for the 1954 Heart Fund drive to date and announced that county chairmen have been named in every county and are ready to go to work on the drive for $210,000, quota assigned to Minnesota. Highlight of the drive will be "Heart Sunday" on February 14, Valentine's Day.

The Minnesota Association of Life Underwriters sponsors the Heart Fund in this state and provides basic leadership.

Tax Delinquency in Marshall Co. Is 4.03 Pct. for 1953

Current Collections for Year Amount to $1,082,000, Treasurer Sands Reports

A tax delinquency of only 4.03 per cent was noted in Marshall county tax payments during 1953 when taxpayers forked over $1,082,950.86 in current payments, reaching more than the million mark for the second consecutive year, J. W. Sands, county treasurer, reported last week.

The 1953 current tax collections are $47,975.33 greater than the current collections were in 1952 when they totaled $1,034,984.53. In 1952 the tax delinquency was only 4.12 per cent.

During the past year, delinquent tax payments also gained slightly, the treasurer's figures show. The 1953 delinquent collections totaled $39,272.60 in comparison to $38,539.98 a year ago or an increase of $732.62.

Seven townships in Marshall county had 100 per cent tax collections during the past year. These are Bloomer, Boxville, Fork, Middle River, Parker, Sinnott and Tamarac. There were also six townships and three villages having delinquencies of less than $300 for the year. These include Alma, Augsburg, Eagle Point, East Valley, Wanger, Warrenton, Holt village, Newfolden village and Viking village.

Last year, only two townships, Bloomer and Middle River, reported 100 per cent collections on current taxes.

Meetings Set for Douglas Lodge in Itasca State Park

Arrangements have been completed whereby the Douglas Lodge buildings in Itasca state park will be used for two meetings next September sponsored by the University of Minnesota, Center for Continuation Study.

Agreement was reached between U. W. Hella, director of the division of state parks, and Frederick E. Berger, director of the Center for Continuation Study.

The institutes will be held September 7 through 18, one for representatives of business and the second for the medical profession, Merrill K. Cragun course coordinator, said. Further announcements will be made within a few weeks.

Ralph Welte, manager of Douglas Lodge stated that this will be a new venture in University educational work, since most institutes are held on the University campus.

HIGH COST OF CARELESSNESS

More than 50 persons lost their lives in Minnesota last year in railroad crossing accidents. That was more than were killed in such accidents in 1952, a trend in the wrong direction in spite of an extended safety program by both the railroads and public agencies.

It isn't only the number of persons killed in these accidents that is alarming. For each one killed several are injured and some permanently crippled. The cost, in terms of property damage, was paid for by the railroads and all who buy automobile insurance.

While it probably is true most accidents are due to carelessness, this is particularly true of accidents at railroad crossings. The record reveals that most of these accidents occurred within a few miles of the homes of the drivers and that the dangers were known. Several of the worst crashes occurred at crossings protected by automatic warning signals were functioning properly at the time of the accident.

There is no reason why a stop sign at a railroad crossing should not have the same meaning as a stop sign at a street intersection or at an entrance to a heavily traveled road. There is no good reason why privately operated cars and trucks should not "stop, look and listen" at a railroad crossing as well as a bus or taxi. If the precaution can be justified in one instance it can be justified in all instances. Here is one time when the life you save by reasonable caution quite likely would be your own.

PEACE AND PROSPERITY?

The total volume of business in the United States in 1953—the market value of all goods and services exchanged—is estimated at 367 billion dollars, an all time high, exceeding 1952 by about five percent. Last year our people bought the greatest volume of goods and services in history, enjoyed the highest employment, the highest personal income, and the greatest business expenditures on record for plant expansion. More than a million new homes were built. As we measure prosperity it was a record year.

A part of last year's business boom was based on government defense spending, the total of which was the highest of any of the Korean war years. During the year the fighting in Korea ended, and with the end of the fighting there has been a cutback in defense spending. We are now in the process of moving from a wartime to a peace economy. It is apparent that we have passed the peak of the war-born prosperity.

This certainly is not a thing to be alarmed about. There is no mystery about what has happened or what is happening. It is a "cause and effect" picture that all can understand. We know that the adjustment back to peace will not be pleasant in all its phases.

Whether we call it a depression or a recession isn't important. The important thing is that we are in the process of adjusting ourselves back from war to peace and that we should be glad about. Let us hope that war has not become an essential thing in our economy.

THE NEW ARMY

According to national defense department estimates we will have to maintain a defense organization of about three million men until 1960. That is a substantial reduction from the present number and represents the administration's present thinking on our minimum requirements for security purposes under present conditions. A new program of military training, based on this figure, in in the making. In this program a trained civilian reserve will be maintained for emergency service.

This is in line with traditional American defense policies. While we no doubt will always need a comparatively small professional military organization we will have to depend on civilian soldiers in the main for our protection. The nature of modern warfare requires a broad base for our training needs.

In our new defense program the National Guard will play an increasingly important part. This form of military organization has proved its value effectively. National Guard units are maintained at minimum cost and under emergency conditions they provide a corps of trained men that can be readily expanded. With greater emphasis on an expanded National Guard and a well organized reserve we probably will not have universal military training. The voluntary at-home training program offered through the National Guard deserves our support.

LESS TAX, MORE DEBT?

Our government finished the year 1953 with a deficit of slightly more than nine billion dollars bringing the national debt up to the legal limit of 275 billion dollars. That was not a good start for an administration pledged to balance the budget. This is one failure however for which the administration is not being criticised for the obvious reason that this was a condition it inherited and over which it had no control.

From now on any failure to balance the budget will be a Republican responsibility, and those Republicans who advocate tax reduction without regard for the effect on needed revenue and probably obtained only at the cost of further debt increases are not strengthening public confidence in the party. In this argument President Eisenhower has the power only to suggest an honest program. Unfortunately, it does not appear likely that his suggestions in this instance will be followed by the vote concious members of Congress.

DAIRY COW COMES BACK

Minnesota's dairy cow population is again on the increase according to S. A. Engene, agricultural economist of the University of Minnesota. The year 1952 marked the bottom of a decline cycle that had extended over a period of years. In 1953 the downward trend reversed itself with an estimated four per cent increase.

We still have about 11% fewer cows than we had ten years ago, the report states. Higher production per cow has offset the lower numbers and milk production has been maintained at a fairly even level during this period.

Notable changes in dairying and in the marketing of dairy products in our own area are in the making. Dairying is becoming more and more a specialized operation rather than a side line. The trend is toward larger herds of higher producing cows, better equipment and a more efficient operation.

The encouraging thing about this trend in our area is the increasing interest in dairying among the young people who will be the farm operators a few years from now. It is the increasing interest among this group that assures an expansion of the dairy industry in this corner of the state.

From now until the end of February the Air Force will stage ten bombing raids in the area of the upper Red Lake. Planes stationed in South Dakota and New Mexico will drop projectiles on floating tagets. The bombs will burst in the air and according to an Air Proving Ground Command announcement the flash of the explosions will be visible for many miles. During the next few weeks we may expect reports of severe electrical storms to the east of us in spite of the sub-zero weather.

A CIO Political Action committee spokesman is accusing President Eisenhower of trying to balance the budget at the expense of national defense. As we recall it, when Eisenhower was campaigning as a candidate for the office of President, this group was concerned about the danger of electing a military man to the nation's highest office. He would build up a strong military organization and lead us to war, we were told. Well we can at least be glad the committee is no longer enjoying its pre-election fears.

There was a 25 million increase in the world's population last year. Guess we don't have to worry much about a surplus of food. The problem is to get it to the people who need it, taking into consideration our cost of production and their ability to pay.

Looking Backward

1924—THIRTY YEARS AGO

A. W. Hanson of Erie was named chairman of the Pennington county board.—Martin Evenson was elected president of the city council.—Mrs. Jennie Payne was named postmaster at Goodridge.—Mayor J. S. Arneson appointed Math Barzen Sr. to the park board.—Roy Lambert was called to McCleod, Calif., by the illness of his mother.—Harold C. Hand of St. Paul became a member of the public school faculty.

1934—TWENTY YEARS AGO

C. M. Olson of Mobridge, S. D., succeeded Andrew Anderson as salesman for Minneapolis hardware firm.—Ed Jarpnson, secretary of the local fire department, reported that 1933 was the city's most disastrous year for fire losses, which aggregated $110,000. The biggest blaze destroyed the Auditorium and the adjoining Northern Chevrolet garage.—Wm. H. Schermer, with the Thief River Grocery Co. the past six years, was appointed manager of the Nash-Finch branch at Bismarck, N. D.—H. H. Kelly bought the building housing his hardware store on Third st. at Main av.—Mrs. Abbie Wassgren was installed as head of the Rebekah lodge.

1944—TEN YEARS AGO

Sailor Delmer Hovie, son of Mr. and Mrs. Carl Hovie, lost his life in an explosion on a destroyer January 3.—Paul Roy was reelected chairman of the Pennington county board.—Frank Hardisty was elected president of the county fair board, succeeding S. E. Hunt.—The local Jaycee chapter received its national charter January 13.—The city power plant produced 4,745,100 kilowatts in 1943, Supt. Ole Legvold reported.—A VFW auxiliary unit was organized here with Mrs. Selmer Wahlbeck as president and Mrs. Alfred Emard, secretary.

MAKES MONKEYS OF SOX

Collecting Indian relics is no doubt a satisfying, if not entirely unique, hobby. E. T. Tufte has accumulated in the Northfield area more than 800 Indian artifacts in 30 years of collecting.—But not many people make monkeys out of men's work sox, as does Mrs. O. W. DeGree at Stewart, where, with some cotton and wire, the sox become very popular monkey dolls.

A typical coal-carrying barge is 175 feet long, 26 feet wide, and has a capacity of about 1,000 tons.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

Pursuant to adjournment the Council of the City of Thief River Falls convened at eight o'clock P. M. in the Council Chambers. Aldermen Lund, Hunt, Fuller, Bergland, Gjernes were present. Alderman Christenson was absent.

The proposals of Rosholt Equipment Company and Wm. H. Ziegler & Company for Crawler Type Tractor, pursuant to advertisement therefore, were then considered. Alderman Hunt moved that bids be rejected and certified checks returned. Alderman Lund seconded the motion which was adopted.

There was presented a recommendation of increase in salary of Alton Nelson, Power Plant Operator, effective as of December 15th, 1953 by Chief Engineer of Power Plant. Alderman Lund introduced a resolution approving the same and moved its adoption. Alderman Fuller seconded the motion and the resolution was duly adopted.

Pursuant to a request of Board of County Commissioners of Pennington County for funds for the projected new Court House, Alderman Fuller introduced a resolution directing the appropriation from the Liquor Dispensary Fund the sum of $18,000 for such purpose and moved adoption of such resolution. Alderman Hunt seconded the motion and the resolution was passed and adopted by unanimous roll call vote.

Pursuant to a previous request for the opening of a street extending in an easterly direction from Mill Street in Mill Reserve to the present entrance to the Diesel Power Plant and the dedication of such thoroughfare as Marshall Avenue, there was presented a Plat of said Avenue. Alderman Fuller introduced a resolution accepting and approving said Plat and moved its adoption. Alderman Lund seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was then by the President declared passed and adopted.

The Council was presented with a communication of Agnes B. Welch with bill in the amount of $[illegible] alleged to be for medical expenses and care of a Mr. John Steiger from August 11th to November [illegible], 1953 and requesting the Council's attention in the matter. Also presented was a statement of Northwestern Hospital in the amount of $[illegible] in connection with the same person. Superintendent of Relief Knight was present and explained the situation from his standpoint. Alderman Fuller then moved that the claim of Agnes B. Welch be rejected. Alderman Lund seconded the motion, which was duly carried. Alderman Fuller then moved that the claim of Northwestern Hospital be referred to the City Attorney for legal advice in the matter. Alderman Bergland seconded the motion which was duly adopted.

In the matter of the Plot and Vicinity Plan for the proposed National Guard Armory to be constructed on Block 21 of Porter's Addition and the objection of the Department of Highways to a small traffic island thereon to be constructed by the Department of Highways, Alderman Hunt introduced a resolution approving said layout with the deletion from the plan of the traffic island represented thereon and moved its adoption. Alderman Fuller seconded the motion and by unanimous roll call vote said resolution was duly passed and adopted.

Alderman Lund introduced a resolution directing the entering into agreement with the County Board of Pennington County providing that there be no further construction on the East one-half of Block 56 of the Original Townsite on the premises between the City Auditorium and the proposed new Courthouse except as shall be for beautification and landscaping purposes and moved adoption of such resolution. Alderman Fuller seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was then declared passed and adopted. Alderman Hunt then moved that the County of Pennington be permitted the use of the land directly south of the Armory Area as a temporary location of the old Court House and the City lots [illegible] of the City Auditorium for storage of materials during construction of the new Court House. Alderman Lund seconded the motion which was then adopted by unanimous vote.

Alderman Lund brought up the matter of a possible arrangement which might be made between the City and the REA with respect to establishment of areas to be served by each in the territory immediately adjoining the City and beyond the City's corporate limits as suggested by letter of Red Lake Electric Cooperative, Inc. in which they stated that representatives of that Company would be favorable towards discussion of the matter. Alderman Fuller moved that the City immediately abandon the practice of making charges for materials and labor in extension of power service lines to customers beyond the immediate corporate limits of the City, without the express approval of the City Council. Alderman Hunt seconded the motion and the same was adopted by unanimous vote.

The Street Committee was authorized to make purchase of Hanson Hi-lift Loader and 1—snow bucket complete at the price of $[illegible] and $[illegible] respectively.

The President appointed the following to serve as a Light and Power Advisory Committee to the Council: The Chairman of the Council; Harry E. Lund, C. E. Hellquist, F. A. [illegible] and Wm. E. Dahlquist.

There was presented by D. W. Stewart, P. E., his proposal dated December 12, 1953 for the furnishing of engineering services in connection with proposed construction of Storm Sewers in District No. 3. Alderman Lund introduced a resolution accepting the same, directing the execution of agreement and moved its adoption. Alderman Fuller seconded the motion. The resolution was adopted by unanimous roll call vote.

Alderman Hunt then introduced a resolution determining to proceed with the construction of Storm Sewers in District No. 3, pursuant to proceedings heretofore had, and directing the Engineer in charge to prepare plans and specifications for the same and moved its adoption. Alderman Bergland seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was then declared passed and adopted.

Laid over for the attention of the Council were the following matters: Hearing on various petitions for [illegible]; Hearing in the matter of assessments for construction of Sanitary Sewer, Kendall Avenue, Michael Avenue to Greenwood; Assessment in connection with construction of curb, gutter, walk, [illegible] Avenue, First to Mosser Street and Kneale Avenue, Gulf to Hughes Street and 1954 Budget of Carnegie Library Board.

Alderman Fuller then moved adjournment. Alderman Lund seconded the motion which was adopted and the meeting was declared adjourned.

Pursuant to Notice duly given the City Council convened in Special Session at 10:30 o'clock P. M. on December 30, 1953, immediately following adjournment of the regular meeting. The following members were present: Lund, Hunt, Fuller, Bergland, Gjernes. Alderman Christenson was absent. The meeting was called for the purpose of considering a resolution of the City of Thief River Falls and Civic & Commerce Association to intervene in matter of investigation instituted by the Board to determine whether the public requires that [illegible] amended temporary certificate of Public Convenience and necessity for Route No. [illegible] be altered, amended or modified insofar as said Certificate authorizes [illegible] Docket [illegible] and to consider a matter of an irrevocable tax in the amount of 5/10 mill to be levied in each of the years 1955-1974 inclusive towards maintenance of a State Armory.

A motion was introduced by Alderman Bergland that the City Attorney be authorized and directed to take the necessary steps to intervene in the matter of Docket [illegible] et al. on behalf of the City of Thief River Falls and Civic & Commerce Association in order to protect the City's interest therein. Alderman Fuller seconded the motion. The roll was called on the question and all members voted in favor thereof whereupon the motion was declared carried.

Alderman Hunt introduced a resolution directing the levy of a 5/10 mill tax against taxable property within the City for each of the years 1955 to 1974, inclusive and the purpose of maintenance of an Armory, and moved the adoption of such resolution. Alderman Lund seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was declared passed and adopted.

The meeting was then declared adjourned.

Secy. of State Lists Election Days for '54

Dates for the 1954 state, congressional and county elections in Minnesota have been announced by Mrs. Mike Holm, secretary of state.

The primary election will be held on Tuesday, September 14, while the general election will take place on Tuesday, November 2.

In the congressional elections, a United States Senator for a six year term will be elected. Senator Hubert H. Humphrey (DFL) first elected in 1948 will be up for reelection. Representatives in all nine congressional districts will also be elected for two-year terms in the 84th Congress. The present Minnesota delegation is split, five Republicans and four Democrat-Farmer-Laborites.

State officers to be elected are governor, lieutenant governor, secretary of state, attorney general, auditor, treasurer, clerk of the supreme court, chief justice of the supreme court, three associate justices of the supreme court, and one member of the railroad and warehouse commission.

The state offices are for 2-year terms except that of auditor (four years), the court justices (six years) and the railroad and warehouse commissioner (six years.)

The entire membership in the legislature will also be up for election. The house membership is regularly selected every two years and the senate membership every four years. This is also a senate election year and 67 senators will be chosen for 4-year terms.

In addition to voting for various officials Nov. 2, Minnesotans will vote on at least four constitutional amendments.

The four now proposed were ordered on the ballot by the 1953 legislature. A fifth may be added on highway financing, if various groups can reach agreement on the form of an amendment and if a special legislative session is called to propose the amendment.

All townships hold elections of officers March 9 and all villages will elect officials Dec. 7. Cities have a variety of election dates throughout the year.

The various election, filing, withdrawal and canvassing board dates for the state and legislative elections follow:

March 9—Township elections.

March 16—City election in Warren.

June 16—First day candidates may file for state, legislative, congressional, judicial and county offices.

July 26—Last day for filing for state, legislative, congressional, judicial and county offices.

July 31—Last day to withdraw as a candidate from the above named offices.

Sept. 14—State primary election.

Sept. 28 — State canvassing board meets to canvass primary election returns.

Oct. 2—Last date on which candidates in general election may be nominated by petition.

Traffic Deaths Register Decline During December

33 Minnesotans Lose Their Lives; Total Is Lowest for Past 10 Years

Death on Minnesota's streets and highways came as close to taking a holiday last month as it has during any December for the previous ten years, according to figures made public today by the Minnesota highway department. But despite death's relaxed grip, 33 people were killed as the result of traffic crashes. This was the lowest December toll since the war year of 1943, when 28 died in motor vehicle accidents.

Total traffic deaths for the year in the state reached 636, as compared with 539 in 1952. This figure may increase, the department pointed out, in the event injuries sustained in 1953 crashes result in death to victims within 12 months of the time of the accidents.

"The 33 deaths reported during last month," said A. V. Rohweder, president of the Minnesota Safety Council, "are 33 too many, but they are indeed a gratifying reduction from the 52 in December of 1952. The motorists of Minnesota have proved to themselves that traffic deaths can be reduced when the rules of safe driving are observed."

One of the brightest spots in the month's record was the reduction in pedestrian deaths, with only six walkers being struck down by motor vehicles. This is by far the lowest toll during December—a notoriously dangerous month for pedestrians—for the past ten years. Included in the casualties were one teen-age boy and five other pedestrians who were 50 years of age or older.

Six of the month's deaths resulted from crashes at railroad grade crossings, with three members of one family dying in a Christmas Eve accident, two brothers being killed in a Sunday crash and a truck driver losing his life in another such accident.

Ten collisions between motor vehicles brought death to 11 motorists, with a mother and her young daughter being killed in the only multiple-death accident of this type during the month.

Preaching and practice are twins that often get separated.

One thing speeders don't seem to realize is that when a car hits 85 it is likely to hit something else.

Compressed air instead of explosives is used in many mines to break down the coal and make it ready for loading.

Red Lake Falls City Council Cuts Own Pay for 1954

The new Red Lake Falls city council made history Tuesday of last week when at its organization meeting members voted unanimously to cut their own salaries and that of the mayor from $300 to $150 per year, thus effecting an annual saving of $900 for the city.

The motion was made by Alderman Harry Beadles, seconded by Alderman Abbott and on being put to a vote all members of the council voted "Aye."

The aldermen and the newly elected mayor, H. B. Lane, subscribed to the oath of office and were duly sworn in for the ensuing two-year term.

State Income Tax Receipts Decline

Drop to $53,177,000, Four Million below 1952 Total

G. Howard Spaeth, Minnesota tax commissioner, reported last week that corporate and individual state income taxes collected in 1953 totaled $53,177,162, a drop of about four million dollars from 1952 receipts.

Corporation taxes, which fell off $5,600,000 to a total of $12,222,264, accounted for the decrease.

Individual receipts increased $1,600,000 to a total of $40,954,897.

Spaeth pointed out that prepayments of taxes due the following year were $776,000 higher in 1953 than in 1952, causing a slight distortion when comparing figures for two years.

Receipts on the annual $5 tax and the surtax to help defray costs of the veterans bonus totaled $8,498,000 in fiscal 1952-53, an increase of $38,000 over the 1951-52 figure of $8,459,000.

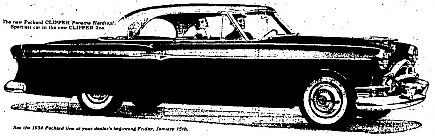
Announcing The New Packard CLIPPER



The new Packard CLIPPER *Panama Hardtop*, Sportiest car in the new CLIPPER line.

See the 1954 Packard line at your dealer's beginning Friday, January 15th.

America's Newest Medium-Priced Car!

Luxury at a lot less...because Packard builds it

A year ago the Packard CLIPPER was introduced as America's newest medium-priced car.

■ And men who know were quick to say: *"That's a lot of car for the money!"*

■ And it *was* a lot of car for the money. And it *is* a lot of car for the money. Because Packard builds it.

So the news spread!

■ And in 1954 the *new* CLIPPER brings you fine-car luxuries, fine-car power, fine-car ride . . . (the high-price features everybody wants) . . . and yet *at a popular, medium price!*

■ *We have built a finer car for '54 because experience in '53 proved that there are many thousands of Americans who want a true luxury car in the medium-price range.*

■ Most cars in the medium-price field are simply big brothers of smaller cars made by the same company. These cars may offer the modern gadgets and the smooth look of the big car, but in most cases their basic engineering is still influenced by small-car engineering.

"Packard-built" makes the difference

■ No feature or claim will ever give you a more powerful reason for buying a CLIPPER than the name *Packard*.

■ You'll find the reason when you take command of a Packard CLIPPER and put it through its paces over a road of your own choosing. Make that date with *"Packard-built quality at a popular, medium price"* very soon . . . won't you?

■ You'll get luxury for a lot less in a Packard CLIPPER.

With its trend-setting advances . . . Ford's worth even more for '54

STYLE DIVIDEND

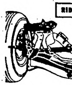
3 New Body Styles . . . 28 models

Ford offers you three brand new body styles in its line of newly created models. There's a new transparent-roofed Crestline Skyliner . . . a sparkling new Crestline Fordor . . . and a smart new Customline Ranch Wagon. There are 28 models in all, for each of Ford's 14 body styles is available with the new Y-block V-8 or the new I-block Six engine.

New Astra-Dial Control Panel

It's designed both for beauty and practicality. The speedometer is placed high on the panel where you can quickly spot the figures almost without taking your eyes off the road. Like the '54 Ford's beautiful new upholsteries and trim, the Astra-Dial Control Panel is color-harmonized with the sparkling new outside body color of your choice.

It's the Dividends that make it Worth More



RIDE DIVIDEND

New Ball-Joint Front Suspension

This revolutionary new suspension is the greatest chassis advance in 20 years . . . and it's exclusive to Ford in its field. It gives front wheels greater up and down travel to smooth out the going on rough roads. And it helps keep the wheels in true alignment for consistently easy handling. Movement of the wheels is on ball joints whether up and down, as wheels travel over rough spots, or in steering as wheels turn right or left. Ball joints are sealed against dirt and water.

PERFORMANCE DIVIDEND

New 130-h.p. Y-BLOCK V-8

An extra deep skirt extending below crankshaft gives greater rigidity for smoother, quieter operation, longer engine life. Free-turning overhead valves, low friction design, Double-Deck Intake Manifold and high turbulence combustion chambers give brilliant new responsiveness . . . 13% more power, greater economy.

New 115-h.p. I-BLOCK SIX

This new Six has an extra-deep block for greater rigidity, smoother, quieter performance, longer engine life. Free-turning overhead valves, high-turbulence combustion chambers, low-friction design and Ford's Automatic Power Pilot help produce 14% more power —with finer performance on even less gas.

DIVIDEND IN DRIVING EASE

Ford offers five optional power assists* you might expect to find only in America's costliest cars

Master-Guide power steering does up to 75% of your steering work, yet leaves you with natural steering "feel" on the straightaways. Swift Sure Power Brakes do up to one-third of the work in stopping. Fordomatic Drive gives torque converter smoothness and the "Go" of automatic mechanical gears. And only Ford in its field offers Power-Lift Windows, both front and rear, that open or close at a button's touch . . . and a 4-Way Power Seat that adjusts up and down, as well as front and back, at a touch of the controls. They're all worth-while optional extras available in the 1954 Ford!

*At extra cost.

No car in the low-price field has ever offered so many "Worth More" features as the '54 Ford. In addition to all the features that have already established Ford as the "Worth More" car, you now get a host of brand new dividends. These include a choice of two new deep-block engines . . . the most modern engines in the industry. You also get Ford's new Ball-Joint Front Suspension . . . beautiful new interiors . . . and styling that will make your heart beat faster.

And, remember, Ford also makes available to you all the optional power assists . . . features you might expect to find only in the costliest cars.

If you have not yet seen the new Ford models for 1954, come in and inspect them today. Then Test Drive a '54 Ford . . . and once you do, you'll want to drive it home!

time-out

It takes a lot of energy to wield a rattle. It takes even more to crawl across the room. A fellow just has to take a time-out once in a while.

That's an important lesson for all of us to learn. It is nothing short of suicide to let one's work and recreation rob his body of the natural opportunity to replenish its resources in rest.

Our souls also need a frequent time-out. Life depletes our spiritual resources. Man needs regular times for worship, for prayer, and for religious inspiration. The Church is meeting this need in the lives of many of your neighbors and friends. Are you—and your whole family — taking advantage of the time-out for spiritual replenishment which the Church offers? We invite you to attend the church of your choice next Sunday!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The term "Swiss Navy" used to be a joke because Switzerland didn't have any warships or merchant marine. However, it isn't a joke any more because the mountainous little country has a merchant fleet of 33 vessels, 22 of which are ocean-going. The Swiss fleet came into being in World War II, because the country didn't wish to be dependent on belligerent ships for supplies.

Mothers Plans March on Polio January 28th

150 Women to Solicit Residential District Starting at 7 o'clock

With the March of Dimes solicitation well under way in the business section of Thief River Falls and the rural areas of Pennington county, A. F. Berge, campaign chairman, announced that the next phase of the drive will be the Mothers March on Polio, to be conducted in the residential districts of the city Thursday, January 28, at 7 p. m.

A total of 150 women, representing seven local organizations, will serve as solicitors under the direction of Mrs. Orris Johnson and Mrs. Steve Austin. Girls in Lincoln senior high school will donate their services as baby-sitters for mothers of small children who are sharing in the drive.

The Mothers March on Polio brought in $1,100 in 1953, and Alvin Christofferson, publicity chairman, expressed the hope that $1,500 might be raised in this year's drive.

Team captains and the groups they represent were announced as follows:

Mrs. Palmer Lorenson and Mrs. Douglas Stewart, Woman's club.

Mrs. Alex. Cloutier and Mrs. Abbie Wassgren, trainmen's auxiliary.

Mrs. Loren Adolphson and Mrs. Earl Anderson, B. P. O. Does.

Mrs. R. J. Dryden and Mrs. John Lang, American Legion auxiliary.

Mrs. Ernest LaCoe and Mrs. Ole Ness, VFW auxiliary.

Miss Helen Gliesstein and Miss Ella Fiskerbeck, schools.

Mrs. Charles Booren and Mrs. Elmer Zachar, Eagles auxiliary.

Mrs. Bob Sjulestad, at large.

The solicitors will assemble in the basement of the Auditorium at 6:30 on the evening of January 28, it was announced.

Mrs. Adam Lendobeja, rural chairman, reported Tuesday having received returns from five townships and three rural schools, in addition to a $15 donation from the Steiner 4-H club, the total turned in to date amounting to $280.30.

Those reporting included Sanders township, $60.05; Bray, $70.50; Mayfield, $40; Black River, $54.75; Numedal, $24.50; School District 147, Gunda Engen, teacher, $3.50; District 65, Muriel Magnell, teacher, $6.50; and District 221, Mrs. R. Hanson, teacher, $5.50.

Deadline Near for CCC Grain Loans

Pennington County ASC Office Reminds Farmers

Patrick W. Culkins, manager of the Pennington county ASC office, today reminded all farmers that the final date for completing CCC loans or purchase agreements on barley, oats, wheat, flaxseed, or rye, is January 31.

Any farmer who wishes to take a loan on grain stored on the farm must make his application to the county ASC office early enough to allow ample time to obtain the sample of grain from the bin and have it graded before the deadline date.

However, any producer who desires to have a loan on warehouse-stored grain, or a purchase agreement on either farm-stored or warehouse - stored grain, may do so until the final date. Since the ASC office is not open on Saturday, Friday January 29th will be the final date on which farmers will have an opportunity to take advantage of price support protection on their 1953 crop grains.

The ASC office is now located in the basement of the Union State Bank Building in Thief River Falls.

ARTHUR O. ERICKSONS PURCHASE ARGYLE CAFE

Many Benefits from Membership in the Northern Blood Bank

Reappointed

DR. A. E. JACOBSON

Member of the state board of education the past four and one-half years and currently serving as its chairman, who last week was reappointed by Governor C. Elmer Anderson to serve as a member for another seven-year term. Also reappointed was Mrs. Raymond Gould of Minneapolis. Dr. Jacobson last Friday attended the monthly meeting of the board in the state office building in St. Paul.

The great benefits to the community that may be derived from the successful organization of the Northern Blood Bank association were emphasized today by Harold W. Peterson, administrator of Northwestern Hospital and a member of the board of directors of the association.

Mr. Peterson stated that the history of Northwestern Hospital is studded with cases of a desperate nature in which close relatives and hospital laboratory personnel have been almost at wits' end trying to locate blood donors. Upon many occasions only by making use of the local Red Cross walking blood bank and the Eagles' Blood Bank has it been possible to save human life.

Alvin Christofferson of the Red Cross Blood Bank and Harvey Helle, secretary of the Eagles, have often donated their services long into the night in trying to get donors for patients—donors that could not be had in any other way. Through their efforts these two men have doubtless saved many lives in this area said Peterson.

Mr. Peterson states that the organization of the Northern Blood Bank association would alleviate an untold amount of mental anguish throughout the area served by the local hospital. The wife or husband or patent who suddenly finds it necessary to obtain blood donors for a loved one, sometimes in the dead of night, will understand what this situation means.

The situation often leads to calling upon a limited group of public-spirited people to donate their blood several times a year. An organization such as the Northern Blood Bank association would make it unnecessary for any member to find replacement donors for blood used in the transfusion of his proper dependents, or for himself.

The member, said Peterson would not have to concern himself with that problem whatsoever. It would only be necessary for laboratory personnel to notify the next members in the association's donor lists and the matter would be taken care of. No member would have to pay the $25 blood penalty fee for

Annual Reports Show '53 Good Year for Zion Church

Debt Reduced to $42,000; Prepare for Dedication of New Church Edifice

Financial and other reports submitted Monday evening at the annual meeting of the Zion church congregation gave evidence of a successful year in 1953.

In the annual election of officers, John Jacobson was named secretary; Oscar Joppru, deacon; Mrs. Harold Saastad, deaconess; Kenneth Wendel, Oscar Vigness and T. J. Reierson, trustees; Phyllis Erickson, Sunday school superintendent, and Reuben Lockrem, assistant; and Harlan Elseth and Merle Lindberg, auditing committee.

Ushers named to serve during the year include Lloyd Lamp, Arthur Dicken, Eugene Nesland, George Rockstad, Merle Lindberg, Harlan Elseth, Matt Guttu and Halbert Evenstad.

A decision was reached to publish the history of the congregation preparatory to the dedication of the church edifice within the next few months. It was announced that the indebtedness incurred in connection with the building program has now been reduced to $42,000.

Rev. Walter M. Pederson, pastor, reminded the congregation that it will be host to the national convention of the Lutheran Free church during the second week in June.

Christmas Seal Sales in County Amount to $2,370

With a few scattered returns yet to be received, total receipts from the 1953 Christmas seal sale in Pennington county aggregated $2,370.58 up to Tuesday, compared to $2,260.71 collected a year, it was announced by Mrs. George Erickson, secretary of the Pennington County Public Health association, local sponsor of the sale.

John Lynskey Is Named President of Library Board

John X. Lynskey was elected to succeed Mrs. A. E. Jacobson as president of the Carnegie library board at its organization meeting last Wednesday evening. Elmer Anderson was named vice president, and Mrs. L. B. Hartz was elected to succeed Mrs. N. A. Holen as secretary. The board at an adjourned session Monday afternoon appointed Miss Frances Shanahan, acting librarian since last September, to the position of head librarian. Miss Shanahan had served as assistant librarian for many years.

Phone Rates Here to Rise Feb. 28th

Small Boost Approved by RR & W Commission

A small increase in local telephone rates, the fourth since World War II, was approved last week by the Minnesota railroad and warehouse commission, and will take effect with billings February 28, it was announced today by A. J. Rau, manager of the Thief River Falls exchange of the Northwestern Bell Telephone Co.

The new schedule is also being put into effect in 23 other Minnesota cities in the same classification.

The rates on business phones will be as follows: One-party, up from $7.60 to 8.20; two-party up from $6.50 to $7; and rural business phones, up from $4.60 to $4.85.

For residence phones the rates will be: One-party, up from $3.80 to $4.10; two-party, up from $3.20 to $3.35; four-party, up from $2.85 to $2.95; and farm phones, up from $3.25 to $3.40.

Rural Carriers Offer Advice on Proper Mail Box

Cooperating with the Minnesota Rural Letters Carriers association, Joseph Seidel, Pennington county highway engineer, has supplied a mimeographed description of a properly designed rural mail box for distribution by rural carriers to their patrons.

Installation of a proper mail box, the association points out, will provide for better snow removal, road grading, weed control and mail delivery.

The state highway department and county engineers are cooperating in the improvement project.

Co. Fair Signs Attractions for '54 Event

Contracts in St. Paul with Mario Shows for Grandstand Production

Further progress in arranging the program for the 1954 Pennington county fair to be held in Thief River Falls July 12 to 15 was made by the fair board last week when members attended the annual convention of the Minnesota Federation of County Fairs in St. Paul.

After interviewing representatives of various attractions, the board, as a member of the Northwest Greater Fairs circuit, which also includes the Kittson and Norman county fairs, signed a contract with Mario Shows to present the grandstand revue at this year's fair.

The Mario Shows, production, which also appeared here in 1953, includes 16 dancing girls and eight circus and vaudeville acts.

Previously signed to appear on the midway at the 1954 fair was the "World of Today" carnival company, which has never before appeared in this city.

The opening night program in front of the grandstand has not yet been settled, said J. M. Roche, secretary of the fair board, pending arrangments for a possible tie-in with the golden jubilee being planned for Thief River Falls in 1954. Afternoon programs also have not yet been fully developed, he added.

In attendance at the St. Paul convention, in addition to Roche, were President Frank Hardisty and directors James Parkins, L. A. Ihle and Stuart McLeod.

Rocksbury 4-H'er Nets Nice Profit on His Pig Project

Harry Logans, Rocksbury 4-H club member, completed his corn-hog project last week with the sale of 15 pigs on the South St. Paul market. They brought an average price of 25¼c per lb. for a total of $524.78 and he was well satisfied with the results of his second year in this activity.

He started the season with four sows from which he raised 20 pigs. This initial investment is offset by four sows that he is carrying over for next year's production. The old sows he had sold previously for $245.09, bringing his total receipts from the sale of hogs to 779.77.

Charged up against this as cost of feed is $220.90 paid for oats and concentrates and $240 which Harry estimates as the value of the corn he fed from five acres of his corn project. In addition to the cash returns he has in the profit column one pig that he has kept for butchering.

Grand Forks Plays Thieves Saturday in Polio Benefit

Local followers of league hockey will have the opportunity to witness an exciting game in the local arena Saturday night and, at the same time, give a boost to the polio fund, which will receive all proceeds of the game after expenses. Furnishing the competition will be the Grand Forks Red Wings and the Thief River Falls Thieves.

Outpatient Dept. at N. W. Hospital Was Busy in 1953

600 Were Treated There But Not Hospitalized in Last 7 Months of Year

An interesting sidelight on services performed by Northwestern Hospital, not commonly known, was given today by Harold W. Peterson, administrator. Between June 1, 1953 and January 31, 1954, exactly 600 out-patients were taken care of at the hospital. An out-patient is defined as one who is taken care of at the hospital and who does not have to remain there as a bed patient.

Most of the out-patients come to the hospital after the closing hours of clinics in the city, or on weekends when doctors' offices are closed. A sampling of reasons for these visits shows the nature of this emergency service performed by the hospital.

The list includes such items as removal of fish hook from boy's hand, removal of nail from hand, fracture of arm, swollen knee, sore throat, burn of hand, pitch fork hand wound, temple puncture wound, dog bite, laceration of forehead, needle in hand, fell off horse and broke right arm, steel in eye, bit tongue, fractured ribs, asthma attack, twig in eye, earache, swallowed bobby pin, sax injection, smashed thumb in door of cab, blood poisoning in arm, sprains, bronchitis, convulsions, etc.

In taking care of these cases, the hospital calls the doctor designated by the patient, furnishing the nursing service necessary, the examination room, the suture packs, the X-Ray service and the drugs. Although outpatients are encouraged at all times to see the doctor in the clinic, it is necessary for the hospital to perform these services since it is not always possible for the people in the rural areas to get into town prior to the clinic closing hours.

GOSPEL TENT MISSION COMMITTEE TO MEET

A Union Gospel Tent Mission committee meting will be held Monday night, Jan. 25, at 8 o'clock in the Mission Covenant church, said Pastor L. W. Lindholm, committee chairman.

Personal Property Tax List Headed by Lakehead Pipeline Co.

Prepared in the office of County Treasurer A. R. Johnsrud, the 1954 Pennington county personal property tax list is published in this issue of the Times as a reminder to county residents that the tax is due and payable before March 1.

Of the total number of taxpayers, 341 will be called on to pay in excess of $100, this total being below that for 1953. Twenty firms will pay more than $1,000, and ten are assessed for taxes of more than $2,000.

The Lakehead Pipeline Co., whose property is located in a half-dozen townships, again this year will pay by far the biggest tax in Pennington county, its bill being in excess of $11,000.

Next in order is Land O'Lakes Creameries with a bill for $8,189, followed by L. B. Hartz Stores, $4,554; Montgomery Ward & Co., $3,207; Great Northern railway, $3,086; C. Gustafson & Son, $2,496; and Gamble-Robinson Co., S & L Stores and Thief River Grocery Co., all of which are called on to pay the same amount, $2,451.38.

Engineers Group to Meet Friday

Postponed from last Friday because of extremely cold weather, the Northwest chapter of the Minnesota Society of Professional Engineers will conduct its election of officers at a dinner meeting Friday evening, January 22, at 6:30 in the Rex Cafe. Ray Chapin of Roseau is currently serving as president.

Internal Revenue Agent's Schedule in City Announced

An internal revenue agent of the Thief River Falls zone office will be at the Auditorium in this city February 1, 2 and 3, February 8 thru 19, March 1 thru 12, except Saturdays and Sundays, from 8:00 a. m. to 5:00 p. m., and on March 15, from 8:00 a. m. to midnight, to assist taxpayers with the filing of current federal income tax returns.

Negro Baritone Will Appear in Concert in City Monday Evening

Robert McFerrin, 32-year-old baritone and the first Negro to enter the Metropolitan Opera's training school in New York, will be heard in recital in Lincoln high school auditorium at 8:15 p. m. Monday, January 25. He is being presented here by the Northwest Concert association.

McFerrin was born in St. Louis, the seventh of eight children. He spent a year at Fisk University, and then started his vocal studies in earnest when he won a scholarship at the Chicago Musical College. He won the nation-wide Chicago Musicland competition and appeared as soloist at Chicago's summer Grant Park series. Following the inevitable years in the armed forces, McFerrin spent a year in Chicago and then went to New York.

There the young baritone was brought to the attention of Boris Goldovsky, who promptly offered him a scholarship in the opera department at Tanglewood. McFerrin sang leads in the operas "Iphegenia in Tauris" by Gluck and Verdi's "Rigoletto"; Goldovsky had him repeat both roles professionally with the New England Opera Company.

McFerrin made his Broadway debut in the revival of "The Green Pastures"; he then appeared in Kurt Weill's "Lost in the Stars," at the instance of the late Mr. Weill, who heard the McFerrin voice and said, "He must sing my music." McFerrin has appeared in various operatic roles, including Amonasro in "Aida" and Valentine in "Faust." He also was the first of his race to sing the role of Rigoletto.

Ted Hellie Speaks at Lions Meeting

Describes Trip Made to England Last Summer

Theodore Hellie, English teacher in Lincoln high school, was guest speaker at the Lions club luncheon meeting last Wednesday noon in the Rex Cafe.

Introduced by Ted Kuzmak, program chairman, Hellie described a trip to the British Isles enjoyed last summer by himself and his wife, a native of England. Hellie also had spent two years in that country while in service during World War II.

The speaker praised the British people for being less materialistic and more patient and contented than their American counterparts and also spoke highly of their excellent craftsmanship and scientific attainments.

On the other hand, he said, class consciousness is quite apparent as well as a lack of religious feeling, and he added that advertising and selling techniques are not highly developed.

He added that local talent wishing to take part in the show should communicate either with him or the radio station.

Council Makes Appointments to City Posts

Mayor's Appointments Also Are Confirmed at Session Tuesday Night

In its first regular session since assuming office, the new city council Tuesday evening unanimously reappointed principal department heads to their positions for another term, and approved appointments made by Mayor Agnes Israelson. A salary schedule will be adopted at a later meeting.

Appointments by the council include Leo DuChamp, street commissioner; Ole Ness, superintendent of the sewage treatment plant; Christian Haugen, garbage collector; Delman Cota, city dump operator; Theodore B. Jensen, Auditorium custodian; Dr. Dan Greene, city physician; Richard G. Mabey, assessor; W. K. Knight, relief superintendent; Dr. L. R. Twete, dairy inspector; and Alderman Bob Carlson, recreation board.

The fire chief, it was indicated, will be named later following a recommendation by the fire department civil service commission. Action also was deferred on appointment of a superintendent of the water and light department after hearing the reading of six applications for the position, including one submitted by Alderman Robert Bell and withdrawn before the meeting adjourned.

Those seeking the post include Harry Hendrickson, now in charge of the electric distribution system; Harry R. Lund, former alderman; A. M. Damerow of Elk River; Tony E. Nelson, now employed at the local plant; and Norman Stenberg.

Mayor Israelson's appointments included Roy M. Barzen for another five-year term as member of the park board; M. G. Gulbranson as a member of the cemetery commission, succeeding Harry Kingbom; Dr. Dan Greene, city health officer; and V. C. Berg and Bob Carlson to represent the council on the

Olive St. Martin Becomes Bride in Church Ceremony

In a candlelight ceremony at St. John's Lutheran church in this city, marriage vows were pledged Saturday evening by Olive Sylvia St. Martin, daughter of Mr. and Mrs. Oliver St. Martin of this city, and Robert F. Stuyck, son of Mrs. George Stuyck of Corona, New York, and the late Mr. Stuyck. Bouquets of mixed flowers adorned the altar before which the double ring service was read by Rev. Walter E. Hannemann in the presence of 100 guests.

Mrs. Max Jensen presided at the organ, playing the nuptial prelude as the guests were seated, and with Miss Elaine Bessler, sang a duet "O Perfect Love." As the couple knelt at the altar Miss Bessler sang "The Lord's Prayer" and at the close of the ceremony Iris St. Martin sang "Bless This House".

As Lohengrin's Wedding March was played, the bride was escorted to the altar by her father, who gave her in marriage. Her gown of white satin was designed with yoke of fine illusion finished at the neckline with a strand of pearls and edged with pleated illusion net and scalloped lace. The bodice, sleeves, and front of skirt were of lace in coupled rosette pattern ending in scallops at each side of the skirt. Her veil, an English import of pure silk illusion with embroidered scallops of silk thread, was held in place by a Juliet headpiece of silk illusion and fine lace edged with two rows of baby pearls and dainty box pleats. The back of the headpiece was beautifully finished with squares of traditional orange blossoms. She carried a colonial bouquet of America Beauty roses and white ribbon streamers.

Darlene St. Martin attended her sister as maid of honor in a gown of American rose with velvet bodice and bolero styled with Queen Elizabeth collar. The ballerina length skirt was of taffeta with net overskirt. Iris Mae St. Martin, bridesmaid, wore a gown identical to that of the maid of honor, and Vida St. Martin, junior attendant, was gowned in a wheat gold formal designed in the same style. Each wore brocaded shoes in colors to match their gowns, pearl-trimmed velvet headpiece, and carried colonial bouquets of American Beauty roses and tea roses. Margaret Mary Wurst, flower girl, wore a frosted blue ballerina length dress in a style similar to those of the other attendants.

James H. Lee of Fosston, friend of the couple, was best man, and the groomsmen were August Kiesow of Goodridge and Donald Koop of Thief River Falls. Dennis Kiesow of Goodridge served as ring bearer.

Mrs. St. Martin attended the wedding of her daughter in a purple crepe dress with white and black accessories and a corsage of yellow tea roses and carnations.

The pre-rehearsal dinner was given at the home of the bride's parents for the bridal party and Rev. Hannemann. Following the ceremony a reception was held in the church parlors for 100 guests. Waitresses were Shirley St. Martin of Duluth, Mrs. Henry Kiesow of Goodridge, and Florence St. Martin. Rose Ella St. Martin had charge of the guest book and Mrs. Robert Wurst poured.

After January 27, the couple will be at home at 1040 North Lincoln, Chicago. The bride is a nurse at the Presbyterian hospital in Chicago and Mr. Stuyck is serving as aviation mechanic with the U. S. Navy.

$201,000 Invested in Savings Bonds in County in 1953

Residents of Pennington County Buy 68.4 Pct. of Their Assigned Quota

Sales of Series E and H bonds (sold only to individuals) amounted to $201,010 in Pennington county during the year 1953, it was announced at savings bond sales headquarters in Minneapolis. This compares with a total of $177,384 for the previous year. This figure was 68.4 per cent of the $294,000 quota assigned to the county.

For Marshall county, sales aggregated $297,125, or 82.2 per cent of its quota; Red Lake, $71,817, or 85.5 per cent; Polk, $895,415, or 92 per cent; and Roseau, $115,263, or 78.4 per cent. Thirty-one Minnesota counties exceeded their 1953 sales goals.

December sales in Minnesota were $6,733,800, compared with $5,190,710 the previous year or a gain of 22.9 per cent. Sales for the year were $78,161,343 compared with $61,368,055 for 1952, a gain of 21.5 per cent. The annual figures include Minnesota's share of sales to civilian employees of the federal government and members of the armed forces. In 1953 this share came to $3,831,000 as against $3,104,000 in 1952.

Eagles to Observe 13th Anniversary

Banquet and Initiation Slated for February 9

In commemoration of the thirteenth anniversary of the reorganization of the local Order of Eagles lodge, the local aerie will hold a banquet at 6:30 on February 9th, the date of institution in 1941. The dinner will be served free to the new members and their ladies. Following the dinner the regular meeting and initiation of new members will take place.

Harvey Helle, Eagles secretary, announces that the regular date of initiation which would be on Tuesday, January 26th has been postponed until February 9th. The regular meeting will be held, however.

The Fraternal Order of Eagles was first instituted in Thief River Falls in February, 1905, and that charter lists many of the early residents of the city. The local aerie was dormant for a number of years until it was reorganized and now enjoys a membershipship of nearly one thousand.

The Aerie entertainment committee is arranging for a dance band for a dance to be held after the February 9th meeting.

1954 Oldsmobile Makes Bow Today

New Models Displayed by Northern Chevrolet Co.

Presenting advanced styling and mechanical changes, Oldsmobile's 1954 models go on display today, Wednesday, at Oldsmobile dealerships throughout the country, including the Northern Chevrolet Co. of Thief River Falls.

"The new Oldsmobiles set a styling trend for low smart lines coupled with interior luxury and engineering improvements," accordin gto J. F. Wolfram, general manager of Oldsmobile Division and vice president of General Motors.

The new models, "88", Super "88" and "98", are three inches lower than their predecessors without sacrificing ground clearance. They feature such sweeping changes as an all new body by Fisher, a new wide, wrap-around, panoramic windshield, new sweep-cut fender and door design and many other styling innovations.

The new "Rocket" engine is bigger — up in horsepower from 165 to 185 in the Super "88" and "98" models, 170 in the "88" models) and up in compression ratio from 8 to 1 to 8.25 to 1.

Many of the new styling features were inspired by the General Motors experimental cars, particularly the Oldsmobile Starfire.

County Man Fined on Liquor Charge

Napoleon Bruneau of rural Goodridge was brought by Sheriff Arthur Rambeck into municipal court Saturday on a charge of having furnished liquor to a minor at a dance in Goodridge last October. He was fined $50 and costs, $25 of the fine being suspended. The delay in bringing Bruneau into court was due to the fact that he had been employed in Minneapolis the past few months.

Over $200 Damage in Car Collisions

Hit-run Driver, Age 16, Is Let off with Warning

Several automobiles were involved in collision on streets in the city during the past week; total damage being estimated by police at in excess of $200.

While waiting in a line of cars for the stop light to change on Main av. at Third st., the Vern Thompson car was hit from the rear by one driven by Ted Larson, Rt. 5, city. Damage to the Larson car was estimated by police at $75, with none to the Thompson car.

Proceeding on Third st. near Horace av. Saturday, a car driven by Robert Stuyck, U. S. Navy, collided with a parked car owned by E. R. Larson. The Larson car sustained an estimated $100 damage, with $40 to the other.

When a car driven by Mrs. C. M. Lindsey was turning into the driveway at her home last Wednesday night, it was struck by another car which drove away. The license number was obtained, by which means it was learned that the driver was Melvin Waldal, 16, of Plummer. He was let off by police with a warning.

Pennington Gets $29,300 Federal Aid Road Funds

Pennington county today was notified by State Highway Commissioner M. J. Hoffmann that it was being given $29,300 as its share of new federal aid secondary road funds which the county can use for road improvements on a matching basis.

Hoffmann, after providing $67,620 of the total available funds of $1,508,055 for highway planning survey expenses, has made available the remaining $4,440,000 to the counties now so that they can plan the coming season's construction work.

Marshall county was allotted $79,000 and Red Lake, $24,000.

Allocation of FAS funds among the counties is made in accordance with the same federal formula which determines distribution among the states. The percentage each county receives is based upon three equal factors: the ratio which each county's land area, rural population and mileage of rural delivery and star mail routes bear to the corresponding totals of the state.

Thieves Six in Tie with Grand Forks Sextet

Redwings Meet Locals in Return Game in Arena Here Saturday Evening

The senior hockey Thieves gained their first point in the Northwest Hockey league standings on Wednesday night when, in a game played at Grand Forks, they played the Redwings to a 2-all draw.

The local sextet will have a busy week-end, meeting the Grand Forks club here on Saturday night, and traveling to Crookston for a game against the Pirates on Sunday afternoon.

In Wednesday night's game at Grand Forks, the Thieves held the upper hand throughout most of the contest, having a 1 to 0 lead at the end of the first period, and a 2 to 1 advantage at the end of the second period. Church Russell notched the first tally when, in the opening period, he beat goalie Bun Nicholson with a blast from twelve feet out, with Laurie Mitchell setting up the play.

The locals moved ahead by a 2 to 0 score in the opening minutes of the second period when Paul Bedard, recovering a rebound off Mitchell's try, beat Nicholson from close in.

Prince Johnson rapped in both of the Redwings goals, with Buzz Johnson assisting on the first Grand Forks goal at 9:32 of the second period, and center Odie Lowe making the play for Prince's game-tieing goal at 11:29 of the third period. The Redwings tallied their final goal when the Thieves were shorthanded, having Bruce Hall in the penalty box for a tripping infraction.

Incidentally, the locals played the game without the services of Swede Lund, who had a heavy cold, and midway in the second period the Thieves lost defenseman Rob Amundson, with the local blue-liner receiving a back injury.

The summary:

Thief River Falls (2)
Goal—McGill. Defense—Junia, Amundson, Hall. Wings—Bedard, Mitchell, D. Lund, Efteland, Oveson. Centers—Russell, Brosvik.

Roseau	3	3	0	6
Crookston	2	3	0	4
Thief River Falls	0	4	1	1

Results of the week's games:
T. R. Falls, 2, at Grand Forks, 2.
Crookston, 5, at Roseau, 3.

This week's schedule:
Jan. 20th—
Grand Forks at Crookston
Roseau at Warroad
Jan. 23rd—
Grand Forks at Thief River Falls
Jan. 24th—
Thief River Falls at Crookston
Warroad at Grand Forks

Northwest Hockey league fans had a meager schedule this past week, with a pair of postponements being called. The Warroad Lakers, the league leaders, were forced to postpone their games with Roseau and Thief River Falls. The Laker imports—Harry Barefoot, Frank Eisenzoph, Mike Pearson, and Willie Toninato—are members of the Fort Frances Canadians team, and they were committed to play with Fort Frances against the Fort William Beavers in a Thunder Bay senior hockey two-game series.

In the two games that were played, the Thief River Falls Thieves picked up their first league point, tying the Grand Forks Redwings, 2 to 2, in a game played at Grand Forks. The Crookston Pirates, who have proved to be the league's "surprise" team, defeated the Roseau Cloverleafs, 5 to 3, at Roseau on Saturday night.

The game to be played at Thief River Falls on Saturday night between the Thieves and the Grand Forks Redwings, has been designated as a polio benefit game.

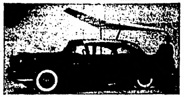
Oldsmobile's Restyled "88"



Trim lines of this 1954 Oldsmobile "88" two-door sedan accentuate the lowest car this GM division has ever produced in the most sweeping model change in its history. Standing only 60.5 inches in road height, the "88" two-door sedan still maintains adequate road clearance through a completely new chassis design. From the restyled front end, with new grille and bumper, bullet-shaped parking lights and attractive world emblem, to the low contour rear deck and high fender crowns, the Oldsmobile "88" epitomizes ultra-modern styling at an economical price. The panoramic windshield, cowl-wide ventilator and 122-inch chassis represent new advances in this price class. Power is provided by a 170-h.p. version of the "Rocket" engine.

Benefit Hockey Game Planned at Crookston Jan. 24

The league hockey game to be played in Crookston next Sunday afternoon, January 24, at 2:15 between the Crookston Pirates and the Thief River Falls Thieves will be a benefit game for the Crookston hockey club, sponsored by the Eagles aerie of that city.

Prizes will be awarded at the game, it was announced, and a preliminary event will be a broom ball game between members of the Eagles aeries of the two cities.

Tickets for Sunday's game are available from Thief River Falls Eagles.

Nash and Hudson Firms to Merge

Consolidation of Nash-Kelvinator Corp. and Hudson Motor Car Co. was approved Thursday by directors of the two companies subject to stockholder approval. Stockholder meetings will be held in March.

The resulting corporation will be known as American Motors Corp.

Under the plan Nash, Hudson and Kelvinator will operate as separate divisions of American Motors. The dealer and sales organizations will retain their separate identities.

The one sure way to keep in trouble is to run from it.

Council Makes Appointments to City Posts

municipal airport commission.

Communications were presented from the Thief River Rifle club and the local unit of the Civil Air Patrol, which maintain their headquarters in the room on the second floor of the arena, objecting to a proposal to remodel the second floor room to provide additional enclosed seating accommodations for hockey fans.

Alderman Bell said that, in the event the remodeling is carried out, the room could still be used by the present tenants, and he pointed out that in Crookston the rifle club uses the armory facilities. The matter was referred to the council building committee for further study.

Clarence Kludt, Crookston attorney, appeared in behalf of one of the property owners affected by the proposed storm sewer project in District 3 on the west side. He questioned the regularity of the council's action in December in voting to proceed with the work more than two years after the first hearing had been conducted, and he expressed the view that another hearing on the matter should be arranged. No action was taken at the session.

Scheduled for February 16 were hearings on seven petitions for bituminous treatment of city streets, and hearings on assessments for curb and gutter on Merriam and Kneale avs. and for the sanitary sewer on Kendall av. from Michael to Greenwood sts.

Approved by the council was the 1954 budget for the operation of the Carnegie public library, and a salary schedule for employes.

Workman's compensation insurance policies covering city employes were renewed thru the Robert J. Lund agency.

Many Advantages of Membership in New Blood Bank

(Continued from page 1)

un-replaced blood which is the universal practice in hospitals. It is an insurance program that would cost the member only a $1 membership fee and the giving of blood about once a year.

To make this program possible it is necessary to have about 750 members in the blood bank association. The program, as far as the association is concerned, cannot be started until there are at least 500 members. This goal must be reached by March 1st.

It should be remembered, Peterson stated, that membership in the Northern Blood Bank association entitles the member and his proper dependents to all the benefits regardless of the hospital in which the member or dependent may be hospitalized. This is possible through the association of Northwestern Hospital with the Minneapolis War Memorial Blood Bank. A member who needs blood at the University Hospital, or any Twin City Hospital, or any hospital in the United States, for that matter, would be taken care of through the Northern Blood Bank association.

Northern Blood Bank Association urges you to join its ranks in this community. Call any of the directors of the association in order to get a membership application blank — or call Northwestern Hospital and one will be sent at once.

Specialists Looks Into Farm Future

Says Rise in Population May Not Bring Prosperity

A population increase to about 200 million is possible by 1975, W. L. Cavert, a St. Paul credit specialist said today at the University of Minnesota. But the increase probably will not guarantee prosperity for 1975's farmers.

Cavert, director of research for the Farm Credit Administration's Seventh District, St. Paul, spoke before a Farm and Home Week audience Thursday on the University's St. Paul campus.

He said farming probably will become more specialized in the next 20 years. The large amounts of high-priced specialized equipment necessary for profitable farming and ranching have put a premium on specialization in crops and livestock, he pointed out.

Perhaps the biggest change is the added knowledge and skill today's farm manager needs, Cavert said. Each year, research from land-grant colleges and industry helps increase the fund of knowledge a farmer needs to know to operate profitably.

Such know-how is becoming even more important than the starting capital to buy a farm. Nowadays, with technical skill and ability to analyze farm business problems, a young farmer can often more profitably rent a good farm and get a good start, rather than buying one outright, Cavert said.

Mordy Morrison Herd Averages 428.9 lb. B'fat

Mordy Morrison's herd of registered Holsteins averaged 428.9 lbs. of butterfat last year, according to the annual report of Lawrence Myers, Dairy Herd Improvement Association supervisor. The best producing cow in this Star township herd came through with a total of 540 lb. in 288 days of milking. The cash return over feed costs averaged $191.85 per cow.

The Morrisons are milking 12 cows at the present time and the top five cows in the production record are the product of his own herd. Most of them have a background of Roseau association breeding.

Shelterbelts

Now is a good time to measure the effectiveness of your farmstead shelterbelt. Winter furnishes the acid test.

If the shelterbelt lacks density near the ground, has too few trees, or is not properly located with respect to buildings, winter's storms soon will confirm it with drifts in your barnyard and drafty farm buildings—and probably higher home heating bills.

If you find your shelterbelt inadequate, why not come in to the Extension Office, and order necessary trees and shrubs for spring planting.

Often necessary tree planting is postponed another year if plans are delayed until spring activities overtake us.

Marvin E. Smith, extension forester with the University of Minnesota, recommends that farmers learn about tree types commonly used in shelterbelt planting. Good sources of this information are Extension Bulletin 196, "Planting the Farmstead Shelterbelt," and 207 "Woody Plants for Minnesota." These bulletins are free at the Extension Office. Come in and get one if you are interested.

Farm Business Records

Now, with income tax preparing upon us, you're probably realizing the value of well kept farm business records. I believe everyone will agree that good records make it easier to beat the cost-price squeeze because you can see which enterprize you need to improve.

S. B. Cleland, extension farm management specialist at the University of Minnesota, points out that neatly kept and well filed recipts and other expense notes save you a lot of time and frustration.

For example, if you have a receipt or record of a $15 deductible expense that saves you $3 or $4 in taxes. Each dollar of deductible expenses you do not list in your income tax report costs you about 20 cents in taxes.

If you are not already getting the advantages of the Minnesota Farm Account Book, stop in or call the county Extension office for a copy.

You'll find that wisely kept farm accounts are one of the most useful operations in successful farming.

They help you spot high-expense parts of your farm management operations and look them over for ways of making them more efficient—and less expensive.

Mr. Cleland will be in Pennington county February 17, in the City Auditorium at 1:30 p. m. I would like to extend an invitation to all you folks who are interested in better farm accounts to attend this meeting.

Canada Releases Selkirk Wheat

Canadian agronomists recently released "Selkirk," a new hard red spring wheat that shows good resistance to Race 15-B of stem rust. According to W. M. Meyers, head of the University's agronomy department, Canada will allot 1,500 bushels of registered seed to Minnesota seed growers and our agricultural experiment station will distribute 1,000 pounds of seed to registered growers. Selkirk was "c.T. 186" until it got a name recently. Meyers said only legitimate planting stock of Selkirk is controlled by the Canadian government and agricultural experiment stations in Minnesota and the Dakotas. So don't be misled by offers of Selkirk by salesmen or firms outside regular distribution channels. The seed from these 1500 bushels will be available in fair supply in 1955. Pennington county certified seed growers will get only a few bushels of Selkirk wheat for 1954 plantings.

Milk House Construction

Don Bates, extension engineer the University of Minnesota, will talk to interested farmers about construction of milk houses and or construction of other farm buildings. The meeting will be held in the City Auditorium, January 28, at 1:30 in the afternoon.

Buick Offers Complete New Line for '54

An outstanding beauty among the completely new line of cars which Buick offers for 1954 is the two-door Super Riviera pictured above. With a rakish sports car styling modelled after Buick's famed Skylark, the Riviera features a new panoramic windshield, a cut-down door belt line, full rear-wheel cut-out and a refined sweepspear molding. It has a completely new front end, all new styling, new instrument panel, new rear fender and deck lid treatment, and new interiors. It is mounted on a 127-inch wheelbase and is powered by a 182-horsepower V-8 engine when equipped with Twin-Turbine Dynaflow. Wire wheels are offered as optional equipment.

4-H CLUB NEWS

Mavie 4-H Club

In spite of the stormy weather January 8, the Mavie 4-H club had a good attendance at the A. W. Oski home. Even Marge Olsen braved the weather to bring out helps to those enrolled in food preparation as well as many dairy food ideas for demonstrations. She also presented Shirley Oski with a sifter and pastry blender, set given by the Foley Company, for her oral baking demonstration at the county fair.

Barbara Hamre showed how to shape cloverleaf rolls and Marie Breznay demonstrated the eight-step method of shaping a loaf as well as "pigs in a blanket."

The club decided to give $5.00 to the polio fund.

The program consisted of riddles, games, songs, and story games, prepared by the Hamre family.

Lunch was served by Mrs. A. W. Oski. The next meeting will be given at the Melvin Hamre home. A lesson on home craft will be given.—Marie Breznay, reporter.

Smiley 4-H Club

The Smiley 4-H'ers met at the Hall for their meeting on January 13. All members over fourteen years of age were urged to work harder on their speeches.

The junior leaders were appointed to take care of the Valentine festivities for the next meeting.

The program centered around bread and food preparation with Phyllis Beiswenger showing how to make graham cracker pie crust. Corrine Torkelson read a poem and Patty Torkelson gave a project talk on "Baking Failures." Carol Rude showed how to make fancy rolls in her demonstration. Shirley and Phyllis Beiswenger sang a duet. LaVonne Diehl demonstrated how to shape a loaf. Following was a song "Stop, Look, and Listen" by Faye and Ivette Torkelson.

The program concluded with a project talk by Betty Rude, showing how to judge bread. Recreation was headed by Marlys Mastrum, Betty and Carol Rude. Lunch was served by Mrs. Adam Lendobeja and Mrs. Bruno Beiswenger.—Betty Rude, reporter.

South St. Paul Livestock Market Report—Monday

STEERS & HEIFERS: A narrow range of $23.00-24.00 took bulk of the Choice slaughter steers and yearlings. There was a string consisting of 100 head 1,200 lb. steers from a nearby commercial feedlot at $24.00. Average to high-Choice 1,253 lb. steers made $25.00 and a short load of Prime 1,152 lb. offerings hold at $26.50. A two-load-shipment of Choice to Prime 1,017 Angus heifers brought $24.00 and there were Choice 950 lb. heifers at $23.00. Bulk of the Choice heifers sold at $21.00-22.00, including a five-car-shipment of 950 lb. weights from a nearby commercial feedlot at $22.00. Good steers and yearlings cleared at $19.00-22.50, a few loads of Good and Choice mediumweight steers also at $22.50. Good heifers were taken at $18.50-20.50, while Commercial steers and heifers sold at $15.00-18.00. There was a scant showing of Utility steers and heifers at $12.00-14.00.

COWS: In the cow class bulk of the Utility and Commercial grade moved at $12.00-14.00. There were strongweight Cutters and low-grade Utility mixed at $11.50, while most Canners and Cutters cleared at $9.50-11.00. Light Canners were noted at $8.50 to $9.00.

BULLS: Sales of Cutter and Utility bulls were generally at $13.50-15.50. Commercial and Good grades going at $13.50-14.50. Canner bulls moved at $10.00-12.50.

VEALERS AND CALVES: The popular price on Prime vealers was $28.00, but there were a few head at $29.00. Good and Choice grades bulked at $21.00-27.00. Utility and Commercial $12.00-20.00 and Culls $8.00-11.00.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Poor Land Use Sinful

"Worn out soil won't support a strong agriculture that gives bountiful crops and helps us build a church and keep it strong as a place of worship." This unusual statement came recently from a southeastern Minnesota Lutheran pastor, Oscar E. Engerbretson, minister of the southeastern Minnesota Lutheran Church of Spring Grove. Rev. Engerbretson said it's a clergyman's duty to call attention to the sin of inefficient and unwise land use.

Trees Make Wind Walk

It's an all too frequent thing to see in winter—those dense black clouds of dust rolling across the landscape. Says Marvin Smith, extension forester at the U. of M. "Unless snowfall is above average, bare-plowed fields are soon blown clear of snow and winter winds begin to steal your best soil—the topsoil." Although we can't stop wind from blowing, Smith says, we can tame it so it won't do nearly as much harm. Down in the Great Plains, a tree-checkered countryside makes the wind "walk" instead of run. And if wind walks, it cannot get up enough force to tear away precious topsoil. Ask your county agent about shelterbelts. He can help you find ways to make wind "walk."

Save Soil For Future

Saving the soil for our great-great-grandchildren is our duty as patriotic American citizens, says E. F. Ferrin, head of the University's animal husbandry department. Highly productive land that gives us good food and shelter is one of the greatest defenses against Communism. A good way to avoid bankrupting your soil is livestock farming, Ferrin says. Progressive farmers know that management programs that incorporate livestock are a big step along the road to preserving soil fertility.

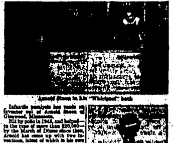
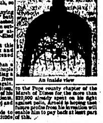
Minnesota Man is Inventor of Home Polio Treatment



Arnold Stoen in his "Whirlpool" bath



An inside view

Infantile paralysis has made an inventor out of Arnold Stoen of Glenwood, Minnesota.

Hit by polio in 1948, and helped—to the tune of more than $20,000—by the March of Dimes since then, Arnold has come up with two inventions, latest of which is his own version of the "whirlpool" bath, so important in polio therapy.

As shown in the accompanying pictures, Arnold's "whirlpool" bath is simple: an electric motor attached to the shaft and propeller of an outboard motor, and the motor attached to the edge of a water-filled stock tank from his farm.

Now Arnold is able to get this special treatment to relax and strengthen his polio-weakened muscles at home, every day.

His first invention, more than a year ago, was a patient lift so simple to operate that anyone, including a youngster, can lift a patient from bed to wheel chair, and back again.

Helped by his uncle, Martin Stoen, Arnold has made and sold five of his patient lifts to other polio patients. Now the lift has been marketed and is ready for distribution.

The March of Dimes stands to benefit, too. To show his gratitude to the Pope county chapter of the March of Dimes for the more than $20,000 already spent on his fight against polio, Arnold is hoping that future profits from his invention will enable him to pay back at least part of this.

4 Traffic Deaths in County in 1953

State Total Reported at 636; 539 in 1952

Pennington county contributed four deaths to the 1953 toll of 636 traffic fatalities reported to the Minnesota highway department.

Only two counties, Kittson and Swift, were able to go through the entire year without a single fatal traffic accident. In 1952, by comparison, when there were 539 deaths, there were six death-free counties.

Increases in deaths are shown in 48 counties, decreases in 28, while 11 counties duplicated their 1952 records.

Counties showing the greatest increases in 1953 over 1952, and the number of additional traffic deaths, were: Anoka, 13; Beltrami, 6; Goodhue, 6; Hennepin, 10; McLeod, 9; Morrison, 9; Mower, 6; Ramsey, 10; St. Louis, 16; Sterns, 11 and Wright, 9. These increased deaths total 105, or eight more than the entire state's increased toll of 97 deaths in 1953 over 1952.

Substantial decreases were affected in the following counties: Carlton, 5; Freeborn, 5; Martin, 7; Otter Tail, 5; Rice, 8; Swift, 5 and Washington, 5.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q: Somehow I failed to receive a premium return envelope from the VA for my GI insurance. Does that mean I can skip this month's premium payment?

A. It does not. You should pay the premium anyhow, otherwise you'll run the risk of allowing your policy to lapse. Be sure to include a letter giving your insurance number, service serial number and full name and address, so that VA can identify your policy.

Q: I am a woman veteran, and I'm eligible for training under the Korean GI Bill. May I count my husband as a dependent, for purposes of the monthly GI allowance, even though he's supporting me?

A: The husband of a woman veteran-trainee may be classed as a dependent, for GI allowance purposes, only if he is in fact dependent upon her.

Q: I am a Korean veteran, and I'm still under 21 years of age. Would it be possible for me to get a GI business loan if I meet all the qualifications of the law, even though I'm under age?

A: Yes, it would be possible, provided the loan is valid under your State's laws governing such transactions by minors.

Q: I'm a Korean veteran with a service-connected disability. Would that automatically entitle me to vocational rehabilitation training under Public Law 16?

A: Not necessarily. One of the eligibility requirements of the law is that you must need vocational rehabilitation training in order to overcome the handicap of your service-connected disability.

Marshall Co. Gets New Home Agent

Marshall county's new home agent, Janice Kyseth, is a native of Valley City, North Dakota, and a graduate of North Dakota Agricultural college.

Before coming to Marshall county on December 1, Miss Kyseth served for several months as assistant home agent in Clay county. After graduating from college in 1952 with a bachelor of science degree in home economics, she taught home economics and girls' physical education for a year in the Velva, North Dakota, high school.

Miss Kyseth has been active in girl scout and YWCA work.

The home agent's headquarters are in the county extension office in Warren.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

It's a New Experience

David was going to have his tonsils out in a few days. David's mother, knowing from experience how her five-year-old reacted to new things, tried by a game approach to give him some information and facts concerning the trip to the hospital and some of the new events which would happen there.

"Here's a picture of a nurse, Dave," she said one night just before bedtime. "Probably the nurse in your hospital will wear a uniform just about like this. Shall we pretend I'm the nurse tonight, and I'll put you to bed just the way she will when you go to the hospital?" David thought this was fine.

At other times his mother told him about the trip to the operating room, explained about how the anesthetic would put him to sleep, and discussed with him how good ice cream would taste on his sore throat after the operation was over and he felt a little better.

Children vary; not all five-year-olds would respond equally well to a game technique of preparation. But all five-year-olds need some advance preparation for a new experience of this sort. Of course, emergency situations require emergency treatment, but when the hospital visit can be planned in advance, preparation for it can be included in the planning.

Knowing something about hospitals may help. Reminding the child of past experiences which might have something in common with the coming new experiences may help him put together his information. For example, routine visits to the doctor's office have probably given him some chances to observe at least similar sorts of equipment.

Listen to the questions the child asks; what does he want to find out? He may say "Will it hurt?" and you can explain a little about the use of an anesthetic so it doesn't hurt. He may wonder how he will feel when he wakes up, and again, a truthful but brief explanation that his throat will be sore for a while will probably take care of his concern on this point.

He needs facts and information, but they need to be selected to fit his ability to comprehend. A simple answer that "makes sense" is much better than a full explanation which goes beyond both his interest and his grasp.

Lincoln Hockey Team Makes It 7 in a Row

During last week's play, coach Dennis Rolle's hockey Prowlers marked up their fifth, sixth, and seventh victories. On Wednesday night, in an important regional conference game played here, the Prowlers recorded a 4 to 1 win over Oscar Almquist's Roseau Rams; on Friday night, playing on an outdoor rink at Williams in 28-below zero weather, the locals scored a decisive 8 to 0 triumph; and on Saturday night, in an exhibition game against Duluth East high school club, the Prowlers racked up a 8 to 1 victory. The Duluth sextet is coached by Glen Rolle, a brother of the Prowlers' hockey tutor, Dennis Rolle.

The Prowlers will have three games on the schedule this week. On Thursday, Jan. 21st, the locals will play Crookston Cathedral at Crookston; on Saturday, Jan. 23rd, the Prowlers make the long trip to Baudette for a return game against Baudette; and on Jan. 26th, Tuesday, coach Jimmy Doyle will bring his Warroad Warriors for an important regional tussle.

Playing a fine all-round game, and with Sid Vraa and Darryl Durgin each getting a pair of goals, the Prowlers defeated a highly-regarded Roseau Ram team, 4 to 1, here on Wednesday night. By their victory over Roseau, the Prowlers moved into the number one position in the conference standings.

The locals added another conference triumph on Friday night when they defeated the Williams team, 8 to 0, at Williams. Lyle Guttu and Joey Poole gave the locals a 2 to 0 first period lead, and that lead was increased to 4 to 0 at the end of the second period, with Guttu and Marv Jorde getting the second period goals. Coach Rolle's fast moving club broke loose for four goals in the third period. Jack Quesnell scored a pair, and Bob Helgeland and Sid Vraa added single goals.

In an exhibition game played here on Saturday night, the Prowlers proved to be too powerful for a young Duluth East high school team, winning by an 8 to 1 score. The Duluth club had six boys—goalie Chuck Trepanier, defensemen Russ Ingersoll and Don Bergman, and wings Bob Abrahamson, Jerry and Bob Fryberger—who were members of the Duluth Glen Avon PeeWee team that won the national Peewee hockey title several years ago.

With the Prowler regulars on the ice, the locals gained a 4 to 0 first period lead. Sid Vraa pumped a back-hand shot into the north goal at 5:37 to open the scoring; Joey Poole, getting a pass from Darryl Durgin, beat Trepanier with a hard drive at 7:30. Jorde and Guttu banged in rebounds at 9:50 and 11:13.

Duane Glass, on a solo rush, scored the Prowlers fifth goal, tallying at 0:40 of the second period. Duluth East averted a shutout when, at 1:56 mark, Abrahamson was credited with a goal when Jack Poole, in an attempt to clear the puck, deflected the disc past goalie Jack Hoppe.

Guttu, Jorde, and Joey Poole added goals in the final period to boost the Prowlers score to 8 to 1.

LOOKING AT THE THIEVES

DERWOOD LUND

A familiar figure in a Thieves' athletic uniform is Derwood Swede Lund. Swede, who is playing at right wing on the line that is being centered by Bud Brossoit. Lund is a "native son," having started his career in athletics at the Northrop grade school. Lund, after a starry high school career, graduated in 1948, being captain of the Prowler football and hockey teams in his senior year.

Following his graduation Swede enrolled at North Dakota University, where he became a three-letterman in hockey. During the 1952 and '53 seasons, Lund was a valued, but underrated, member of the famed Ben Cherski and Ken Johannson line, playing at left wing.

Lund, who is married to the former Phyllis Steen and the proud father of a son Mark and a daughter Nancy, graduated from the University last year, with a Phy. Ed. major. This year he joined the local high school faculty, assisting in coaching football and hockey.

The 22-year old Lund packs a lot of hustling hockey in his five-foot, eight-inch frame, and makes ample use of his 160 pounds of weight.

Over 300 Million Fish Stocked in State Lakes in '53

About 316,000,000 fish were stocked in Minnesota's lakes in 1953, according to Hjalmar O. Swenson, supervisor of the bureau of fisheries, Minnesota division of game and fish.

Of this total the amount produced by state hatcheries numbered over 314,000,000 fingerlings, yearlings and fry, weighing 143,309 pounds. Species included walleyed pike, trout, lake trout, northern pike, largemouth and smallmouth bass, sunfish and crappies.

Fingerlings and yearlings received from the U. S. Fish and Wildlife Service numbered 1,387,260, weighing 3,895 pounds, and included walleyed pike, trout, northern pike, largemouth bass, smallmouth bass, and sunfish.

Yearling trout stocked this year, Mr. Swenson pointed out, were of an average larger size than in any previous year. "This was due to improved rearing techniques and diets," Mr. Swenson said.

Some of the walleyed pike rearing ponds did not produce well that year, Mr. Swenson indicated, but improvements have been made to some, and improved management techniques will be applied next year as a result of studies made this last season.

With all this television watching these days, we may have a serious outbreak of what the doctors call "torticollis, due to nuchal contortions," or in plain words . . . a stiff neck.

Keeping Score with "Huck" Olson

Polio Benefits.

The Prowlers vs. Warren Ponies basketball game slated for the high school gymnasium on Friday night, and the Grand Forks Redwings vs. Thieves Northwest Hockey league game here on Saturday night, are traditional games and attract near-capacity crowds. This year the games had been made somewhat more worthy of attendance, for the polio fund is to have a share in the receipts.

Prowler Scoring Records

It's probable that big Art Johnson, the Prowlers' six-foot, five-inch center, will break Roger Williamson's basketball scoring record of 796 points. Rog, the able southpaw center on the Prowler cage teams of 1950, 51, and 52, had yearly total of 97, 273, and 426 points. Roger's aggregate of 796 points is a school record, and his mark of 426 points is a season record.

Art Johnson scored 121 points in his sophomore year, 409 points last year, and in the ten games he has played this season, the rangy center has scored 193 points, giving him a three-year aggregate of 723 points. With eight games remaining on the schedule, exclusive of tournament games, Art needs but 73 points to establish a new record.

Moving over to the other seasonal sport, hockey, we find that the school record is held by Jack Erickson. In the 1950-51 season, playing in nineteen games, Jack scored 42 goals and had 26 assists, for a 68-point yearly point total.

In the game-scoring records, we find that Al Steenerson and Jack Erickson are co-holders with six goals each. On Jan. 13th, 1951, in a game played here against the Hibbing Bluejackets, and which was won by the Prowlers, 8 to 5, Jack scored six goals and had one assist. On Dec. 15th, 1951, playing the Grand Forks Central team here, Al scored six goals and had a pair of assists as the locals won, 12 to 5. And on Jan. 17th, 1952, in a game played in the Winter Sport Building at Grand Forks, Erickson banged in six goals as Prowlers defeated Central, 7 to 3.

The single period mark, according to our records, is held by Donald Bud Brossoit. In a game played at Warroad, Monday, Feb. 4th, 1946, Bud scored five goals in the third period to lead the Prowlers to a 7 to 3 win over the Warriors.

On the negative side we will mention that the most lopsided defeat that the Prowlers have absorbed in hockey was that 16 to 2 defeat by Warroad in 1948. In that game, played at Warroad on January of 1948, Max Oshie, the smooth-skating All-state center, scored twelve of Warroad's sixteen goals. Max scored six goals in the first period, one goal in the second, and five goals in the third period. The Prowlers were handicapped considerably in that game, though, for captain Swede Lund was out of action because of illness. In the regional tournament that year, Warroad was hard-pressed to edge out the Prowlers, winning by a 5 to 4 score.

The Big Game.

Coach Dennis Dolle's hockey Prowlers, who, in the words of Eveleth's and Minnesota's Johnny Mayasich, "may be the team to beat for the state title", will play the "big" game on their schedule this week when, on Tuesday night, Jan. 26th, the Warroad Warriors invade the Arena for a "crucial" regional conference game.

Since 1945, when hockey became an "official" sport, the Prowler and Warroad hockey teams have played twenty-three games, with the Prowlers being the winners on twelve occasions and losing eleven games. Moving into this season's play, the two teams were deadlocked at eleven wins each, but the Prowlers, by a fine 5 to 3 win at Warroad, have gained a one-game edge.

Tuesday night's encounter, which should draw a record-breaking crowd, will pit the Prowlers all-round team balance against the Warriors' stand-out individuals like Roger and Billy Christian, Jack Stoskopf, and Harlan Meek.

The game should be a "thriller".

Hockey Prowlers Take Hallock 6-1

Lincoln Hockey Makers' It Eight Wins in Row

Coach Dennis Rolle's hockey Prowlers added a game to their win streak on Tuesday night when they defeated Bill Sullivan's Hallock Polar Bears, 6 to 1, in a regional conference tilt. The Prowlers now boast a victory skein of eight straight.

Darryl Durgin gave the Prowlers a 1 to 0 lead at the 12:40 mark of the first period when, on assists by Bob Helgeland and Les Sabo, he beat goalie Gerry Knutson with a shot into the upper right-hand corner of the north goal.

After Marv Jorde had increased the Prowler lead to 2 to 0 early in the second period; Mike Sabe, getting a loose puck at center ice, skated in on goalie Jack Hoppe, feinted the Prowler net-minder out of the crease, and shoved in Hallock's lone tally. Mike McMahon, on a pair of goal-getting sorties down the ice, flipped in goals at 9:17 and 14:16 to give the locals a 4 to 1 lead.

In the final stanza, the Prowlers peppered thirteen shots at the Hallock goalie, while Hoppe had but two saves in the Prowler net. Jorde, with McMahon assisting, scored at 8:05; and Joey Poole came through with a goal at 11:24, on a screen set up by Durgin.

The summary:

Prowler Quint Wins and Loses Past Week; Warren Here Friday

Coach Ralph Skjod's basketball Prowlers, after dropping a 39 to 38 decision to Dick Lawrence's Bagley Flyers at Bagley on Friday night, rebounded to roll up their season's highest score on Monday night and defeat the Red Lake Falls Eagles in a district game played at Red Lake Falls. In the preliminary game played on Friday night, the Bagley 'B' team edged out the Prowler 'B' team, 27 to 26; but on Monday, at Red Lake Falls, the local 'B' squad defeated the Eagle's 'B' team, 58 to 30.

The Prowlers play the Warren Ponies in a district game on the local court on Friday night. As an added incentive for the fans, arrangements have been made whereby a percentage of the net proceeds will be donated to the polio fund.

Except for the first quarter of Friday night's game at Bagley, when the Prowlers held a 12 to 9 lead, the Bagley Flyers outplayed and outscrapped the locals, and well deserved their 39 to 38 triumph. Bagley, having an advantage by playing on their home floor, set up a defense that held the Prowlers to but five points in the second period, outscoring the locals, 9 to 5. And during the game, the Flyers were able to hold Art Johnson to eleven points, a low for the year for the locals rangy center.

Wilfred Antell, Bagley forward gained the game's high-point honors, scoring five field goals and converting eight of twenty free throw tries for an 18-point performance. Bill Frahm, with fourteen points, paced the Prowler scorers.

Coach Skjod re-vamped the Prowler starting lineup for the game at Red Lake Falls on Monday night, with Gene Bratsch and Lee Kjos playing at the forwards, Bill Frahm at center, and Darrel Rude and Mark Bjorkman at the guards. The strategy paid off for the Prowlers, for the locals rolled up a 21 to 9 lead at the end of the first period, and held a 43 to 23 advantage at the intermission.

Bill Frahm who only saw limited service in the second half, was the game's high scorer, with the husky jumpshot artist hitting on nine field goals and adding a free throw for a 19-point total. The Eagle's Louie Demarais, with five field goals and eight free throws, earned runner-up honors with eighteen points.

Lakehead Pipeline's Extension to Sarnia, Ontario, Now in Use

The Lakehead Pipeline, which passes thru part of Pennington county and maintains pumping stations at Clearbrook and Viking is part of the longest pipeline in the world, according to a news release from the International Pipeline Company of Edmonton, Alberta. The Lakehead line is a link in the line affiliated with the Canadian firm.

The full line was placed in operation January 9 with the arrival at Sarnia, Ont., of the first western Canadian crude to make the entire 1700-mile trip exclusively by pipeline.

By completing a 645-mile stretch of 30-inch pipe from Superior, Wis. eastward the company has provided transportation facilities for continuous year-round movement of crude oil from Alberta to Ontario refineries.

The contruction of the 30-inch section of the Interprovincial system was completed in November. Construction took only about five months. Since its completion the company has been engaged in testing the line and filling it with some three million barrels of oil. The entire pipe line from Redwater field, north of Edmonton, to Sarnia now holds almost six million barrels of oil.

In addition to the new station from Superior to Sarnia, Interprovincial completed 135 miles of 24-inch loop in 1953 between Regina and the International border. The pipe line now has a capacity of 178,000 barrels per day out of Edmonton.

Although the new extension into Sarnia provided for an ultimate capacity of 300,000 barrels per day, a progressive expansion program will be required on the portion of the pipe line system west of Superior, the release said.

It was announced earlier that construction of "loops" paralelling the existing line in this area will be undertaken this year to increase the line's capacity.

More pumping stations will be needed between Superior and Sarnia before the 300,000-barrel-per day "throughout" can be reached. Such a quantity of oil being delivered into Sarnia area would require Interprovincial to take into its system at Edmonton over 400,000 barrels per day to provide for deliveries to prairie refineries as well as deliveries to Superior and Duluth refineries. The company recently announced that its 1954 construction program will consist of a portion of this overall expansion program.

The new pumping stations and line looping in 1954 will permit about 205,000 barrels per day to be pumped out of Edmonton in 1955. Further expansion beyond 1954 will be geared to production and market demand.

Traffic up 5 Pct. on Trunk Routes in State in 1953

Traffic on Minnesota trunk highways increased almost five per cent in 1953 over 1952, according to data obtained by the 27 automatic traffic recorders located at strategic points on the rural trunk system. But more revealing, perhaps, are the figures which show a 61.4 per cent increase in travel in 1953 over 1941.

The greatest number of vehicles passing any one of the automatic counters was recorded on U. S. 10, northwest of Anoka, where the year-round 24-hour daily average was 10,073, with a high of 14,754 noted in July and a low of 6,141 in January.

Heart Fund Drive Opens February 1

$60,000 Research Grant Given State University

An "all-out" attack on the problem of heart disease is being mounted at the University of Minnesota.

Armed with a $60,000 research grant from the Minnesota Heart association, the University is increasing its war on the heart problem with more trained experts and the latest in modern scientific laboratory and study techniques.

Their hope is to cut heavily into the toll of this dread disease which brought death to 14,451 Minnesotans in 1952, and partially or totally disabled another 150,000.

Commenting on the $60,000 grant, Harold S. Diehl, dean of the University of Minnesota medical school, said:

"This substantial support from Minnesota Heart association is invaluable in the conduct of our extensive research activities in the field of cardiology. It is a splendid, unselfish service that the Minnesota Heart Association is rendering in the attack upon this Number 1 killer in our country."

The 1954 Heart Fund campaign, conducted by the Minnesota Heart association under sponsorship of the Minnesota Association of Life Underwriters, will be conducted February 1 to 28, according to Eugene L. Reichel, state chairman. Some $210,000 will be sought in the drive which will be highlighted by Heart Sunday on February 14, Valentine's Day.

Merit Plan for Highway Patrol Promotions Set

In conformity with a policy recently agreed upon by Governor C. Elmer Anderson and State Highway Commissioner M. J. Hoffman, proomtional examinations will be given late in Februray or early in March to establish eligible lists from which all future promotions within the state highway patrol will be made to the positions of inspector, captain and sergeant.

Commissioner Hoffmann announced that the state civil service department has agreed to coperate by setting up the examination procedure, although the program will be administered by the commissioner of highways inasmuch as the highway patrol functions under a separate tenure act, outside the scope of the state civil service act which covers most employees of state government.

Factors which will govern in establishing relative individual ratings for anw future supervisory vacancies will include: grades attained in written examinations and oral interviews, rating of experience and training for the particular position in question, seniority, and evaluation of service by the officers' supervisors.

Outdoor Mishaps in State in 1953 Cause 174 Deaths

28 Lose Lives in Gun Accidents and 146 by Drowning During Year

Sudden death by firearms and drowning accidents came to 174 people in Minnesota during 1953 and injury to 104 in gun accidents, making a total of 278 water and gun accidents for the year, Carl W. Moen, director of the bureau of information of the state department of conservation, reported today.

The 132 firearms accidents is compared with 167 in 1952. There were 28 deaths in 1953 and 38 in 1952. There were 108 deaths by drowning in 1952 and the number increased to 146 in 1953.

More drownings occurred in 8 months of 1953 than during 1952 but July was the high record in 1952 when there were 44 deaths compared with 30 in 1953.

The number of youths under 20 involved in both firearms and drowning accidents continues a trend of the last few years and indicates the need of increased watchfulness over small child-play and careful training of older youth.

The toll of 28 deaths and 104 injuries in firearms accidents is a little over average for the last seven years, which includes a high of 172 in 1949 and a low of 92 in 1947.

There were 9 deaths and 11 injuries in deer hunting; 3 deaths and 14 injuries in duck hunting; 3 deaths and 9 injuries in grouse hunting and no deaths and 19 injuries in pheasant hunting. Rabbit, squirrel, bird and other miscellaneous accidents caused 13 deaths and 51 injuries. Most of the miscellaneous accidents were .22 guns in the hands of youths.

The common causes of gun accidents were repeated again this year, climbing through a fence or up a tree; falls of hunters and guns; loading and unloading; taking or putting a gun into a boat or vehicle; and shooting at a movement or noise without identification of the target.

Only one motor road crosses the 180th meridian of longitude, the International Date Line. It lies on Taveuni Island in the Fijis.

Synthetic fibers are now being made of limestone as well as of glass and coal.

GIVING FATS TO RUSSIA

The government has refused to approve a sale of surplus butter and cottonseed oil to Russia at less than the market price. Reports indicate that this decision was made following a top level hearing at which the conflicting views of at least two government departments were considered. The State Department is said to have objected to the transaction.

Most of us probably will agree that if we must give the surpluses away we probably should give them to our friends. Only by using them as trading stock for peace could we justify giving them to the trouble makers and such a possibility may be developed at the Berlin meeting. Maybe our surplus fats can buy concessions more valuable than a few more bars of gold to be buried at Fort Knox.

OUR ANNIVERSARY GIFT

Pennington county will build a new court house in 1954 and the encouraging thing about this prospect is the fact that Pennington county can now afford to build a new court house. Not only is the county practically out of debt but there is a tidy sum in the building fund, about $100,000, that is available as a down payment on the new building. The new structure can be built painlessly from the taxpayer's standpoint because no increase in taxes will be required.

The new court house will be a very appropriate gift to ourselves on the occasion of our anniversary celebration, and getting it painlessly, we can look upon it as one of the fruits of a commendable forebearance. The county's progress from a top-heavy burden of debt to its present debt-free status is a thrilling story of many years of good management.

PAYING FOR ROADS

Our nomination for the idea of the month most deserving of the award of the medal for least merit is the proposal that we solve our road problems by building with borrowed money. There was some justification for borrowing back in the days when we were struggling to get out of the mud but those were terrifically expensive roads when the cost of financing was added to the cost of construction.

The state of Minnesota, for instance, paid a dollar in interest for each road dollar borrowed, and while bond issues did make possible a big program in a short time, over a period of succeeding debt-paying years the program was greatly retarded. The road problem is one that we will always have with us and it is one type of public works that, except in emergencies, should be paid for as we go along.

That blast of frosty weather that moved in on us last week must have been discouraging to those who, following a couple of mild winters, had concluded our temperate zone was rapidly going tropical. According to the dull books dealing with such matters some of the smart fellows guess such a thing may happen—over a period of a few million years. Our guess is that we will not be here to prove them wrong. While we're here we'll like our winters just as they are—or at least we'll pretend we do.

THOSE SUBSIDIES

We are not sufficiently informed on the meaning of such terms as parity and rigid supports and sliding scale supports to get into an argument about them. But thinking in terms of our dairy industry, the industry that means most to all of us around here, if rigid supports means that the government will be expected to keep on paying a high price for butterfat regardless of the amount of butterfat produced then we will line up with those who say it doesn't make sense. The end of that road would find us with the government buying all of the butter and the oleo industry selling all of the spread for bread.

Some place along the line the dairy industry must step in and solve its own problems as leaders of the industry have agreed to do. And that in general is what other divisions of agriculture will have to do. Government subsidies can be justified only as emergency assistance, giving the industry time to put into effect necessary adjustments and controls.

TIME TO HOLD THE LINE

Our telephone service is going to cost more from now on, not much more in terms of individual bills but considerably more in the aggregate. Probably the increased charges can be justified. No doubt the cost of providing the service has increased substantially, all of which is understandable. But we are satisfied that regardless of how convincing the facts may be the time has come when all further attempts to increase charges should be resisted, and from now on we are going to be among the resisters.

Will the company please take note therefore that the next time an application for a rate increase is filed we are going to raise our feeble voice in opposition. We will urge that all communities in Minnesota join in a united effort to keep the charge for these services from going still higher. The vicious circle of spiraling costs and charges must be checked.

Coffee prices are at record high and that's because of a real coffee shortage according to Business Week. A severe frost in Brazil last July caused the damage that reduced not only this year's crop but probably next year's as well. One way to make the price go still higher is for all of us to buy more than we need. It's a long time since we enjoyed the folly of hoarding.

A couple of pages of this week's issue of the Times will have more than the usual amount of reader interest. We are sure the personal property tax list will be thoroughly read and generally discussed. Of all taxes this is one of the most unpopular. There is constant agitation to have it repealed. The thing that makes repeal difficult is the inability to get agreement on a tax to replace it. The 50 million dollars this tax brings in each year is an important item in financing local government and our schools. What we want is a tax that only the other fellow will have to pay.

There is new hope for the passage of the St. Lawrence Seaway project now being debated in Congress. Main cause for a change of heart among some former opponents is the fact that Canada will build it alone if we do not go along in a joint operation. If we are to have the seaway anyway, better we have a voice in its management, some are now concluding. The fact that so much of the opposition to the proposed development of the St. Lawrence comes from seacoast cities is convincing proof that such a development would actually be very beneficial to our interior regions.

President Eisenhower's proposals for amending the Taft-Hartley act appear to be unsatisfactory to the extremists in the ranks of both labor and management, and that speaks well for his suggestions. After the hotheads have enjoyed their explosions maybe it will be possible for the more reasonable people in both groups to get together. Somewhere in the middle ground is where we will have to find the ultimate solutions to these differences. That eventually will be accomplished.

Looking Backward

1924—THIRTY YEARS AGO

Col. Ralph Webb of Winnipeg addressed the Commercial club. —H. E. Nelson, manager of the local J. C. Penney store, announced the leasing by the store of the former Loken's store quarters at Third st. and Main av.—Rev. T. E. Sweger, for the past three years pastor of Trinity church, resigned his position. —An effort was being made by local organizations to retain the services of County Agent J. J. McCann.—Karl and Wm. Korstad were establishing a box factory in this city.—Mrs. Thora Nelson was installed as head of the Rebekah lodge.

1934—TWENTY YEARS AGO

Herman A. Kjos, county Farmer-Labor chairman, was appointed state highway maintenance foreman in Pennington county.—Robert J. Lund, manager of the new TRF Production Credit assn. announced that the agency was prepared to take applications for loans.—The Oen Mercantile Co. heads the list of personal property taxpayers in the county, being billed for $2,088.—Ed Aubol of St. Hilaire was reelected president, and John O. Swanson, secretary, of the Bray Mutual Fire Insurance Co.

1944—TEN YEARS AGO

Rev. D. T. Beadle, appointed to succeed Rev. S. S. Olafsson as pastor of the Community church, will preach his first sermon here January 23.—Announcement was made at the annual meeting of Zion church that Mrs. Minnie Kirby had given $2,000 to the church building fund.—Shareholders of the TRF creamery voted by a decisive margin against adding a milk drying plant to its facilities.

In Memoriam
Susan May Dirks

In loving memory of my beloved wife who passed away Jan. 21, '53.
Dearest wife how I miss you. This world will never know. If tears could bring you back you would have been here long ago. Just when life was sweetest and we could live the best, the gates of Heaven opened, and you entered the land of rest. Sadly missed by your husband. Byron Dirks. 3p

"THEY SHALL HAVE MUSIC"

Musicians from the internationally famous Minneapolis symphony orchestra are now available to emphasize "Music in the Schools" within a radius of 100 to 150 miles around Minneapolis, depending on transportation. For moderate fees individuals, trios, quartets, or larger groups will demonstrate their instruments, and present programs, day or evening, according to advance arrangement. The Womens Association of the Minneapolis Symphony, in charge of the Music in the Schools Movement, presents musical games on television each Wednesday at 2:45. All to encourage budding young musicians and more general appreciation of good music.

HAPPY NEW YEAR SPURNS TV ... AND OTHER ODDMENTS

From bar to beat is the saga of Robert E. Donaldson who set out to be a lawyer but has just retired after 41 years on the Duluth police force, where he rose to rank of detective chief.—Six sons of Mr. and Mrs. John Kula, Ortonville, joined the army; the seventh son has just changed the trend by joining the Marines.—A note in a bale of alfalfa hay disclosed that a Hutchinson farmer had sold it for $22; a letter from an Oklahoma farmer said he was glad to get it at $36—a ton, that is.—Again this year Mr. and Mrs. Happy Newyear, Sleepy Eye, rejected many radio and tv overtures.

Commissioner Tasa introduced the following Resolution and moved its adoption, said Resolution to amend and supersede Resolution dated January 2, 1952 and recorded on page 517, Book 4 of Commissioners Record.

BE IT RESOLVED, that County Highway Employees shall be allowed vacation and sick leave on the following basis:

Vacation Leave for County Highway Employees

Each employee shall earn vacation pay at the rate of one day for each full month of service during each year of continuous employment by the County.

No vacation leave shall be granted during the first six months of service, but upon satisfactory completion of such period, vacation leave shall accrue to the employee for the time served dating from the date of employment.

Unused vacation leave may be accumulated to a total of 24 working days.

Payment for vacation leave shall be based upon an eight hour working day and shall be paid at the rate the individual is earning at the time said vacation is taken.

The County Engineer shall determine the time and establish schedules governing the use of vacation leaves.

Sick Leave for County Highway Employees

Each employee shall earn sick leave with pay at the rate of one-half (½) day for each full month of service during each year of continuous employment by the County.

No sick leave shall be granted during the first six months of service, but upon satisfactory completion of such period, sick leave shall accrue to the employee for the time served dating from the date of employment.

Employees may use their allowances for sick leave on the basis of application thereof approved by the County Engineer in cases of illness or injury, by necessity for acute medical or dental care, or by illness or death in the immediate families of the employee for such period as the attendance of such employee shall be necessary.

All sick leave shall expire on the day of separation from the County service and no employee shall be reimbursed for sick leave outstanding at the time of termination of his County employment.

Unused sick leave may be accumulated to a total of twelve days based on an eight hour working day and payment shall be based upon an eight hour day at the rate the individual is earning at the time such sick leave is used.

From where I sit ... by Joe Marsh

Open Even When He's Closed

Must have been daydreaming on my way to a meeting down in Centerville the other night. My car ran dry before I thought to look at the gas gauge, but I managed to coast into a gas station—and found it closed!

Well, I thought my plans were ruined for sure until I noticed a gasoline can with a sign: "This is emergency gas. Just help yourself and leave the can with $1.00. Thanks."

Got started, made the meeting on time, and had enough gas to get back home again—thanks to a trusting friend.

From where I sit, folks who trust their neighbors make this world a better place to live in. For instance, letting a friend express his personal preferences, is one way of trusting your neighbor. Sometimes I prefer a temperate glass of beer in the evening but I'll always ask what you'd like before I pour yours.

An Open Letter to Turkey Raisers!
WANT TO MAKE MORE $ $ $ IN '54?

Dear Turkey Grower:

Remember this: dollars left when the bills are paid determine the success of your turkey business. A Dakota Maid feeding program assures you of maximum weight on minimum feed costs — leaving you with the extra dollars! Perhaps you were not satisfied with the $$$$ you had left after working hard in raising turkeys this last year. If not, make it a point to talk with turkey raisers who fed Dakota Maid. These raisers will tell you exactly how the Dakota Maid program worked for them . . . how it made bigger profits for them! You probably will be contacted by salesmen from other feed companies during the next few weeks, who will have a well-prepared sales talk. Ask them this question: "May I talk to your growers?" We feel that our Dakota Maid satisfied turkey growers can do a better job of telling our story than anyone else! For the names of the Dakota Maid customers in the Thief River Falls area, contact Bill Grundhaus at the Dakota Maid Feed Store in Thief River Falls.

(Yes! You will find a Dakota Maid turkey finance plan to fit your own circumstances!)

'53 Was Warmer Than Average, N. W. School Reports in Summary

Mild, open winter months with above normal temperatures and slightly cooler summer months featured the weather for 1953 in this general area, according to O. C. Soine, weather recorder at the Northwest School and Expriment Station, Crookston. The mean temperature for the year was 2.2 degrees above the long-time average of 39.47 degrees. This was the second consecutive year with above average temperatures. The year 1952 was 1.8 degrees above normal.

A month by month comparison of the mean temperature shows that seven were above the average and five were below. February showed the greatest variation and was 7 degrees warmer than usual. The three spring months of April, May, and June were slightly cooler than usual.

The extremes in temperature were not as wide as in previous years. The highest temperature of 95 degrees was recorded on August 27 whil the low of —25 degrees occurred December 30.

The precipitation was fairly well distributed throughout the year and followed very closely the long-time pattern. The spring and summer rains came in a few large showers which resulted in dry periods between. This was most noticeable in the latter part of July and the first part of August when the late seeded small grains were filling and needed rain. The total precipitation for the year was 22.13 inches which is 1.84 inches above average.

Six of the months were above average while the remainder were below in precipitation. September, with 4.32 inches of rain, showed the greatest variation. This was 2.29 inches above normal. The three spring months of April, May, and June were above normal but due to the dry subsoil condition brought by 2 years of deficient moisture, this increased amount of rain was taken up by the subsoil.

The snowfall of 35.1 inches was equivalent to 3.17 inches of water and was well distributed throughout the winter months.

The frost-free period measured 143 days and was 15 days longer than usual. The last frost in the spring occurred on May 15 and the killing frost on October 6 ended the period.

Growers Told to Prepare Wool for Market with Care

Minnesota wool growers were warned Wednesday that they need to do a better job of preparing their wool for market if they are to keep their place in the nations' wool markets.

The statement came from P. A. Anderson, associate professor of animal husbandry at the University of Minnesota, who spoke before sheep sessions at Farm and Home Week on the St. Paul campus.

Anderson said mills are insisting on better quality wool and if Minnesota growers do not meet the requirements they may find selling their wool difficult.

Among helps in marketing a better fleece the University animal specialist listed better breeding stock selection, improved breeding and more careful management — especially in keeping sheep out of weeds and other harmful areas that damage fleeces.

He also advocated that shearing be done when sheep are completely dry. William Rueland, traffic manager of the Cooperative Wool Growers' association, St. Paul, showed how to get the best quality clip and keep it properly for marketing.

Any family can keep an expense account nowadays, but only one in a hundred can make it tally with the cash.

Dr. J. A. Aasgard to Retire as Head of ELC Next Fall

Evangelical Lutheran Church Head to Give up Position Held 29 Years

Two clergymen who have held top positions in the Evangelical Lutheran church (ELC) many years will retire Sept. 1.

They are Dr. J. A. Aasgaard, president of the ELC since 1925, and Dr. T. F. Gullixson, president of Luther Theological seminary, St. Paul, since 1930.

The announcement was made in a letter sent to pastors of the church's 2,700 congregations. It was signed by Dr. Aasgaard.

Main purpose of the letter was to urge good attendance at the biennial general convention of the church in Minneapolis June 9 to 15.

Three issues of special importance are to come before delegates, Dr. Aasgaard wrote. They are merger negotiations with three other Lutheran churches, election of a new president and election of a new seminary president.

"Under no circumstances am I to be considered a candidate for re-election," said Dr. Aasgaard, who is 77.

Dr. Aasgard was born in Albert Lea, Minn. He is a graduate of St. Olaf college, Northfield, Minn., Luther seminary and Princeton Theological seminary, Princeton, N. J.

Before he became ELC president he was president of Concordia college, Moorhead 14 years. He is the father of Mrs. H. O. Chommie of this city.

'53 Iron Ore Nets State $50 Million

81,350,000 Tons of Ore Shipped to Steel Mills

Record iron ore production in 1953 earned nearly 50 million dollars in taxes for Minnesota and its political subdivisions, a final tabulation disclosed Wednesday.

O. A. Blanchard, director of the legislative commission on iron ore taxation, said shipments to steel mills in 1953 totaled 81,350,000 tons of ore, compared with the previous high of 79,000,000 tons set in 1951.

The state's output represented 82 per cent of the total 98,989,000-ton volume produced in the Great Lakes region.

The production will net the state between 25 and 28 million dollars a year in occupation taxes based on selling price of ore at Lake Erie ports, about 5 million dollars in royalty taxes and almost 18 million dollars in ad valorem taxes.

Winter Shows to Open February 22

Many Meetings Scheduled for Week in Crookston

Order Trees Now to Plant in Spring, Co. Agent Advises

Penning States Feb. 1 Is Deadline for Ordering Trees at State Nurseries

Many farmers already have ordered trees for woodlot, shelterbelt and field windbreak plantings. For those planning new plantings, the time to order is right now, says County Agent William Penning. The deadline is February 1.

Tree order blanks can be obtained from the county extension office and the county agent can give further information on kinds of trees available and how to obtain the use of a tree planting machine that will make the job easier, give more uniform rows and — more important — get the trees off to a good start.

According to extension forester Parker Anderson of the University of Minnesota, farmers are planting more trees than at any time in the state's history. The demand is so great that nurseries can supply only a part of the total requirements.

Getting your order in soon, within the next week will help assure you getting the kinds of trees you want, said Penning.

Planes Bomb Red Lake Last Week

Earth Tremors Noted at Kelliher, 15 Miles Away

The first of an expected 10 practice bombing missions over northern Minnesota's Upper Red Lake was carried out Thursday night with sharp earth tremors signalizing the event in Kelliher, 15 miles southeast of the huge Red lakes, which are in sparsely-settled country. Residents of the community said they felt the rumblings but saw neither the bomb flashes nor the planes.

The simulated raids are being conducted by B36 and B47 bombers based at Kirtland, N. M., and at Ellsworth Air Force Base, Rapid City, S. D.

The Air Force revealed previously that the bombs would be aimed at floating targets and would be timed to explode above the surface.

The bombing practices are scheduled to continue through Feb. 28. The planes make non-stop trips to the target area and back.

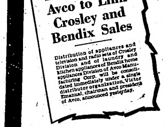
CROSLEY & BENDIX Special



New York Herald Tribune

Avco to Link Crosley and Bendix Sales

Distribution of appliances and television and radio sets of Crosley Division and of laundry and kitchen appliances of Bendix home appliances Division of Avco Manufacturing Corp. will be consolidated immediately under a single distributor organization, Victor Emanual, chairman and president of Avco, announced yesterday.

TRAINLOADS OF CROSLEY & BENDIX WASHERS, DRYERS, REFRIGERATORS, RANGES, FREEZERS RUSHED ACROSS THE COUNTRY FOR THIS ONCE-IN-A-LIFETIME EVENT.

Crosley and Bendix Home Appliances have consolidated their manufacturing, distributing, and warehouse facilities. Brand-new appliances must be moved—and moved fast—either to consolidated warehouses or into consumers' homes. New models will soon be coming out of factories . . . warehouse space is at a premium.

Now you can benefit, as never before, from the quick sale of these brand-new appliances at *never-to-be-repeated low prices* . . . and remember, each of these fine appliances carries the full factory warranty in writing.

Over the country, homeowners will save millions of dollars in this once-in-a-lifetime opportunity. *You* can save if you act now, for the number of refrigerators, ranges, freezers, washers, and dryers to go at these low prices is definitely limited. When they're gone—no more savings like these. So—*now's* the *time to buy!*

SILVERTON..

By Mrs. C. L. Peterson, Rt. 4, City. Phone 2065

Worship services at the Silverton Church Sunday, Jan. 24 at 9:15 p. m.

Brief visitors Saturday at the Casper Bondley home were Mr. and Mrs. Gilmore Borstein and boys of Crookston and Sunday afternoon visitors there were Mr. and Mrs. Martin Bondley also of Crookston.

Mrs. Clarence Peterson visited with her aunt Mrs. A. O. Burringrud in Thief River Falls Wednesday evening while Lorraine, Margaret and Arnold Peterson attended the hockey game.

Tuesday evening visitors at the Ole Lerol home were Mr. and Mrs. Odin Hanson and Marlene.

Mrs. Melvin Molden and Mrs. Edwin Helgeland attended the project lesson on sewing attachments given by Marge Olson at the Trinity Church parlors on Thursday.

Mr. and Mrs. Eugene Nelson of Thief River Falls visited Sunday at the Thomas Matson home and also spent some time at the Ole Lerol home.

There was a misprint in last weeks' news about the birthday party at the Orvin Peterson home. It stated the seventh birthdays of Ruby and Darlene which should have read Ruby's sixth and Darlene's seventh birthday.

Thursday visitors at the Paul Peterson home were Mr. and Mrs. Leroy Peterson and Larry of Angus.

Silverton Homemakers group will hold their project meeting on sewing machine attachments Tuesday, Jan. 26 at 1 p. m. at the Odin Hanson home. Each one is asked to bring ½ to ¾ yard of 80 sq. percale and also some bias tape. Mrs. Edwin Helgeland and Mrs. Melvin Molden leaders for thos group will give the lesson.

Mr. and Mrs. Vernon Sorenson spent Friday evening with Vernon's folks, Mr. and Mrs. Thor Sorenson in Thief River Falls.

Mr. and Mrs. Clarence Peterson are the grandparents of a son born January 15, to Mr. and Mrs. Irwin Johnson of Rosewood.

Silverton congregation held their annual meeting Thursday afternoon at the Herman Christopherson home. Reports were read and following officers were elected for this year. Ole Lerol, vice president; Elias Hanson, reelected secretary; Tormod Christianson reelected deacon; Clarence Peterson, reelected trustee; Herman Christopherson, sexton; Mrs. George Larson Sunday school superintendent; Mrs. Melvin Grinde assistant; [illegible] Hanson, organist; ushers Arnold Peterson and Dell Christianson; alternates Orlin Lerol and Harold Harder; Edwin Bergstrom and Casper Bondley janitors.

Saturday supper guests at Ole Lerol's were Mrs. Henry Anderson; Mavis, Orlene and Bobby of Kratka and Mr. and Mrs. Kenneth Lerol of Thief River Falls.

"Can you find my wife?"

You couldn't blame Sergeant Byrd for being excited. After weeks in an overseas hospital, he'd just arrived in the U.S. Now, he was trying to reach his wife by telephone.

"Can you find a Mrs. James Byrd in West River? She's staying with friends . . . thirteen-something Oak Street, I think."

Long Distance Operator Frances Green listened sympathetically to the eager voice. "I'll do my best," she said.

Quickly, Mrs. Green called West River police, explained the situation. Anxious to help, a squad car of men soon canvassed Oak Street, located Mrs. Byrd in the second block. While they waited, the young wife rushed to the telephone. Quietly they left, as they heard her cry, "Oh, Jimmy—you're really back!"

The story above is true, although names have been changed to protect the privacy of the people involved. Quick-thinking Operator Green might be working in your area—for this incident is but one example of the value of telephone service, and the helpfulness of telephone men and women.

To attract and hold people like Frances Green who will continue to serve you well, your telephone company must be in sound financial health. Good telephone service—both local and long distance—is important to you and is worth much more than it costs.

Mr. and Mrs. Oslok Dahle and family visited at the Ole Dahle home Saturday afternoon.

Now! A low-cost way to feed cows for top milk production

Land O'Lakes 36% Dairy Concentrate Is Built to Make More Milk for As Little As 1½¢ Per Cow Per Day... Production That Ordinary Protein Feeds Simply Can't Match

With good quality roughage, just one pound of Land O'Lakes 36% Dairy Concentrate is all you need for a cow making 5 gallons of milk a day . . . costing only a tiny bit more than a penny a day per cow. That's because you subtract one pound of grain for every pound of concentrate you feed. And at today's prices, one pound of concentrate costs only about one cent more than a pound of grain. And obviously, you'll get much higher milk production—impossible for straight oil meals without the special ingredients in Land O'Lakes 36% Dairy Concentrate.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q: I'm planning to train under the Korean GI Bill, and I want to claim my mother as a dependent. She earns a little money, but not enough to get along without my help. What are the requirements as to dependency of parents?

A: Dependency is held to exist if your mother does not have an income large enough to provide for her "reasonable maintenance." That term includes not only the bare necessities of life, but also a reasonable amount of the conveniences and comforts in keeping with her standard of living.

Q: I am the widow of a World War II veteran. In figuring out my yearly income for VA pension purposes, am I supposed to count the proceeds of my late husband's commercial insurance, which I receive each month?

A: Yes. Commercial insurance proceeds must be included as income in determining whether you meet the income ceiling requirements of the law for a VA pension.

Q: If I go to school under the Korean GI Bill, will I be allowed to earn money on the side, to supplement by GI allowances?

A. Yes. There are no restrictions on the amount of money a veteran may earn, to supplement his monthly GI education and training allowance. But there is a ceiling for on-the-job trainees only. If training pay plus allowances exceed $310 a month, the VA allowances will be pared down accordingly.

Q: I understand that I'll need my original discharge papers, in order to get a GI home loan. I lost mine. What should I do?

A: Apply for a certificate in lieu of the discharge papers from the branch of service from which you were discharged. This is acceptable, in place of your original discharge.

Overabundance in Supplies Held Cause of Farm Price Slump

We need to bear in mind that the drop in farm prices of the past three years is not caused by depression conditions in our economy, but mainly by abundant and over-abundant farm product supplies.

So said O. B. Jesness, head of the University of Minnesota's agricultural economics department, to a Farm and Home Week audience on the University's St. Paul campus Friday.

He said farmers need to adjust their production programs more wisely in order to avoid wide swings in cattle, hog and sheep production—with consequent wideswing changes in the market and price structure.

Jesness said, "It is clear we cannot continue to raise high numbers of cattle and expect high prices." We need to adjust cattle numbers—but not too far downward, which may later encourage another big expansion, he said.

Speaking on the butter production and storage situation, the University economist said farmers cannot hope for public approval of continued buildup of stored butter—much of which may later deteriorate and go to waste.

Adjustments are necessary throughout the entire dairy industry, Jesness said. Among them should be changes to allow midwest farmers to sell in high-cost markets such as those in the east.

On the international level, we need to develop international trade policies which will help expand our markets for farm products in foreign countries. Here, however, present arbitary price supports hinder constructive efforts in foreign marketing expansion.

We face a big job in "whittling down" present high stocks of stored farm products and formulating "better-fitting" farm price policies. Jesness said, "We may say now, in 1954, that the time to have faced this problem was in 1948. But, we chose to extend price supports and have renewed them from time to time. We must face the surplus-storage issue now, difficult though it has become."

'Untapped Asset', New Film, Is Now Available Free

Governor C. Elmer Anderson's office announces that copies of a new 16mm sound film, "America's Untapped Asset," have been received and are available, without charge, for showing before any interested group.

Requests for the film should be sent to the Department of Employment Security, 369 Cedar St., St. Paul. Attention: Mr. Elliott. Persons requesting the film will be expected to be responsible for the film's return and to pay the postage.

"America's Untapped Asset" was produced by the President's committee on employment of the physically handicapped, with the cooperation of Universal Pictures and the Bankers Life and Casualty Insurance company of Chicago. It features a talk by President Eisenhower.

Winter Carnival Slated In St. Paul

Annual Event to Open Friday, January 29

Outsanding attractions will entertain visitors in St. Paul during the annual Winter Carnival's opening week-end, Friday, Jan. 29, through Sunday, Jan. 31.

Foremost event will be the three-mile long parade on Saturday afternoon, Jan. 30. Two dozen floats and thousands of marches and musicians will file through downtown St. Paul streets and into the Auditorium.

That night the Auditorium will be jammed with more than 2,000 square dancers, sashaying to the shouts of 20 callers from a four-state area. The Carnival's free Square Dance Festival is the biggest event of its kind held in the northwest.

Winter sports fans will be treated to the national-speed skating championships at Como park on Saturday and Sunday, the world's original ice fishing contest at White Bear Lake and the Central United States ski championships at Battle Creek slide on Sunday afternoon.

A group of 38 guest snow queens from four states will attend all these events as guests of the Winter Carnival.

Cricket fighting is a national pastime in China, and records of celebrated fighters are kept like those of race horses in other countries. Weighed in before every fight, a cricket classifies as heavy, middle or lightweight.

Some 310,000 square miles—or about 11% of the U. S.—is underlain with coal.

A recent study disclosed that the average woman spends almost six times more of her husband's earnings than he, himself, spends. She buys 62 per cent of all the hardware items; 86 per cent of the drugs; 98 per cent of groceries; and 51 per cent of men's haberdasheries.

The two-dollar bill used to have a bad reputation, but today it is the only one that will pay for a dollar's worth of anything.

27 Head of Stock Die in Flames in Marshall County

Heavy Loss Sustained Wednesday on J. Gratzek Farm in Wright Township

Twenty-five head of cattle and two horses perished in a fire which leveled the barn on the John P. Gratzek farm in Wright township in Marshall county last Wednesday morning. Stock destroyed in the blaze included 12 milk cows, 13 calves and 2 horses, says the Stephen Messenger.

The blaze was first discovered by Dan Borowic who lives a quarter of a mile from the Gratzek place, and he immediately turned in an alarm and notified neighbors of the fire. At the time of its discovery, about 2:00 A. M., the flames were already pouring out of the windows of the barn, and it was impossible to save any of the animals, or any of the other farm equipment contained in the structure.

The barn loft was full of hay, and the blaze had speedily assumed such proportions that neighbors concentrated on saving an adjoining barn, which also was ablaze, after forming a bucket brigade. There was practically no wind, fortunately, a circumstance which probably saved the farm dwelling from destruction also. When the Stephen fire department, with its chemical truck, arrived at the Gratzek farm, the main barn was already a complete loss.

The barn destroyed was 40x42 feet in size. Equipment lost in the fire included a milking machine, a cream separator, three electric motors, and other light equipment which had been stored in the barn.

Mr. Gratzek reported that the loss to the buildings is partially covered by insurance, but that there was no insurance coverage on the animals which were lost. He is of the opinion that the fire was started by defective electric wiring.

KRATKA . . .

Mrs. Ted Lendobeja, Ph. [illegible]

The Kratka Homemakers will meet at the J. C. Lendobeja home Tuesday afternoon, the 26th. Mrs. Sidney Wilson and Mrs. Julian Lendobeja will show the many uses of the various sewing machine attachments. The following are on the lunch committee: Mrs. Warren Wilson, Mrs. Ed Magnan, Mrs. John Keck and Mrs. Ted Lendobeja. All who wish to learn to use their machines more effectively bring sewing machine, attachments, screw drivers, ¼ yard plain percale, bias tape, thread, ruler, scissors. Be there promptly at one o'clock.

The three sixth graders from Dist. 41, Mary Ann Lendobeja, Juanita Magnan and Mavis Arenson with their teacher, Miss Nelson, attended the spelling contest at the Lincoln High School in Thief River Falls Saturday.

The Kratka 4-H club meets in Dist. 11 on Tuesday evening the 26th. Mrs. Albert D. Hanson and Mrs. Alvin Burstad are the hostesses. Project talks are to be given by Anita Mandt and Bernard Wilson. Richard Parnow and James Wilson are on the program committee. Linda and Audrey Mandt are on the recreation committee. Each member is asked to bring a note book, since demonstrating is to be discussed.

Mrs. Julian C. Lendobeja and Mrs. Sidney Wilson, leaders from the Kratka Homemakers' group attended the lesson on sewing machine attachments at Trinity Church in Thief River Falls on Thursday.

Mr. and Mrs. Bert K Johnson and Ricky and Mr. and Mrs. Floryan Szymanski visited with Sigurd Sigurdson who is a patient at the St. Francis Hospital in Crookston, last Sunday. They were accompanied to Crookston by Robert Johnson who is a student at the A. C.

A WORLD IN TROUBLE

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A FAMILY AFFAIR!

1954 BUDGET

Budgeting is everybody's business . . . from small fry to senior partners in the family "firm." Only when all agree on HOW MUCH to set aside for WHAT, does the family budget begin to make sense . . . and save dollars! The cooperative efforts of all concerned actually makes budgeting like a game . . . in which the whole family winds up on the winning side. Budgeting families quickly develop a keen sense of values. They have a way of insisting on the MOST for their money in everything they buy. That's all to the good . . . especially for us. Because we have a way of making our customers' dollars go further and buy more in everything we sell. Check our prices on anything, any time, and you'll see exactly what we mean!

Political Roundup

By Arthur Naftalin

The Minnesota Republican party is embarking upon a program of influencing the 1954 contests for the state legislatures that may turn out to be among the top political developments of the year.

Last week it was rather quietly announced by State Chairwoman Rhoda Lund, of Minneapolis, that the GOP was setting up a nine-person legislative committee that would back legislative candidates regarded as friendly to Republican principles.

This was, in effect, a way of serving notice upon Majority Leader Roy E. Dunn, of Pelican Rapids, that the party organization expects the conservative majority in the legislature—which Dunn leads—to support the GOP platform, and that to ensure that end the party leadership was going to move in on what has heretofore been Mr. Dunn's domain.

A Threat to Dunn?

On the surface, the GOP move would not necessarily indicate any impending trouble, but actually the conservative majority and the more liberal GOP governors have been in almost continuous disagreement, and the move this year seems aimed at settling once and for all this problem.

If the Republican Party is successful in its program, the 1955 legislative session could see the emergence of a new group of house and senate leaders, ones who are presumably prepared to work with and support Governor C. Elmer Anderson, assuming his re-election.

Thus, the program is seen as a threat to Dunn. In a move to organize the house with leadership more friendly to the liberal wing of the GOP, the backers of this program could perhaps count on the support of the house liberals. In the 1953 session, Dunn's conservative group numbered 85 to the liberals' 46. It would thus require a defeat or a defection on the part of only 21 of Dunn's group.

The Liberal's View

The legislative liberals, who for the most part identify themselves with the Democratic-Farmer-Labor Party, of course want to organize the house and senate with their own majorities. In September the liberal caucus met to plan a strategy leading to this objective, but not much has been heard of it since.

The DFL Party, however, has been watching the various legislative districts, trying to drum up interest against conservative candidates who, in many cases, have skipped by without opposition. If '54 should turn out to be as big a year as some Democrats believe it will be for their party, there is some prospect that the house at least may be controlled by the liberals.

At the September meeting there was optimistic talk of liberal control or, from the liberal view, at worst a coalition of liberals and the "moderate conservatives" who would displace the Dunn leadership.

Governor Backs Move

What adds special significance to the GOP's move in the legislative circle is the interest that Governor Anderson has been showing in the program. While he has not said a great deal publicly, he is known to be displeased—as was his predecessor Luther Youngdahl—with the legislature's failure on basic issues that had official GOP support.

In particular, the Party had supported constitutional revision, reapportionment, party designation, and governmental reorganization—all of which failed to get much legislative support.

In December the Governor spoke before the state central committee and used rather direct language in urging the need for party designation and in calling for political activity to ensure a legislative majority that will support the party's program.

"It is going to be highly important," the Governo said, some effort and attention be concentrated on legislative contests in 1954. There is an obligation to help the public separate the builders from the wreckers in sending persons to the legislature for the job of building the structure of good government."

Four-point Program

The state GOP organization is proceeding to this task with great seriousness, laying what appears to be a careful groundwork for an intensive campaign.

The program consists of four steps: (1) studying the voting record of each member of the 1953 session; (2) conferring and consulting with individual legislators; (3) stimulating local interest and finding candidates who will support the party platform, and (4) sending special organizers into various districts, if funds are available.

At the same time the party plans to intensify its statewide financial drive, which is aimed at placing the party's financial base on a larger number of contributors in all parts of the state.

Over the years Dunn has paid very close attention to the legislative contests and has demonstrated great skill in organizing and leading the conservative majority. Impartial observers are sure to conclude that a contest between Dunn and the official party organization is likely to be evenly matched and that as the elections approach more than a little fur will fly.

GULLY...

By Mrs. Arnold Bravold, Gully

Supper guests at the home of Mr. and Mrs. Allen Schow Tuesday evening were Mr. and Mrs. Kermit Hedman, Mr. and Mrs. Raymond Hartz, Delano Svalen and Orvis Knudson.

Mr. and Mrs. Ted Young and children visited their parents at Akley, Minn., over the weekend. Mr. and Mrs. Glenn Bacon and son went to Wisconsin to visit their parents for a few weeks.

Mr. and Mrs. Charles Berg of Hallock who were here to attend the funeral for Mrs. Thor Rouland spent a day visiting at the Ben Brekke home.

The south Birthday club met at the Harry Johnson home Saturday evening to honor Harry Johnson and Martin Christianson. Supper was served by the guests and the honored men received each a billfold from the group. Those present were Mr. and Mrs. Victor Thorson, and Minor, Mr. and Mrs. Martin Christianson and Rodger, Mr. and Mrs. Ernest Thorson and Elliot, Mr. and Mrs. Oscar Johnson, Milo, Owen and Darrel and the Harry Johnson family and Mr. and Mrs. Edvin Bergh and Geraldine.

Sunday visitors and supper guests at the Oscar A. Johnson home were Mr. and Mrs. Bill Christianson and Mary Ann of Erskine, Mr. and Mrs. Anton Skanson of Mentor and Mr. and Mrs. Martin Christianson and Rodger.

The Lund Ladies Aid met at the Lund Church on Wednesday afternoon. Devotion and Bible Study was led by Mrs. Verny Lanman. Mrs. Claus Clausen gave a program on Charities and the Self Denial envelopes were handed out. These are to be returned at the February meeting. Lunch was served by Mrs. Selmer Sorby, Mrs. Sanford Berg, Mrs. Toppy Gunderson, Mrs. Herbert Larson and Mrs. Floyd Berg.

Our sympathy to the Ole Rouland family in the loss of Ole Rouland's mother, Mrs. Tov Rouland who passed away last Monday and whose funeral was on Thursday at the Semhold Lutheran church at Gonvick. Mrs Rouland was a sister of Ben Brekke of south of Gully.

Irvin Godtland accompanied by Beverly Balme, both of Grand Forks visited at the Balme home southwest of Gully on Sunday.

Wewere saddened to learn of the sudden death of Mrs. Relix Sundquist (Jeanette Nelson) on Sunday, of Gonvick, formerly of Gully. We hope to have a complete obituary next week. Death also claimed another former Gully resident last week, Ole Odegard who formerly lived with his parents south of Gully.

The weather has been extremely cold in Gully and surrounding area the past week and we can't help but feel Clifford and Raymond Halvorson must have chose the right time to start their Chevrolet, going south and who most likely have reached Florida by now. George Hangaard accompanied by Melvin Lind also chose this as a good time to make a trip to California to see George's father, Carl Hangaard.

The cold was of little concern to the pupils in the Gully school on Monday, their chief worry was how to get to Grygla for the basketball game that evening. Miss Battz volunteered to take the players there in her car. Miss Christianson took the cheerleaders. Mr. and Mrs. Ronald Haugen and Archie Bauman with Paul Lundmark's car took the young fans and Harvey Aos took Ed Ellertson and Art Bowman in his car. It was a rather quiet bunch that left for already they had lost two games, one to Oklee and one to Clearbrook, but it was a happy group returning. Long before we could see them the car whistles told us they had a different score to report for they had won 26 to 18. Dennis Haugen was high point man with 10 points, Wallace Johnson 7, Ronald Stiele 5, Franklin Rouland and Dennis Bergerson each 2 points. Archie Bauman was sub., coach for Rev. Landvik. Other games scheduled for the young fellows are: Jan. 28 Oklee here at 7:00; Feb. 5 Gully at Clearbrook at 3:00; Feb. 15 Grygla here at 8:00; Feb. 22 Gully at Gonvick at 7:00; March 1 Gonvick here at 7:00 o'clock.

Current Events In Valhall Area

By Mrs. Edwin Hanson, Rt. 3 City. Phone [illegible]

The Rocksbury 4-H club met at the Mons Engelstad home on Wednesday evening, Jan. 13 instead of the usual place at Valhall. In spite of the cold weather, there were more than 70 persons present. Several thank you notes were read from those receiving fruit baskets at Christmas time when several of our 4-H members went caroling. The leaders also relayed several "thank you" for what the 4-H had done to brighten the holidays for these people.

Miss Marge Olson discussed the radio speech contest which will be held here at Thief River Falls on February 6 at 1 p. m. at the Civic and Commerce rooms. The topic is "What the Bill of Rights Mean to Me." The time is approximately 5 to 7 minutes. Committee to look for a play are Jeanette Walsberg, Bill Swick, Janice Finstad and Loren Engelstad.

Adult Leader Henry Oen spoke on Livestock Judging and urged all taking livestock to take part.

Geraldine Swick was voted in as assistant reporter.

One of our new members, Tony Wald favored us with several vocal solos and also accompanied himself on the guitar.

A demonstration on making various milk beverages was given by Janice Braaten and Loraine Chapman. Eunice Chapman gave a skit "A Telephone Conversation by two old maids."

Jeanette Walsberg reported on the recreation school that 5 of our 4-H girls attended at Thief River Falls this winter.

Marilyn Gunderson reported on caroling and fruit baskets given away at Christmas.

Miss Olson spoke on milk products and dairy foods, 7 basic foods, etc., and also distributed several pamphlets.

Several of the youngsters played with the lumie sticks brought by Miss Olson.

Lunch was served by E. H. Loggans and Mons Engelstad family.

They gave $5.00 to the March of Dimes Fund Drive.

Mr. and Mrs. Arnold Engelstad and Mark moved their furniture out on Friday to the home they are building near Valhall. They are staying at the Paul Engelstads for a few days.

Mr. and Mrs. Harry Craft of Plummer visited at the James Engelstad home from Saturday until Sunday. Mr. and Mrs. James Engelstad and Kim took them back on Sunday and they all visited at the LeRoy Westerlunds.

Mr. and Mrs. Thule Norman spent Tuesday evening at the Edwin Hanson home.

Mr. and Mrs. Albert Koop, Miles, Dale and Allen, Mr. and Mrs. Donald Toomey, Dicky and Linda helped Mrs. Cal Toomey celebrate her birthday on Wednesday evening. In the afternoon Mr. and Mrs. Thule Norman were at the Toomey home to celebrate her birthday.

Thule Norman, James Engelstad and Ray Oen motored to Lake Winnibegosh on Thursday where they spent the day ice fishing.

Mr. and Mrs. Carl Stigen and Clayton of Thief River Falls visited on Thursday evening at the Herb Gulseth home.

Marlys Mostrom of Smiley visited with Marilyn Gulseth from Saturday evening until Sunday afternoon.

Ernest Mostrom spent Wednesday evening with Mr. and Mrs. Herb Gulseth.

Mr. and Mrs. Albert D. Hanson of Kratka were supper guests at the Edwin Hanson home on Tuesday.

Mr. and Mrs. Herb Gulseth entertained a group of relatives and friends on Saturday evening. Those present were Mr. and Mrs. Harry Hanson, Howard Hanson, Mr. and Mrs. Jorgen Oftelie, Mr. and Mrs. Lewis Bjerklie, Rodney and Bruce, all of Trail, Mr. and Mrs. Rueben Anderson of Hoople, N. Dak., Mr. and Mrs. Albert Mostrom, Merle, Harlerr and Marlys of Smiley. The evening was spent socially and at midnight Mrs. Gulseth served a buffet lunch assisted by Mrs. Jorgen Oftelie.

Mothers Polio March Set for Thursday at 7

The biggest coordinated volunteer fund-raising effort in Minnesota history will get under way at 7 p. m. Thursday night when an estimated 30,000 persons start their "Mothers' March on Polio."

This is the last concentrated effort by the March of Dimes to raise sufficient funds to meet its 1954 state need, estimated at $2,000,000 for patient aid, research, education and polio prevention.

In an estimated 475 communities throughout the state, including Thief River Falls, volunteers will simultaneously visit their neighbors' homes during the one hour from 7 to 8 p. m., on invitation, to raise funds to fight polio.

In this city, 150 women will assemble in the Auditorium basement Thursday at 6:30 p. m. to receive their assignments from Mrs. Orris Johnson and Mrs. Steve Austin, co-directors, before starting their canvass of the residence districts at 7 o'clock. Following their return, coffee and doughnuts will be served.

Officers of the local chapter asked automobile owners to volunteer to bring their cars to the Auditorium to provide transportation for the solicitors to and from their assigned areas.

Persons are asked to do one of three things to welcome the Mothers' March volunteer to their homes: turn on a porch light; put a light in the front window; or tie a shoe, scarf or other object to the front door knob if they live in a multiple dwelling.

Governor C. Elmer Anderson called this coordinated appeal by the March of Dimes "an amazing demonstration of voluntary citizen cooperation to meet a community need."

Willis H. Dugan, University of Minnesota professor and state March of Dimes chairman, said that "each year in Minnesota the March of Dimes has spent more money taking care of polio patients than we have raised. This simultaneous march Thursday night will give us an opportunity to try and pay our own way in 1954."

Mothers' Marches will be conducted in every state Thursday night, with more than 3,000,000 volunteers expected to make house-to-house calls throughout the nation during the same hour.

Annual Meeting of Trinity Church Attended by 200

Dr. A. E. Jacobson Is Elected Vice President of Local Congregation

Despite subzero weather, almost 200 persons attended the annual dinner and business meeting of the Trinity Lutheran church congregation Tuesday evening of last week, and heard reports on a year of progress in 1953.

The annual financial report was presented and explained by Ralph A. Luhman, and an operating budget of $39,800 was adopted for the current year.

In the election of officers, Dr. A. E. Jacobson was named vice president of the church council. Theodore Hornseth, Harry Helgeset and Gordon Hanson were reelected as trustees, and Clarence M. Isaacson and Verner Johnson were named as new members of the board of deacons. Roy Brown was chosen head usher.

The congregation approved plans to apply for an interne assistant to succeed Carroll Ellertson at the expiration of his term next August.

Savings and Loan Assets up 16 Pct. During Past Year

Assets Total $2,827,000; All Officers Reelected at Meeting Wednesday

Savings in the First Federal Savings and Loan association reached an all-time high of $2,678,000 by the end of 1953, it was announced today by Stanton R. Dahlen, president. In the institution's annual report submitted at the annual meeting last Wednesday, Mr. Dahlen disclosed that net savings increased by $350,000 throughout the year, a 15% increase over 1952, the previous record year.

The report also showed that the assets of the association reached a new peak of $2,827,000 representing a 16% rise during 1953. Home loans in the amount of $582,000 were issued throughout the year, a gain of 15%. Of this amount 52 loans were for home purchases or home construction, which totaled $357,800. During 1953 the association added $23,400.00 to reserves which now total $124,800.

At the annual meeting, Dahlen was reelected president of the association; Helmer A. Baumann, vice-president; Milton J. Reierson, secretary - treasurer; and Lorena Huot, assistant secretary. Reelected to the board of directors were Judge Paul A. Lundgren, chairman; and Baumann and Frank E. Tunberg. Hold-over directors are Dahlen and William W. Prichard.

Dentists Examine 9th Graders Teeth

Only Five of 196 Have No Fillings or Cavities

Results of examinations by local dentists of 196 ninth grade students in Lincoln junior high school indicated that the teeth of many children are in urgent need of attention, it is revealed in a summary of the findings prepared by Mrs. Margaret Race, school nurse.

Only five students in the class were in the enviable position of having no cavities and no fillings. They include Yvonne Anderson, Mary Jo Froehle, Geraldine Swick, Judy Gessner and Robert Sauve.

The survey showed that 43 students have no cavities at this time, while 14 had one cavity, 44 two or three, 23 four or five, 42 six to ten, 16 eleven to 15, and nine more than 15 cavities.

HOMEMAKER UNITS ASKED TO CONTACT HOME AGENT

All members of homemakers groups in the extension home program who are planning to attend the reupholstering workshops are urged to notify Home Agent Marge Olsen by February 1. Dates for the workshops, she said, cannot be set until all names are in the office.

Ground Observer Station Operated by F. Mittelstadt

Altho the ground observer post on the rof of the fire hall has not been functioning for some months due to lack of volunteer observers, a sky-watch nevertheless is being maintained on a 24-hour-day basis, it was announced this week by Kendall Gustafson, director of civil defense for Pennington county.

When volunteers failed to supply the need, Gustafson arranged with Fred Mittelstadt, who operates Freds' Mobil service station 24 hours a day, to report movement of all planes seen or heard in this area to the air filter center in Minneapolis, which in turn plots them and checks against flight plans which have been filed.

Gustafson praised Mittelstadt and his staff for their patriotic spirit in taking on the assignment.

'54 Lions Kiddies Carnival Slated for February 5th

Local Youngsters to Be Entertained by Club at Annual Midwinter Event

Arrangements are nearly complete for the annual midwinter Kiddies Carnival to be held in the municipal Auditorium Friday evening, February 5, under the sponsorship of the local Lions club, it was announced today by Don Lawrence, chairman of the event.

Attendance at the carnival, which is eagerly awaited by youngsters of the Thief River Falls community, will be restricted again this year to children of pre-kindergarten age thru the fourth grade.

Admission to the Auditorium will be free, with a five-cent charge for each of the games, in which numerous prizes will be awarded.

Included in the attractions will be a beauty parlor, country store, fish pond, dart game, basketball throw, tip-the-bottle and pin-the donkey's-tail games. In addition, there will be a balloon stand, candy and hot dog stands, and several clowns.

Second Series of Leaders Training Meetings Is Held

Home Agent Marge Olsen Completes Sessions on Sewing Machine Gadgets

The series of leader training meetings on sewing machine attachments waso concluded last week, reports Home Agent Marge Olsen. During the series, over forty leaders of groups enrolled in the extension home program in the county were given instruction. All meetings were held at the Trinity Lutheran church in Thief River Falls.

Attachments studied by the leaders included the binder, various hammers, tucker, ruffler and cording-zipper foot. Other skills for machine sewing without attachments, darning, reverse stitching and blind hemming, were also discussed.

An eye-opening fact brought out at the meetings, Miss Olsen stated, was that most men in the family had, at one time or another, become interested in the sewing machine. This interest varied from merely oiling the machine occasionally to operating certain attachments regularly.

This is the second lesson completed in the home program, the first having been on pressure saucepan meals. Yet to be held are reupholstering workshops, training meetings on foundation garments, and an open meeting on house plants.

3 Cars Are Stolen, Found Hour Later

Three automobiles which had been parked with their motors running in the cold weather late Saturday evening were reported stolen, but police stated that all were recovered within an hour having been driven into snowbanks.

160 Attended Annual Dinner of C & C Assn.

Minneapolis Business Executive Addresses Group Thursday Night

One hundred sixty members and guests braved subzero weather last Thursday evening to attend the annual dinner meeting of the Civic and Commerce association in the Eagles auditorium. The excellent dinner was served by members of the Eagles auxiliary.

Bruce Pomeroy, young Minneapolis businessman and principal speaker was presented by Arthur Christianson, C. and C. president, and he selected for his topic the development of industry in Minnesota communities.

He pointed out that 160,000 persons left this state from 1940 to 1950, and ascribed this loss in part to the belief that the rural-dominated state legislature is not overly sympathetic to industry. At the same time, he said, more and more farm youths are seeking jobs in industry due to the mechanization of the farming industry.

Pomeroy said citizens should work in their own back yards to encourage small local industries, and to this end he recommended the establishment here of a local unit of "Jobs Incorporated," which would operate on a non-profit basis to raise capital to invest in new enterprises.

Distributed at the meeting were copies of the printed annual C. and C. report for 1953, in the form of a four-page newspaper filled with reports of the various committees.

L. A. Ihle, retiring president, opened the meeting, calling first on Walt Kavanaugh, Jaycee president, who announced that the Junior Chamber's annual Bosses Night program would be held Tuesday, February 9, and invited the senior group to attend.

Secretary J. M. Roche spoke briefly, saying that the slogan of the C. and C. should be "We're going to do more in '54," and added that major projects would be the community's golden jubilee celebration and work toward a solution of the city's parking problem.

Also introduced was Frank Riley, new chairman of the merchants committee who stressed the importance to the community of Canadian traffic, which, the annual report revealed, spent an estimated $300,000 locally.

In his final message, Ihle praised the members for their cooperation in 1953, stating that more than 50 per cent of the membership had taken an active part in association affairs.

Arthur Christianson, the new president, presented Ihle with a plaque as evidence of appreciation of his services to the organization. He also discussed the increase in the C. and C. budget for 1954 to a total of $18,000, and expressed the view that the resulting increase in dues was justified, in consideration of the expanded program of activities planned for the year.

Hendrickson to Head Power & Light Dept.

Harold M. Johnson named Superintendent of the City Water Department

The city council at an adjourned session Tuesday evening created separate positions of superintendent of light and power and superintendent of the water department, both of which posts had been filled by the late Ole Legvold until his death last year.

Named to head the light and power department was Harry Hendrickson, now in charge of the electric distribution system and associated with the department for many years. Harold M. Johnson was appointed superintendent of the water department, which he has served in recent years as chief operator of the water treatment plant.

Hendrickson, who was chosen from a field of five men who had submitted formal applications for the light department position, was named after an earlier ballot had given Hendrickson and Harry R. Lund three votes each. Morris Owen, at present chief engineer of the power plant and associated with the department for a long period of years, had not submitted an application for the superintendency.

Council members made arrangements to discuss the city employes' salary schedule for 1954 at a conference February 9, preceding which heads of the various city departments will be asked to make recommendations.

City Attorney Robert A. Wurst pointed out that, instead of being named by the mayor, as was done in December, the members of the fire department civil service commission should have been appointed by the council as specified in the law. The council then unanimously appointed the same three men previously named by former Mayor Harry E. Simons, including Otis L. Wold, Arthur Dicken and C. J. Collins.

Creamery Makes 32,497 lb. Cheese During December

That cheddar cheese production in the Thief River Falls cooperative creamery is a sizable operation is revealed in the announcement by G. S. Bergland, manager, that in December, 1953, the plant produced a total of 32,497 pounds of cheese.

To produce this volume, said Bergland, 363,451 pounds of milk was purchased, for which $11,280.07 was paid to local dairymen. He added that all cheese manufactured was of the top A grade. Output, he predicted, will be doubled during the flush production period next summer.

All cheese manufactured here is now being shipped to the Cheese Products Corp. in St. Paul for the account of the federal government.

Mary Welsh Involved in Africa Adventure

Novelist Ernest Hemingway returned to civilization Monday night with only slight cuts and burns to show for two plane crackups in the wild East African bush. But Mrs. Hemingway, his fourth wife, had two rib fractures and needed a rest.

Mrs. Hemingway, the former Mary Welsh, is the daughter of Mr. and Mrs. T. J. Welsh, who lived for some years in Thief River Falls before establishing their home in Gulfport, Mississippi. Mary Welsh gained fame in her own right as a war correspondent for Time and Life magazines. She is a graduate of Bemidji high school, class of 1926.

The Hemingway party arrived at Entebbe, Uganda, from a 125-mile motor trip over jungle and mountain roads after spending the night near the Albert Nile, tributary of the Victoria Nile River. After the second crackup, all they had to worry about was the herds of elephants and other unidentified wild beasts which howled around them and the swarms of mosquitoes from the river. A camp fire kept the beasts and insects at bay.

The first crackup occurred Saturday when the Hemingways were flying in a chartered sightseeing plane near Murchison Falls, noted Uganda beauty spot. Hemingway said the river was full of crocodiles and that when the plane got into trouble it was a choice between crashing in the river or the bush.

A tourist launch took the Hemingways and their pilot to Butiaba.

The second crackup came there when another plane failed to negotiate a takeoff. Hemingway said all aboard had braced for the shock. One wing broke into flames. Hemingway opened the door with his head and shoulder and suffered cuts on the head and slight burns. His wife and the other occupants left thru the front of the plane and were not burned.

County Board Accepts Low Bids on Court House; Total $355,985

A. C. Nasvick Co. of Bemidji Given General Contract at $276,590

Pennington county definitely will get a new court house to replace the present antiquated structure as a result of the action of the county board in accepting low bids tendered at a letting Tuesday afternoon in the Civic and Commerce room.

A. C. Nasvick Construction Co. of Bemidji, lowest of 13 bidders, was awarded the general contract on its base bid of $297,806, which after deducting alternates left a net bid of $276,590. Some of the alternates remain to be decided.

Grudem Bros. of St. Paul was awarded the mechanical contract on its bid, the lowest of nine submitted, in the amount of $60,500. L. W. Best of Thief River Falls was awarded the electrical contract on his base bid; the lowest of five received, in the amount of $22,247, which after deducting alternates, left a net bid of $18,895.86.

The three low net bids aggregated $355,985.86, to which must be added the cost of equipment, painting and architect's fees. To meet the cost, the county has presently available a $298,000 bond issue, of which $250,000 already has been sold; in addition to approximately $100,000 cash on hand.

The bids, which were reported to be fairly close to advance estimates, were read at the opening by M. O. Foss, Moorhead architect, who designed the structure. Nearly 100 bidders and interested spectators attended the opening.

Second low bidder on the general contract was Dean L. Witcher of Minneapolis, successful bidder on the local armory project, whose bid Tuesday was in the amount of $298,883. Dahlquist Inc. of Mora, builders of the hospital addition here, submitted a base bid of $321,800, while the highest bid of $347,000 was entered by the Larson Contracting Co. of Pelican Rapids.

The Lee Plumbing and Heating Co. of this city entered a bid in the amount of $64,834 on the mechanical contract.

Nominations Are Due for Soil Supervisor

The Pennington county soil conservation district will elect a supervisor March 9 at the township elections. The district is governed by a board of five supervisors, elected or appointed as provided by law. All supervisors must be actual bona fide farmers operating farms as owners or renter, tenants, and legal voters residing within the district.

All supervisors elected hold office for five years with one of the supervisors positions terminating each year.

Nominating blanks are now available at the county extension office, and anyone interested in nominating a candidate should see county agent Wm. Penning.

Any candidate must have a minimum of ten signatures on the nominating blank and this blank must be completed and turned in on or before March 1, to insure sufficient time for preparation before elections.

$320 More Turned in This Week in Rural Polio Drive

Campaign Is Extended for an Additional Week Due to Subzero Weather

Following the $280.30 reported last week by Mrs. Adam Lendobeja, rural chairman for the March of Dimes campaign, as having been collected, in five townships and three school districts, she announced yesterday that five additional townships had turned in $297.25 more, with an extra $23.50 coming from eight school districts.

Altho the rural campaign had been scheduled to close January 31, Mrs. Lendobeja announced, it has been extended for at least another week due to the extremely cold weather that has handicapped solicitors this month.

Townships and their chairmen reporting this week include River Falls, Mrs. Dave Christensen, $87; Deer Park, Mrs. Stanley Radniecki, $49; Reiner, Oscar Stenvik, $64; Goodridge, Mrs. R. Kusmak, $22.50; and Star, Eugene Prestegaard, $74.75.

School districts reporting during the week include Dist. 41, $2.62; 48, $1.50; 42, $3.20; 7, $2.56; 37, $3.25; 149, $3.60; 44, $1.27; and 125, $5.50.

Jos. Seidel Heads N. W. Chapter of Engineers Group

Charles Faunce Named Vice President and E. W. Johnson Secretary

Joseph Seidel, Pennington county engineer, last Friday evening at a meeting in the Rex Cafe was elected president of the Northwest chapter of the Minnesota Society of Professional Engineers. Len Harris of Bagley, retiring vice president, had charge of the meeting.

Charles Faunce, soil conservation service engineer in Thief River Falls, was named vice president; and E. W. Johnson, state highway department engineer, also of this city, was elected secretary-treasurer.

Douglas Stewart, member of the board of directors of the state society, reported on a board meeting he had attended January 9. Also discussed was the observance of Engineers Week, scheduled for February 22-27.

The executive committee of the local chapter was instructed to select a date and location for the next meeting, at which civil defense will be the principal topic of discussion.

New Meat Service Plant Draws Many

Melvin Joppru Opens Packing Plant Near City

A steady stream of visitors have inspected the Joppru Meat Service plant on the Melvin Joppru farm one mile northwest of the city during the past week. And all who inspected the plant were impressed with the completeness of the facilities of the miniature packing plant that is equipped for the slaughtering, processing and selling of meat products.

The new service opened officially Friday and Saturday. Mr. Joppru has operated successfully a livestock sales barn over a period of several years and the new plant enables him to provide a complete selling service for producers and a processing service for producers and consumers.

Besides providing a custom slaughtering and processing service the plant makes available sharp freeze and rental lockers.

Martha Skaar Becomes Bride of Charles Parsons

The Zion Lutheran church was the scene of a pretty wedding on Jan. 17 when Martha Skaar, daughter of Mr. and Mrs. Ole Skaar of this city became the bride of Charles Parsons, son of the former Mr. and Mrs. Charles Parsons of Rochester, Pa. The single ring ceremony was performed by Rev. Walter Pedersen in the presence of the family and close friends. During the ceremony "God of Mercy" was sung by Ervin Skaar.

Given away in marriage by her father the bride was attired in a medium light blue dress. Her corsage was of yellow roses. Sister of the bride, Mrs. Arthur Terrain, was matron of honor in a medium blue dress with a red rose corsage. Best man was Arthur Terrain, brother-in-law of the bride.

The bride's mother chose a navy blue dress and wore a red rose corsage.

A reception was held following the ceremony for the members of the family.

The bride is a graduate of Lincoln high school, class of 1951 and the groom is a graduate of Rochester high school, class of 1948. The couple are now at home in this city.

A Review—

Critic Praises Singing of Robt. McFerrin, Baritone

By Miss Marlys Carlander

Once again the concertgoers of Thief River Falls have had the privilledge of hearing some truly inspiring music. On Monday evening, January 25, Mr. Robert McFerrin, baritone, presented a program in the Lincoln High School Auditorium.

Mr. McFerrin departed from conventional programing when he started his concert with a warm-hearted group of folk songs and spirituals. Every change of mood could be felt clearly by the listeners in such songs as "Every Time I Feel The Spirit." Mr. McFerrin's rich full voice is wonderfully suited to these songs.

After a short interlude in which Mr. Norman Johnson, accompanist, played three well known selections of Mozart, Grieg, and Lecuona, Mr. McFerrin, showing again his rich voice and musical versatility, sang two operatic arias. Perhaps the best known of these was "Di Provenza nel mar" from La Traviata by Verdi.

Mr. McFerrin's third group of songs included such classical art songs as "My Lovely Celia" by Munro and "I'll Sail Upon the Dog-Star" by Purcell.

In the final group of songs Mr. McFerrin sang two songs from "Lost In the Stars," a Broadway production in which he appeared. Mr. McFerrin's verbal program notes on those two numbers, "O Tiko, Tiko, Help Me" and "The Little Grey House" made them especially meaningful to the listeners. Throughout the program these brief introductions given before each number served to strengthen the bond between the singer and the listeners.

Mr. McFerrin sang four encores which were also favorite spirituals: "Water Boy," "Courtship," "I Got to Lie Down," and "Ride On King Jesus."

Mr. McFerrin's professional experience includes several opera appearances, and roles in Broadway productions of "Green Pastures" and "Lost in the Stars." His New York Town Hall recital debut took place in 1950. He has also been awarded the scholarship from the Metropolitan Opera Auditions of the Air.

Delighted with the high quality and fine musicianship of the program, citizens of this community eagerly await the next number in the concert series.

Festive Event Marks Birthday of Sandra Jensen

Sandra Lea Jensen celebrated her eleventh birthday Saturday afternoon. The group enjoyed an ice skating party at four-thirty after which they congregated at the Jensen home where Sandra opened her gifts from her friends.

A two-course luncheon was served by Sandra's mother, Mrs. Max Jensen, assisted by Mrs. T. Q. Hellie and Elaine Bessler. Each guest was favored with a small replica of a snow man made of candy holding sucker brooms which served as place cards. A huge snow man graced the table for a centerpiece.

After the luncheon the group enjoyed a theatre party. The invited guests included Diana Kay Bell, Jane Kollitz, Marjorie Race, Kathleen Hartje, Ruby St. Martin, Ruth Hanson, Patricia Larson, Marlys Madunich, Judy Bratrud and Susan Kvikstad.

Queries Answered in Regard to Blood Bank

Officers of the Northern Blood Bank association, now in process of organization, today submitted to a dozen questions frequently asked by prospective members relative to the operation of the blood bank. They are as follows:

1. What is the purpose of Northern Blood Bank association?

The purpose is to provide blood and blood plasma for its members, their husbands or wives, their children under 18 years, and their parents and grandparents over 60 years of age. Such blood will be provided in the event that blood transfusions are needed.

2. Who may be a member of Northern Blood Bank association?

Men or women who are between the ages of 18 and 60 years and who are in good health.

3. May I become a member if I have had yellow jaundice or if I have had some other disease which would make me an improper donor?

You may, PROVIDED that at each time you are called upon to donate blood you provide protection for yourself and proper dependents.

4. I am over 60 years of age. May I become a member?

No, you may not. However, if you have a son or daughter between the ages of 18 and 60 they may list you as one of their proper dependents for blood transfusion purposes and you will be taken care of.

5. I am the husband and a member of the Blood Bank. May I list my parent-in-law as a dependent?

No, you may not. However, if your wife becomes a member of the blood bank, she may list her own parents as proper dependents if they are above the age of 60. You can list your own parents above 60 as dependents.

6. Why do I have to pay a $1.00 membership fee?

You pay this amount only once in your lifetime. The money is used principally to pay for correspondence and the bookkeeping involved in maintaining the blood bank. Keeping track of all the work of a blood bank is a complex business.

7. Suppose I become a member and some time later, through illness become permanently incapable of being a blood donor. Will I be dropped from membership?

No. The only way you can lose your membership in the blood bank is through resignation, by moving away from the area, or by refusing to donate when called upon for inadequate reasons. In this last instance, the board of directors may take away your membership.

8. What benefits will accrue to me and my proper dependents as a result of my becoming a member of the Northern Blood Bank association:

a. Neither you nor your dependents will ever be charged the $25.00 per pint blood penalty fee that is customary in most hospitals.

b. You will never have to try to find friends or others, to donate blood for you or your dependents.

c. You may be hospitalized anywhere and the Northern Blood Bank association will take care of your blood needs through its relationship with the Minneapolis War Memorial Blood Bank. However, wherever you are hospitalized you will still have to pay the hospital charges for laboratory and transfusion costs. These charges are added everywhere.

9. Where will I be blood typed; Where will I donate my blood when called upon in proper rotation?

At Northwestern Hospital, Thief River Falls.

10. How may I become a member?

Drop a post card to NORTHERN BLOOD BANK ASSOCIATION, THIEF RIVER FALLS. You will receive a short application which you will fill out and send with a dollar bill attached. Later you will be notified as to certain inclusive dates when you can come to the hospital to be typed. At the time of typing you will receive a membership card which will serve as the receipt for your $1.00 membership fee and which will entitle you to the responsibilities and privileges of membership.

11. How often will I have to donate blood?

It is not expected that you would have to donate blood more than once a year.

12. When should I send for my application blank?

TODAY. NOW! Become a part of a worthwhile community project. Help others while you help yourself and your dependents.

Chairman H. Kjos Thanks Buyers of Christmas Seals

"We would like to shake hands personally with everyone who bought Christmas Seals."

Herman A. Kjos, local Christmas seal sale chairman, and other committee members made this statement as returns continued to trickle in to finance the year-round campaign against tuberculosis.

More than eighty-five per cent of the families in Pennington County bought and used their Christmas Seals this year, Mr. Kjos reported.

"There are many more who want to help this program but who forget to mail in their contributions," the chairman said. "It is still not too late," he emphasized.

Especially, said Kjos, do we wish to thank Mrs. Geo. L. Erickson, Mrs. L. B. Hartz and Mrs. Earl D. Jenson who have opened the many hundreds of envelopes containing contributions for the Christmas Seals and have done all the work during the busy holiday season.

Goal of $310,000 In Savings Bonds Set in Pennington

Residents of Pennington county will be asked to save $310,000 in the form of Series E and H savings bonds during 1954, it was announced today by J. M. Roche, county bond committee chairman.

This goal compares with actual sales of $201,010 last year and represents one-third of one per cent of the state goal.

Minnesota's goal for 1954 is $93,800,000 and compares with sales of slightly more than $78 million last year, an increase of approximately 20%.

The national sales program for 1954 has as its over-all goal "A Billion More in Fifty-Four"—that is, a billion dollars more than sales for 1953. In dollar volume, the U. S. Savings Bonds division is aiming at sales of $5.3 billion Series E and H bonds combined, which compares with slightly more than $4.3 billion last year.

In expanding the sales of E and H bonds, two other objectives will be furthered simultaneously: (1) To encourage the owners of the approximately $31 billion E bonds maturing in the next two years to hold their bonds beyond maturity, and (2) To continue to inform more Americans about the terms of the E bond and the current income H bond.

Mrs. Anna L. Olson To Be Buried Thursday

Thomas Christian Hanson, 80, passed away at the Pioneer Rest Home in Erskine on Jan. 25. Funeral services will be held at the First Lutheran church on Thursday at 2:00 with Rev. Carl F. Johnson officiating. Burial will be made in the Greenwood cemetery. The body will lie in state at the Anderson-McElwee Funeral Home until tomorrow noon.

Mr. Hanson was born Dec. 22, 1874 in Denmark. He came to the United States at the age of 16 years. He has been a section foreman for the Great Northern Railroad for about 40 years and has lived around Crookston, Georgetown, Angus and Grand Forks.

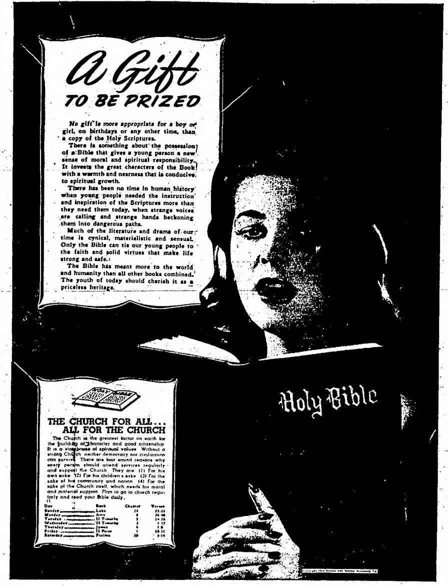
Mr. and Mrs. Hanson were the first couple to be admitted to the Pioneer Rest Home about three years ago.

He is survived by his wife, four daughters, Mrs. Marie Brant of Stanley, N. Dak., Mrs. Christine Burtness of Seattle, Wash., Mrs. Lillian Smith of this city and Mrs. Myrtle Lundeen of Warren; two sons, George of Moorhead and Jack of this city; two brothers, Nels of Racine, Wis., and Petrius of Denmark; one sister, Mrs. A. N. Burseth of Stanley and also surviving are 22 grandchildren and several great grandchildren.

Shirley Wold, 35, To Be Buried In Landstad Friday

Funeral services will be held at the Landstad Lutheran Church on Jan. 29, for Shirley Janette Wold, who passed away Jan. 25. Rev. E. G. Bagley will officiate and burial will be made in the Landstad cemetery.

She was born August 26, 1918 in Veldt township, Marshall Co. Survivors include four sisters, Mrs. Obert Grovum, Mrs. Francis Haack and Mrs. Ervin Vigen of Grygla; Mrs. Kenneth Swanson of Invergrove, Minn.; two brothers, Kermit of South St. Paul and Juel of Breen Bay, Wis. She was preceded in death by her mother and one brother.



A Gift TO BE PRIZED

No gift is more appropriate for a boy or girl, on birthdays or any other time, than a copy of the Holy Scriptures.

There is something about the possession of a Bible that gives a young person a new sense of moral and spiritual responsibility. It invests the great characters of the Book with a warmth and nearness that is conducive to spiritual growth.

There has been no time in human history when young people needed the instruction and inspiration of the Scriptures more than they need them today, when strange voices are calling and strange hands beckoning them into dangerous paths.

Much of the literature and drama of our time is cynical, materialistic and sensual. Only the Bible can tie our young people to the faith and solid virtues that make life strong and safe.

The Bible has meant more to the world and humanity than all other books combined. The youth of today should cherish it as a priceless heritage.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Husband of Ruth Mellby Vice Pres. of Big N. Y. Bank

Edward B. White Given Promotion by National City Bank of New York

Edward B. White of Ridgewood, near New York City, recently was promoted to the position of vice president of the National City bank of New York, one of the nation's largest banking institutions. He is the husband of the former Miss Ruth Mellby, daughter of the late Dr. O. F. Mellby and Mrs. Mellby of Thief River Falls.

The board of directors of the bank named Mr. White, formerly an assistant vice president to head the newly constituted public utility department of the bank. That department is one of the units in the special industries group which has just been formed within the institution. In it will be concentrated supervision of the bank's business in public utility, petroleum, and transportation industries.

Mr. White came to National City immediately upon graduation from Harvard University in 1930. He has been associated with the bank as a public utilities specialist since returning to the organization from his World War II duties with the U. S. Navy.

Grand Forks at Thief River Falls
Roseau at Crookston
Feb. 3rd—
Thief River Falls at Roseau
Warroad at Grand Forks

The week's play in the Northwest Hockey league was featured the Grand Forks Redwings, with coach Odie Lowe's team scoring wins over Thief River Falls and Warroad to assume a one-point lead in the league standings. The Redwings defeated Thieves, 4 to 0, at Thief River Falls on Saturday night, and beated the Warroad Lakers, 5 to 2, at Grand Forks on Sunday afternoon. The Redwings will put their league lead "on the ice" on Wednesday night when they make the long jaunt to Warroad for a return game against the Lakers. Next Sunday afternoon, the Redwings play the Thieves at Thief River Falls.

The Thieves, showing a remarkable burst of scoring power, registered a decisive 8 to 2 win over the Crookston Pirates at Crookston on Sunday, with the win being the first in league play for coach Paul Bedard's Thieves.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q: How soon after I enroll in school under the Korean GI Bill may I expect to get my first GI allowance check? I want to plan on taking along some of my own money to tide me over until I get paid.

A: You can count on your first GI check about two months after you enroll. Under the law, payments are made after the end of each month of training completed. But before you can be paid, VA must receive a certification—signed by you and your school—stating you were in class during the month. Usually, checks go out within 20 days after VA gets the certification.

Q: I am a Korean veteran, and I have just been released from service. I understand that I have four months from my separation date in which to apply for GI term insurance. Is that correct?

A: No. Actually, you have 120 days from the date of separation in which to apply and pay your first premium. Since some months have 31 days, 120 days is less than four months.

Q: I was called to active duty for a period that exceeded 30 days, but the way things turned out I was separated before I served 30 days. Will I be entitled to the free insurance coverage for 120 days after my date of separation, even though I didn't serve more than 30 days?

A: Yes. So long as you were called to active duty for more than 30 days, you will be entitled to the 120-day coverage after separation, even though you didn't actually serve all that time.

Crop Improvement Ass'n.

There has been considerable interest shown in the crop Improvement Association lately, and I must say there is a little confusion as to what the organization is and who can join. Because of this I am going to try and explain certain facts about the Crop Improvement Association.

1. *All persons interested in the production of quality agricultural seed in Minnesota, are eligible for membership in the association.*

2. The seed sown or planted must have been registered or certified seed if the crop produced from it is to be eligible for certification. Varieties must be recommended by the University of Minnesota Experiment Station. You must furnish proof that seed was certified or registered seed, and proof must be sent in with application of filed inspection.

3. You must make application for filed inspection and enclose the necessary fee. This application should be made after heading, but before cutting.

4. General field standards for small grain:

a. Crop must not be planted on land which the same kind of crop was grown the year previous, unless the previous crop was grown from certified seed of the same variety.

b. A field cannot be divided for certification. The boundary lines of a certified seed field, must be a strip of land the width of the drill or seeder either mowed or uncropped.

If you have other questions, please come in and see me.

Farm Building

Any of you farmers thinking of doing some building in the future? Mr. Don Bates, the agricultural engineer, will be here Thursday, January 28, in the city Auditorium. This meeting will start at 1:30 and Mr. Bates will talk about construction of milk houses and general construction of farm buildings. I would like to take this opportunity to invite you all to this meeting.

Livestock Judging

The 4-H dairy and general livestock judging practice will be held again this Saturday. I would like to have the 4-H dairy judges meet in the county extension office at 9:00 and the 4-H general livestock judges meet in the Office at 1:00, or at the L. A. Meyers farm at 1:30.

That's all for today folks, see you next week!

Plummer Council Names St. Marie as Acting Mayor

Reaum Ste. Marie was appointed acting mayor of the village of Plummer at a recent meeting of the council.

The mayor's office has been in doubt for some time since the re-election of E. B. Kopp by write-in votes. Mr. Kopp declined to accept the position after having held it for a number of years.

The council also named Dr. L. N. Dale of Red Lake Falls as health officer and Robert Wurst of Thief River Falls as village attorney for the year of 1954.

Drive under Way to Collect Rest of 1954 C. & C. Dues

With 40 per cent of the 1954 membership dues in the Civic and Commerce association turned in up to Monday morning, a concerted drive is now being conducted by ten two-man teams under the direction of Gordon Ballingrud and Ralph A. Luhman in an effort to bring in the remainder of the dues by the end of next week, it was announced by J. M. Roche, secretary.

KRATKA . . .

Mrs. Ted Lendobeja, Ph. 815-28

The Kratka Homemakers group met at the Julian C. Lendobeja home Monday afternoon. Mrs. Julian Lendobeja and Mrs. Sidney Wilson conducted an excellent lesson on sewing machine attachments. Many handy hints on sewing were learned by the following: Mrs. Warren Wilson, Mrs. Wallace Tieman, Mrs. Ted Lendobeja, Mrs. Carl Lindblom, Mrs. Ed Magnan, Mrs. John Keck, Mrs. Simon Brelland, Mrs. Albert D. Hanson, Mrs. Henry Anenson, Mrs. Alvin Burstad and Mrs. Ed Koglin. Sandwiches, pie and coffee were served by the lunch committee: Mrs. Ed Magnan, Mrs. Warren Wilson, Mrs. John Keck and Mrs. Ted Lendobeja. Mrs. Warren Wilson and Mrs. Ed Magnan were appointed as the next leaders. All members be sure to send in the slips whether you plan to attend the re-upholstering workshop or not. They must be in this month.

The Mavie Parish Brotherhood met at the Telemarken church parlors Monday evening. Mr. Wahlstrand of the Youth Conservation Commission spoke on the problems of juvenile delinquency. He said that rural youth were very fortunate to be able to belong to an organization like the 4-H club. Harry Paulson and Alf Jorstad served rolls and coffee at close of meeting.

Last week's Sunday guests at the Alvin Burstad home were Mr. and Mrs. Melvin Longevan and Yvonne of Silverton.

The Smiley Community Polio committee are to be congratulated on the wonderful program they had planned for Saturday evening. It was excellent entertainment.

Mary Ann Lendobeja was one of the entertainers in Smiley on Saturday evening. She was asked to repeat her reading at the Polio Show in Thief River Falls this Saturday evening.

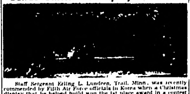
Builds Christmas Display in Korea



Staff Sergeant Erling L. Lundeen, Trail, Minn., was recently commended by Fifth Air Force officials in Korea when a Christmas display that he helped build won the 1st place award in a contest held within the 67th Tactical Reconnaissance Wing. Lundeen was the assistant supervisor on the work on the display, and he is shown here hammering on the supports on the miniature mountain. The display was a unique one, featuring figures of the Three Wise Men moving toward the right where the model manger was standing. Lundeen is the son of Mr. and Mrs. Emil Lundeen of Trail.

SHIP OF SAILOR ALLAN LUND SHARES IN MOVIE

In the Far East aboard the attack aircraft carrier USS Oriskany is Allan C. Lund, fire controlman third class, USN, son of Mr. and Mrs. Harry R. Lund, Thief River Falls.

While in port for routine maintenance, the Oriskany was boarded by a host of movie-land notables. They were aboard to film the movie version of James Michener's current novel, "The Bridges at Toko-ri." Paramount Director Mark Robson brought a cast composed of William Holden, Mickey Rooney, and Earl Holliman aboard the Oriskany to shoot scenes for the forthcoming movie.

Hundreds of Oriskany personnel appeared in many of the scenes throughout the movie.

CONGRESSIONAL Quiz

Q—How many Americans are eligible to vote?

A—Exact figures are unavailable, as many states do not require registration in certain communities, and some which do, do not publish figures. The Census Bureau estimates that persons of voting age numbered about 100 million in 1952, 96 million in 1950 and 93 million in 1948. The Associated Press, shortly before the 1952 election, estimated there were about 76.2 million persons registered to vote. In 1950 and 1948, respectively, the Republican National Committee estimated 69.5 and 66.8 million persons were registered. Voting for President totaled about 61 million in 1952, about 49 million in 1948.

Q—Did President Eisenhower run far ahead of Republican nominees for Congress in 1952?

A—The President polled about 33.8 million votes, while Democrat Adlai Stevenson garnered about 27.3 million. GOP candidates for the House only slightly outpolled the Democrats, 28.4 to 28.3 million. The President "carried" 293 Congressional districts in his race against Stevenson, while GOP House nominees beat Democratic candidates, or were unopposed, in only 221.

Q—Why must a bill or resolution be read three times before either branch of Congress may vote on its approval?

A—Most of the rules under which Congress operates date back to those originally adopted in 1789. These, in turn, were based on those used in the Continental Congress, and can be traced to the English House of Commons of the 18th Century and earlier. Some historians say the practice of reading a bill aloud three times before passage was begun in medieval times because few legislators could read. Today, unless a Member objects, the first and third readings usually are of the title of the bill only.

DALE CARNEGIE

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

SOME TIME ago Tobias J. Davis, 118 Orange Street, Rochester, New York, received a request from a client, a local psychiatrist, to sit in consultation on one of his cases. He was faced with a most unique type of problem. A patient he had had under observation for about six weeks was in a constant state of fear and was sick with worry. Because of his unhappy condition the fellow had been compelled to take leave of absence from his job as foreman in a large industrial plant. In addition he complained of having been unable to sleep for three weeks. It was obvious that the man had a mental disturbance of a most unpleasant sort.

CARNEGIE

Reviewing his case history, it was found that this man, aged 38, had a wife and three children whom he was supporting on his earnings of five hundred dollars a month, and in addition taking care of his father and mother, who were 74 and 71 years old, respectively. Upon questioning the patient it was discovered that he was worrying about the prospect of "living too long" and becoming a burden, as in the case of his parents who were dependent upon him.

As a solution to his difficulties, it was proposed that he purchase a life annuity which would pay him an income as long as he lived. The virtue of such a plan had a ready appeal to him, and he immediately agreed to purchase it. It was wonderful to see the almost miraculous change in this man's personality. There seemed to be a look of real happiness in his face. The look of worry and anguish disappeared completely and his step seemed youthful and confident and he seemed to exude a spirit of well-being.

A recent check on this man's present status found him happily at work and with no recurrence of his former condition.

South St. Paul Livestock Market Report — Monday

STEERS AND HEIFERS: Most of the slaughter steers and heifers on sale fell in the Commercial to low-Choice grades. A couple loads of Choice 1,109 lb. slaughter steers landed at $24.75 and another load of 1,022 lb. weights secured $24.50. Bulk of the Choice steers and yearlings were taken at $22.50-24.00. Most of the Choice heifers cashed at $20.00-22.00. There was a load of Choice 959 lb. heifers at $22.50. Good steers and yearlings bulked at $18.50-21.00. Good heifers selling at $17.50-19.00. Utility and Commercial steers and heifers were noted at $12.00-17.50.

COWS: The trade on beef cows continued to drag but prices remained mostly steady on all grades. Utility and Commercial cows were taken at $11.00-13.00 with a few Commercial cows bringing up to $13.50. Canners and Cutters bulked at $9.50-10.50, strongweight Cutters $11.00 and light Canners selling at $8.00-8.50.

BULLS: Cutter and Utility bulls brought $12.50-14.50, there being an occasional big weight dairy-bred bull ranging up to $15.00. Commercial and Good bulls cashed at $12.50-13.00 with Canner bulls bringing $10.00-12.00.

VEALERS AND CALVES: Today's steady market left Good and Choice vealers to bulk at $22.00-28.00. Prime selling largely at $29.00; a few $30.00. Utility and Commercial vealers went at $12.00-21.00 with Culls going at $8.00-11.00.

GULLY . . .

By Mrs. Arnold Brovold, Gully

Mr. and Mrs. Vernon Gunvaldson and family of Bemidji visited with his parents, Mr. and Mrs. Carl Gunvaldson. In the afternoon they all drove to Erskine and visited and had supper with Ed Erickson and Mrs. Gunvaldson's father, Peter Talge who live together there.

Gully grade pupils had another successful night in basketball on Friday evening when they defeated Goodridge to a score of 23 to 15. Duane Rouland took the players and Archie Bauman (coach) in his car. Miss Christenson took the cheer leaders. Miss Baatz took some of the fans and Harvey Aps took some of them up there.

Mr. and Mrs. Arnold Brovold accompanied by John Tweeton attended funeral services for Ole Hoftuft at the Bethany Church Thursday afternoon. Ole Hoftuft was born in Satersdal, Norway on August 1, 1878 and came with his mother to the United States at the age of 16. They lived near Granite Falls, Minn. and later moved north of Trail where his mother homesteaded. Ole lived there until 12 years ago when he and his brother Halvor moved to Thief River Falls. On Oct. 1, 1950 Mr. Hoftuft was united in marriage to Thilda Vinlos, who survives him. He is also survived by two nieces, Signe Homme of Cloquet, Minn., Mrs. Gunhild Smith of Lakeville, Indiana, two nephews, Gjermund and Knute Homme of Evansville, Minn. Mr. Hoftuft passed away at Thief River Falls on Jan. 17 at the age of 75 years, 5 months and 15 days. Pallbearers were Henry Sweno, Marvin Gustafson, Carl Lund, Ole Sannes, Theo. Thompson and Alfred Bergh. Honorary pallbearers were Torjus Thompson, Salve Sannes, Ole Anderson, Axel Gustavson, John Sannes and H. T. Hanson. Rev. H. Lie officiated and Mrs. H. Lie was organist. Mrs. Ted Thompson sang two solos.

Mr. and Mrs. Ross Weekley of Deer River came on Friday and visited until Sunday with her mother, Mrs. Herman Johnson and sister Irene.

Mr. and Mrs. Kenneth Forsberg and boys visited at the Henry Bergman home near Clearbrook on Sunday and also with Henry Bergman who is a patient at the Bagley Hospital. Sunday evening they visited at the Rueben Rydeen home near Clearbrook and helped Rueben celebrate his birthday. Also there were Mr. and Mrs. Peter Rutkowski, Mr. and Mrs. Carl Forsberg, Mrs. Luella Rydeen and Lucille and Mrs. Hulteen.

Mr. and Mrs. K. K. Strande and Cora Hanson visited Sunday with Mrs. Marie Hanson who is still a patient at the Fosston Hospital. In the evening Cora Anderson visited with her. On Monday Mr. and Mrs. Conrad Hanson and Mrs. Norman Strand of Trail visited with her. Another daughter Mrs. Amanda Johnson of Minneapolis came on Saturday and plans to stay with her mother until Thursday.

Funeral services were held last Tuesday afternoon for Mrs. Felix Sundquist at the United Lutheran Church at Berner. Rev. E. M. Berg officiating with interment following at the church cemetery. Jeanette Norvilla Sundquist was born in Hill River township where she was baptized and confirmed and attended grade school until she was about nine years when she moved with her parents, Mr. and Mrs. Nils Nelson to a farm north of Gully. Here she resided until her marriage to Felix Sundquist in 1949. She has been suffering from asthma since she was nine years old and during the past summer she has spent much time at he hospital. Early Sunday morning she went into a coma, was rushed to the Clearwater Memorial Hospital at Bagley where she passed away within a few minutes after being admitted at the age of 30. Her husband and two small children Ann 3½ years and Stanley 1½ years survive her. Other survivors include her parents, Mr. and Mrs. Nils Nelson, nine sisters and two brothers, Mrs. Bennie Carlson (Irene), Mrs. Arnold Haugen (Gladys), of Proctor, Mrs. Rodger Eck (Petra) of Gonvick, Mrs. Norman Olson (Mae), Mrs. Norman Olson (Doris), Mrs. Richard Nare (Doris), both of Duluth, Mrs. Lloyd Svein (Audrey), of Winger, Mrs. Willis Klema (Yvonne) of Gonvick, Shirley Ann and Patricia at home, Kermit of Eveleth and Joel at home and a number of nieces and nephews. Her twin brother preceded her in death in 1933 at the age of nine years and several nieces and nephews.

SCANNING THE NEWS

BEGINNING with the first day of this new year, most American businesses and industries hung out an imaginative sign: Business — as Usual.

And, unless most observers are wrong, the sign should literally mean — same as in 1953. There doesn't figure to be too much change. For some, things will be a little bit better; for others, a slight decline, but no one expects any kind of a general recession.

Those on the "inside" say that home buying will be stimulated during the year by new housing legislation providing for less cash down and longer time to pay.

New home production for 1953 was estimated at about 1,100,000 units with a combined value of nearly $12,000,000,000. The National Association of Home Builders says the number of new housing starts in 1954 will run very close to the same level.

Overall new construction is expected to drop off slightly, although the total volume of activity should remain relatively high. There is still a tremendous backlog of demand for school buildings and a sizeable demand for various types of commercial building developments.

An increase of 22,000,000 motor vehicles in operation today as compared with the end of World War II indicates a tremendous need for additional highway construction, including demands for city streets replanning, parking facilities, and suburban and rural roadside projects.

Manufacturing companies expect sales of most products to be down, but are looking for a good year, just the same. Industry experts say only companies in danger are those whose break-even points have risen so high that even a ten to twenty per cent decline in volume of sales will put their net operations into the red.

However, offsetting these viewpoints are the optimists, who say that the volume of Christmas retail sales indicate increased activity in the months ahead in many business lines.

One of the better outlooks for 1954 prosperity is enjoyed by the aviation industry, still heavily backlogged with both military and commercial plane orders. Scheduled airlines had their best year in history in 1953, are just as confident about 1954. Reasons for their optimism: Airlines are using newer, more modern planes; world tensions are easing; personal income tax reductions coupled with American desire to travel; and improved airline safety records.

In general, economists believe that 1954 will be a good year, even as it might fall below the record prosperity year of 1953, when the gross national product (measuring the market value of all goods and services produced) totaled $367 billion—the highest on record. Commerce Secretary Sinclair Weeks, in his year-end review hit the key note when he declared: "Though 1954 may not equal the all-time record boom of 1953, known conditions and forseeable prospects offer sound reasons for continued realistic optimism that it will be among the better years of economic history."

Obituary

Herman Magnus Laurits Lillo, son of the late Magnus and Ingeborg Lillo, passed away Friday evening, Jan. 22, at the Itasca Memorial Hospital at Grand Rapids, Minn. at the age of 77 years, 3 months and 28 days.

He was born September 24, 1876 at Byron, Minn. He was baptized and confirmed there. He came with his parents to Red Lake county where they homesteaded. He was united in marriage to Emma Legvold in 1906. To this marriage five children were born, of which a boy and girl died in infancy. His wife died in 1913.

On September 24, 1918 he married Elsie Wichterman of Plummer. They spent the next three years in Canada returning to this community about 1922.

Ten children were born to this marriage of which six are living. He has spent most of his life in Red Lake and Pennington counties except for two years in California. After returning here in 1945 with his family he lived near Thief River Falls and Oklee. The past three years he has made his home in Grand Rapids.

He had been fairly well until the past two weeks in which time he suffered three strokes which were the cause of his death.

Mr. Lillo is survived by his wife, Elsie of Grand Rapids, two daughters, Mrs. Frank Via (Leona) of Roanoke, Virginia, Mrs. Harold Kessler (Ardith) of Labonen, Missouri. Four sons, Eldore, Norman, Milo, and Renaldo al lof Grand Rapids and three sons by his first marriage, Maurice and Alvin of Oklee and Obert of Roseau. Sixteen grandsons and six granddaughters. One brother August Lillo of Minneapolis, three sisters, Mrs. Ida M. Fore of Oklee, Mrs. Gilbert Hoveland (Elvira) of Thief River Falls and Mrs. Mina Giere of Stewartville, Minn.

He was preceded in death by his parents, two brothers, Oscar and Alfred, his first wife Emma, four daughters and two sons.

Funeral services will be held in Clearwater Church, northwest of Oklee Thursday afternoon at 2 p. m. Rev. Halvor Lie officiating.

Pallbearers will be Martin Pederson, John Knutson, Steiner Brekke, Theodore Reindal, Gunder Lintvelt and Ed Rustan. Mrs. Coya Knutson will sing, "Nearer My God To Thee" and "I Know of a Sleep in Jesus Name." Mrs. Halvor Lie will pay the organ.

Thieves End Winless Streak vs. Crookston; G. Forks Here Sunday

The senior hockey Thieves broke their winless streak, which had extended through six league games, on Sunday afternoon when they erupted for eight goals to defeat the Crookston Pirates, 8 to 2, at Crookston. In a game played here on Saturday night the Grand Forks Redwings, with goalie Bud Nicholson turning in a shutout, bested the locals, 4 to 0.

Coach Paul Bedard's club will remain out of league play until Sunday afternoon, Jan. 31st, when Odie Lowe brings his Grand Forks Redwings, the league leaders, here for a game. Judged by action that the Thieves and the Redwings crammed into their game here on Saturday night, the contest slated for Sunday should attract a capacity crowd.

Saturday night's game here was a 1 to 0 affair moving into the final minutes of the second period, when a pair of quick goals, by Doug Lewis and Wilf Shannon, at 18:25 and 18:37, removed all doubt of the outcome. Prince Johnson tallied the Redwings' first goal when, at 7:25 of the first period, he slapped in the rebound of Buzz Johnson's shot from the right, deflecting the puck into the shot net off McGill's pads.

The game was enlivened in the third period by a fracas between the Thieves' Bill Juzda and the Redwings' Buzz Johnson, with Juzda getting the decision. Buzz Johnson ended the game's scoring by rapping in a goal at 16:29 of the final period, getting the tally during a scramble in front of the Thieves net.

Playing at Crookston on Sunday afternoon, the Thieves ended their scoring drouth by sending eight goals past the Pirates' Bud Schraeder. Church Russell and Paul Bedard each had a "hat trick", getting three goals apiece, and wing Laurie Mitchell notched a pair of tallies.

The Thieves had period leads of 2 to 0, 5 to 0, and 8 to 2. Goalie Jack McGill, who turned in another fine game for the Thieves, had a shutout until the opening minutes of the third period when, at 2:26, Bob Middleton scored an unassisted goal. Hec Bourgeous, with Murray Balagus on the assist, hit the twine at 19:02 for the Pirates' second goal.

Hockey Prowlers Whip Warroad 7-2 in Brilliant Game

"B" Team Also Wins 5-0; Local Six Will Play at Roseau Saturday Night

In one of the most brilliant exhibitions of high school hockey to be played on the Arena rink in several seasons, coach Dennis Rolle's Prowlers defeated Jim Doyle's Warroad Warriors, 7 to 2, in an important eight regional conference game played before a capacity crowd here Tuesday night.

On Saturday night, at Roseau, the Prowlers will meet the Rams in a regional conference tilt. In a preliminary game played on Tuesday night, coach Swede Lund's 'B' squad defeated the Warroad 'B' team, 5 to 0.

In the varsity game, Warroad marked up the first tally when chunky Harlan Meek, recovering the rebound off Jack Stoskopf's stick, beat goalie Jack Hoppe with a drive from ten feet out at 2:38. The game rocketed along at a 1 to 0 pace until the 12:55 mark when Sid Vraa, after getting a pass from Marv Jorde, whipped in a shot from fifteen off to the right of the south goal, beating Bob Lewis on a corner shot. Darryl Durgin, who turned in the "hat trick" for the Prowlers by getting three tallies during the game, notched his first goal at 14:38, hitting from twenty-five out.

Lyle Guttu's pair of goals, at 2:25 and 8:17, on neat plays, boosted the Prowler lead to 4 to 1; and when Durgin, breaking up a Warroad play in the Warrior zone, skated in for a close-in shot at 14:17, the Prowlers had a 5 to 1 advantage at the end of the second period.

Durgin's third goal, on a solo rush at 5:43, gave the Prowlers a 6 to 1 lead, before Warroad, on Penny Nash's goal at 7:46 broke into the scoring column again. Nash's soft shot, from close-in, was partially blocked by goalie Hoppe, but in attempting to clear the puck he nudged the disc across the goal-line.

Joe Poole and Bob Helgeland combined to close out the game's scoring, with Poole pulling the trigger on a play set up Helgeland at 11:02, giving the Prowlers a well-deserved 7 to 2 triumph.

The summary:

East Grand Forks Quint Here Friday to Face Prowlers

An important 31st district basketball game is on the schedule this week, with coach Harold Sullivan's East Grand Forks, currently holding the number one position in the district standings, playing coach Ralph Skjod's Prowlers on the high school gymnasium court here on Friday night.

In the first game played between the two teams this season, East Grand Forks defeated the Prowlers, 51 to 48.

A preliminary game, between the 'B' squads of the two schools, will precede the 'A' game, with the varsity contest slated to tip-off at 8:30 p. m.

31st District Champions.

Basketball fans will get a look at the 1953-54 district champions on Friday night, at about 8:15 p. m., when the East Grand Forks Green Wave and the Thief River Falls Prowlers trot out on the local floor to engage in the pre-game warm-up. It is unanimous that either coach Snooks Sullivan's East Siders or Ralph Skjod's Prowlers will win the district title this year, with the odds favoring the all-veteran East Grand Forks team.

What the Warroad Warriors have been to the Prowlers in regional hockey, so has East Grand Forks been to the Prowlers in district basketball. Sturdy competition.

Since 1926, when the Prowlers met East Grand Forks in a regional first round game, which was won by coach Leonard Thune's Prowlers, 19 to 18, Thief River and East Grand Forks have played sixty games. In this sixty-game series, the Prowlers have won thirty-seven games and lost twenty-three. The fact is, though, that most of these Prowler victories were recorded during the 1930's, when the locals racked up a streak of fifteen straight wins over the Green Wave. That hectic 32 to 31 district finals game at Crookston in 1942 broke the string.

Looking over the records for the past ten years we find that East Grand Forks, in the twenty-six games that have been played, have been the winners on sixteen occasions, losing but ten.

That the Green Wave is primed to give the Prowlers a terrific tussle on Friday night, and the outcome of that game will have a direct bearing on the number one and number two pairings in the district tourney, is indicated by the game that East Grand Forks played against the powerful Bemidji Lumberjacks at Bemidji on Saturday night. Coach Bun Fortier's Jacks won that game, 54 to 44, but the East Siders made it a game all the way, holding a 40 to 40 tie midway in the fourth period.

269 and 672.

Gene Leslie made a shambles of the season's bowling records last week when he scrambled Irv Wilson's maples for a 672 aggregate during a Monday night session in the Service League. Gene, a member of Ray Mattson's Ace Hardware team, rolled games of 225-178-269 in setting the new season record. Gene's 269 score was a single game record, too.

In his 269 game, Gene started out with a string of eight strikes, then took nine pins, picked the spare, struck in the 10th frame, nine pins on his first ball, and then added the other pin for a 269. Gene has been keeping his teammates in cigars, and keeping them up in the Service League race, too.

Happy Birthday, Mouse.

On Thursday, Jan. 28th, Morris, the Mouse, Efteland, the people's choice as far as the playing roster of the Thieves is concerned, will be celebrating his 30th birthday.

Among our unforgettable memories is that third period goal, with about a couple of minutes to play, that Mouse scored that Friday afternoon in February, 1952, in Roseau's old arena, and which broke a 0 to 0 tie and gave coach Walt De Paul's locals a 1 to 0 win over Cliff Thompson's Golden Bears in a state high school tournament second round game. The finals game on Saturday night, against Baudette, which was won by Thief River Falls, 4 to 1, giving the locals the state title, was somewhat of an anti-climax.

While Mouse scored the winning goal for the locals, who were called the Hornets back in those days, he had to share starring honors with goalie Johnny Roberge. That Eveleth team, on which the recent Prowler coach, Dennis Rolle, was a wing, had numerous on-goal shots, but Roberge was unbeatable in the nets, and well-earned the shutout he registered.

Conservationist Addresses Lions

Herbert Halverson of SCS Office Explains Functions

Herbert Halvorson, area conservationist working out of the Thief River Falls office of the soil conservation service, discussed the functions of the agency at the Lions club luncheon meeting last Wednesday in the Rex Cafe.

Introduced by Don Lawrence, program chairman, Halvorson stated that the movement really got under way a quarter of a century ago and that SCS districts now cover a large part of the country, including 11 in the Northern Minnesota area served by the Thief River Falls office.

The work of the staff, which operates only on a request basis, includes making an anlysis of the soil, drainage problems, shelterbelts and other functions.

Sportsmens Club to Elect Officers Tuesday Evening

The Pennington County Sportsmen's club will conduct its annual election of officers at a meeting next Tuesday evening, February 2, in the Civic and Commerce rooms, Bob Bell, president, announced today. He added that the program also will elude the showing of motion pictures, followed by lunch.

Prowler Hockey Six Piles up 2 More Wins

Coach Dennis Rolle's hockey Prowlers had a comparatively easy time in marking up victories number nine and ten this past week, defeating Serge Gambucci's Crookston Cathedral team, 8 to 0, at Crookston on Thursday night, and trouncing Baudette, 9 to 0, in a regional conference game at Baudette on Saturday night.

Following last night's important tilt against the Warroad Warriors, the Prowlers will have but four games remaining on their pre-tournament schedule (an attempt will be made to re-schedule the Crookston Cathedral game here that was postponed on Jan. 9th). On Saturday night, Jan. 30th, the Prowlers will play a return game with Oscar Almquist's defending regional champion Rams, playing Roseau at Roseau. On Tuesday night, Feb. 2nd, the Williams sextet will play the Prowlers on the Arena ice.

With wing Sid Vraa scoring three goals, and center Marv Jorde adding a pair, the Prowlers recorded an 8 to 0 win over the Crookston Blue Wave in an exhibition game played at Crookston.

Saturday night's game at Baudette found the Prowlers holding a marked advantage oxer the youthful Baudette club. The Prowlers, by their superior skating ability, held Baudette to five shots on goal, with Jack Hoppe having three stops in the first period and two saves in the second period. In the third period, Hoppe played at a wing, with Rod Collins taking over the goal-tending duties, and Jack was credited with a pair of assists.

LOOKING AT THE THIEVES

BILL JUZDA

Big Bill Juzda, the Thieves' 33-year old, five-foot ten-inch, 220-pound defenseman, who by his efforts as a blue-liner, is putting fear and trembling into the hearts of the Northwest Hockey league's rambunctious forwards. Juzda, without a doubt, is the most famous "name" player to participate in Northwest Hockey league activity.

Bill, whose home is in Winnipeg, and whose occupation is as a railroad fireman, has had eight years of National Hockey league experience. Juzda began his hockey career in Winnipeg, playing his juvenile hockey there. In 1938 he was a member of the Kenora Thistles junior hockey team that reached the Memorial Cup finals. Following his graduation from the junior ranks, Juzda, belonging to the New York Ranger organization, played in Philadelphia.

In 1940, 41, and 42, Bill was a member of the New York Rangers. During the war years, Juzda was a member of the RCAF, following which he returned to the Rangers for the 1946-47 season. In 1948 he moved over to the Toronto Maple Leafs, where he was a defense stalwart until last year when, after opening the season with the Leafs, he was transferred to Pittsburgh of the American League. He proved able enough at defense for Pittsburgh to be named to the league's All-Star team.

This year Juzda is remaining in Winnipeg, and playing his hockey with the Thieves and the Winnipeg Maroons.

Prowler Quint Edges Warren Friday 67-58

Visitors Lead by Score of 18 to 11 Shortly Before 1st Half Ends

The Warren Ponies and the Prowlers, both employing an all-court press on defense and a fast-break offense, played frantic basketball in a district game here on Friday night, which was won by the locals, 67 to 58. In an exciting preliminary game, the Prowler 'B' squad, with Dennis Hallstrom scoring an "insurance" field goal with seconds to play, edged out the Warren 'B' team 49 to 46.

The Ponies, with Russ Melgaard scoring a field goal and four free throws, gained a 12 to 11 first period lead on Friday night, and moved ahead to an 18 to 11 advantage with five minutes to play in the second quarter. With Bill Frahm hitting on three jump shots, and adding a point on a free throw, the Prowlers sliced the Pony lead to 28 to 25 at the intermission. The second period produced some erratic basketball, with the two teams having difficulty in ball-handling and in setting up their plays.

The Prowlers gained control of the game in the third period when they outpointed the Ponies, 23 to 14, to lead at the end of the quarter, 48 to 42. Big Art Johnson, who had scored but three points during the first half, getting a field goal and a free throw in the opening quarter, led the locals' scoring in the third period, rolling in four field goals and a free throw. Guard Gene Bratsch marked up six important points during the Prowler rally, notching three field goals from the edge of the free-throw circle.

The Prowlers held the edge in the play throughout the final period, with the Ponies appearing to "run out of gas" in their efforts to cope with the rangy Prowlers on the large floor, with the locals marking up a 19 to 16 point margin.

Warren's John Carlson easily gained the game's high-point honors, with the slender Pony forward looping in seven field goals and adding thirteen points via the free throw line, for 27 points. Carlson exhibited a fine drive-in style, drawing numerous fouls. Bill Frahm, with 19 points, and hitting a remarkable percentage of his jump shots, and Art Johnson, with 17 points, were the Prowlers high-point players.

Many Farmers Must Pay Federal Income Taxes Before Feb. 1

"Farmers who did not file estimated tax returns for 1953 are required to file their final income tax return by midnight of February 1," A. R. Knox, Minnesota director of the bureau of internal revenue, said today. "The usual deadline is January 31, but since that date falls on a Sunday farmers are given an extra day to comply with the law."

Farmers' estimated tax returns *and estimated tax payments* were due on January 15 Mr. Knox explained, but those farmers who did not file an estimate may avoid penalties by filing their final return and paying their income tax on of before February 1.

Mr. Knox also called attention to the fact that midnight Monday is also the deadline for:

Employers to file their quarterly return of withheld income and social security taxes on Form 941, accompanied by triplicates of Form W-2a. Payment in cash of depository receipts is also required.

Employers to file reconciliation returns on tax withholding statements issued to employees.

Employers of eight or more persons to file federal unemployment tax returns.

The deadline for filing 1953 income tax returns for persons other than farmers (and for farmers who filed estimated returns) is aMrch 15.

Drivers Attitude Cited as Key to Traffic Safety

Failure on the part of most motorists to recognize one important factor lying behind many traffic accidents was cited today by A. V. Rohweder, president of the Minnesota Safety Council.

"Virtually everyone," he said "knows the traditional villians of winter driving—rain, snow, sleet and ice—but too many overlook the fifth villian—the irresponsible attitude of many drivers and walkers themselves."

Alarmed by the heavy toll of deaths so far this month, Rohweder pointed out that countless winter traffic accidents could be avoided if travelers would realize that adverse winter driving conditions can only be offset by extra care on their part. He stated that if motorists would accept the responsibility for their own safety and the safety of those with whom they share the streets and highways, a tremendous improvement could be made in the traffic accident picture.

"The sooner every driver and pedestrian," he concluded, "realizes that his own safety depends upon himself, the sooner will we make a permanent reduction in the traffic toll."

Gen. Bettenburg Heads Minnesota National Guard

New Commander Sets Goal of Viking Division at Total of 9,000 Men

Total strength of 9,000 men in the 47th (Viking) division of the Minnesota national guard is the aim of the division's new commander.

Present complement is 5,321, according to Brig. Gen. Philip C. Bettenburg, who will become a major general in his new command.

"At present 35 per cent of the men are experienced," Bettenburg said Saturday. "It's our job to train the rest to the same degree of sharpness as when we were called to Camp Rucker, Ala., in 1950."

The Viking division has had a "good recruiting campaign," said Bettenburg.

The new commander was born in St. Paul and attended St. Thomas academy and St. Thomas college, graduating with an engineering degree.

A veteran of three wars (he served two months in World War I) he started with the Minnesota national guard in 1919 as a private in company G, sixth infantry.

When the Korean conflict broke out and the Viking division was called to duty, Bettenburg went along to Camp Rucker, Ala., and served two more years.

Bettenburg's firm is Bettenburg, Townsend and Stolte, St. Paul architects and engineers, which designed the Northwestern Hospital addition and the Thief River Falls armory to be built this year.

Publication on Weed Control Is Now Available

How to eliminate or control damaging farm and vegetable crop weeds is told in a new, free publication available at county agent's offices throughout Minnesota.

The publication is Extension Pamphlet 191, "Weed Control in Minnesota," and was developed by R. S. Dunham, H. L. Hansen, R. E. Nylund and Dr. J. N. Campbell, of the University of Minnesota staff.

Dunham represents the University's agronomy department; Hansen, the forestry school; Nylund, the horticulture department; and Dr. Campbell, the School of Veterinary Medicine.

Latest control recommenations are given for such perennial weeds as butter and eggs (toadflax or wild snapdragon), bur ragweed, Canada thistle, leafy spurge, meadow buttercup, orange hawkweed, field bindweed, perennial peppergrass and hoary cresses, perennial sow thistle, poverty weed, quack grass, Russian knapweed and tansy.

Marshall Co. Risk Firm Volume Is Up

Insurance in Force Rises $2,000,000 During 1953

The Marshall County Skandinaviske Mutual Fire Insurance company reported a gain of approximately $2,000,000 in the amount of insurance in force at the close of business on December 31, 1593, with a new total of $25,060,763.

Directors of the organization learned this fact at the annual meeting held at the company offices in Newfolden on January 12, 13 and 14, when books and policies were audited and officers reelected.

Officers include Carl A. Johnson, Warren, president; Ole E. Hjelle, Newfolden, vice president; A. O. Gudim, Newfolden, secretary; and Ben Fisher, of Newfolden, treasurer. The directors include all officers and Melvin Torgerson, Thief River Falls.

Assets of the company total approximately $140,000, while losses paid in 1953 total $14,500. The company reported a gain in surplus of $17,000 during the year.

Chester Wilson Arranges for 13 Region Meetings

Personnel of Minnesota Conservation Dept. to Discuss Future Plans

For better conservation administration a series of thirteen regional meetings of conservation personnel are scheduled for the fore-part of 1954. Chester S. Wilson, commissioner, and Clarence Prout, deputy commissioner, will be in attendance. The purpose of the meetings will be to discuss problems of personnel, program planning and general conservation.

The first of these meetings will be held at Fergus Falls, Thursday, January 28th in the city hall at 10 o'clock. The Bemidji meeting is scheduled for Wednesday, February 10th in the court house at 10 o'clock.

Other regional meetings planned with dates to be announced later are: Grand Rapids, International Falls, Warroad, Thief River Falls, Duluth, Brainerd, Willmar, St. Paul, Rochester, Mankato and Marshall.

These meetings parallel a similar series conducted by Chester Wilson five years ago. Commenting, Wilson stated, "These meetings are for department personnel only. However, at such times as may be convenient before or after the personnel meetings, the commissioner and deputy will be glad to meet with members of the legislature, public officials, sportsman's clubs or other conservation organizations and individuals, to discuss conservation problems in which they are interested."

"Lots of other businesses operate like co-ops"

"In a recent year, according to a Small Business Committee of Congress, about 35,000 cooperatives were doing business in this country. During this same year, there were 85,000 other organizations which did not call themselves cooperatives but which operated on a basis of service to their members, much like our co-ops do.

"Among these were groups of grocery, hardware and clothing stores. By pooling the buying power of hundreds of stores they make savings which are passed on to the member stores, helping them meet competition through higher quality merchandise at more favorable prices.

"These buying groups operate much like co-ops and benefit their members in the same way. The big difference is that patrons of a co-op are the actual users of the supplies and services they buy."

A PROGRAM EMERGES

In a series of addresses to Congress, President Eisenhower has outlined the position of his administration on the important issues with which we are confronted as a nation. This year's messages differ notably from the few general recommendations he made a year ago.

At that time his organization was in the formative stage. He himself was obviously cautious in his approach to the new problems that he then faced.

His messages this year have been more thorough and more specific. We now have a plan that may properly be referred to as the Eisenhower program. Whether we like the plan in whole or in part, or don't like it, we now know the administration's position on the questions of government policy in which we are interested.

Considering the wide range of problems covered in his several messages, most of the things he has recommended have met with general approval. It cannot be said that his approach to these problems has been partisan. In some things his ideas definitely follow the New Deal pattern. In others he turns definitely away from this pattern.

It will take some time before a fair analysis of the program can be made. For no group is it likely to be entirely favorable. And for no group will it be entirely unfavorable. Only as the proposed changes are debated, and consideration can be given to the many facts and factors that enter into all proposals on which there are conflicting interests, can there be fair judgment on their merits and on their shortcomings.

It is fair to assume that the collective judgment of our people, while slow in forming, will lead to fairly reasonable conclusions. Because the Eisenhower program is not partisan, and actually is not a party program, party considerations are not likely to be the determining factors in the forming of collective judgment.

In an election year we will of course have the usual ranting and raving of a normal political campaign. As the Washington argument progresses however the appeals to party loyalty probably will have decreasing importance in the division on important questions.

MORE SOCIAL SECURITY

Changes proposed by the President in his message on the welfare program are meeting with popular approval. Several important shortcomings in the present program are recognized. Most important of the recommended changes, in terms of their effect on our agricultural community, is the proposal to broaden the coverage of Social Security, making this form of retirement insurance available to an estimated 11 million more workers.

In the group of "self-employed" workers who would be included would be farmers, and the long range result of this would be substantial reductions in the cost of old age assistance in farming communities. There is much support for his proposals on welfare in both parties and his recommendations probably will be adopted with little argument.

SPEAKING FOR THE DAIRY INDUSTRY

Those interested in the future of the dairy industry, the biggest industry in the Thief River Falls area, will give careful consideration to the Hoard's Dairyman editorial reproduced below. It explains in understandable language the self-help plan of the National Milk Producers Federation.

The fact that this Federation represents a half a million dairy farmers, and is recognized as one of the representative and responsible organizations speaking for this segment of our agriculture nationally, gives assurance that the plan will be given consideration in the discussion of the farm problems during the coming months. It no doubt will be used in arguing the advantages of sliding scale supports and industry control rather than control of the production and price problems by the government.

In this respect it measures up to what the late John Brandt insisted upon as a "must" in the price support program for the dairy industry. To him it was basic that the industry retain control of its production and marketing.

He recognized the need for government assistance in establishing an organization with sufficient authority to make a control program effective. Such an organization would need financial assistance in getting started, and probably would require help in maintaining a satisfactory credit base for its operations. But the cost finally would be assessed against the industry itself, to be paid by those benefited and not by the general taxpayer.

Only in this way, he believed, could the industry have real security. He feared the ultimate consequenses of any program of price controls based on political considerations. He had little faith in politicians and he was sure that in a tight pinch and a showdown battle the minority-group producers would lose in a popularity contest with the consumers.

The plan came in for some discussion at last week's meeting of the Thief River Falls Dairy Club and, according to Stan Nelson, chairman, was well received by the members. It is an argument we will hear much of in the months that lie ahead.

This Self-Help Proposal Deserves A Chance to Work

(Hoard's Dairyman)

The long-awaited self-help proposal of the National Milk Producers Federation was revealed and approved by the Federation in Houston, Texas, November 12. Representing a half million dairy farmers, the Federation is the recognized, highly-effective Washington voice of the dairy farmer. It's action, therefore, is particularly significant and charts the course of battle in the Hall of Congress this winter.

The proposal, in brief, provides as follows:

1. Congress shall authorize the organization and activities of a Federal Dairy Stabilization Board, composed of 15 dairy farmer members or their representatives, one from each of 15 federal dairy districts.

2. The Board, prior to every April 1, shall determine the price at which milk and cream will be supported during the ensuing dairy marketing year.

3. When average market prices fall below the support level, the Board will purchase the surplus and dispose of it at whatever it will bring in foreign or domestic channels which are not the "ordinary and usual channels of domestic consumption."

4. To finance the initial surplus purchases, an interest bearing loan of 500 million dollars is authorized from the Commodity Credit Corporation. The actual cost of the stabilization program, however, is borne by all milk producers, who would pay a predetermined stabilization fee to offset the anticipated losses incurred through surplus disposal at less than the support price level. Dairy plants would be required to collect the fee and forward it to the Board through the Internal Revenue Service.

5. Imports would pay the fee, too.

6. If imports add to a surplus, the federal government must take an equal amount off the Board's hands and hold it or dispose of it outside the ordinary channels of domestic trade.

7. A surplus resulting from milk produced on "diverted acres" must also be purchased by the federal government and disposed of as above. "Diverted acres" are acres which cannot be planted to price supported crops under allotment or acreage control.

How would the proposal work in 1954? (Actually it cannot go into effect until 1955.)

First here are the average prices per hundredweight for milk at various parity levels:

90 per cent	$3.92
85 per cent	3.70
80 per cent	3.48
75 per cent	3.26

Now, let's see how the self-help program would function at 90 per cent of parity. First, we expect that there will be a three billion-pound surplus next year. There is no domestic market for it if it goes into domestic channels at the 90 per cent parity price level. The Board must dispose of it and may take, for example, a 25, 50, 75, and possibly a 100 per cent loss on the three billion pounds. Here are the estimated fees the dairy farmer will pay and the net price returned to him:

	Fee per cwt.	Net return
25 per cent loss	$ .0353	$3.885
50 per cent loss	.0707	3.849
75 per cent loss	.1060	3.814
100 per cent loss	.1413	3.779

There is the picture as the Federation sees it. Frankly, it looks good. Dairy farmers can run their own show and come out in good shape in every case better than rigid government props at 85 per cent. If the loss on the surplus disposal is 25 per cent, then the net price to the farmer is only 3.5 cents below rigid 90 per cent government props.

If we were to stop here, everything would be rosy. To us, a big problem is that of "diverted acres." There may be 30 million of them next year. How will we measure what portion of the surplus is from "diverted acres" and, therefore, a charge against other support programs? It appears to be a knotty yardstick and administrative problem.

The Federation's self-help proposal is not new. Its principles and objectives have been known for years. The present program provides additional refinements and safeguards.

Although we have been skeptical in the past regarding the feasibility of such a program, we are willing to endorse the improved, protected proposal and urge its adoption. It is the best proposal advanced thus far and merits an opportunity to work. If it does work and we think it can, then the combination of sales promotion through the American Dairy Association and surplus disposal through the National Milk Producers Federation program gives us every prospect of realizing the maximum possible price for our produce without surrendering completely to federal control of every dairy farm in the country.

Political Roundup

By Arthur Naftalin

Political leaders who are sensitive to the deeper undercurrents of public opinion are taking special note of the economic "drop-off" that promises to provide an important factor for this year's election.

Payments of unemployment compensation benefits are at a post-war peak. Many plants are reporting job layoffs. New building has slowed down, seriously affecting the building trades. Some industries, in particular second-hand automobile sales are reporting alarming drops.

These indexes, taken together with the uncertain farm picture, are being viewed by Republican leaders with growing pessimism, because if there is no reversal in the recession trend the GOP will be for real trouble in November.

GOP Checks Farm Sentiment

The fight over rigid vs. flexible farm price supports is nearing a showdown, and the outcome is being closely watched by Minnesota Republicans. At least one of the state's Republican congressmen has gone on record as opposed to President Eisenhower's flexible farm price support program.

Congressman H. Carl Andresen said last week that, "If Congress adopts the sliding scale price support program, the President cannot expect to carry the state of Minnesota in 1956." He said the flexible program would mean "lower prices for cattle, hogs, poultry and eggs."

Last week the state GOP announced plans for a "running check" of farm sentiment to determine exactly how Minnesota farmers feel about the matter. If funds can be found, the survey will be conducted by the Republican Farm Council, which last fall recommended high, rigid supports for six basic crops and the extension of the support system to other crops grown in Minnesota.

Dell A Likely Candidate?

With the definite withdrawal of Dr. Charles Mayo as a possible Republican candidate for the U. S. Senate, the party's most likely contender appeared last week to be Chief Justice Roger Dell.

Reports were that Dell was seriously considering the move, which would necessitate his resignation from the court, to which he was appointed by Governor C. Elmer Anderson last January, becoming chief justice in July.

There was also talk last week that Governor Anderson himself might still be considering the Senate race against Hubert H. Humphrey. So the issue remained unsettled, but with further talks scheduled among high-ranking state GOP leaders.

GOP Has Two Candidates

Republicans were moving to all other spots on their state ticket last week. In the Third Congressional district, GOP leaders reported they had agreed upon supporting Ed Willow of Minneapolis as the opponent to DFL Congressman Roy W. Wier. Wier defeated Willow in 1952, 115,008 to 105,320.

In the Fourth Congressional district, former State Representative Fred P. Memmer of St. Paul announced he would seek the Republican nomination to oppose DFL Congressman Eugene J. McCarthy. McCarthy has not yet announced his candidacy for re-election. He has, in fact, hinted strongly at the possibility that he might seek the DFL nomination for Governor.

DFL Field Narrows

With the party's precinct caucuses only four weeks from next Tuesday, DFL leaders were beginning to take a realistic view of their problem in finding a candidate for Governor. In private conversations they were indicating that the time remaining before the April 2 state convention was too brief to permit the building up of a statewide newcomer who could command the party's endorsement.

Consequently, the field was seen as narrowing to three prospects, former Governor Hjalmer Peterson of Askov; Orville Freeman of Minneapolis, the party's nominee in 1952, and State Chairman Karl F. Rolvaag, who has already announced his intention of resigning as state chairman but has made no statement on the possibility of his candidacy for office.

It was still possible, of course, that one of the other dozen or so prospects who have been mentioned may throw his hat in the ring, but the inner circles of the Party appeared determined to find a way of achieving internal harmony early in the proceedings in order to protect what the leaders feel is a good prospect for some victories in the fall.

To Fill Party Posts

The state DFL convention in Albert Lea will fill at least one vacancy in the top offices, that of state chairman. Two candidates were being boomed last week and, before long, others will no doubt be entered as successors to Rolvaag. The candidates already being suggested were L. J. Lee of Bagley, the ninth district DFL Chairman, and Ray Hemenway of Austin, the first district DFL Chairman. Richard Plunkett, Olmsted county chairman, announced a committee was being formed in behalf of Hemenway. In the past contests for top position in the DFL have produced some lively scraps, and this year holds promise of producing some similar excitement. At the moment the party is enjoying internal harmony, so it is not unlikely, however, that the party organization will manage its slate-making with only slight friction.

NEW ROUTE TO OPERATIC CAREER

For the first time in its long and distinguished history the Metropolitan Opera Association is combing the country for talent. St. Paul-Minneapolis headquarter one of six areas in which auditions will be conducted. It is believed that 100 or more candidates will apply before the February 1 deadline, from among whom a competent committee will select 30 for further testing by "Met" representatives. Details may be obtained from James S. Lombard, Director of Concerts and Lectures, University of Minnesota, Minneapolis 14.

Care Brings Back Wornout Farm

When Reuben Olsen of St. Charles moved onto a hilly, wornout farm a few years ago, some of his neighbors raised their eyebrows. One of them even told him, "If you never have been broke, you will be now."

But today, with good soil conservation practices and wise management, Olsen is harvesting crops from fields that yield three and four times as much as when he moved onto the place. Great helps, he says, are improved rotations to put needed organic matter back in the soil, and strip cropping to help keep soil, water and vital plant nutrients on his steep sloping fields.

Depends on Good Farmers

A long awaited stream improvement project on Hay Creek near Red Wing is under way. Now fences protect legume plantings from livestock. Next spring soil conservationists will plant willows and other shrubs which, when grown, will help keep the water cool for trout. Hay Creek can become a rich trout stream again, says John Walsh of the Minnesota Game and Fish Department. But it will take wise land use by area farmers to prevent pollution and silting.

Helps Manure Do Good Job

Handling manure properly can give you a big boost in economical farming and wise land use. Wallace A. Nelson, agronomist at the University of Minnesota's Northeast Experiment Station at Duluth, gives a few tips for proper handling: . . . If you remove manure from barns during the winter, haul it to fairly level land as long as you can get into the field. Later, when outside piling is necessary, keep piles compact, moist and protected from animals. Adding 40 to 50 pounds of superphosphate or 20-0-0, per ton makes it a more balanced fertilizer and cuts down nitrogen loss. Applying five to ten tons of manure per acre on poor land will give the largest return per ton. Besides adding valuable nutrients to the soil, manure increases organic matter and improves soil's workability.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Sharing the Family Car

"Tom gets his dad's car almost any time he wants it," remonstrates Dick. "Jean's mother has been teaching her to drive all spring. Mom, when are you going to start taking me out to practice?" asks Mary.

Situations may vary a little, but basically this problem is one which families are facing everywhere. Cars are such an essential part of modern living that inevitably children growing up will feel that driving, too, is a privilege they are ready for. Sharing the car is apt to lead to friction unless careful planning is done. The adolescents must realize that many times their parents' use of the car is a necessity, and sometimes a plan already made will have to be cancelled if something in father's business requires his having the car.

It is a parental responsibility, too, to make sure that their youngsters not only handle the mechanical aspects of driving with skill, but also that they appreciate the attitudes essential to safe driving. This is a job of training that should be going on through childhood, and of course the parental attitudes offer the best example for the growing youngster, parents should be sure that they have been good attitudinal models.

More people using the car will mean increased operating expenses. One way to help the youngsters realize this is to keep records of car expenses. Use of the car by the adolescents might well call for contributing toward its upkeep; this may help, too, in limiting the piling up of miles of aimless driving.

They can and should contribute, too, to the care of the car. A washing and polishing job is a good way for junior to share responsibility.

Another helpful thing is to make arrangements in advance, and as definitely as possible. One person should assume responsibility for having the regular servicing jobs taken care of. Work toward a routine in which everyone's needs are taken into account, and the sharing experience will be more convenient for all.

A good team of arctic sled dogs, pushed by an expert driver, can cover 100 miles in a day with a light load.

Make your train of thought a construction train.

SMILEY . . .

The Smiley Community Hall was filled to a total capacity on Saturday evening. There was a full house for the excellent evening of entertainment at the Polio Benefit Talent Show. A neat sum of $125.00 was turned over by the club to the Polio Fund chairman, M. C. Gulbranson that evening. The ever adept Kern Olson at emceeing the affair was at his best that evening when he announced the following numbers; a musical selection by the Melody Ranch Hands, piano solo by Arlene Peterson of Smiley, vocal selection by a trio of Yvonne and Sharon Johnson and Corinne Torkelson all of Smiley, Harold Anderson of Thief River Falls gave a vocal selection; Craig and Carolyn Torkelson sang two numbers, Alton Skallet, Jr. of Goodridge sang a selection, Mr. Roland Samber, music instructor in the Goodridge schools, proved his ability as a pianist by playing several classical numbers; the Ladies Chorus of the Bethany Church sang two numbers, two humorous selections were given by Orvis Olen of Thief River Falls, a piano solo by Roger Grundhaus of Rocksbury, a vocal duet by Richard Amten and James Kolden, both of St. Hilaire, Beverley Nelson and Alma Jelle sang a duet, accompanied by Mr. Samber, Mrs. J. W. Lendobeja read a comedy selection, Senator William Dahlquist of Thief River Falls favored the audience with a talk, an accordion solo by Robert Swanson accompanied by James Kolden on the guitar, Jerry Claffy of Thief River Falls sang two vocal numbers accompanied on the piano by Mr. Samber, a piano solo by Sharon Knutson of Smiley, Mae and Ruby Conklin, vocalists of Thief River Falls were accompanied on the piano by Joe Valler also of Thief River Falls, Judy Lesken and Sheryl Thieling of Thief River Falls gave a cute baton twirling act, a piano solo by Roger Johnson of Kratka, Beverly and Shirley Oaki of Mavie provided a dramatic vocal number; Mary Ann Lendobeja of Kratka gave a monologue; an accordion solo by Marilyn Mathson, Mrs. Arnold Hammer sang two numbers accompanied by Mr. Samber who also later played popular piano numbers for the audience, Teddy Larson of St. Hilaire played accordion solos accompanied by James Kolden on the guitar, Albert Hanson of Kratka gave a humorous tale, M. C. Gulbranson, Pennington Co. Chairman of the Polio drive spoke briefly on thebenefits of polio and gave his appreciation for the Smiley Community Clubs' share in the drive. Lunch was served and dancing followed. It was truly a magnificent affair. Everyone had fun.

SIGNS OF THE TIMES

A grass fire in January was an unusual sight near Preston—Various observers report robins, muskrats, frogs, and caterpillars in and around Waconia—An irate Wadena newspaper correspondent, "Pappy" Hartman, swatted an annoying mosquito at 5:30 A. M. New Year's Day—Mrs. John Haala has a cotton plant in bloom at Sleepy Eye.

There's more hard work than luck in most success stories.

Strandquist . .

By Mrs. Oscar A. Johnson, Strandquist, Phone 5F12

The Golden Rule club was entertained at the home of Mrs. Lizzie Kimbrough on Wednesday afternoon. Their time was spent crocheting, embroidering and playing games for prizes. Delores Eileen was awarded the door prize and won the guessing game. Inga Johnson won the Yankee Doodle whistling contest and Una Mae Kimbrough received the booby prize. Lunch was then served to the group by the hostess. Following is a household hint submitted by Mrs. Kimbrough.—After washing sweaters and t-shirts run a towel through each sleeve, then pin both ends and the center to the line, this will keep them more uniform while drying. Here also is a hint submitted by Mrs. Gladys Johnson when she entertained the club a couple of months ago—Put a few grains of rice into your salt shaker to keep the salt from hardening.

A 5 pound, 8 ounce girl was born to Mr. and Mrs. Henry Fick on December 31, 1953. She was named Donna Marie. The Ficks now have four children.

Miss Eileen Malerich from Bemidji was a weekend guest at the Roy Kerwin home. Eileen is a sister of Mrs. Kerwing. Mr. Kerwin and son Pat took Eileen to Stephen Sunday where she caught the bus back to her home.

Mr. and Mrs. Chas Kranz spent the weekend at the home of Mrs. Hulda Peterson in Thief River Falls.

Mrs. Benfred Bernhardson and Mrs. Ella Thun motored to Drayton, N. Dak., on Friday where Mrs. Bernhardson consulted a doctor and Mrs. Thun visited with her cousin, Mrs. Gust Knudson.

Mr. and Mrs. Arnold Larson and family of Newfolden were Sunday afternoon and evening visitors at the Raymond Anderson home.

The Cameron Thibodo family of Stephen were Sunday afternoon visitors at the Ed Stannes home.

Mr. and Mrs. Toby Carlson and Sandra of Kennedy spent Sunday afternoon here with the Clarence Borsvolds.

Mr. and Mrs. Howard Rood of Holt spent Sunday afternoon at the Jonas Stromlund home.

Sunday evening visitors at the Ella Thun home were Mr. and Mrs. Karl Mybrer and Mr. and Mrs. Rasmi Nelson of Newfolden. They also called on Mr. and Mrs. Bill Hamen.

Mrs. William Reedy is home from the Karlstad hospital where she was admitted Wednesday evening for minor surgery.

Alton Henrickson left for Parers Prairie Sunday evening where he will help out at the railway station for a few days.

Rev. E. V. Folden of Strathcona, with a group from his church will present a musical program at Mission Covenant church at Strandquist on Friday evening, Jan. 29 at 8:00 p. m. The program is sponsored by the young people of the Mission church.

Word has been received here by Mr. and Mrs. P. E. Sihlberg that their son-in-law, Hjalmer Nelson of Minneapolis had suffered a heart attack on Sunday morning, Jan. 17 and had to be taken to a hospital where he was put into an oxygen tent. The attack was caused by a blood clot passing thru the veins. His daughter Shirley and husband, Mr. and Mrs. Roy Erickson of Downers Grove, Ill., were called home to be near their father in case of another attack.

Mrs. L. Sjostrand and Ralph of Lancaster had dinner at Carlson's Cafe Tuesday. In the afternoon Mrs. Sjostrand and Mrs. Carlson drove out to Virgil Froemke's farm east of Karlstad to help Fern celebrate her birthday.

The George Monroe family of Radium were Saturday forenoon visitors at Ella Thuns.

Mr. and Mrs. Ed Carlson attended the funeral for Mrs. Fredricks at Karlstad on Monday of last week. They also visited at the Richard Lindgren home.

A baby girl was born to Mr. and Mrs. Roy Stennes at the Warren hospital on Monday morning, Jan. 25.

On Sunday, Jan. 31, Rev. Reedy will have regular services at the Mission Covenant church at Thief River Falls in the absence of pastor Leonard Lindholm. Pastor Reedy will have Sunday school adult Bible class, morning worship and the Eve. Evangel. Mr. Kenneth Craven will fill the pulpit of the Strandquist work.

Mr. and Mrs. Dunne Dagen and family of Karlstad were supper guests at the Earl Hougard home Saturday evening.

Last weeks visitors at the Ed Carlson home were Shirley Bernhardson of Minneapolis, August Lindgren and Mmes. Otto Paulson, A. Boen, M. Peterson and Herman Nelson.

Rev. William Reedy and Billy Jr., with Mr. Albert Stromlund, Kenneth Craven and Marlene Jequett enjoyed a delightful evening of fellowship with Rev. and Mrs. Chisholm, Velma Aithrutts and Genevive Johnson at the Chisholm residence at Karlstad after the Sunday evening service where Rev. Reedy was guest speaker.

HOW STATE INCOME IS DISTRIBUTED

Estimated 1952 personal income in Minnesota averaged $1,491. Hennepin county led with $1,807, Ramsey was second at $1,774, Rock third at $1,768. On the bottom were Clearwater county at $851, Red Lake at $873, Cass at $885. Nearest to the state average was Mower county with an average personal income of exactly $1,500; Lyon was pretty close at $1,481. Fourteen counties averaged less than $1,000, only nine were above average; largest group was 19 between $1,200 and $1,300, there were 15 in the $1,300 bracket, 11 in the $1,400 range. Two counties, Redwood and Brown, tied at an average income of $1,379, two others, Goodhue and Winona, at $1,443.

Statement of Newfolden Clinic Fund on Jan. 1, 1954

Newfolden Fall Roundup Day last September broke all former records netting $1,781.43 for a rapidly growing Clinic Fund, states C. H. Cook, treasurer of this fund, which is deposited in the Marshall County State Bank at Holt, and now totals $5,946.05. Besides this amount $225.00 has been paid to the architect for the preliminary plans and drawings of the proposed building, with the written agreement that if he should be employed to complete the plans and specifications of the building this sum will be deducted from his regular fee.

Members of the Clinic Committee of the Newfolden Commercial Club, are very well pleased with the way that this fund has grown to this size without any drives or solicitations for individual pledges or donations. They feel that the sum is now too large to be handled by the commercial club and suggest that the clinic boosters incorporate as a non-profit organization with the legal right to own property and transact other business. Members of the committee are now working to find available and suitable sites for the building. Some lots have been offered as donations and others are available through purchase. The committee is also getting information from the State of Minnesota as to the sanitary requirements of a site and building such as Newfolden has planned to build. When all this information is obtained a mass meeting of interested people of the community will be held to incorporate and organize.

Following a brief financial statement of the Clinic Fund: Net Receipts—May and June, 1950, Sale of Booster Buttons, $73.00; July 4, 1950, Lunch stand $233.65; July 4, 1950 donations, $7.43; Sept. 26, 1950, Fall Roundup Day, $1,048.38; Sept. 27, 1950, Memorials, $50.00; December 10, 1950, Basketball game, $42.60.

March 9, 1951, Basketball game and lunch, $115.02; June, July, August, 1951, Memorials, etc., $5.50; Sept. 4, 1951; Memorial, $9.00; Sept. 26, 1951, Fall Roundup Day, $810.07; Oct. 30, 1951, Interests on Bank Deposit, $10.08; Dec. 31, 1951, Interest on bank deposit, $10.62; March 1, 1952, basketball game, show, lunch, $264.66; March 21, 1952, auction sale, $84.20.

May 1, 1952, donations and memorials $7.75; June 30, interest on bank deposits $18.15; September 17, 1952, Fall Round-up Day, $1,380.38; November, 1952, memorials, $8.00; December 31, 1952, Interest on deposits, $19.95.

August 30, 1953, memorials, $24.00; September 16, 1953, Fall Round-up Day, $1,781.43; Dec. 31, 1953, Interest on deposits, $30.84.

Total	$6,171.05
Less Architect's fees for estimates and drawings	$ 225.00

BABY DERBY DEADLOCKED

Christ Beehler and Raymond Beehler, St. Cloud, are cousins. Their wives are sisters. Up thru last year Christ and his wife had "a one baby edge" on their relatives—three sons compared with two. Then Mrs. Christ Beehler added a daughter to their family. Mrs. Raymond Beehler rallied to the challenge and augmented their pair of boys with twins—a boy and a girl. Now they're tied at three boys and a girl each.

Plummer Church Has New Altar

A new liturgical altar with a canopy (baldachino) of light maple stripping and fir trim highlights are recent interior improvements at St. Vincent's Church in Plummer.

A new inlaid tile floor was laid on both the sanctuary and main floors.

Beneath the pews the tile is a deep maroon while the aisles and sanctuary are done in a light gray.

Father Zarzecki said that much of the labor involved was donated and that the total cost of the project was an estimated $1,000.

McLeod Again Named Head of Dairy Day Unit

Six Directors Elected at Annual Meeting Held Thursday Afternoon

Six directors were reelected to the board of the Northwest Dairy Improvement association, and the present staff of officers was retained at the second annual meeting last Thursday afternoon in the Civic and Commerce room. Approximately 40 members from thruout this area attended the meeting.

Re-elected were Stuart McLeod, president; Irving Mead of Roseau, vice president; J. M. Roche, secretary; and Elmer Bratsch, treasurer. Directors renamed for three-year terms include Walter Schoin, Fosston; Robert Qual, Gygla; Harold Elseth, Argyle; and W. E. Dahlquist; with County Agent Wm. Penning named to succeed Ray Mittenes. George Werstlein was elected for a two-year term.

Preliminary plans were discussed at the meeting for the fifth annual Northwest Dairy Day to be staged in Thief River Falls Tuesday, June 8, under the sponsorship of the association.

Principal speaker was Lew Conlon, of Minneapolis, manager of the Minnesota dairy industry committee and the man who first conceived the idea of staging a dairy day in this section of the state.

Conlon declared that with Dairy Day in its present phase due to reach the peak of its development at the event next June, it is now time to stop and consider, "Where do we go from here?" He voiced the opinion

Vic Jung Leaving to Establish Home on the West Coast

Family to Join Him Soon; Expects to Enter Bakery Business in California

Victor Jung, associated with Jungs Bakery here the past eight years, and stellar local golfer, is leaving next week for San Francisco, Calif., in which vicinity he expects to become affiliated with a West Coast bakery.

Mrs. Jung and their five children will join him in California as soon as living quarters are arranged for.

Before joining the local bakery, Jung had served five years in the U. S. Army, coming out with the rank of major. Active in community affairs, he is a former director of the Civic and Commerce association and the Junior Chamber of Commerce. He served in 1948 as chairman of the Pennington County Community Chest campaign and was president of the chest board in 1951.

He was president of the Thief River Golf club for two years, and is now serving his sixth year as secretary. He has been a perennial champion of city golf tourneys, winning the championship for the first time in 1939 and repeating seven times since the end of world war II. He also has won tournaments in virtually every other city in this section of the state.

Mrs. Jung has been active in Girl Scout work here as well as in the Woman's club.

Area Boy Scouts to Enjoy Ski Hike Here on Saturday

A "Ski Hike" for all registered Scouts and Explorers in Pen-Ro-Shall Boy Scout district will be held in Thief River Falls Saturday, February 6. The boys will practice various scoutcraft skills on the trail. Skills will include first aid, use of compass, signaling and others.

The boys and their leaders will meet at the Zion Lutheran church at 2:00 p. m. A bean feed will be served at the church at 5:30 p. m.

K. Quentin Jones of Thief River Falls, camping and activities chairman for the district, is in charge of the event.

Farm Yo[illegible]h Delegate to India [illegible] Speak in Auditori[illegible] Monday

James Pederson of Tyler, one of Minnesota's International Farm Youth Exchange delegates to India, will speak in the city Auditorium, on Monday February, 8, at 8:30 p. m., County Agent William Penning announced today.

Pederson is serving as 4-H assistant in Pennington county from February 1-17. During the time he is here, he will speak to 4-H leaders, rural youth groups and other rural organizations, explaining the International Farm Youth Exchange program which is conducted by the National 4-H Foundation and the agricultural extension service to promote better international understanding. They served as grass roots ambassadors, living and working on farms, learning to understand the problems and attitudes of the rural pepole.

Pederson was elected secretary of the group of young Americans who visited India. He lived on a number of farms in India of various sizes and types. He also had the opportunity of doing some traveling in India and taking many pictures of the activities of rural people.

A student in agricultural education at South Dakota State College in 1953, Pederson was host last year, along with his parents, to one of the IFYE exchanges from India who came to Minnesota, Nirmalendu Basu. In turn, he was a guest of Basu's family in India. Pederson has been treasurer of the Lincoln county 4-H leader's council and in 1950 was awarded a $200 scholarship as state winner in the 4-H safety program.

All Rural Youth and 4-H members as well as other interested people are invited to attend the meeting, said Penning.

D. B. Scherer Dies Suddenly in City Saturday Night

Proprietor of Paint Store Here Apparently Victim of Heart Attack

D. B. Scherer, proprietor of the Scherer Paint Co. in Grand Forks and Thief River Falls, died unexpectedly Saturday night at 12:30 in the apartment over his store in this city. He had come here Saturday with Mrs. Scherer.

Dr. Philip Parker, acting coroner, stated that death apparently was due to a heart attack, and no autopsy was conducted.

The body was taken Sunday to a funeral home in Grand Forks. Funeral services were conducted this afternoon from St. Marks Lutheran church in Grand Forks, with the Rev. Carl Oslund officiating, and burial was made in Memorial park.

Mr. Scherer, who had opened his store in Thief River Falls about two years ago, was 50 years old, having been born at Milnor, N. Dak. August 1, 1903. He was married to LaNora Kurdelmeyer at Fulton, Indiana, December 2, 1925.

The couple moved to Manona, Iowa, where they remained a short time before moving to Willow City, N. Dak. They lived there a year and a half before moving to Grand Forks in 1930. They had lived there since.

In addition to his wife, Mr. Scherer is survived by two sons, Dayton and Eugene of Grand Forks; a daughter, Betty Lou of Grand Forks; a brother, Clark of San Francisco; and a grandson, Jeffery Gene. A daughter preceded him in death.

Mr. Scherer was active in his profession and held offices in the Dakota States Council of the Painting and Decorating Contractors of America. He also was president of the Grand Forks Builders and Traders Exchange.

A member of St. Mark's Lutheran church, Mr. Scherer belonged to Acacia Lodge No. 4, A. F. & A. M., Kem Temple of the Shrine and the Grand Forks Elks Lodge.

Bosses, Employes Jaycee Guests at Banquet Feb. 9th

National Jaycee Vice President to Be Speaker in Legion Club at 6:30

The annual Boss - Employe banquet sponsored by the Thief River Falls Junior Chamber of Commerce will be held next Tuesday evening, February 9, at 6:30 in the American Legion club rooms, it was announced today by Walt Kavanaugh, Jaycee president.

Les Campbell will serve as toastmaster, and will present as the speaker for the occasion Orvin Fjare of Big Timber, Montana, vice president of the national Junior Chamber.

Kavanaugh urged all employers in the community to attend the banquet, and to bring members of their staffs who are eligible for membership in the junior group. The affair, he added will serve as the kick-off for a membership drive to start Wednesday morning.

Orvin Fjare, the guest speaker, served as president of the Montana Jaycees in 1951-52, and last year received the Montana distinguished service award. He was elected national vice president at the convention in Minneapolis last June.

North Central System Sets New Records in 1953

Thief River Falls Plays Small Part in Airline's Traffic for Past Year

North Central Airlines carried a record 217,663 revenue passengers on its system in 1953 and established new records also in airmail and air express, Howard A. Morey, airline president, announced today.

And by adding flights and opening new routes, the company last year provided 49 per cent more service than in 1952, Morey reports.

The airline's 1953 passenger record represents an increase of 42.2 per cent over 1952, when 153,047 persons flew North Central.

Of the 217,663 passengers carried by the airline last year, 428 boarded at the Thief River Falls airport, and 431 deplaned here, reports Chet Matthews, manager of North Central's local office.

During the year, a total of 1475 pounds of airmail was loaded here on North Central flights, and 1,376 lbs. unloaded here, Matthews reveals.

Air express boarded on North Central flights here totaled 569 lbs., and 929 lbs. arrived here on North Central flights during the year, he says.

Local Student to Direct Augsburg Speech Tourney

Augsburg College will hold its sixth annual invitational speech tournament February 5-6 on the Augsburg campus in Minneapolis. Invitations have been extended to high school speech students in the Upper Midwest.

Tournament activities will include debate, oratory, and extemporaneous speaking. "The Korean War in Retrospect" has been the general theme chosen for extemporaneous speaking contests.

Roger Oie, Thief River Falls, a sophomore at Augsburg College, who is chairman of forensics, will direct tournament activities.

Almost $5,000 Collected in Polio Drive

Mothers March on Polio Thursday Nets $1,455; St. Hilaire Gives $312

Collections in the Pennington county March of Dimes campaign had approached close to the $5,000 mark by late Tuesday afternoon, receipts to date being reported at $4,859.64 by A. F. Berge, chairman of the county drive.

With ten teams of solicitors not having reported as yet due to the necessity for frequent call-backs, a total of $1,433.20 has been collected in the business district of Thief River Falls. The faculty and students in the local schools contributed $539.53.

The Mothers March on Polio, conducted last Thursday in the residence districts of this city, proved to be an outstanding success, bringing in $1,455.58, well above last year's total.

A total of 150 women took part in the drive under the direction of Mrs. Orris Johnson and Mrs. Steve Austin. A sufficient number of cars and drivers was on hand to take the workers to and from their assigned areas, and following their return to the Auditorium they were treated to coffee by members of the Rotary club.

St. Hilaire residents made a hearty response to the appeal for polio funds, contributing more than $310, including $170.40 from the village drive and $134.78 contributed by the school pupils and staff.

Additional contributions from the rural areas of the county, reported yesterday by Mrs. Adam Lendobeja, rural chairman, include River Falls, Mrs. Dave Christensen, chairman, $93; Wyandotte, Mrs. Oscar Houske, $49; Town of North, Mrs. Steve Jaennette, $32; Norden, Mrs. L. Lindmoen, $62.25; Rockabury, Mrs. Carl Finstad, $63.50; Highlanding, Mrs. Selmer Ranney, $56, and Highlanding polio benefit dance, $48.35; and Polk Centre, Edgar Naplin, $36.

Additional rural schools reporting were District 194, $3; Dist. 29, $8.50; Dist. 60, $5; and Dist. 127, $1. Four-H club contributions include St. Hilaire club, $5; Smiley, $10; Wyanriver, $5; and Sanders, $2.20.

Operation of Blood Bank Is Topic Monday

Director Minneapolis Blood Bank Explains Great Value of Service

The average person doesn't appreciate the vital need for a community blood bank until he has occasion to use its facilities, according to Dr. Alvin Matson, director of the Minneapolis War Memorial Blood Bank, who spoke Monday evening in the Elks club rooms at a meeting of the Northern Blood Bank association, now in process of organization here.

E. A. Hamerski, president of the local group, who conducted the meeting, stated that residents have been signing up at a steady rate the past few weeks, and that the membership now totals more than 230, with a goal of 500 by March 1. It was indicated that with 500 members no one will be called on to donate blood oftener than once a year.

In his talk, Dr. Matson briefly outlined the history of the development of blood transfusions to the point where today a person can donate blood and draw a central supply as needed.

The fact, he said, there are so many different types of blood presents a problem for the smaller blood banks, hence the importance of affiliating with a large organization, such as the Minneapolis blood bank, as is planned by the local group.

Dr. Matson stated that 20 blood banks thruout the area are now affiliated with the Minneapolis agency, thru which blood will be available for local members in any hospital in the nation. Blood from the Northern Blood Bank will be sent to the Minneapolis agency when it becomes ten days old, and the local unit will receive full credit for all blood supplied.

Dr. Matson closed his discussion by saying that the project offers local residents a safety factor of inestimable value, and he recommended personal contacts with prospective members as the best means of emphasizing the advantages of affiliation.

Plant Opening Hailed As Success

Melvin Joppru, owner of the Joppru Meat Service now in operation on the Joppru farm one mile northwest of the city, is well satisfied with the results of his recent grand opening. Thousands of vistors have inspected his miniature packing plant during the opening days and the results are well up to his expectations. Pictured with him above in his office is Mrs. Leonard Furuseth, office manager.

Kiddies Carnival Set Friday Night by Lions

The annual midwinter Kiddies Carnival, an event eagerly awaited by youngsters of the Thief River Falls community, will be staged in the municipal Auditorium Friday evening, February 5, with the doors opening at 7 o'clock, Don Lawrence, general chairman, announced today.

Attendance at the carnival will be restricted again this year to children of pre-kindergarten age thru the fourth grade.

Admission to the Auditorium will be free, with a five-cent charge for each of the games, in which numerous prizes will be awarded.

Included in the attraction will be a beauty parlor, country store, fish pond, dart game, basketball throw, tip-the-bottle and pin-the-donkey's-tail games. In addition, there will be a balloon stand, candy and hot dog stands and several clowns.

Civic & Commerce Assn. Will Meet Thursday in Rex

The Civic and Commerce association will meet Thursday noon, February 4, in the Rex Cafe, J. M. Roche, secretary, announced today. Reports will be submitted by Morris Howick, chairman of the area trade committee, on the Roseau Cloverleaf Festival February 12 and 13, and on the Valley Winter Shows in Crookston February 22-26; while other reports will be made by the aeronautics committee and by Gordon Ballingrud, co-chairman of the membership committee.

Hearing Set for Mar. 17th on Airline Plea to Halt Service Here

The Civil Aeronautics board in Washington has ordered a hearing to be conducted March 17 in connection with the application of North Central airlines for permission to discontinue service immediately on two feeder routes in Minnesota, including the one serving Thief River Falls.

The airline's two-year authority to operate the lines expires March 27.

To assure continued service on an economic basis, North Central assets, it must carry an average of 10 passengers per mile. On the westerly end of its five-state system, the carrier has been transporting about three passengers per mile.

This runs into a loss of about $20,000 a month, Vice President Frank Buttomer points out.

The company's route suspension application states:

"Notwithstanding intensive effort by North Central to develop traffic on the segment, traffic has not adequately developed during the experimental period (starting in June 1952 at most cities) nor do the prospects appear such that North Central can reasonably expect a sufficient increase to justify continued service. Consequently, no application has been or will be filed for renewal of the segment."

L. L. Schroeder, state commissioner of aeronautics, who opposed the suspension of service at a recent pre-hearing conference in Washington, said that the company hasn't given the service enough time to get established, and suggested that three years would be a fair period.

"North Central automatically dropped a lot of business when it reduced service from two round trips daily to one a day last September," Schroeder says. "It is generally recognized in the industry that two round trips are necessary in local service operations to generate business, particularly of the commuter type."

To support his argument that the service should be given a longer trial period, Schroeder compared on-line revenue for the third quarter of 1953 with the same period of 1952: Grand Forks up 40 per cent, Bemidji up 68 per cent, Brainerd up 39 per cent, Fargo down 8 per cent, Alexandria up 117 per cent and St. Cloud down 9 per cent. Service wasn't started at Fergus Falls and Thief River Falls until Jan. 1, 1953.

Subzero Readings Recorded on 28 Days in January

County Board Votes to Raze Court House

Arranges for Space for Most County Offices in the L. B. Hartz Building

The Pennington county board at its February session Tuesday abandoned its plan to move the old court house building off its present site and to continue to use it while the new structure is being erected. The board concluded that a substantial amount of money would be saved by renting available quarters for the period of construction.

Fireproof quarters for most of the offices have been arranged for in the Hartz building at Horace av. and Second st., where the board has secured the space formerly occupied by the Hartz bakery, as well as a store space on the Horace av. side of the building, which gives access to the bakery room in the rear.

It is planned, said County Auditor C. W. Rodekuhr, to locate the county superintendent of schools in the welfare office quarters on Main av. at Second st., and the board will seek to locate the sheriff's office in the basement of the Carnegie library.

The county will receive credit on its contract covering the construction of the new court house for the amount included to cover the cost of moving the old building to the rear. Bids for razing the present structure will be advertised for next week.

The committee, of which Mrs. Stan Larson has been named chairman, recently appointed by the board to study a proposal to secure the services of a county nurse, met with the board Tuesday and was instructed to investigate the needs and benefits of a county nurse's services and to report at a later meeting.

The board voted to sell at a future date $102,000 in drainage bonds to retire warrants that have been issued during the past several years or that will be required in the near future to finance county ditch projects. The bonds will be retired thru assessments on benefited property.

4-H Radio, Public Speaking Contest in City Saturday

12 Pennington County 4-H Members Scheduled to Compete in Event

Twelve Pennington county 4-H'ers are expected to participate in the radio and public speaking contest being held on Saturday, February 6, at 1 p. m. in the Civic & Commerce rooms, reports Home Agent Marge Olsen.

Topic for the contest, the twelfth annual for the state, will be "What the Bill of Rights Means to Me." Speeches are to be from 5 to 7 minutes in length, and will be judged equally on composition and delivery.

Judges for the contest will be Miss Thora Skomedal of the English department of Lincoln high school; Jim Gibson of Radio Station KTRF; and Rev. E. C. Mead of Community Methodist church.

The winner in the Pennington county contest will compete in the district event being held Monday, February 22, in conjunction with the Crookston Winter Shows.

The public is invited to attend, said Miss Olsen.

Water Main Leak Found Wednesday

Following a three-day search, a break in a six-inch water main was discovered last Wednesday afternoon in the 400-block on Arnold av. S., Harold Johnson, superintendent of the city water department, stated this week. It was learned that the water had been running into the sewer system, and thus failed to show up on the surface of the ground. Johnson said that this was the second break of the current winter.

Beverly Johnson Becomes Bride Of Ronald H. Buen

Marriage vows were exchanged before an altar decorated with white snapdragons, carnations and tulips, between Beverly Johnson, daughter of Mr and Mrs. Telof B Johnson of this city and Ronald H. Buen, son of Mr and Mrs Henry Buen of this city, on January 30 at Zion Lutheran church. Rev. Walter Pedersen conducted the double ring ceremony in the presence of 75 guests.

Lohengrin's Wedding March was played as the bride, dressed in a white suit with blue and white accessories and wearing a corsage of pink tea roses and white carnations, was escorted to the altar by her father. Bridesmaid Barbara Froseth, a close friend of the bride, chose a medium blue suit with white accessories. Her corsage was of pink tea roses and yellow carnations. Jerry Tygeson, a close friend of the couple, was best man. Ushers were Clare Minske, cousin of the bride and Dick Peterson of this city. Mrs. Walter Pedersen sang four solos.

The bride's mother attended in a blue suit with white accessories, while the groom's mother picked a purple wool jersey dress with black accessories. They both had identical corsages of red roses and white carnations.

A reception was given in the church parlors by the bride's parents following the ceremony for 75 guests. Mrs. Jorgen Austad was in charge of the reception with the assistance of Mrs. Ralph Simonson, Mrs. Knut Austad and Mrs. Howard Gulseth. Waitresses were Doris Pie, Lillian Troland, and Beverly Lappagaard. Mrs. Clarence Minski of Hallock, aunt of the bride poured and Mrs LaVerne Vesey of Stephen, another aunt of the bride, cut the wedding cake. Mrs. Floyd Hallan was in charge of the guest book and Miss Dee Ann Minski, cousin of the bride had charge of the gifts. A three-tier wedding cake decorated in pink and white and topped with a miniature bride and groom, centered the bridal table.

The bride's going away dress was grey with purple accessories. After a week's trip to Minneapolis the couple will make their home at 716 N. Knight av.

The bride's going away dress Lincoln high school, class of 1953 and is employed as a bookkeeper by the Larson Co. The groom is also a 1953 graduate of Lincoln high school and is employed by the Soo Line railroad as a clerk.

Work Advances on Hospital as Laying of Brick Nears End

Much Progress Is Made in Recent Weeks Despite Unfavorable Weather

The ground floor slab of the new hospital addition is now complete. This means that all floor drains and electrical conduits in this area are now finished as well. Within from four to eight days the exterior brick work will be complete for the whole building and will be regarded as completely enclosed.

Roofing material has been shipped and work will soon begin to finish the roofing of the new addition. The new fuel oil system will be cut in Thursday to the Northwestern Hospital Plant B which will preclude further use of coal in that building.

It is expected that setting up of room partitions on the ground floor will be soon begun. This may lead to the employment of a few extra laborers as assistants to bricklayers. Present employment on construction is 35 men.

Recent thievery of tools and building materials on the site of the new hospital addition has lead to the establishment of policing of the area, said Harold W. Peterson, administrator, adding that it is a peculiar type of mind that will steal from a community project supported by charitable contributions and dedicated to the care of the sick and injured.

Lions Club Men to Work Thursday on Kiddies Carnival

Members of the Lions club, at their luncheon meeting last Wednesday noon in the Rex Cafe, arranged to hold this week's meeting Thursday evening at 6 o'clock in the Rex, followed by adjournment to the city Auditorium, where booths and decorations will be installed in preparation for the club's annual Kiddies Carnival Friday evening.

At last Wednesday's meeting Bill LaFave briefly discussed tentative arrangements for the golden jubilee celebration being planned for this year in Thief River Falls.

AAA Manager in City Takes Post in Minneapolis

Iver Johnson of this city, district manager for the Minnesota State Automobile association (AAA) the past two years, left for Minneapolis last weekend to take over the position of membership director for the Automobile Club of Minneapolis.

Succeeding Johnson here Monday was Robert Shacker of Minneapolis, associated with AAA for two years. His wife and daughter will join him in this city as soon as living quarters have been arranged for.

Almost 3,200 motorists in the Thief River Falls area are members of the state association.

Rep. Hagen Meets Local Delegation

Tells Group He Favors Rigid Farm Price Props

Rep. Harold C. Hagen, Ninth District Congressman, told three Thief River Falls area farmers who conferred with him in Washington last week on the Benson flexible farm program that he is continuing to work for 90% parity support prices for farm products.

Rep. Hagen and other members of the Minnesota delegation were interviewed by B. F. Belswinger of Thief River Falls, Oscar Rokke of Newfolden and Bert K. Johnson of Goodridge. They were members of a delegation of thirty from the Farmers Union who made the trip to Washington, D. C. to favor the program of 90% parity price supports.

"I believe a high, firm and rigid support program is necessary and it also should be more permanent, at least three years, so farmers can plan their crops and their work," Rep. Hagen told the visitors.

He said he was confident that Congress would at least extend the present law, with some improvements, and, he added, "You can be sure that Congress will not back the so-called flexible support prices which the Secretary of Agriculture now sponsors and advocates."

680 in Schools Found Free of TB

School Nurse Reports on January Campaign

A total of 680 kindergarten pupils and ninth and twelfth grade students and school staff members was tuberculin tested and 66 positive reactors were X-rayed during the recent tuberculosis-detection program in the local schools, it was reported this week by Mrs. Margaret Race, school nurse.

Mrs. Race stated that no evidence of the presence of the disease was found in any of the students or staff, and added that local residents have every reason to feel fortunate in this excellent showing.

Of the faculty, 58 members were tested and 27 X-rayed, while 127 12th graders were tested and 5 X-rayed; 192 ninth graders tested and three X-rayed; 163 kindergarteners tested and none X-rayed; and 15 teacher training students tested and one X-rayed.

Railway Express Cooperating in CARE Shipments

Orders for CARE overseas aid packages can be placed at the local Railway Express Agency office beginning February 1, A. W. Dahl, local agent, stated today. This is part of a nation-wide plan.

As a contribution in the public interest, the agency has agreed to make its offices available as CARE information and donor centers, without any charge to the international welfare organization. Paul Comly French, executive director of the Cooperative for American Remittances to Everywhere, Inc., and A. L. Hammell, Railway Express president, announced in a joint statement released at CARE's New York headquarters.

Express agents in each participating office will be kept fully informed about the kind of food, textile and "self-help" packages CARE delivers to the people of more than 40 countries throughout the world.

Robert Abbotts to Share in Rally at Clearbrook

The Clearbrook high school auditorium will be the location of an area-wide gospel rally on Monday evening, February 8 at 8:00 p. m. Sponsors of the service include the Clearbrook Baptist Church, the Bagley Gospel Chapel, and the Fosston Full Gospel Assembly.

The service will be featuring the musical talent of Rev. and Mrs. Robert Abbott of Thief River Falls Assemblies of God Tabernacle, together with Evangelist Joe Johnson who is at present conducting services at the local Tabernacle. Evangelist Johnson, youthful speaker, will deliver the message.

All interested persons are invited to attend.

Guest Speaker at Covenant Church

Rev. Alfred N. Larson, Thief River Falls, superintendent of the Home For the Aged, will be guest preacher in next Sunday's 11 o'clock service in the Mission Covenant church, said, L. W. Lindholm, pastor, who also announced that Doris Anderson, Stephen, Northwest Covenant parish worker, is to speak in Sunday night's meeting, 7:45 o'clock.

Weeds and Seeds Meeting Slated in City Feb. 11th

Annual Conference to Commence in Municipal Auditorium at 10 a. m.

The annual plant industry conference for Pennington county has been called for 10:00 a. m. on Thursday, February 11, in the city Auditorium in Thief River Falls.

In announcing the meeting, Myron W. Clark, state commissioner of agriculture, dairy and food, said, "Although all township officers and mayors or assistants are required by law to attend this conference, we find practically 100% do so because they are interested in the subjects discussed and realize the responsibility entrusted upon them by the people of their township, or municipality. If, for some reason, you are unable to attend, arrange for someone in your place. If you plan on appointing an assistant inspector, whether in the township or village, to carry out your responsibility as weed inspector, do so before the meeting and arrange for his attendance.

"At this conference the weed and insect program will be organized for the season. You will want to get the latest information on chemicals and their proper use in spraying weed infested crops, etc., as well as methods of control of insect pests and plant diseases. New requirements for selling agricultural seed by dealers, farmers, sales clerks, auctioneers and others will be discussed at this conference."

Rep. Judd Speaks at Warren Rally Saturday, Feb. 13

The Lincoln Day dinner promoted by the Marshall county Republican organization to keynote the opening of the 1954 campaign will be held at Warren on Saturday, February 13th, according to an announcement today by Carl Thompson of Stephen, secretary of the county GOP committee.

Stephen and Warren had been considered as locales for the meeting, but Warren was given the nod by the county committee in order to provide adequate seating for the expected evening crowd which will hear Congressman Walter Judd of Minnesota's 5th District at an evening rally to follow the dinner program. The evening meeting will be held in the new Warren high school auditorium, which is expected to be completed in time for use that evening.

Congressman Judd will be the featured speaker at the Lincoln Day dinner which is to be served at Our Savior's Lutheran church in Warren, beginning at 5:30 o'clock.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q: I have a permanent National Life Insurance Policy. Would it be possible for me to change it to a term policy?

A: No. Permanent plan policies may not be exchanged for term policies, under the law. However, NSLI term policies may be converted to permanent plans.

Q: I want to take medical internship training under the Korean GI Bill. Does VA consider it as on-the-job training or classroom training, for purposes of the monthly allowance?

A: Medical internship is considered as full time institutional classroom training, for GI allowance purposes. But the training must be approved by the Council on Medical Education and Hospitals of the American Medical Association.

Q: I served continuously in the armed forces without a break, since 1940, and I am just now getting my discharge. Would I be allowed to take the maximum of four years of training under the World War II GI Bill?

A: No. The reason is that the World War II GI training program, for nearly all veterans, comes to an end on July 25, 1956—about two and one-half years from now. But you would be entitled to the maximum amount of training under the Korean GI Bill, which is 36 months.

Q: I am a World War II veteran who recently became disabled, and I plan to apply for the VA pension which is payable for total and permanent non-service connected disabilities. I have a wife and two children. Will I receive a larger pension because of these three dependents?

A: No. Pension rates for non-service connected total disabilities are not affected in any way by the number of dependents you may have. The rate is $63 a month with or without dependents, increased to $75 when you reach age 65 or when you have been on the rolls for 10 years.

Modern Woodmen Honor C. Richards

Charles I. Richards, district manager for Modern Woodmen of America, has been notified by Henry F. William McCrum, Pioneer Resident, Succumbs at 63

Funeral Services Set for Next Monday, Feb. 8, at the Community Church

William E. McCrum, a pioneer resident of the Thief River Falls community, succumbed January 29 at the home of his brother Frank in Portland, Oregon. He was 63 years old.

Funeral rites will be conducted next Monday afternoon, February 8, at 2 o'clock from the Community Methodist church, with the Rev. E. C. Mead officiating, and interment will be in Greenwood cemetery.

Born in Minneapolis March 24, 1890, he came with his parents to Thief River Falls in 1892. Following graduation from the Harbord Collegiate high school in Toronto, Ontario, he attended the University of Minnesota from 1907 to 1910.

He then taught school for several years, and later was employed as a surveyor by the Soo Line in Miles City, Montana. At the outbreak of World War I, he gave up his position and returned to this city to help his father, the late W. I. McCrum, with farming operations after his brothers entered the service.

He continued to farm until the fall of 1951 when, after suffering several heart attacks, he was forced to give up farming and sold his farm.

While engaged in farming, Mr. McCrum was prominent in the affairs of his community. He served on the school board of District No. 4 for many years. He was a long time member of the Smiley township board, serving in the capacity of chairman for many years. He was a charter member and one of the organizers of the Smiley Community Club and its president for two terms. He was at one time a prominent dairyman.

He was preceded in death by his father in 1929 and his mother in 1935.

The surviving members of his family are five brothers, James W. McCrum of Thief River Falls, Alfred Harold McCrum of Billings, Montana; John Wesley McCrum of Astoria, Oregon; Frank E. and Donald H. of Portland, Oregon; also three sisters Mrs. Harry J. Bragg of Thief River Falls; Mrs. Elmer Noyes of Ocean Springs, Mississippi; and Mrs. Grace Cabot of Minneapolis.

Final Services Conducted For Mrs. Jacob Olson

Funeral services were held at the Trinity Lutheran Church on Monday, Feb. 1, for Mrs. Jacob N. Olson, who passed away Jan. 28, at the local hospital. Rev. Raymond Brandt of Holt conducted the services. Interment was made at Greenwood cemetery.

Mrs. Olson was born March 12, 1875 at Smith Lake in Wright Co. Minnesota, to Mr. and Mrs. Andrew Olson Hauge. In November 1904 she was married to Jacob Olson in Minneapolis. They homesteaded in Ross, North Dakota and lived there until March 1911. They then moved to this city where they have since resided. She was a member of the Trinity Lutheran church.

Survivors include her husband, one son Russell of this city and four nieces, Mrs. Elmer Halvorson of Waterford, Wis., Mrs. John Malchine of Waterford, Wis., Mrs. Jay Payne of Union Grove, Wis. and Mrs. Sigurd Engh of Waterford, Wis.

She was preceded in death by two sisters.

Youth Bound over after Confessing St. Hilaire Breakin

Picked up by Minneapolis police at the request of Sheriff Arthur Rambeck on a charge of non support, Eugene Irving Anderson, 22, of Thief River Falls was returned to this city January 25.

After questioning by Rambeck, Anderson confessed to having committed a breakin at St. Hilaire December 28. Brought into municipal court Friday, he waived a preliminary hearing, and was bound over to district court under $2,000 bonds, which had not been supplied Tuesday.

A 15 year-old girl who also had admitted being involved in the breakin was brought into juvenile court Tuesday afternoon, and she was committed by Judge Herman A. Kjos to the custody of the Youth Conservation Commission at Sauk Centre.

School Notes

Curtis Bottem, Donovan Ranstrom and John Hellquist had perfect attendance the third six weeks. Vernon Rooker, Allen Swenson, Janice and Joanne Sabo had commendable attendance. We are sorry that cold weather and illness lowered our attendance to 87 per cent.

At present we are interested in the wood-chuck or (ground hog) wondering whether he'll be seeing his shadow or not. We find he is a relative of the squirrel weighing from 8 to 12 pounds and covered with grizzly brown fur. Seems that Vernon Rooker is the carpenter of the school. Vernon took the globe from the ceiling and has made a substantial stand for it.

Our Feeding Station is paying off well these cold days. The Chicadees, our only guest so far are watched with much interest. Jerry Sabo tells us that Chicadees belong to the Titmouse family and seems to prefer stormy weather.

The 6th grade social study class are being much informed as they have written to the civic and commerce association of important cities of Minnesota. As a result we have received good material for our Minnesota Bulletin board. —Rosebank School.

The annual business meeting of the young peoples Society of the Mission church was held Thursday evening in connection with the regular monthly meeting. The following officers were elected, for the coming year: president, Darrel Swenson; vice president, Richard Anderson; secretary, Dorothy Anderson and treasurer, Ardelle Oswald. Also at this meeting Dorothy Anderson spoke briefly and presented Alice and Marvin Mathison with gifts from the group. The ladies presented Mrs. Alvin Mathison with a scripture plaque from the Mission circle before their leaving to make their home in Thief River Falls.

Albert Paulson who is looking much better was released from the Northwestern hospital Tuesday.

Mr. and Mrs. Robert Trockmann, Marilyn, Jean and Lois were supper guests at the Lloyd Anderson home Sunday.

Wallace Anderson and Roland Hellquist spent Friday afternoon visiting with Walter Hellquist at the Sanatorium.

Sunday evening callers at the Irwin Johnson home were Mr. and Mrs. David Sarvig of Red Lake Falls.

Mr. and Mrs. Emil Anderson and Ardis motored to Fosston Sunday to be guests for dinner at the Del Hemmingson home. Enjoying also the movie pictures taken at Christmas at their home. Mrs. Hemmingson will undergo minor surgery at Crookston this week to have a small mole removed from her eye-lid.

Sunday dinner guests with Mr. and Mrs. Selmer Haugen were Mr. and Mrs. Dave Mosbeck and "Pudgie" of Crookston. In the afternoon they all visited at the V. E. Copp home in rural Thief River Falls.

Several farmers from here attended the agricultural meeting held Thursday at Viking where a member of the ASC committee discussed conservation practices for which there will be financial aid this year.

Mr. and Mrs. Roland Sande and children Gary, Lynell and Gayle visited Monday at the Emil Mellem home.

Mr. and Mrs. Alvin Mathison and family moved Monday to Thief River Falls and they hope their friends will visit them at 417 Crocker Ave. S.

We are happy to report that Kermit Ranstrom is improving from a severe case of Meningitis for which he was hospitalized some weeks and is now recuperating at his home according to word received by his folks, the Victor Ranstroms.

Mr. and Mrs. Sam Oswald and Ardelle were luncheon guests following church services Sunday evening at Martin Swensons.

Thursday afternoon Mr. and Mrs. Selmer Haugen, Mrs. Emil Anderson, Mrs. Edwin Quam and Gary and Mrs. Emil Hellquist were visiting with Albert Paulson at his home, so Mrs. Paulson had many coffee guests that day.

that, with the proper promotion, the local event could be developed into something rivaling the famous Waterloo, Iowa, Dairy Cattle Congress.

He also stated that at this year's fifth annual Dairy Day, it is proposed to assemble all past championship winners and Dairy Princesses for special recognition. He added that plans are being developed to hold a statewide contest this year to select a Minnesota Dairy Princess from among the winners at ten Dairy Days planned in the state this year.

Conlon referred briefly to the current butter surplus in this country, stating that the government is holding little more than a three month supply, while it is holding a three year supply of vegetable oils. He opposed lowering the price of butter, and said that consumption had increased 14 per cent last year, due in large measure to a stepped-up advertising program by the dairy industry.

Colored motion pictures showing all aspects of the 1953 Dairy Day were shown at the close of the afternoon. The film started and ended at the farm of Andy Erickson of Badger, whose sons, Sheldon and Russell, both had shown grand champion Holsteins at shows here.

Secretary Roche read the annual financial report for the 1953 Dairy Day, which had been audited by Ralph Luhman. The report showed receipts of $4,527.50 including $3,093 from Thief River Falls businessmen and $1,403.50 from creameries in a dozen Northwest counties.

Expenditures totaled $3,945.84, principal items being the calf show, $2,045.87; parade, $131; princess contest, $331.93; banquet, $460; noon luncheon, $157.30; advertising, $222.01; and administration, $597.91.

A balance of $581.66 remains from the 1953 show, a portion of which will be used for the purchase of a purebred calf to be awarded at the 1954 event, the calf to be selected by Lew Conlon and W. S. Moscrip, prominent dairy leader.

With substantial balances remaining from the three preceding Dairy Days, the association treasury started this year with the substantial sum of $3,508.27 in cash on hand, in addition to inventory items totaling $949.92.

News of Past Week from Plummer Area

By Mrs. Josephine McCrady, Box 166, Plummer, Phone 21

(Too late for last week)

The Plummer Commercial Club met for its annual meeting Monday, Jan 25th. Preceding the meeting the club enjoyed a delicious dinner at Ethel's Cafe at 6 p. m. Being the annual meeting, it meant election of officers, a look over the accomplishments of 1953, and a look ahead for the coming year. The old officers were given a standing vote of thanks in appreciation for their services. At this point politics entered into the picture and they were given a quick motion that a unanimous ballot be cast to keep them in office. Thus the following officers were re-elected: President, Emil Malwitz; vice president, Olaf Skatvold; Sec'y.-treas., Kenneth A. Monson. It was necessary to appoint certain committees. However, it was felt that the officers as an executive committee, to give the matter proper study and then select the committees as they saw fit.

Several matters of importance were presented. They were as follows.

1. Mention was made of the fact that this was the 50th Anniversary of Plummer. Therefore, this was to be included in the theme to be used for the staging of our celebration on July 3-4-5. A carnival company had not as yet been signed for this event, but indications were that such would be done in the near future.

2. An athletic banquet was to be arranged for some time in April. Action would be taken at the next meeting.

3. A dinner meeting was to be held quarterly. That is such a meeting would be held in the months of January, April, July, October on the regular meeting night, that being the last Monday of the month.

4. The Club went on record to arrange for a warming house at the skating rink. Pahlen offered the use of one of his bunk houses and it was to be moved to the location shortly.

5. Dues for 1954 were renewed at $3.00 per person.

6. Voted to go on record to assist the telephone company to find suitable quarters for the new telephone building.

7. Recognition was made of the fact that the Ground Observer Corps was looking for more people to act as ground observers in case of our attack, therefore, it was agreed to give this group more support in their efforts.

The meeting closed with a round of applause for the cooks who had done a wonderful job of preparing and serving the meal.

4-H CLUB NEWS

Kratka 4-H Club

The January meeting of the Kratka 4-H club was held January 26 at District 11.

We decided to have a bake sale Saturday, February 20 in order to raise money for the club. The 4-H radio speaking contest was also discussed and those planning to participate in speaking on "What the Bill of Rights Means to Me," are Linda Mandt and JoAnn Johnson.

Mrs. Ted Lendobeja gave a talk "How to Give a Successful Demonstration." A monologue was given by Mary Ann Lendobeja. Orville Jenson of Goodridge gave a talk on "Conservation" and also showed some pictures he had drawn which had won him a trip to the state fair. Hostesses were Mrs. Alvin Burstad and Mrs. Albert Hanson.—Linda Mandt, reporter.

Weeds

Is it too early in the year to start thinking about weed control? I'll bet you think about weeds all year around if you are trying to keep your land clean and your yields high. Just the other day, I received a number of bulletins from the University of Minnesota, and among them was a newly printed bulletin on Weed Control in Minnesota, Extension Bulletin 191. I don't get many bulletins that will beat this one in all around information on weeds. Why not come in and get this bulletin and read it before the weeds are shoulder high?

And More Weeds

There will be a weed meeting at Red Lake Falls Wednesday, February 10, at 7:30 p. m., at the Court House. This meeting will include all people interested in weed control from Pennington, Red Lake, and West Polk counties, especially dealers, farmers, and custom spray operators. At this meeting the leaders will discuss the use of chemical weedicides and insecticides. It will be a worthwhile meeting, so why not take it in.

Seed Production Meeting

An institute on production of legume and grass seed will be held at Roseau February 12, starting at 9:30 a. m. The day's program will include discussion on soil management, injurious insects, pollination, weed control, and a discussion on other topics of interest to the producer of legume and grass seed. I plan on driving up so if you would like to ride with me, you are very welcome.

James Pederson Here

Did you notice elsewhere in the Times today the story about a very interesting young man? If you didn't, be sure to read it before you put the paper down. And after you read the story, please set aside the evening of February 8, so you can attend this meeting and hear an interesting program.

Election of S. C. D. Supervisor

Don't forget about the election of the soil conservation district supervisor. It's going to be held the 9th day of March, but before we can elect anyone there must be a nomination. Do you know anyone who would make a good supervisor for Pennington county soil conservation district? If you do, please come to the extension office and nominate your man. The nominations need ten signatures each by the first of March when the nominations close.

Coming 4-H Events

The general livestock judging practice will be held at the Northwest School at Crookston next Saturday. The members trying out for the team will please meet at the extension office before 9:00. The boys going are Jerry Hunt, Arlen Solem, Stuart Solem, Eldon Moe, Richard Jorde, and Norris Thune.

The dairy judging team will meet at the county extension office at 2:00 Saturday afternoon instead of 1:00 as previously planned.

Company F News Items

Monday night's meeting was spent reviewing everything that has been taught during the past twelve weeks, in preparation for the basic training tests which are to be given at the next meeting.

Co. F received three new recruits this week. Pfc. Orville Nelson, a prior service man; Harlow Johnson and Ronald Anderson.

On Monday night members of the company were assigned jobs such as riflemen, heavy weapons, truck drivers, etc with the unit. Next week this column will have a complete list of the jobs and of the personnel filling them.

So that you might have a chance to become better acquainted with the members of the local Guard, this column will bring you some information about a Guard member each week.

This weeks interview is with Capt. John Oven, Commanding Officer of Co. F. Capt. Oven was born in Eveleth, Minn. and attended high school and one year of Jr. College there. He is a veteran of World War II, serving in the South Pacific. His tour of duty during that war was from Sept. 1942 to June 1946. Capt. Oven's first National Guard experience was with Eveleth's Co. B in 1947. He joined Co. F in Feb. 1950, and went with the company to Camp Rucker, Ala. when the 47th division was called into active duty in 1951. Capt. Oven is employed by the state highway patrol.

SHETLER'S 1954 CHICK PRICES

Dear chick customer:

It's chick time again and another good poultry year is predicted for 1954.

We're starting earlier this year at Shetler's Hatchery. First hatch comes off February 23rd. More folks are learning that early chicks are very easy to raise even in just ordinary single wall, uninsulated houses and that there is less danger of disease losses in early brooding.

Early chicks are more profitable too because they start laying when egg prices are at the high point of the year. You gain an extra month or two of high egg prices and the early pullets are laying large to extra large size eggs instead of pee wee pullet size when prices are at their peak.

Yes, and it's kinda' nice to do your brooding during the slack time of the year before spring work starts.

But, regardless of whether or not you raise early or late hatched chicks, it will pay you to order early to be sure to get 'em when you want 'em.

Sincerely,
ROY SHETLER

Prowler Hockey Six Makes it 12 in Row; Defeat Roseau 5 to 1

The hockey Prowlers, winning their twelfth straight game, just about clinched first place in the eighth regional conference standings when they defeated Oscar Almquist's Roseau Rams, 5 to 1, at Roseau on Saturday night.

Following last night's game here against Williams, the Prowlers have but two games remaining on the schedule, playing at Hallock on Feb. 6th, and at Grand Forks on Feb. 7th.

With the regional tournament slated to be played at Roseau on Feb. 18th and 19th, it is probable that an exhibition game will be arranged for the Prowlers, and perhaps the postponed Crookston Cathedral game will be skated off on the Arena ice.

Marv Jorde opened the scoring on Saturday night, sweeping around the Rams' defense to come in on goalie Jack Almquist for a close-in shot, picking a narrow opening to drill in a tally at 0:54. Lyle Guttu gave the Prowlers a 2 to 0 lead when his shot, at 7:27, eluded Almquist. John Delmore, the Rams' captain, scored for Roseau at 9:20, with wingman Mike Robertson on the assist. Bob Helgeland and Joey Poole combined on the Prowlers' third goal, with Helgeland scoring at 11:41.

The game's neatest tally was marked up at 1:18 of the second period when the Jorde, Vraa, and Guttu line raced down the ice, flipped passes, and, with Almquist drawn out of the net, set Sid Vraa up for a wide-open shot, giving the Prowlers a 4 to 1 lead.

Les Sabo's long drive in the opening seconds of the third period accounted for the game's final goal.

Jack Hoppe turned in another top-flight performance in the Prowler nets, being credited with 27 stops. Hoppe did a sterling job in the third period when at one time the Prowlers were skating two men short, having Guttu and Sabo in the penalty box.

The summary:

Williams Sextet Bows to Prowlers in Overtime 4 to 3

Locals Victorious When Darryl Durgan Scores a Sharp-angled Shot

Darryl Durgin's sharply-angled shot, from about ten feet off to the right of the north goal, slipped passed Williams' goalie, Preston Peterson, and into the laces for the tally that gave the Prowlers a 4 to 3 win over Williams in a hectic overtime contest played here on Tuesday night. Durgin's goal, scored at 8:32 of the overtime, extended the Prowlers' winning streak to thirteen games.

The Prowlers will travel to Hallock for a game on Saturday night, and on Monday night, Feb. 8th, the locals will meet Bob May's Grand Forks Redskins at Grand Forks.

The Prowlers moved into a commanding lead in the first period of Tuesday night's game, having a 3 to 1 bulge after the first fifteen minutes of play. Joey Poole, Les Sabo, and Sid Vraa racked up the goals for the Prowlers; while Bruce Gillie slapped in the Williams goal at 2:38.

Williams, playing inspired hockey, evened the game at 3-all in the second period when Jack Charlton drove in a rebound, and Les Nelson's drive, which Hoppe appeared to have covered, went into the net for the tying goal at 8:28.

The two teams barreled thru the third period without adding to their respective scores, although both teams had scoring opportunities. After a short intermission, the teams entered the overtime period, and it was not until the 8:32 mark that the game reached a decision when Durgin tallied from a difficult angle. Williams had a golden chance to break up the game at the 4-minute mark when Jack Charlton got a breakaway and skated in for a point-blank shot a Hoppe, with the Prowler goalie making a great save on the play.

Thieves Take G. Forks 5-3; Lakers Coming

Local Lineup Bolstered by Bill Robinson, Once of the New York Rovers

The senior hockey Thieves played fine hockey on Sunday afternoon to defeat the league-leading Grand Forks Redwings, 5 to 3, and add a game to a win streak that has reached two games.

On Wednesday night the Thieves will travel to Roseau for an important game with the Cloverleafs; on Saturday night, Feb. 6th, the powerful Warroad Lakers will play the Thieves on the Arena rink; and on Sunday afternoon, Feb. 7th, the Thieves will meet the Crookston Pirates at Crookston.

The Thieves were benefited greatly on Sunday afternoon by the presence of Bill Robinson in the lineup. Robinson, a former teammate of goalie Jack McGill on the New York Rovers, and later a standout performer with the Ottawa Senators in the Ontario Senior league, is a canny forward, and he bolstered the Church Russell and Paul Bedard line. Robinson racked up a pair of goals and had a pair of assists.

Paul Bedard, the Thieves' hard-working player-coach, dented the aces with the first goal on Sunday afternoon, beat Bun Nicholson with a high shot at 6:15. Robinson in a tally at 13:26 that Nicholson didn't have a chance to stop. Odie Lowe came in close to punch in a tally for Grand Forks at 18:27, paring the Thieves' lead to 2 to 1 at the end of the first period.

With Grand Forks' Bob May in the penalty box, the Thieves added their third marker, with Church Russell scoring on assists from Bedard and Robinson.

Russell's high shot, which found a corner, gave the locals a 4 to 1 lead at the 7:21 mark of the second period, but the Redwings, on scores by Wendy Feist and Doug Lewis, at 9:54 and 15:04, moved back into the game, trailing by a 4 to 3 score. Robinson, punching in a rebound off Swede Lund's stick, gave the locals an "insurance" goal at 17:03.

The summary:

Thief River Falls (5)

Goal—McGill. Defense—Justa, Amundson, Hall, Erickson. Wings—Bedard, Robinson, S. Lund, Kirstad, D. Lund. Centers—Russell, Brossoit.

Grand Forks (3)

Goal—Nicholson. Defense—Crough, May, Mason. Wings—Feist, Lewis, P. Johnson. Centers—Lowe, R. Johnson.

Prowler Cagers Win from East G. Forks to Lead in District

Coach Ralph Skjod's Prowler cage squad moved into first place in the 31st district conference standings on Friday night when, in a game played on the local court, the blue-and-gold defeated coach Harold Sullivan's East Grand Forks team, 51 to 42.

On Friday night, Feb. 5th, the Prowlers will travel to Grand Forks for a return game against coach Fritz Engel's Central team. In an earlier game between the Prowlers and the Redskins, the locals won a 50 to 39 decision.

In defeating the highly-rated East Grand Forks team on Friday night, the Prowlers relied on a sturdy zone defense, and the able rebounding off the defensive board by Art Johnson and Bill Frahm.

Except for a few moments midway in the first period when East Grand Forks overcame a 3 to 0 Prowler lead to gain a 5 to 3 advantage, the locals held the upper hand throughout the contest.

The locals held a 11 to 6 lead at the end of the first period, and a 42 to 16 margin at the intermission. During the first half, the Green Wave could not move the ball through the Prowler zone defense, and, except for Jon Falgren's three out-court field goals in the second period, could not hit from the outside. The East Grand Forks rebounds were controlled very well by Johnson and Frahm; and those two boys were instrumental in upsetting the Green Wave's all-court press.

Opening the second half, East Grand Forks played their best brand of ball and when Bucky Falconer hit on a long shot with 1:20 to play, the East Siders trailed by two points, 30 to 28. A free throw and a field goal by Art Johnson gave the Prowlers a 33 to 28 lead to open the final quarter.

In the fourth period, East Grand Forks, charged with thirty-six fouls during the game, lost the services of Orv Hodge, John Cash, Bucky Falconer, and John Black via the five-foul route. In the opening minute of the fourth quarter, Johnson and Wedul scored Prowler field goals, and from then on the locals were blanked from the field, but the Prowlers did pick up fourteen points from the free throw line.

Art Johnson, with twenty points, and Bill Frahm, with sixteen points, were the high scorers for the Prowlers. The scoring for East Grand Forks was very evenly spread, with Cash, Falconer, Falgren, and Black each getting six points.

LOOKING AT THE THIEVES

CHURCH RUSSELL

Smooth-skating play-making center on the Thieves' line that has Paul Bedard at right wing and Bill Robinson at left wing. Churchill Davidson Russell is a six-foot, 180-pound product of Winnipeg hockey.

Church, who has always played on a forward line, began his hockey at Winnipeg, and advanced through the ranks until 1942 when he was a member of the Winnipeg Rangers, Canada's top-ranking junior hockey club that season.

Following his graduation from the junior ranks, Russell entered war service, being released in 1945. In 1946 he was a member of the New York Rovers of the Eastern Amateur hockey league, and in 1947 he was a member of the New York Rovers of the Eastern Amateur hockey league, and in 1947 he was a member of the New York Rangers of the National Hockey league, scoring twenty goals during that season.

Hospital Receives 242 Patients in Month of January

Total of 46 Babies Born Here in January, Same Number as in December

A total of 242 patients were admitted to Northwestern Hospital during January, Harold W. Peterson, administrator, stated today 46 babies were born which exactly equalled the number of babies born during December. Adult patients spent a total of 1,807 patient days in the hospital and babies totalled 305 patient days.

The average patient stayed eight days which indicates that illnesses were somewhat more severe than in previous months. Average length of stay of patients in the hospital generally is a little over six days. A total of 99 medical patients were discharged from the hospital; 48 adult surgical cases discharged and 27 pediatric surgical cases sent home.

Fifty maternity cases were discharged and 20 pediatric medical cases. It was a relatively light month in the hospitalization of children for medical, rather than surgical, reasons.

Mr. Peterson stated that there is a great economic saving to the community through hospitalization of the sick and injured. The hospitalization of persons, he said, tends to put people on their feet much more rapidly than when they try often to recover at home. A hospital has at its beck and call the proper care, the modern drugs, the diagnostic facilities which aid in the rapid recovery of the sick.

Hockey Tournament Dates

So that the local high school hockey fans will have ample time to complete arrangements for attending the games, here are the dates of the tournaments that are coming up: Feb. 15th, the sub-regional tourney at Warroad; on Feb. 18th and 19th, the regional tournament at Roseau; and on Feb. 25th, 26th, and 27th, the state high school tourney at St. Paul.

Rollie VanDell and Vic Lindquist will be the officials that will be "working" the regional tourney at Roseau.

Welcome, Bill

Local senior hockey fans got their first look at Bill Robinson on Sunday afternoon, and on his performance against the Grand Forks Redwings, with the Thieves winning by a 5 to 3 score, it's agreed that he is one of slickest players to ever be on the Arena ice. As one fan expressed himself: "I thought that I had seen the best in hockey, but Robinson showed me some better hockey."

According to the Thieves' management, Robinson is to finish out the schedule with the locals. That's all for the good, for the Thieves will have a hard job to make the playoffs and they need all the scoring and play-making strength that they can muster.

This week's play should give an inkling as to the prospects of the Thieves reaching one of the upper rungs in the league standings. On Wednesday night the locals travel to Roseau for a game against the ever-dangerous Leafs; on Saturday night Willie Toninato's Warroad Lakers, featuring shifty Frank Eisenzoph, will play the Thieves on the Arena rink; and on Sunday afternoon, at Crookston, the Thieves will play Serge Gambucci's surprising Pirates. It's just about a "must" for the Thieves to win two of these three games.

High School Hockey's Best

Those of us who were fortunate enough to witness that epic state high school hockey tournament finals game between Eveleth and Thief River Falls on the St. Paul rink in 1945, which was won by the Golden Bears 4 to 3, doubted that we would ever see high school hockey to compare with that game. But on Tuesday night, Jan. 26th, the Warroad Warriors and the Prowlers played a game on the Arena ice, before a record crowd, that very nearly matched that 1945 state tourney game.

Fact is, last week's game, which was won by the Prowlers, 7 to 2, was a better "team" game than that 1945 contest, both clubs having fine all-round balance. In 1945, the Prowlers had rangy Bob Baker, a stick-handling wizard, in their lineup; and the Eveleth had a master play-maker at center-ice in Pat Finnegan. Baker and Finnegan both went on to be selected to United States Olympic and A. H. A. all-star teams.

While the Prowlers and the Warriors of 1954 do not have a Baker or a Finnegan in their lineups, they do possess better depth than the Prowlers and Golden Bears of 1945. That game here last week was a classic.

Incidentally, it is reported that the Prowlers vs. Hallock game at Hallock on Saturday night will have the status of an exhibition game. Coach Bill Sullivan of the Hallock squad has dismissed a number of the senior boys from the squad, charging them with violating training regulations. This action just about wrecked the tournament hopes of the Polar Bears, and Hallock wished to forfeit the game slated for Saturday night. The Prowlers will play Hallock at Hallock on Saturday night, but coach Dennis Rolle will make ample use of the players that will form next season's Prowler team, and Hallock, too, will ice a squad that will represent the Polar Bears next year.

2 County Men at Conference Held in Washington

Farmers must encourage greater consumer understanding of the public's stake in effective price support programs, Senator Hubert H. Humphrey told a visiting delegation of Minnesota farmers from this area in Washington during the past week.

Continuation of at least 90% of parity price supports and rejection of the President's proposal for flexible, lower-level supports was urged by the group, which included B. F. Belawenger of Thief River Falls and Bert K. Johnson of Goodridge.

They were among 28 Minnesota Farmers Union leaders taking part in one of a series of trips to the nation's capital—the third group in as many weeks.

Grand Forks Still First in League

Warroad and Crookston Tied for Second Place

Northwest Hockey League

	W	L	T	G	OG	Pts
Grand Forks	6	1	1	49	27	13
Warroad	5	3	0	42	30	10
Crookston	5	4	0	44	40	10
Roseau	3	6	0	33	48	6
T. R. Falls	2	5	1	21	23	5

Results of the week's games:

Grand Forks, 7, at Warroad, 4
Crookston, 3, at Roseau, 1
Grand Forks, 3, at T. R. Falls, 5
Roseau, 4, at Crookston, 10

This week's schedule:

Feb. 3rd—
Thief River Falls at Roseau
Warroad at Grand Forks
Feb. 6th—
Warroad at Thief River Falls
Feb. 7th—
Thief River Falls at Crookston
Roseau at Warroad
Feb. 10th—
Roseau at Thief River Falls
Crookston at Grand Forks

From all appearances, the Northwest Hockey league will be a five-team race for the league championship before the schedule concludes on Wednesday night, Feb. 24th. The Grand Forks Redwings hold first place, having a total of thirteen points after winning six games and tying one. The Redwings are favored by the schedule, for they play four of the six remaining on their schedule on their "home" ice.

In the week's play, the Grand Forks team moved ahead of the runner-up Warroad Lakers by three points by defeating the Lakers, 7 to 4, at Warroad. The Crookston Pirates, scoring a pair of wins over Roseau Cloverleafs, 3 to 1 at Roseau, and 10 to 4, at Crookston, added four points to their league total and are in a second place tie with Warroad.

The Thief River Falls Thieves, bolstered by the presence of Bill Robinson in their lineup, defeated the Grand Forks Redwings, 5 to 3, at Thief River Falls on Sunday and trail the fourth place Cloverleafs by one point, 6 to 5. The Thieves will meet the Leafs at Roseau on Wednesday night.

Cash Income on Farm Down 3.6 Pct. in 1953, Says "U" Economist

Minnesota farmers received 3.6 per cent less for their products last year than in 1952, a University of Minnesota agricultural economist, Rex W. Cox, reported today.

The state's farmers received $1 billion, 229 million dollars for their farm products in 1953—about 7.5 per cent below the 1948 peak income year but almost twice the 1940-1941 average.

Although marketings were heavier in 1953 than in 1952, they were not large enough to offset the 13 per cent drop in average prices, Cox said.

Total receipts for hogs were slightly higher in 1953, although the number of hogs marketed was less—prices averaged 21 per cent higher. Cox attributed the smaller numbers and weights of hogs marketed to a 9 per cent smaller spring pig crop.

By contrast, cattle marketings were a good deal larger in 1953 than the year before, but with average prices about 30 per cent lower. Returns from sheep and lambs were only slightly higher this year.

In the dairy picture, fluid milk sales to dairy plants were 11 per cent above 1952. Prices averaged $3.45 per 100 pounds, a decline of 43 cents. Cash receipts were $161 million. Milk sold as cream contained about 103 million pounds of butterfat, seven per cent less than in 1952. Prices averaged 72 cents, 8 cents less than in 1952, with total returns from wholesale cream sales at $74 million.

Total wholesale and retail milk and cream sales were $241 million, 7 per cent less than in 1952.

Farmers sold fewer eggs in 1953, but at higher prices—total sales increased to $111 million. Number of turkeys also increased, although average weight per turkey was less. The increase in returns came from slightly higher prices, Cox said.

On the profit-and-loss side, Cox reported that some farm expenses are down slightly after their 1952 record high. Costs of maintaining livestock fell sharply as prices of feeder cattle declined. Also, feed costs were less because of lower grain prices.

But wages and general supplies—fertilizer, gasoline and others—averaged higher in 1953.

Total spent on farm vehicles was higher, mainly because there are more autos, trucks and tractors. The prices dropped however.

Repair costs for buildings and fences remained high with little change from 1952, and both interest and taxes rose a little during 1953.

Cox pointed out that the cost-price squeeze is illustrated in the decline in the parity ratio from 114 in 1952 to 105 last year. Actual purchasing power of 1953's dollar was only slightly above the 1935-1939 level and is 8 per cent less than it was in 1952.

He said Minnesota's agricultural output is more likely to decline in 1954 than to increase. Present conditions "suggest" that 1954's gross and net income will be somewhat less than in 1953.

Crime Increases in State in 1953

Over 26,000 Offenses Reported for Past Year

Substantial increases in major crimes in Minnesota were reported Thursday in St. Paul by Chief John Tierney of the state crime bureau.

In a special report to Gov. Anderson, Tierney disclosed that crimes in the state increased 12.4 per cent in 1953 over the preceding year.

"The total of 26,232 offenses in 1953 was the highest reported since the bureau began compiling statewide crime summaries in 1936," Tierney said.

Murder, including non-negligent manslaughter, showed the greatest increase—42½ per cent.

Minneapolis and St. Paul had percentage increases of 26.6 and 8 per cent, respectively, in the number of offenses, but Duluth crime decreased 15½ per cent.

Argentina ranks as one of the world's largest exporters of meat, corn and linseed products.

Gambling in State Taking Heavy Toll

Taking of Chances in Traffic Is Condemned

Gambling in Minnesota continues at an almost unabated rate, despite the efforts of enforcement officers to curb it, according to A. V. Rohweder, president of the Minnesota Safety Council.

"I am referring to gambling in traffic," he was quick to point out, "because that is something virtually every driver does while he's behind the wheel of his car, and what every pedestrian does when he ignores the laws which have been enacted for his protection."

Pointing to both state and national traffic accident records, Rohweder stated that in almost all such accidents, one or more traffic laws are violated by motorists or pedestrians or both.

"Too many people," he said, "seem to think that traffic laws ar made to be broken—if they can get away with it. If they think they can—and there's no traffic officer in the vicinity—they break the law every time."

But accident records prove that very often they don't get away with it, and that they pay a terrific penalty for taking a chance. Either the law catches up with them, or their recklessness brings about an accident. Either way they lose. And, what's worse, innocent people frequently lose their lives in the bargain.

"The odds against you are so great when you break a traffic law," concluded Rohweder, "that no bookie would want to handle a bet on your gamble."

Welfare Parley Slated in St. Paul by Lutherans

The 1954 annual assembly of the Lutheran Welfare Society leaders and workers throughout Minnesota will be held Tuesday, February 9, at Como Park Lutheran church, 1547 Sheldon, St. Paul. Especially invited are pastors, and congregational chairmen and chairwomen.

"What Is The Future of Social Services In The Lutheran Church?" is the topic of the 1954 assembly speaker, Jay Roney, regional child welfare representative, Federal Children's Bureau. Mr. Roney served as director of the Lutheran Welfare Society of Minnesota from 1942 to 1947. His speech, in the afternoon session, will be followed by a discussion moderated by Harold Belgum, assistant executive secretary of Lutheran Welfare Society.

Gopher Football Coach Appointed

Mississippi State Coach Murray Warmath Chosen

The University of Minnesota dipped into the Southland Friday and came up with Mississippi State's Murray Warmath as its new football coach in a surprising move.

Warmath's name had not entered conjecture after Wes Fesler resigned the Minnesota coaching job in December to take a radio job. His teams at Mississippi State won 10 games lost 6 and tied 3 in 1952 and 1953 while he was head coach there.

Prior to 1951, Warmath was an assistant coach at Tennessee, where he played football in the early 1930s, at West Point and at Mississippi State.

Warmath was signed to a four year contract calling for $15,000 a year and will have complete freedom in selecting a staff.

Warmath's appointment marks the second time in recent years that Minnesota has gone to the Deep South for a man to steer its football destinies. The Gophers lured Bernie Bierman from Tulane in the early 1930s to touch off a golden age of Minnesota football which ended abruptly with the war years and hasn't returned since.

By coincidence, Bierman coached at Mississippi State in 1925 and 1926.

Names of Oklahoma's Bud Wilkinson and various other Minnesota graduates had dominated speculation over the Minnesota post in recent weeks. But Warmath virtually unkown here, left a deep impression on Minnesota officials when he was interviewed following Bierman's resignation in 1950.

Bagley Woman Is Collision Victim

Mrs. Leonard Burgett, about 35, Bagley, was killed Friday in a headon automobile collision on highway 2 about 16 miles west of Bemidji.

Witnesses said the collision happened when the car in which she was a passenger tried to pass a school bus.

Five others were hurt in the crash, none seriously. They are Burnett, his three small children, and Joe Bornik, Bagley, driver of the second car.

TALKING BETTER THAN FIGHTING

The Berlin conference got off to a noisy start last week. As was to be expected, it opened with the usual round of name-calling. The first few days were devoted to speeches made for the sole purpose of impressing the folks back home.

Whether or not the conference will accomplish some good we will not know of course until the results are known. The big objective of the Reds is to divide the nations of Western Europe and keep them from joining together in a defense organization. The big objective of our country is to keep these nations united. It is obvious that the Russians are not in the driver's seat yet, but our side has some notable weaknesses too.

In spite of the time wasted in foolish talk, the meeting of the representatives of the four nations may serve a useful purpose. The across-the-table conference may lead to agreement on some questions and open the door to further negotiations.

Foolish as it may be, the talking is not as foolish as fighting. As long as we are not fighting we have reason to be hopeful.

WE WILL GET IT REGARDLESS

Whether or not our country will participate in the construction of the St. Lawrence seaway will probably be decided in Congress this week when the House votes on the enabling measure already passed by the Senate. With the strong backing it is receiving from the President it is thought the bill has a fair chance to come through.

Fortunately we now are assured of the development of this great waterway regardless of what Congress does. If the pressure from areas of the country that are now benefiting from our isolation is sufficient to block the passage of the bill then Canada will go it alone. For all practical purposes the net result will be the same.

The building of the Panama Canal, which reduced substantially the cost of transportation between Atlantic and Pacific coast cities, had a retarding influence on the development of interior areas such as ours. The St. Lawrence waterway will do much to offset that disadvantage.

SURPLUSES NOT BIG AS RESERVES

Agricultural commodity prices gained another two per cent for the month ending January 15, and this was the second straight month they have increased. After too many months of steadily declining prices we have reason to be cheerful about the reversal in the trend.

At the present time these prices average three per cent lower than a year ago. Most of the recent gains have come to products for which there are no price supports. While a few commodities, for which the supply continues to exceed the demand, are backing up into already flooded surplus pools, it is encouraging to note that most of the products are being marketed in an orderly way and without subsidies.

The few commodities of which there are growing surpluses force upon us a difficult problem of storage and financing. In relation to all of our food needs however, and considered in terms of a food reserve, this pool of surpluses is not really great. It has accumulated during a period of record-breaking production. Under slightly less favorable production conditions, or with moderate production controls, these surpluses could vanish rapidly.

Many economists are convinced that at the rate our population is presently increasing we will not have to worry about food surpluses for long. There no longer is a limitless area of new country beckoning to restless pioneers. Young farmers, seeking to establish themselves on farms of their own, know that land already is scarce. Agriculture appears to be more secure now than it has ever been before.

MAKING PROGRESS BACKWARD

John Tierney, chief of the Bureau of Criminal Apprehension, reported an all-time high for crime in Minnesota for 1953. There was a 12.1 per cent increase in crime in the state last year compared to 1952, he states, and he predicts continuing increases.

That is not an encouraging prospect. It appears that we are making progress backward. *The big increase is in the number of* youthful offenders, which leads logically to the question as to whether our youth program in Minnesota is working out satisfactorily. Or maybe it is fair to ask why isn't it producing results.

Defenders of the program will say it hasn't had a fair chance to prove itself. And that may be true. From our observation, however, the program never will prove successful as it is presently organized.

The weakness in our present machinery for law enforcement, as we see it, is in the number of forces within the machine that are pulling in opposite directions. The main reason for the failure of our law enforcement efforts is the lack of coordination among the several agencies among which responsibility for this program is divided.

Our program to conserve youth in Minnesota got off to a bad start mainly because, instead of giving us a united effort in law enforcement and youth reclamation, it actually resulted in a more divided responsibility. It doesn't matter who is to blame for this result. The important question is what can be done to correct what is wrong.

If we are going to do something about Mr. Tierney's prediction of a steadily worsening condition during the coming decade, now is the time to give our whole law enforcement structure a thorough re-examination.

January was a tough month weatherwise and that probably was a good thing. The old-fashioned cold wave of the past month should remind us that the kind of weather we have had before will come back to us again. There will be times when it will be too wet and other times when it will be too dry. And it will be too hot and too cold. In the future, as in the past, not often will we have weather exactly as we would like it to be, and it is well to be prepared both for the better and for the worse.

Now that the argument over Senator Bricker's attempt to limit the powers of the president in the field of foreign relations has cooled down to the boiling point, we are wondering why it generated such terrific heat. We can't recall that the question has ever been an issue before. The active opposition of many Democrats indicates that there was no chance of it becoming a partisan issue. The only conclusion we can come to is that Bricker must have been throwing a personal brick at Ike. If that is the case then we are well satisfied with his having missed the mark. The evident bitterness behind this argument however indicates that all is not peace and harmony at the top level of the Republican party.

BEAUTY TREATMENT THAT GIVES 19% MORE VISIBILITY

New back-swept windshield on all 1954 Buicks is the latest note in modern styling, and a big step-up in your view of the road ahead

Even the price is sensational! Only $2336.88* buys this BUICK V8 DELIVERED LOCALLY!

1954 SPECIAL 2-Door, 6-Passenger Sedan Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

As you look at it, you can see a lot of what makes this new 1954 Buick SPECIAL so sensational.

You can see the long, low, sleek and ultra-glamorous lines that add up to the biggest automotive styling change in years.

You can see the remarkable new windshield with the back-swept corners—greatest visibility improvement since closed cars came on the market.

And of course you can see the price—the local delivered price—which is headline news, too.

For that, as a shopping tour will tell you, is just a few dollars more than those of the so-called "low-price three."

But what you *can't* see is the rest of the sensational automobile that's yours for the low price shown here.

The spectacular power of this SPECIAL's brand-new V8 engine. The honest six-passenger roominess. The truly modern interior luxury. The superb new handling ease. The sublime comfort of Buick's famed Million Dollar Ride—now steadied even more by a newly developed front-end geometry.

Fact is, there's so much that's terrific about this new glamor car, you ought to drop in and give it a really thorough study and sampling.

That way you'll prove to yourself that the buy—and the thrill—of the year is Buick. Come in this week, won't you?

IT HAPPENED IN MINNESOTA

Henry Tappman worked in the Ochs brickyard at Springfield in 1896, and in a spare moment inscribed his name in a clay oblong about to be baked. Brick and name were found intact while remodeling a Springfield storefront — Hubbard county assessor is basking in the glow of two letters protesting that their tax levy is—of all things too low!—Not the fish, but the fish house, with the fisherman in it, got away when a gust of wind skittered Reverend Orville Boettcher and his shelter across the ice at Sleepy Eye—Petersons predominated at an Albert Lea wedding when Judge Norris O. Peterson united Ethel Peterson in holy wedlock to Wm. E. Peterson.

By Mrs. Teloy Johnsrud

Mr. and Mrs. Chester Solberg and son David and Miss Mavis Stenvik visited last Saturday evening at the Harold Stenvik home in Thief River Falls. Miss Mavis Stenvick spent the weekend with her sister and brother-in-law, the Chester Solbergs. Miss Stenvik teaches school near Grygla.

Mrs. Teloy Johnsrud spent from Tuesday until Thursday with her mother-in-law, Mrs. Julia Johnsrud in Thief River Falls.

Mr. and Mrs. Bud Sunsdahl and children and Mr. and Mrs. T. Johnsrud were coffee guests at the Harold Stenvik home in Thief River Falls last Thursday.

Little Jimmy Sunsdahl, son of Mr. and Mrs. Bud Sunsdahl had the misfortune of spraining his ankle last Tuesday when he fell down the stairs. He had x-rays of his foot last Thursday and their daughter Geraldine had tonsilitis and also consulted a doctor.

Hello From 56

Here we all are again! At our last meeting of the "Busy Workers Club" we nominated a reporter to send news in each week. Next week it will be Verna.

January has been a busy but quiet month for us. We have been doing more studying so that our lessons are done more thoroughly.

Verna, Delores and Karen entered our county spelling contest. Verna came out in first place. We are proud of her. She must do much more studying now as she will represent Pennington County at Crookston in February. Delores and Karen are helping her too.

We took in $3.80 for the March of Dimes.

Gloria has been helping at home with extra duties as her mother was ill.

Frances has his tool kit in school. It has everything in it. Comes in handy during art period.

Our Fern, Richard and Joyce are counting to 100 in many ways now. We are on our second big first grade book too. Do they enjoy taking library books home to read, that is on their own reading level. As they all say, my reading is fun!

We finished our physical education tests last week. Most of us bettered ourselves since last fall in push ups, chin-ups, broad jumps, etc. But are we stiff and sore in places— Oh-h-h. See you next week.

Mr. and Mrs. Bobbie Johnsrud and son Jimmy took in the Ladies Aid in the Torgerson church last Thursday. Mrs. Ernest Race and Mrs. Mayor Holen were hostesses.

Mr. and Mrs. Selmer Ramsey and Jean, Mr. and Mrs. Harold Holen and Mr. and Mrs. Mordy Morrison, all visited the past week at the Alvin Fjeld home.

Mr. and Mrs. Bobbie Johnsrud had their infant son baptized at services in the Eklund church last Sunday. Sponsors were Mr. and Mrs. Mayor Holen and Mr. and Mrs. Obert Johnsrud. He was given the name, James Robert.

Mr. and Mrs. Melvin Fjeld and Mr. and Mrs. Gust Iverson left last Thursday for Minneapolis. Melvin was going to consult a doctor and Mr. and Mrs. Iverson was going to visit with their daughter and family, the Oscar Sparbys.

Mrs. Kenneth Kriel and children, Ruth Iverson, Mrs. Leonard Johnson, Mrs. Vernon Iverson and Mrs. Teloy Johnsrud, all gathered at the home of Mrs. Paul Omlid last Friday evening for choir practice.

Mr. and Mrs. Oscar Merkus were Thief River Falls shoppers last Friday.

Mr. and Mrs. Obert Johnsrud and daughter Jewel visited Monday at the former's parents, the C. Johnsruds.

Mr. and Mrs. Johnnie Kelgren and family and Mrs. Leonard Johnson motored to the Ole Rindahl home in Hickory last Thursday evening to help Mrs. Thorwald Kelgren celebrate her birthday. Others there were Mr. and Mrs. Arlen Rendahl, Judy and Donnie, Carol and Hollie Ofthlie and Mrs. Bernell Myrom, Betty Qualley, Mrs. Rendahl served a delicious lunch to the group.

Clifford Johnsrud was among the group who helped Shirley Mostrom celebrate her birthday at the Willie Mostrom home in Hickory last Friday night.

Mrs. Herb Marquis underwent surgery at a hospital in Minneapolis for a ruptured appendix. Mrs. Marquis is visiting there with her daughters Thelma, Rozanna and son Laddie, who all live in Minneapolis. Mr. and Mrs. Laddie Marquis also wrote home they had a fire in the apartment they live in. They lost a lot of their household goods by smoke and water.

Mr. and Mrs. Olof Slotaas and daughter Beulah of Oklee and Alvin Bummerud visited Saturday evening at the G. A. Iverson home.

Glennie Iverson motored to Crookston on Friday for the A. C. students who came home to spend the weekend namely Ruth Iverson, Arlene Christianson and Mary Lou Arveson.

A group from the Eklund congregation motored to Goodridge Sunday evening and took part in the Luther League program at the church. Mrs. Oldrick Hoffman was hostess.

Mr. and Mrs. Harold Anderson visited Saturday evening at the Alvin Hyland home and on Sunday Phylis and Linda Omlid visited there.

Mr. and Mrs. Dick Marquis and son Michel visited Sunday at the Earl Marquis home near Goodridge.

Mrs. Vernon Iverson and Sandra were overnight guests with Ruth Iverson Saturday evening.

Mr. and Mrs. Harold Haugen and Bonnie of Oklee visited Sunday afternoon at the Vernon Iverson home.

Mr. and Mrs. John Kelgren and girls, Mr. and Mrs. Alvin Borning and Shirley and Mr. and Mrs. Ole Omlid and family, all visited at the Swen Omlid home Sunday afternoon.

Mr. and Mrs. Laurel Wittman visited with the latter's parents of Warren, Mr. and Mrs. Carl Ekwell on Sunday and in the evening Mr. and Mrs. Wittman called on Mr. and Mrs. Robert Johnsrud at the Teloy Johnsrud home.

G. A. Kompen is sporting a new Chevrolet car.

The mothers with babies appreciate the rocker in the baby room in the church, a gift from Mrs. Henry Dahlen of Thief River Falls.

Mr. and Mrs. Robert Johnsrud and son James visited Sunday evening at the Bud Sunsdahl home.

CREATURES OF HABIT ARE WE ALL

Most fun loving folk can organize a party for no reason other than to have a good time, but it remained for friends of the Louis Liebl's near Gibbon to cook up a brand new reason for a celebration: the installation of a bathroom in the Liebl home.—Despite soaring prices, the "Coffee break" is practically universal—even inducing Air Force weather observers to set down a helicopter at the proper time and place.—None of his associates smoke, but Clarence Ebert, Barnesville high school instructor, felt impelled to note the birth of daughter Katherine Louise, so he handed out candy bars.

Tips to U. S. Income Taxpayers Offered by Region Director

Taxpayers visiting internal revenue service offices for help with their federal income tax returns should bring all necessary data and records with them, Mr. A. R. Knox, district director, said today.

Mr. Knox explained that internal revenue agents, when asked to help prepare a return, must have all data and records pertaining to the taxpayer's 1953 income, exemptions, and deductible expenses.

"It is especially important that the taxpayers also bring all tax withholding statements they receive from employers," the official said.

"Our agents will render as much service to each taxpayer as time and personnel limitations permit," he assured the public. "But taxpayers can do their part by filling out as much of the tax return as they can and bringing with them full and accurate data and all withholding statements.".

Mr. Knox stated that the aim of the taxpayer assistance program is "to help the taxpayers to help themselves." He added: "Of course, we cannot give a blanket invitation to all taxpayers to have their returns prepared by our personnel."

He advised taxpayers who seek assistance at the internal revenue office to bring mathematically correct data. If some expenses are part business and part personal in nature, the taxpayer may deduct the business portion on Schedule C of form 1040, but he may not deduct the personal portion of those expenses in Schedule C. Some personal expenses are, however, deductible on page 3 of the return, Mr. Knox said.

Taxpayers whose income consists entirely of wages often do not have any allowable deductions, he said, in which case they are limited to deductible personal expenses only.

The tax official listed the principal kinds of personal expenses which may be deducted, as follows:

Contributions to recognized religious and charitable organizations.

Medical expenses of the taxpayer and his dependents, which are deductible in full if the taxpayer is 65 or over, and otherwise are deductible to the extent that they exceed 5% of his adjusted gross income, subject in all cases to maximum limitations.

State and local taxes and automobile license fees, but not federal taxes.

Interest paid on personal indebtedness.

Nonbusiness losses due to casualties such as accidents, fire, storm, and shipwreck, or due to theft.

Alimony payments made periodically and reported as taxable income by the person receiving them.

The tax officials pointed out that instead of itemizing their personal deductions, taxpayers may accept a standard deduction which is usually equal to 10% of one's income. Mr. Knox said that about 45 million of the 58 million taxpayers who filed last year found it to their advantage to accept the standard deduction.

"It not only reduces the tax liability of many taxpayers," he said, "but it makes filing a tax return much simpler."

Boy Scout Week Observance Set for Feb. 7 to 13

To Celebrate the 44th Birthday of Founding of National Organization

The nation's 3,300,000 Cub Scouts, Boy Scouts, Explorers and their adult leaders will observe the 44th birthday of the organization during Boy Scout Week, Feb. 7 to 13.

The theme of the observance is "Forward on Liberty's Team," the current major emphasis of the movement, which seeks to produce a greater functioning manpower and provide a higher quality program for its ever-increasing boy membership.

The anniversary is to be observed by 89,000 units in all parts of the nation, it possessions and also in other parts of the world where American families reside.

A principal activity of Boy Scout Week will be paying tribute to the volunteer adult leaders of the 89,000 units for the contribution they are making to the boyhood of the nation.

"The Boy Scouts of America is one of the largest volunteer adult education or training groups of the nation," said Dr. Arthur A. Schunk, the chief scout executive. "Almost 200,000 of our leaders took training courses in scouting and leadership techniques last year."

When the Boy Scouts of America was incorporated in Washington, D. C., on Feb. 8, 1910 it was founded as the voluntary movement it still remains. Dr. Schuch said there are now 860,000 scouters "who take time from their own careers to give service in scouting in order to help their communities do a better job of building citizens."

"Scouting belongs to the American people who have made it possible," he continued. "This is thoroughly in accord with our democratic ideals and the American ways of life. As a voluntary movement its doors are open to every boy of every race and religious belief who wants to come in. It is dependent upon men who care enough about boyhood and American institutions to volunteer their time in scouting."

Minnesotans Help in Dairy Support Plan

Some 170 Minnesotans were among 971 delegates to the recent National Dairy Producers conference at Madison, Wisconsin, who recommended these measures in dairy price support policy.

"Short-term extension of present 90% supports until Congress can write a permanent dairy support into the farm program.

"Long-term price support program at 100% of parity, operated through production payments, or other methods.

"Authorization of ACP payments for incentives to farmers to shift diverted acres into soil-building practices and thus avoid some of these farmers moving into the dairy field.

Among those attending from this county were J. H. Clausen, and B. F. Beiswenger of Thief River Falls and Roy E. Wiseth and Bert K. Johnson of Goodridge.

The national conference, called at the invitation of the National Farmers Union, attracted almost double the expected attendance. Delegations were present from 20 dairy states, the largest representation being from Minnesota and Wisconsin, the two largest producers of manufactured milk products such as butter, cheese and dry milk.

The Minnesota delegation included representation from the management or board of directors of 32 farmer-owned co-operative creameries.

As an added indication of the thinking of Minnesota dairy producers, the Minnesota delegation reported the results of a poll conducted through the co-op creameries.

Postcard questionaires were distributed through the creameries to their farm patrons. Cards were distributed in 85 counties and returns were from 84 of these counties.

For a short-term program, the Minnesota farmers answering the poll voted one per cent for flexible supports and 90% for rigid controls at either 90 or 100% of parity.

For a long-range program there was substantially a three-way split in opinion.

Again the number of farmers favoring flexible supports as low as 75% of parity were a negligible less than one per cent.

Eight per cent advocated a self-help stabilization plan financed through deductions from cream checks.

Twenty-eight per cent favored support of dairy products at or near full parity through the use of production payments.

Sixty-two per cent favored a permanent exactment of rigid supports at either 90 or 100% of parity.

U. S. Fire Losses Hit Peak in 1953

Fire damaged or destroyed is estimated $903,400,000 worth of property in the United States last year, the National Board of Fire Underwriters reported. This is 15.1 per cent higher than for 1952, when monthly losses totalled $784,053,000. According to Lewis A. Vincent, NBFU's general manager, 1953's fire losses are the highest on record for the third consecutive year.

A MIGHTY FORTRESS IS OUR GOD

At all times and in all ages the Church has been a strong and mighty battle station against sin and moral decay.

Through its arches and apses and naves has constantly rung the battle cry of soldiers of the cross.

On its altar has always been found the greatest arsenal of sacred ammunition ever entrusted to any race or to any people—the Holy Bible.

The banner of righteousness has flown steadily from the fixed redoubts of quaint and quiet community churches and impressive city edifices alike.

The torch of truth and salvation has been carried with zeal to dismal outposts in distant and strange lands by self-effacing vanguards.

The Church's stirring hymns, its reverent litany, its jewelled creed, its holy festivals—all have been powerful weapons in the hands of purposeful men determined to see that right makes might.

From its pulpit parapets have resounded continual and courageous challenges to the forces of evil. Truly, the Church today is a mighty fortress in the defense of decency.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

4-H'er is Top Tree Planter

Glenn Schroeder, a 4-H club member from Caledonia, was Minnesota's outstanding 4-H forester for 1953. This year reports assistant county agent Vic Johnson, Glenn is putting some new ideas into practice—one of them a walnut lot. He'd read somewhere about a man, who in his youth, planted a number of walnut trees. Many years later, about to retire, the man sold the grove for furniture and greatly fattened his retirement kitty. Another of Glenn's ideas is a Christmas tree project. He plans to start his plantings on rundown land not suitable for cropping, using the tree planter furnished Houston county farmers by the county bankers' association.

To Grow Better Crops

Walter Schultz, Nicollet farmer, is a great believer in growing legumes, rotating his crops and fertilizing for better yields. One 30-acre field on his farm supports 80 cattle in summer and even grows a little dry hay. Schultz divides his pastures into seven 7-acre fields and grazes each two days. If you want results like Schultz', now's the time to plan for them.

* * * * *

Grassland Farming

Grassland farming is a balanced system of farming in which you produce, preserve and feed grasses and legumes either alone or in combination with other crops. According to Rodney A. Briggs, the University of Minnesota's extension agronomist, there are two strong points for growing the grassland crop. One is producing feed with pasture, grass silage and hay—this is used for animal feed to produce milk and meat. The second is the benefits a crop gets from sod or green manure crops. They help lessen soil erosion losses, increase organic matter, add nitrogen, and promote soil workability and higher yields.

Districts Meet

The annual convention of the Minnesota Soil Conservation Districts will be held Thursday and Friday, February 11 and 12 at the Lowry Hotel, St. Paul.

Dr. T. Bratrud to Leave City for 'U' M. Post

Prominent Surgeon Says Bratrud Clinic to Go on Functioning as in Past

Dr. Theodor Bratrud, prominent Thief River Falls surgeon, announced today that he is leaving this city March 1 to accept an appointment to the teaching staff in the department of pathology at the University of Minnesota medical school, where he will also complete his work for a Ph. D. degree in pathology.

Another reason for giving up his extensive practice here, he said, is an injury suffered some time ago which makes it necessary for him to curtail his activities for the present at least.

Dr. Bratrud stated that the Bratrud Clinic, of which he has been actively in charge, will continue to function as in the past, and that plans for its reorganization will be announced at a later date. He added that he hopes to be able to serve in a limited capacity to attend the needs of patients now in his care.

During his years of residence here, Dr. Bratrud has been active in community affairs. He is now serving as president of the local Rotary club, and is a director of the Northwest Association of Conservation Clubs and of the Minnesota Conservation Federation. He also has served as a board member of the Lake Agassiz council of Boy Scouts, and for five years or more has been leader of the Shrine Oriental band.

He has served three terms as a member of the house of delegates of the Minnesota State Medical association.

Jaycee Dinner for Bosses, Employes Attended by 100

Orvin Fjare of National Junior Chamber Gives Inspirational Address

More than 100 persons, including young men and a liberal sprinkling of employers, attended the annual Jaycee-Employes Night banquet Tuesday evening in the Legion club rooms.

The guest speaker, introduced by Toastmaster Les Campbell, was Orvin Fjare of Big Timber, Montana, vice president of the National Junior Chamber of Commerce, who delivered an eloquent and inspirational address on the benefits resulting from affiliation with the Jaycees.

Fjare stated that no man should be self-contained, but should strive to give service to his fellow man and he pointed out that active participation in Jaycee work greatly helps a young man to develop, and teaches him to understand the principles of patriotism, freedom, security and welfare.

At the opening of the program, Arthur Christianson, president of the senior C. and C. brought greetings from that organization, and thanked the Jaycees for arranging the meeting.

Milton Reierson, Junior Chamber membership chairman, announced that the dinner served as a kickoff for the annual membership campaign, which he stated was to get underway this morning.

At the close of the program, Walt Kavanaugh, Jaycee president, presented a gift to Orvin Fjare in behalf of the local chapter.

Education Board Buys Ford School Bus from Tunberg

After considering four bids for the purchase of a new school bus for School District 18, the board of education, at the close of a lengthy session Monday evening, awarded the contract for a 42-passenger bus mounted on a Ford V-8 chassis to the Tunberg Motor company on its bid of $4,539, which was deemed the lowest and best bid submitted.

'Cinderella C[illegible]age' Next Concer[illegible]eries Number Her[illegible]unday

To Take 'U' Post

DR. THEODOR BRATRUD
Prominent Thief River Falls surgeon, who announced today that he is leaving March 1 for Minneapolis, where he will join the teaching staff of the University of Minnesota medical school.

"C[illegible] Cottage," a hot[illegible] comedy by St. Paul pla[illegible] William Davidson, wil[illegible] [illegible]ented for the Northwest Concert association by the Touring Company of the University of Minnesota Theatre at 8:15 p. m., on Sunday, Feb. 14, in the Lincoln high school auditorium.

Mr. Davidson probably is the most successful playwright of the Middle West. He has some twenty published plays to his credit. Several of these, such as "Brother Goose" and "Strictly Formal" are performed many times each year. These were written particularly for high school audiences, with whom they are real favorites.

"Cinderella Cottage" was given its premiere performance on the University of Minnesota campus last year. The warmth with which it was received marked it as one of the two plays to be performed during this year's tour. The story is woven around the touching, and hilarious, incidents of ordinary days in the life of a rather extraordinary family.

Heroine of the play is a twelve-year-old girl, Patsy. Patsy and her family, which consists of assorted relatives and animals, live in a too-small apartment in a too-crowded section of a large middle-western city.

There is a pet shop downstairs which is Patsy's love and her only source of income. Unfortunately, the pet shop owner, for whom Patsy works, is inclined to think of his animals as legal tender. Patsy's wages are paid off in such commodities as guinea pigs, parrots and deodorized skunks.

Marilyn McCrum Wins Radio Speech Contest 2d Year

Connie Alberg, Rocksbury 4-H Club, Is Selected as Reserve Champion Feb. 6

Winner of the Pennington county 4-H radio speaking contest for the second consecutive year was Marilyn McCrum of the Smiley 4-H club.

Connie Alberg of the Rocksbury club was chosen reserve champion. Other members of the blue ribbon group were Cherry Johnson of St. Hilaire, and Ernest Breznay of the Mavie club.

The contest, held Saturday afternoon in the Civic and Commerce room, featured thirteen 4-H'ers trying for the championship. Contestants broadcast to the listening audience and were judged equally on content and delivery by Miss Thora Skomedal of the English department of Lincoln high school, and Jim Gibson of Radio Station KTRF.

Marilyn will now advance to the district contest at Crookston February as part of the Valley Winter Shows.

The district contest will be broadcast over Station KILO, Grand Forks, from 1:45 to 3:00 p. m.

Kiddies Carnival Draws Huge Crowd

Children Have Hilarious Time Friday Evening

Judging by the fact that attendance at the event was larger than in former years, the 1954 Kiddies Carnival sponsored by the local Lions club Friday evening was more successful than ever.

The hundreds of small children who thronged the Auditorium had a hilarious time participating in the various games and contests conducted by the Lions. Hot dogs and pop also were served.

John Anderson, president of the local club, expressed his appreciation of the efficient services rendered by Don Lawrence, general chairman, and his staff of committee members in arranging details of the carnival.

Bray Mutual Fire Risk Co. Reelects Present Officers

1953 Losses of $16,449 Were Reported at Annual Meeting Last Wednesday

The Bray Mutual Fire Insurance company, at its annual meeting in St. Hilaire last Wednesday, reported twenty-six fire losses, thirty lightning losses, and two losses due to stove explosions in 1953. Losses paid were $16,449.80. This is believed to be the largest loss experience of the company in its history.

The company has $11,093,674 of insurance in force in Pennington and Red Lake counties. The report showed a few policies have been written in villages since the company became a standard township mutual insurance company a year ago.

A. G. Hallstrom and John Steiger were reelected as directors for a term of three years. Edwin Swanson, Walter Swanson and Paul Engelstad were elected as the board of audit for the year.

The board of directors reelected Paul Thyren, president; Alfred Longren vice-president; Edgar A. Naglin, secretary; and A. G. Hallstrom, treasurer.

Ray Reinecke from the state electricity board, gave a talk on "Hazards of Poor or Inadequate Electrical Wiring." He showed many samples of wiring that has caused serious fires thruout the state. He also discussed briefly some hazards of lighting, and some of the new safety devices used to reduce such hazards.

Mayor Is Guest at St. Paul Carnival

Mr. and Mrs. Emmett Israelson attended a mayor's meeting in St. Paul on Saturday, held in connection with that city's winter carnival. They were the guests of Mayor John E. Daubney. A banquet was held at the Ryan Hotel for over 200 mayors and their wives or husbands. A corsage was presented to each of the ladies. Seats were reserved in the city auditorium for the mayors' wives and husbands to witness the crowning of King Boreas, held in connection with the carnival.

C. C. Members Urged to Go to Winter Shows

Meeting Thursday Also Is Given Details of Roseau Clover Festival

At the luncheon meeting of the Civic and Commerce association last Thursday noon in the Rex Cafe, Morris Howick, chairman of the area trade committee, urged members to attend the Clover Festival in Roseau Friday and Saturday and the Red River Valley Winter Shows in Crookston February 22 to 26.

Howick added that those planning to go to either event should notify J. M. Roche, secretary of the C. & C., and should wear their Thief River Falls buttons.

Gordon Ballingrud, co-chairman of the membership committee which is now completing its drive to collect dues for 1954, reported that a total of $7,891 in cash and pledges had been received to date, and urged others to turn in their dues as quickly as possible.

Secretary Roche reported that the work of organizing the committee to handle details of the golden jubilee celebration in this city is now being completed, and that the cooperation of neighboring communities is assured.

He stated that local stores will resume their schedule of Friday evening openings on April 2.

Roche also announced that Wm. Kvalsten of the Thief River Welding and Machine Works has arranged for national distribution for a recently developed mosquito sprayer attachment for lawnmowers, and that production of the device will be substantially expanded this spring.

St. John's Installed Rev. W. P. Clausen as Pastor Last Sunday

The Rev. W. P. Clausen, recently of Sioux City, Iowa, was installed Sunday evening as pastor of St. John's Lutheran church in Thief River Falls, succeeding Rev. V. E. Schroeder, who retired late last fall.

In charge of the service was Rev. Hannemann of Fisher, interim pastor; while seven other visiting pastors also participated. They included Rev. Borchert, Grand Forks; Rev. H. E. Sieving, Crookston; Rev. H. Hoffman, Ada; Rev. V. Michael Baudette; Rev. V. Roth, Roseau; Rev. R. Boerger, Red Lake Falls, and Rev. A. Dreslow, Green Meadows.

The adult and junior choirs of the church sang, and Rev. Hannemann preached the sermon on the theme, "The purposes and privileges of the Gospel ministry," following which the installation ceremony was performed.

Lunch was served following the service in the church basement, and Elmer Andersen presided over an informal program in which short talks were given by Donald Pream, congregation president; Rev. Clausen, Rev. Hannemann, Mrs. George Busse superintendent of the Sunday school; Iris St. Martin, in behalf of the Walther leaguers, Miss Elaine Bessler, for the choir, and Albert Koop, for the Men's club. Gifts were presented to both Rev. Clausen and Rev. Hannemann, both of whom expressed their appreciation.

REV. W. P. CLAUSEN

Harry Hendrickson Jr. Is Killed Early Sunday; Local Girl Gravely Hurt

A-2c Harry Hendrickson Jr., 19, son of Mr. and Mrs. Harry Hendrickson Sr. of Thief River Falls, died Sunday morning in the Warren hospital three hours after being injured in a two-car collision at 4:50 a. m. on Highway 1 two miles east of Alvarado.

In critical condition in the hospital are Ardella Severson, 17, daughter of Mr. and Mrs. Elmer Severson of Thief River Falls, who was riding with Hendrickson; and Jerry Olson, 19, son of Mr. and Mrs. Walter Olson of Alvarado, who was driving the other car.

Miss Severson suffered a fractured skull, cerebral concussion, fractured jaw, fractures of both legs and internal injuries. Olson, riding alone in the other car, sustained a fractured skull, cerebral concussion, broken right arm and severe cuts and bruises.

Less seriously injured were two other young people riding in the back seat of the Hendrickson car. They were Lillian Troland, 19, daughter of Mrs. Olga Troland of Thief River Falls, who suffered a fractured pelvis, and Pfc. Lemuel M. Evans of North Carolina, who suffered a concussion of two vertebrae, cuts and bruises.

Hendrickson was home on leave from the air force base at Rapid City, S. D., and had been accompanied by his friend Evans. At the time of the accident, they were proceeding east toward Warren, while Olson, who had been in Warren, was traveling west on his way home.

The crash was discovered by Richard Fetsch, a Grand Forks Herald newspaper trucker, who was on his way to Grand Forks from Thief River Falls.

Unable to get any of the passengers out of either car, Fetsch went to Alvarado, aroused a family and telephoned for a doctor from Warren. An ambulance later arrived.

It was necessary to pry the

Northern Blood Bank Receiving Many Inquiries

Association Hopes to Reach Minimum of 500 Members by March 1

The volume of inquiries regarding the method of joining the Northern Blood Bank association is increasing from day to day, E. A. Hamerski, president, stated this week. A large influx of membership applications has been received this past week. KTRF, local radio station, or Northwestern Hospital may be called on the telephone and membership application blanks will be mailed at once. The deadline for membership of 500 is March 1st.

Observation by members of the board of directors of the association indicates that hundreds of people are ready to join the blood bank.

However, those wishing to join must make the small effort of calling for an application blank and sending it in, filled out and with a dollar attached, to the Northern Blood Bank Association, Thief River Falls. You are urged to do this today, officers said. If you wait beyond March 1st, it may be necessary to set up a waiting period before more members are admitted.

3 Members School Board Attended State Convention

Vigorous Debate Marks Annual Meeting Held in Minneapolis Last Week

Representing the Thief River Falls board of education at the annual convention of the Minnesota School Board association last week in the Nicollet Hotel in Minneapolis were board members Wm. Thompson, Elmer Bratsch and Andy Williamson and Supt. W. G. Claffy.

Roy A. Horton, business manager and village clerk of Lindstrom, Minnesota, Thursday was elected president of the association.

By a vote of 672 to 401 he defeated Mrs. Leonard Rollins, Weaver, retiring vice president of the association and secretary of the Friends of the Minnesota Schools.

Horton, a former mayor of Lindstrom, has been a director of the association for four years and a member of his local school board for 19 years.

Issue at stake in the election was school district reorganization, strongly favored by Horton and his supporters and strongly opposed by the Friends organization.

This issue also was the deciding factor in election of district directors, eight of whom represent those who believe in merging of small school districts. The ninth represents the other point of view.

The race for vice president was between Mrs. Rollins, after she was defeated for the top office, and A. N. Gandrud, Redwood Falls, director from the seventh district.

Gandrud won, 564 to 393.

Association members who also are members of the Friends opposed a proposed change in bylaws providing for a gradual change from one-year term for directors to three-year term.

The three-year term won, 588 to 381.

Supt. Claffy announced that a half-hour tape recording of convention proceedings will be broadcast over Radio Station WCCO, Minneapolis Sunday afternoon, February 14, at 5 o'clock.

Pennington County TB Progress Cited

Tuberculosis accreditation — in recognition of Pennington county's progress in reducing T. B. deaths and infection rates — was a 1953 highlight, Dr. Baldwin Borreson, president of the County Tuberculosis and Health association, said this week in a start-of-the-year summary of the Christmas Seal program.

"Earning the accredited rating is one big step forward," Dr. Borreson said. "We can be proud of accomplishment in TB control. Now our main job is not to control tuberculosis, but to wipe it out completely."

He reminds county residents that local Christmas Seal workers are now winding up the annual Seal sale to raise funds for fighting tuberculosis. "It is not too late," he says, "to pay for the 1953 Seals that will finance the 1954 program."

Number 1 activity is a continuous search for unknown, contagious TB cases, he reported. Tuberculin tests and x-rays are main weapons in the search for hidden TB.

More and more tuberculin testing, for adults as well as children, is an aim of Christmas Seal organizations for 1954, according to the Minnesota TB association. "Our search must be not only for active, contagious cases of today, but also for the potential cases of tomorrow."

Another major program is research, to find new and better ways of treating tuberculosis. Of funds raised in Pennington county, six percent goes to the National Tuberculosis association for research and health education at the national level.

Third activity in TB fighting is year-round health education, to alert all people to tuberculosis dangers and health problems, Dr. Borreson stated. The association aids general health programs, since whatever promotes better health also helps in the effort to wipe out TB.

Job Offices Now under F. Nichols

Named by Governor to Succeed V. Christgau

F. Wilbur (Nick) Nichols Monday, by appointment of Governor C. Elmer Anderson, became commissioner of the department of employment security and as such is responsible for the operation of the 33 field offices of the Minnesota state employment service.

Governor Anderson picked Nichols when Victor Christgau resigned to become director of the old-age and survivors insurance bureau at Washington, under Secretary Hobby.

In announcing his choice, the governor said: "Victor Christgau has been such an integral part of this agency of government that it is difficult to replace him.

"In selecting Mr. Nichols as his successor I am placing confidence in his ability to head up this important department because he has proven his outstanding administrative ability, has had experience with federal-state relationships, and has a background in state service which can be best utilized in assuming the great responsibility of the job involved."

Many Offenders Appear in Court

Two Men Fined Last Week for Driving while Drunk

Two men were penalized in municipal court last Wednesday on charges of driving cars while under the influence of intoxicating liquor. Orville Stennes of Oklee was fined $100 and $5 costs, while Daniel L. Needham of Goodridge also was fined $100, with $50 suspended due to family hardship.

Brought in on careless driving charges, Ole Sordahl, city, and Robert Reopelle each was fined $10, and Morris Efteland paid a $15 penalty. Mayer Helle was brought in on a charge of leaving his car parked on the paved portion of Highway 1 in Silverton township when he could have parked it at the side of the highway. He was fined $11 and $6 costs.

Jerome Wiener, city, was brought in Tuesday by the highway patrol on a charge of operating a car after his drivers license had been suspended. He was fined $10 and $4 costs.

Leland Mandt, who appeared in court Friday on a charge of having been drunk and disorderly, was given a 15-day jail sentence, which was suspended for a year on condition he make no further trouble.

Commissioner of Agriculture to Head Dairy Month

Myron W. Clark Points out the Importance of Advertising Dairy Goods

Myron W. Clark, state commissioner of agriculture, dairy and food, last week was named chairman of the Minnesota June Dairy Month campaign. This is the first time in a number of years that Minnesota has had a bona fide dairy farmer in charge of the campaign.

The campaign has grown to be one of the outstanding agricultural promotions that Minnesota has, and a new public relations committee is being named by the Minnesota dairy industry committee to assist Mr. Clark in making the June Dairy Month Campaign the success that it has been over the past four or five years.

Commissioner Clark said in a recent interview, "We, the dairy farmers, will need now and for the future to figure an advertising cost as part of our business operation if we hope to stay in a profitable dairy industry. It is only through advertising on a national basis and an investment in the American Dairy Association that we can hope to create the demand we so badly need that will give us a profit over our cost of production."

Wiener's Showing '54 Model Cadillac

New Models Show Many Improvements in Design

A new exterior and interior automotive styling for 1954 was revealed this week by the Wiener Top and Body Works in its presentation of the new Cadillac models.

"Never has the Cadillac owner been offered such a combination of the styling and engineering values that make for motoring satisfaction," said John Wiener. "A multitude of advanced Cadillac show car features, quality craftsmanship and scientific skill have joined to create a new automobile.

"The eight automobiles making up Cadillac's line for 1954 are transformed by new styling and new chassis and suspension design producing extraordinary riding and handling quality."

Traffic Toll Dips Slightly During Month of January

Minnesota motorists appeared to be headed in the right direction during January when they killed one person less than in January of 1953, but they were still far ahead of the excellent record they set in January of 1952. The records of the state highway department show that that 48 lives were lost in traffic last month, as compared with 49 in January of last year and only 28 in January of 1952.

Accidents in which only one motor vehicle was involved accounted for 20 of the month's deaths. This figure includes five fatalities resulting from railroad grade crossing accidents. The other 15 were due to motor vehicles running off the road and then overturning or striking light poles or trees.

Motor vehicle collisions brought death to 17 motorists with two multiple-death accidents being charged against drivers' records.

Pedestrian accidents took exactly as many lives as in January of 1953, with 11 walkers being struck down. Two of the victims were youngsters 5 and 10 years of age; the others ranged in age from 51 to 78 years of age.

While this suits her perfectly the youngster encounters bewildering opposition from her maiden aunt, the real head of the family.

Patsy's father, an unrealistic inventor of impractical gadgets, has left cash-income earning pretty much up to the older daughter. At the time of the play, the breadwinner is recovering from polio, unable to work but able to capture the heart of a young man who is working on the non-too-well preserved exterior of the apartment building in which the family lives. A brother whose main interest in life is hot rods and the girl next door, daughter of a retired playing gangster, round out the cast.

A newspaper contest for a house in the country focuses the dreams of Patsy, and provides the framework within which Davidson draws his picture of these delightful folk.

Baptist Church Is Host to Area Men Tuesday, Feb. 23d

Men form 12 Churches in North Valley Area Expected to Be Present

An area wide rally of Baptist men has been set for Tuesday evening, February 23, at the First Baptist church in Thief River Falls, Don Howard, the local Brotherhood president announced today. Men are expected from twelve churches in the Northern Red River Valley area.

Guest speaker for this all male rally will be Latimer Parsons, Willmar, business man who is also president of the National Brotherhood of the Baptist General Conference of America.

The program will begin at 7 p. m. and will consist of a brief devotional time followed by Mr. Parson's discussion of the potentials of men's brotherhood work in the Baptist churches of this area. Also set for discussion is the Christian Service Brigade, a program for boys, which is under consideration locally.

Three REA Loans Are Made in State

Middle River Phone Co. Will Receive $299,000

Loans for two electrification projects and one rural telephone expansion job in Minnesota have been approved by the Rural Electrification administration, it was announced Saturday.

A loan of $115,000 was approved for the Blue Earth-Nicollet Cooperative Electric association at Mankato for system improvements which will include five miles of tie line and six miles of transmission lines.

The Clearwater-Polk Electric Cooperative at Bagley received $30,000 to help finance members' installation of wiring, plumbing and electrical appliances and equipment.

A $299,000 loan was issued to the Middle River Telephone Co. of Middle River, to finance the improvement and extension of rural service in Marshall and Roseau counties. The funds will be used to rebuild 190 miles of line, build 116 miles of new line and install new dial central office facilities at three points.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q: I am a disabled World War II veteran, and I'm just finishing on-the-job training under Public Law 16. After I complete it, I'm supposed to get two months' subsistence pay from VA. Right now, my subsistence has been reduced because of the wages I receive from my employer. Will my two months' VA pay also be at the reduced rate?

A: No. Your two months' post-rehabilitation pay from VA will be at the full rate, regardless of the fact that now you are getting less than that each month because of your income.

Q: I have a service-connected disability that is rated at 20 percent by VA. The other day I went to take a physical examination for commercial life insurance, and was told I couldn't get it because I'm considered totally disabled for insurance purposes. Shouldn't my VA rating be increased?

A: Not necessarily. It could be increased only if it is shown that your service-connected disability increased in severity. For insurance purposes, there may have been other nonservice disabilities which resulted in their findings of total disability. Also, insurance criteria for determining total disability may not be the same as VA criteria for compensation.

Q: I'm a GI Bill trainee and I've just moved. I notified my local VA Regional Office of my new address so that I'll continue to receive GI training allowances without delay. I also hold GI Insurance. Should I also notify my VA District Office, which is in another state?

A: You should also notify your VA District Office of your new address. All you need to do is write your new address on the flap of the premium envelope you regularly receive from VA.

Q: I'm in a VA Hospital, and I want to transfer to another one. Will VA furnish me with transportation?

A: VA will provide transportation only if the transfer is approved and determined necessary for medical reasons.

Load Limits to Go into Effect Soon

Heavy Haulers Warned of Coming Restrictions

Truck operators were warned this week that "spring is just around the corner" and that they should complete heavy hauling before the annual spring breakup again requires the imposition of load restrictions. The Minnesota highway department stated that the first restrictions will probably be set early in March, and will continue into May.

Inasmuch as the department cannot issue permits for axle weights exceeding those for which a road is posted, it is necessary that as much hauling be completed now before the decreased load limits are put into effect.

Load restrictions are imposed annually by the highway department in order to protect the tax-payers' investment in bituminous and gravel surfaces and full compliance with these necessary inconveniences to spring-time travel will save thousands of dollars in putting the roads back in shape when these restrictions are lifted.

More high speed railway trains are operated in the United States than in any other country in the world.

Erection of Hospital Addition Advances; Will Get Dial Phones

The newest development in the construction of the Northwestern Hospital addition is the arrangement being made with the Northwestern Bell Telephone Company for the installation of a dial telephone system. This will probably be the first large dial system installed in Thief River Falls.

Under the dial telephone system it will be possible to make all outgoing calls from the hospital and all calls within the hospital without the intervention of an operator at the hospital. Incoming calls, however, must be routed through the hospital switchboard.

A recent study of hospital telephone calls for a three day period showed 207 incoming calls, 312 outgoing calls, and 343 calls within the hospital itself. Installation of the dial system should save over 66% of the work now required by a telephone operator in the hospital under the manual system used at present.

Installation of the dial telephone system may cost the telephone company over $14,000. This is an expense to the telephone company and not to the hospital. Consideration is also being given to the setting up of direct trunk lines between the clinics and the hospital.

Steel door frames are now being installed in the ground floor and second floor areas of the new addition. The room partitions will be set around the door frames as soon as this step has been taken. Roughing in of plumbing is now being done on the third floor and it is now estimated that 60% of all plumbing and heating roughing in has been completed for the entire structure. Steam risers are now being set in to the first floor. All exterior brick work through the second floor has been completed and all windows set through the second floor level. It is expected that all exterior brick work will be completed within the next two days. Some delay due to slow shipment of brick has been experienced which has held up the work.

To date expenditures in the amount of $325,000 has been made in connection with construction. On February 15th the first inspection will be made by representatives of the Minnesota state department of health and the U. S. public health service responsible for administration of Hill-Burton hospital construction funds. It is expected that the first installment of federal payments may be received locally about March 15th.

H. W. Peterson, administrator of Northwestern Hospital, states that the unexpected rapidity of construction of the addition makes the matter of prompt payment of pledges very important. Public spirited contributors to the building fund have already noted this fact and are making a special effort to pay their pledges on time. The support of all contributors is solicited and conscientious regard for terms of pledge payments is needed if financial problems in connection with the construction are to be reduced to a minimum, he said.

Freedom Crusade February 12 to 22

Seeking Financial Aid for Radio-free Europe

Governor C. Elmer Anderson, in a letter addressed to Benjamin Berger, state chairman of the Crusade for Freedom, threw the weight of his office behind the state drive for $50,000 to help keep Radio Free Europe on the air.

"During the week of February 12 to 22," the governor's statement read in part, "we will be noting Freedom Week. I urge the people of Minnesota to observe this week and thus help the flame of liberty to burn more brightly in the hearts of those who would again be free men and women."

In addition to Governor Anderson, both the Minnesota State CIO Council and the Minnesota State Federation of Labor, as well as the entire personnel of the federal government in the state have come out behind the drive. All three groups have organized fund raising campaigns and are distributing Freedom Scrolls to their membership for signature.

Thaw Creates Problems for State Motorists

The very welcome February thaw which caused much of the snow to disappear, has brought with it several problems which can result in difficulties for unwary motorists, says the Minnesota Safety Council.

Warm days which draw moisture out of roadways are followed by cold nights, with the result that many roads become covered with thin, almost invisible, films of ice. This ice can be just as dangerous as ice several inches thick, so it is necessary for motorists to exercise extra caution during these days and nights of alternate thawing and freezing.

Another seasonal problem is the appearance of heaves in concrete and bituminous surfaces. Although the state and county road crews attempt to mark every such spot which might contribute to an accident, it is still the responsibility of every driver to drive at reduced speeds, in order that his car will not be thrown out of control when striking one of these heaves.

Two Students on Honor Roll at 'U'

Two students from Thief River Falls are on the University of Minnesota college of agriculture, forestry, and home economics honor roll during the fall quarter, 1953. Students achieving this honor include Kenneth A. Ystesund, senior in forestry, and Kathryn M. Vorachek, senior in home economics. In announcing the honor, A. A. Dowell, assistant dean of the college, pointed out that students must have at least a "B" average to be on the honor roll. In so doing, they rank in the upper one-fifth of all students enrolled.

Local Youth Dies in Car Collision East of Alvarado

seat of the Hendrickson car to get Hendrickson and Miss Severson out. Because the ambulance was overcrowded, some of the injured were taken by cars to the Warren hospital. Hendrickson was taken in Fetsch's car.

Marshall County Sheriff Oscar C. Erickson and Deputy Sheriff Milan Sorenson arrived at the accident scene a short time after the crash and launched an investigation.

The crash occurred on the north side of the center line of the highway, Erickson said, indicating the Hendrickson car was on the wrong side of the road. Beer bottles some still containing beer, and a broken liquor bottle were found in the Hendrickson car, the authorities said.

The liquor bottle carried a North Dakota tax stamp.

Dr. E. D. Pumala of Warren, Marshall county coroner, indicated he may call an inquest.

Military funeral services will be conducted for Hendrickson Thursday, February 11 at Trinity Lutheran church. Rev. Arthur Grorud will conduct the services. Burial will be made at Greenwood cemetery. Active pallbearers are Jerry Saastad, Darryl Lund, Jack Erickson, Charles Dicken, Miles Thorson and Richard Peterson.

A-2c Hendrickson was born May 8, 1934 in Thief River Falls. He graduated in 1952 from Lincoln high school, after which he went to Fargo, N. Dak. and was employed by Western Electric as a telephone equipment man. He entered the service from this city, February 1953. He completed his basic training at Lackland AFB in San Antonio, Texas. Later he went to Kessler Air Base at Biloxi, Miss. where he attended aviation school. For the past seven months he has been stationed at Ellsworth AFB in Rapid City, S. Dak.

Survivors include his parents, two sisters, Mrs. Robert Legault of Minneapolis and Sharon and one brother Keith. His grandfather J. P. Roberts of White, S. Dak. also survives.

Death Claims Carol Hilligoss February 5th

Final rites were held Tuesday, February 9, for Carol Elaine Hilligoss, four-month-old daughter of Mr. and Mrs. Russell Hilligoss, who passed away at the local hospital on February 5. Lt. Arthur Weir conducted the services at the Salvation Army Halls. The body was laid to rest at Concrete, N. Dak.

Carol was born October 9, 1953 in this city.

Surviving are her parents and six sisters, Myrna, Sharon, Janice, Leatie, Esther and Susie, all at home. Also surviving are her maternal grandparents, Mr. and Mrs. Dick Garrison of Grand Rapids and her paternal grandmother, Mrs. Gertrud Hilligoss of Hinsdale, Illinois.

Final Rites Are Conducted For Mrs. F. Wright

Funeral services were held Saturday at the Gospel Tabernacle for Mrs. Fannie Christine Wright 84, at the Lake Bronson Rest Home. Rev. V. I. Rasmussen conducted the services. Active pallbearers were John Williams, Melvin Sorenson, Almen Olson, Harold Bush, Peter Hanson and Albert Berg.

Mrs. Wright was born August 2, 1869 in Sauk County, Wis. and in 1893 she was united in marriage to William Wright at Eau Claire, Wisc. They lived in Hudson, Wis for several years, and then moved to Lak du Flambeau, Wis where her husband was an Indian agent for many years. In 1908 they moved to Chicago.

Mr. Wright died in 1910. She then moved to Lolly, N. Dak where she resided for two years following which she homesteaded in Eckvold twp. near Grygla until 1939, when she moved into Grygla where she has since lived. The last three months of her life were spent in the rest hom in Lake Bronson.

Survivors include three brothers, Ervin and Phillip of Grygla and Ernest of Red Lake Falls. Twelve nieces and nephews also survive. He is preceded in death by her husband and one sister.

Francis A. Gross, Mrs. Roy Barzen's Father, Succumbs

Longtime President of Minneapolis Park Board Dies Saturday at 84

Francis A. Gross, prominent retired Minneapolis banker, and in past years a frequent visitor in Thief River Falls at the home of his daughter, Mrs. Roy M. Barzen, succumbed Saturday in a Minneapolis hospital at the age of 84.

Funeral rites were conducted Monday morning from St. Joseph Catholic church in Minneapolis.

Oldest of 13 children, he was born August 10, 1870, at the homestead of his territorial pioneer grandparents in Medina township, Hennepin county, near Wayzata.

In 1889, at the age of 19, he went to work as a messenger and clerk for the German-American bank, and in 1904 he was elected president of the bank.

The institution was taken over by the Northwestern National bank in 1922, and Mr Gross was made a vice president and director of the parent institution. He retired from active business in 1933.

In 1893 he was married to Ida Katherine Burfening. She died in 1941.

His membership on the park board began in 1910. With some breaks it continued until 1948 for an aggregate of more than 32 years of service. Mr. Gross was board president from 1917 to 1919 and again from 1936 to 1948.

It was in November 1947 that the park board changed the name of Armour golf course to the Francis A. Gross course. On his retirement from the board he was named president emeritus.

Francis A. and Kathrine Burfening Gross had six children, of whom five survive. They are Francis J. Gross, Burbank, California; Marie Gross Barzen, Thief River Falls, Carl A. Gross, Frederick W. Gross and Helen Gross, all of Minneapolis, the last-named residing in the Gross home at 1901 Knox avenue South.

A sister, Clara (Mrs. Joseph A.) Suk, also resides at the Knox avenue address.

Father Of Local Woman Passes Away

Ole Hallebrot, 62, a long time resident of Badger township, Erskine, passed away Friday, January 29, at Bethesda hospital, Crookston, after a weeks illness. Military services were held on Tuesday, February 2 at 2:00 p. m. from the Saron Lutheran church near Erskine with the Rev. P. E. Onstad officiating.
